1. It is understood from AFHQ that very little work is being done at the moment by this Institute on behalf of the Allies and that this work is not likely to increase in the near future.
2. It is therefore considered that no increase in Army staff is desirable. The two officers now authorised for the Institute may remain and are shown on the Order of Battle for 9 May (no. 2/9 in Cat. 6(c)).

Reference telephone conversation 23 May Major Cheyne - Lt.Col. Newman concerning IGM's proposal for an increase in Italian Army personnel to total 18 Officers and 10 ORs:-

At the present time AFHQ is using the resources of the IGM very little for Map and Survey work for the Allies. It consists mainly of hill shading on air-maps, for which work we do not have the special craftsmen needed; and unearthing certain geodetic data of Italy which alone the Italians can do. No immediate increase in such work is expected in the near future.

2. It is not known what might be required of the IGM by British troops in Italy after all British Survey staffs in units have been withdrawn, but at present there is no scheme for using the IGM in support of British Troops in Italy.

3. The IGM would be required to undertake all map and Survey needs of the Italian Army in the event of that army being required to operate independantly in support of the Allied Cause.

 Subject : War Establishment for Mil. Geographic Institute.

Ref. : 13710/ORD/I.
 Date : May 21, 1945

1. Following approval by MMIA (letter SD/2 dated Dec. 18, 1944), the Mil Geographic Institute in Florence has been put into working order again.

The activities of said Institute has been somewhat limited up to now, owing to the scarce availability of materials.

However, during these last few days considerable amounts of materials have been found in the Dobbiaco zone, and the recovery of these materials will permit the Institute to take up its normal activity which, as Col. Samceau of the Survey Service has said, could also be useful to the Allies.

2. In consideration of this, I beg MMIA to examine the possibility of inserting the Mil. Geographic Institute into the "Italian Army Strength State" pamphlet, and to authorize, for said unit, the War Establishment proposed with the enclosed list. Said War Establishment has been limited to the strict requirement, in relation to the possibility of the functioning of the Institute.

AL GABINETTO

SEDE

1 - In seguito a benestare di codesta L.F.S.C. A.C. (M.M.I.A.) (foglio SD/2 del 18 dicembre 1944), è stato rimesso in funzione l'Istituto Geografico Militare, in Firenze.

L'attività di detto organismo è stata finora alquanto limitata, data la scarsa disponibilità di materiale.

Senonchè, in questi giorni, è stato rintracciato numeroso altro materiale nella zona di Dobbiaco, il cui recupero consentirà di normalizzare l'attività dell'istituto, attività che, come ha detto il Col. SANCHEAU del Survey Service, potrebbe essere utile anche ai comandi alleati.

2 - In considerazione di ciò, prego codesta L.F.S.C. A.C. (M.M.I.A.) di compiacersi esaminare la possibilità di inserire l'Istituto Geografico Militare nel fascicolo "Situazione Forza R.Esercito Italiano" (Italian Army Strenght State) e di voler autorizzare, per detto ente, l'organico proposto con specchio allegato. Tale organico è stato limitato allo stretto necessario, in relazione alle possibilità di funzionamento dell'istituto.
