ject: 26th recovery Commission

1. The Military Territorial Command of Geneva has proposed the
disbandment of the 26th recovery Commission, ^{due to} ~~because of~~ lack
of transport, ^{and because} ~~in~~ ~~confront~~ of the difficult territory in which
they had to operate (mountainous, hilly, ~~bushy~~, bad roads), the
results obtained by the a/m Commission in the recovery field,
^{not} have been ~~little~~ satisfactory.

2. Agreeing with the opinion of the Military Territorial Command
of Geneva and considering that the recovery organisation of
the executive organs of that Command functions with full output,
we propose, if there are no objections, that the a/m Commission
be disbanded.

TO : IMIA, HQ AC.

1 Nov 45

1. Further to previous conversations on the subject (Lt Col Ingledew - Lt Col Ward Perkins), the Italian government appear to have taken matters well in hand on their own initiative. The Minister of War is understood to have issued orders nullifying the unfortunate recent action whereby military personnel were withdrawn from the Ufficio Recupero.

2. It is understood that the Capo di Gabinetto of the Ministry of War, by order of the Minister and in his absence, will write to IMIA a letter requesting permission to set up the Ufficio Recupero Opere d'Arte (Office for Recovery of Works of Art) with the following establishment:

- 5 Officers (at least 1 CCRR)
- 4 NCO'S (CCRR)
- 3 OR'S (CCRR)
- 5 Motor vehicles

3. The usual facilities - circulation permits, ration allowances, etc. - will also be requested. They are vitally necessary. Vehicle permits already issued expired yesterday.

4. The Ufficio Recupero as proposed would be essentially as it existed previously (plus one necessary officer) and would implement the desire expressed by the Chief Commissioner in his letter 20909/25/A/MEFA of 2 October 45 to the Prime Minister, Mr Parri.

5. Retaining the Ufficio Recupero under military discipline and control is vitally necessary, for reasons pertaining to classified documents already discussed.

6. RECOMMENDED: that favorable action on the request or the Minister of War be taken by IMIA as promptly as possible upon its receipt.

nucleo mobile di censimento.

S.D.

Il comando militare territoriale di Genova ha chiesto a questo S.M. l'autorizzazione di non sciogliere il 6° nucleo mobile di censimento allo scopo di tenerlo in funzione ancora per un paio di mesi quale "nucleo recuperi" per il recupero materiali dell'amministrazione militare nella provincia di Imperia.

In considerazione:

- della eccentricità della provincia di Imperia rispetto alla sede dove è dislocata la commissione recuperi del comando territoriale in questione;
- della deficienza di personale esistente presso quasi tutti gli enti della circoscrizione territoriale di Genova, per cui gli enti stessi non possono ancora provvedere al servizio recuperi e manutenzione immobili;

questo S.M. prega codesta MMIA di volere aderire alla richiesta di cui sopra.

1. The detachments formed in April last were sent to destination as soon as was possible and permissible, that is towards the middle of May (with exception of the 3th which is still at Florence waiting to reach Udine.)
2. At present the said detachments have barely commenced their duties.
3. If their disbandment is effected on 30 June they will not have carried out the tasksⁱⁿ which they were formed and their short duration will have caused only useless employment of personnel and rations. Consequently will you please examine the question and suspend the disbandment order.

Detti nuclei costituiti nell'aprile u.s., sono stati avviati a destinazione - appena possibile e consentito - cioè verso la metà di maggio u.s. e mentre alcuni sono già in piena attività, altri non hanno iniziato a funzionare (esempio il 4° di Torino) oppure non sono ancora riusciti a raggiungere la destinazione (esempio l'8° di Udine).

Ora codesta M.M.I.A. col foglio in riferimento dispone che tutti i nuclei di discriminazione debbono essere disciolti in data 30 giugno p.v.-

Data la situazione in atto circa l'impiego dei nuclei stessi, si rappresenta che essi non hanno ancora assolto i compiti che ne consigliarono la costituzione e pertanto si prega di consentirne l'ulteriore funzionamento, dato anche che i comandi militari territoriali e gli enti dipendenti sono attualmente nella fase iniziale d'impianto.

SUBJECT: Sub-commissions for screening of officers recovered during the Northern advance.

