Ref your SLO/S/SD of 22 Apr 45.

1. This camp is the reinforcement sub depot for MR-ITI service troops in Fifth Army and as such in order to perform its functions must move with or just behind Fifth Army depending on railroad location and the local personnel movement situation.

2. It must therefore remain under command M31 Div; who will of course make their own arrangements for local admin according to the circumstances.

On the Allied side, 805 Transit Camp is under Op Comd Brit Incr and adm comd 55 Area; on the Italian side, it is under adm comd 231 Div, although situated in the territory of 209 Div.

On April 20th. I discussed the situation with G.O.C. 209 Div and G.O.C. 231 Div - both of whom produced very cogent reasons why it would be better for 805 Camp to be under adm comd of 209 Div.

It appears to me that the Camp would be administered far more satisfactorily by the Adm Div attached to the Allied Fmn under whose local comd it is (in this case, 1 District - 55 Area).

I suggest, therefore, that it would be advisable to put 80509 Transit Camp under adm comd 209 Div.
