My Dear General,

Thank you for your letter, reference
 7281/L/1 dated 19 Nov 46.

I fully understand why you do not think
 it desirable at the present time to split your Training
 and Operations Office into two Sections.

It is, no doubt more desirable not to
 make these changes until a final and firm organisation at
 the War Ministry is decided upon.

I note though, that you realize that it
 will become necessary to place the Training Office under
 a senior experienced officer.

For your information the present Director
 of Training in the BRITISH War Office, Commanded a
 BRITISH Army CORPS during the war and is therefore a
 very senior officer with great experience.

Ref your 5340/ORD/II dated 9 Nov 46.

This HQ is of opinion that the form of the amendment as promulgated is not satisfactory.

(a) The note should be added to the WE as a whole, and not merely to the particular copy of the WE held by 8 Territorial Region HQ.

(b) The note should specify that the additional personnel are for duties in connection with the Central Military Schools, and should not merely refer to a letter which is not possession of all holders of the WE.

It is suggested that you should take action to correct this.

Subject: Inspectorate of Infantry

Ref your Ministry letter 5040/ORD/1 dated 20 Oct 46.

1. It is noted that the 2nd Office of the Infantry Inspectorate does not include a section for CAR.
2. Since all Infantry non specialists are trained at the CAR it would appear that Inspection and Control of CAR is in fact one of the most important responsibilities of the Inspector of Infantry.
3. It is suggested therefore that the 2nd Office of the Inspectorate should include a 3rd section (CAR) consisting like the others of at least a Lt-Col and 2 Majors.
4. Your views on this matter are requested.

31 Oct 45

My Dear General,

You have informed me of your decision to establish an Inspectorate of Infantry in the SUP and as the same time to abolish the Headquarters Central Military Schools and to bring the various schools under the direct control of the appropriate Inspectorate.

The proposal was discussed by your SUP with members of my Staff and I am in full agreement with it and believe that it will lead to increased efficiency.

There is however one matter connected with the new organization which I should like to bring to your notice. Apart from the increase in the responsibilities of the various Inspectorates, when the Schools are entrusted to them, there will also be a considerable increase in the responsibilities of the Ufficio Operazioni e Addestramento firstly because the School of Cooperation between various arms will come directly under this office and secondly because the work of coordination of the activities of the various Schools, hitherto carried out by Military Central School HQ will also devolve on this office which must, at the same time, be responsible for the general direction of the training in the Army as a whole.

Up to the present time, owing to the presence of ALLIED Troops in ITALY and the fact that the ALLIES have virtually assumed temporary responsibility for the defence of ITALY, the duties of the Operations Section of your SUP have not been very heavy and it has proved effective to have an Operations Section and a Training Section grouped in one office with a single "Cape Ufficio" in charge of the two sections.

Now, however, I feel that the responsibilities of these two sections will be increasing considerably; the Training Section for the reasons that I have already given and the Operations Section through the necessity for developing in the coming months the plans and preparations for the assumption by the ITALIAN Army of the Military Defence of the Country. I would like, therefore, to suggest to you for consideration that the time has come for the formation of a separate office to deal with training matters only under a "Cape Ufficio".

- 2 -

Should you decide on adopting this course of action I feel that, in view of the fact that the training and tactical methods of the new ITALIAN Army are based largely on the methods practised in action by the Combat Division, it would be most advantageous if the Officer you appoint as Head of your Training Office should be one who has had combat experience in one of these Divisions.

I am aware that consideration and discussions have taken place at the War Ministry in regard to reorganization generally and it may well be that the proposals for the reorganization of the Ministry may include the idea of separate offices for training on the lines of the Directorate of Training in the ARMY War Office.

As however the proposal I have made above is one that falls entirely within the jurisdiction of the ARMY and in view of the long delays that may occur before the major reorganization of the Ministry may take place, I would like to ask you to consider my proposal on the basis as an interim measure without waiting for the possible eventual reorganization of the Ministry.