1. With the liberation of the provinces of Northern Italy it will be necessary to arrange with the maximum urgency for the screening of the officers who are recovered in order that their military and administrative position may be established.

It is essential that this screening be commenced as soon as possible to permit of the completing of the war establishments of the Military Territorial Commands and the other units (districts and depots) which, as M.M.I.A. knows, must be completed with officers recovered in liberated territory.

11. For the carrying out of said screening it will be necessary to send together with each newly formed territorial command (Bologna, Genoa, Turin, Milan) one of the screening sub-commissions already formed at this Ministry.

Each sub-commission is formed by:-

- 1 General
- 2 Colonels

111. The above mentioned sub-commissions, even though administrated by the individual territorial commands, are not included in the war establishment of the latter but continue to remain on the established strength of the Ministry.

In consideration of the above I beg of you to ⁴⁸¹² authorize the dispatch of the above mentioned sub-commissions together with the nuclei of the military territorial commands.

In order that the necessary passes may be prepared, I notify the names of the officers who would form the sub-commissions:-

I - Con la liberazione delle provincie dell'Italia Settentrionale si rende necessario provvedere con la massima urgenza alla discriminazione degli ufficiali che verranno recuperati, per la definizione della loro posizione militare e amministrativa;

E' necessario che tale discriminazione abbia inizio al più presto per potere completare gli organici dei comandi militari territoriali e degli altri enti (distretti e depositi) i quali, come è noto a codesta Sottocommissione, dovranno completarsi con ufficiali recuperati nei territori liberati.

II - Per la discriminazione suddetta è necessario inviare con ciascun comando territoriale di nuova costituzione (Bologna, Genova, Torino, Milano) una delle sottocommissioni di discriminazione già costituite presso questo Ministero.-

Ciascuna sottocommissione è costituita da:

- 1 generale
- 2 colonnelli.-

SUBJECT: Army rations for the Boards of Interrogation
at Bari and Taranto.

Ref. No. 406880/

RPGR

Date:

26-4-45

I am replying to letter Q/1/5-27 dated April 15, in which your Sub-Commission states that the Boards of Interrogation are appointed from the groups of personnel authorized in Section VIII, category 1(c) of the order of battle, from No. 1 to No. 7, and are, as such, authorized to draw rations in accordance with the authorized strength.

I deem it necessary to revert to the subject in order to throw light upon a solution which, by identifying the Boards of Interrogation with the groups for the billeting centers - already authorized - would create serious difficulties in connection with the operation of billeting centers and the work directed towards a prompt routing of repatriates.

The groups for the billeting centers were, in fact, requested by me with letter No. 402608/RPG dated February 8, last, in order that, at each center "they might re-enter the repatriated personnel on the rolls, attend to all administrative matters relating to the liquidation of Army pay due to the returnees, and perform the intricate work connected with the men's service records in order that the repatriates might be either channeled back into civilian life or incorporated into the formations of the new Italian Army.

With my subsequent letter No. 403304/RPG dated Feb. 16 - since the authority had been granted by phone - I informed your Sub-Commission of the war establishments of each group, consisting of 5 officers and 10 senior NCO's and EM, of their total number (seven), and of their location (2 at the Bari Center, 1 at the Lecce Center, 1 at the Taranto Center and 3 at the Naples Center) This was approved by your Sub - Commission who, by means of secret teleprint No. SD 2336 notified us that the groups for the billeting centers had been included in the order of battle SD/94 under Section VIII, category 1(c)

The aforementioned groups, then, were organized for the operation of the billeting centers and their war establishments - kept strictly at a minimum - are not in a position to perform also the work so far entrusted to the Boards of Interrogation - a delicate and important task, since it makes possible the identification of politically unreliable and militarily unworthy individuals and is related to the other work concerning returnees, since upon it hinges the administrative liquidation of same, their screening and subsequent readmission to the Armed Forces.

Accordingly, having been apprised of the order concerning the abolition - effective Mar. 24th. - of the Boards for the Interrogation of repatriates from the Balkans in Bari and Taranto, I wrote you letter No. 405842/RPG dated April 8, in which, after describing the task entrusted to these boards, I requested that they be authorized to draw rations.

I furnished similar explanations when, with letter No. 205584/217-1-1 dated March 8, last, I asked your Sub-Commission to cancel the request for the suppression of the Board of Interrogation at Lecce and since you then accepted my recommendation I trust that now also - in view of the importance of the work done so far by the Boards of Interrogation at Bari and Taranto, which (work) cannot be entrusted to other agencies - you will agree to keep these Boards in existence - with the privilege of drawing Army rations - independent of the groups of the billeting centers, previously authorized, which, as mentioned above, fulfill other functions.

LA LAND FORCES SUB COMMISSION
A.C. M.M.I.A.

= R O M A =

OGGETTO

Razione viveri militare per le commissioni interrogatrici.
di Bari e Taranto.-

Rispondo al foglio Q/1/5-27 in data 15 aprile col quale codesta Sottocommissione dichiara che le commissioni interrogatrici sono costituite dai nuclei di personale autorizzati nella sez. VIII^a, categoria 1 (c) dell'ordine di battaglia dal n. 1 al n.7, e come tali ammessi al prelevamento viveri in base alla forza autorizzata.

Ritengo necessario ritornare sulla questione per chiarire una soluzione che identificando le commissioni interrogatrici nei nuclei per i centri alloggio, già autorizzati, creerebbe una situazione di grave difficoltà nel funzionamento dei centri alloggio e nelle operazioni per il rapido smistamento dei rimpatriati.

Infatti i nuclei per i centri alloggio furono da me richiesti col foglio 402608/RPG in data 8 febbraio u.s. perchè presso ciascun centro "provvedessero alla ricostituzione dei ruoli del personale che rimpatriava, effettuassero tutte le operazioni amministrative relative alla liquidazione delle pendenze finanziarie dei reduci e curassero il complesso lavoro di carattere matricolare per poter smistare i rimpatriati immettendoli o nella vita civile o nelle formazioni del nuovo esercito italiano".

Col successivo foglio 403304/RPG, in data 16 febbraio, in seguito alla concessa autorizzazione a mezzo telefono, comunicavo a codesta Sottocommissione gli organici di ciascun nucleo, formati da 5 ufficiali e 10 sottufficiali e truppa, il loro numero complessivo (sette) e la loro dislocazione (2 presso il centro di Bari, 1 presso quello di Lecce, 1 presso quello di Taranto, 3 presso quello di Napoli). Queste disposizioni venivano sanzionate da codesta Sottocommissione che con telexriservato n. S.D.2336 comunicava che i nuclei per i centri allog-

./.

gio erano stati inclusi nell'ordine di battaglia S.D/94 alla sezione VIII categoria 1 (c).

I suddetti nuclei sono stati dunque costituiti per il funzionamento dei centri alloggio e per i loro organici ridotti allo stretto indispensabile non sono in grado di compiere anche il lavoro fino ad ora affidato alle commissioni interrogatrici, lavoro delicato ed importante in quanto permette l'individuazione degli elementi malfidi politicamente e non degni militarmente e che si ricollega con le altre operazioni riguardanti i reduci in quanto da esso dipende la liquidazione amministrativa del reduce, la sua discriminazione e la susseguente sua riammissione nelle forze armate.

Pertanto, venuto a conoscere la disposizione riguardante la soppressione a partire dal 24 marzo, delle commissioni interrogatrici dei rimpatriati dalla Balcania di Bari e di Taranto, indirizzavo a codesta Sottocommissione la lettera n. 405842/RPG in data 8 aprile, con la quale, illustrato il compito affidato a dette commissioni, chiedevo che esse fossero autorizzate ad usufruire della razione viveri.

Analoghe delucidazioni ebbi a fornire quando con foglio 205584/217-1-1, in data 9 marzo u.s. chiesi a codesta Sottocommissione di annullare la richiesta di soppressione della commissione interrogatrice di Lecce e poichè codesta Sottocommissione accolse allora la mia proposta confido che anche ora, tenendo presente la mole di lavoro fino ad oggi svolto dalle commissioni interrogatrici di Bari e Taranto, lavoro che non può essere affidato ad altri organi, voglia aderire a che le dette commissioni continuino a sussistere, usufruendo della razione viveri militare, indipendentemente dai nuclei dei centri alloggio già autorizzati e che, come detto sopra, assolvono altre funzioni.