Yr sincerely
S. H. F. H. H. H.

Disbandment of HQ Central Military

27 Oct 46.

TO:

MINISTRY OF WARRef your letter 5091/Ord/I dated 20 Oct. 46.
paragraph 3 (d).

Since the disbandment of Central Military Schools HQ is a permanent measure and the employment at HQ 8 Territorial Region of three officers and two NCOs to control the Schools is a permanent commitment, it is suggested that an amendment be made to War Establishment of HQ, a Territorial Region in the form of a note showing "Three Officers (One with Staff College Certificate) and two NCOs may be held as an increment to HQ 8 Territorial Region to control the Central Military Schools", or words to that effect.

This HQ does not think it satisfactory to allow these personnel merely to be attached surplus to War Establishment.

 In relation to the present deficiency of vehicles and
 P.O.L. and in view of the many internal Garrison duties,
 (drawing of rations, head, various withdrawal and return
 of stores, etc.) I most earnestly beg you so that the mules
 and carts, at present held by units under my command, be
 retained by them.-

I think advisable to point out that the mules of the
 Inf. School are also employed for the training courses
 held at that school.

As far as horses are concerned, I beg you to take
 into consideration that, horse riding activity is a help
 for the P.T. School and that 12 B.L.U. Comdr. (in letter of
 which copy is enclosed) requested this HQ. to do its utmost
 so that the 15 horses remain on strength of the school
 in question.

2. It is understood that the majority of the personnel of the Commissariato Sec have already been dispersed, but that a rear party of 1 Major, 1 Captain and 2 NCOs remains. It is requested that one of these officers and the two NCOs, who all have experience in nomenclature of British Stores and the correct procedure for issues and accounting, are retained.
3. It is important that there should always be trained personnel available at the stores dump, the contents of which have been handed over to the Italian Army, in order that issues of stores and equipment can be made with speed and accuracy. SUBJECT: WEs of Service and Welfare School.

In reply to letter SD/58/2 dated 11th inst.

The Commandant of Services and Welfare School has recently specifically confirmed that the vehicles allotted to the a/m School are sufficient for its requirements.

We are therefore of the opinion that is inadvisable to increase WEs recently established in agreement with your Mission.

No doubt, if the number of vehicles be increased, the functioning either of the School or of any other Unit of the Army would be smoother.

It must be borne in mind however, that the limited financial possibilities of our Country impose the necessity of equalising the vehicles' W/Es to actual requirement because of the heavy expenses of the supply, repairs and P.O.L.s -

This being the situation, we think that the allotments released have to be considered as already ample; consequently the possibility of reductions rather than increases are to be foreseen.

SUBJECT: Track-vehicles for Inf. School.

We forward copy of a letter received from I2 BLU contained proposal relative to W/E of the track-vehicles of the Inf. School under command.

In this letter the old W/E, i.e. that forwarded by your SMRE with letter 95/ORD/I of 7/1/46, has been taken into examination.

Even the new W/E received with letter 1675/Ord/I of 26/3/46 which makes alterations to the previous one (40 universal carriers instead of 22 Universal and 18 Lloyd) does not eliminate the inconveniences pointed out by the BLU, i.e. an excessive number of carriers for 3" mortars and an absolute lack of machine-gun carriers.

The replacement of Lloyd carriers with 15 CWT 4x4 is of evident utility.

This H.Q. therefore agrees with the opinion expressed by I2 BLU and begs your SMRE to kindly issue the necessary instructions.

1. Further to instructions received from MIA. It will be necessary in so far as the Infantry School is concerned to arrange for certain changes in the No of tracked vehicles. For the following reasons :-

Instead of Lloyd carriers, 4x4 15cwts. will be assigned to the 4.2" Mortar Platoon. (An advantage.)

2. The No of carriers for 3" Mortar Fls is in excess to the WE of S.M.R.E. and the M.M.G. have not been included.
The part of WE which regards tracked vehicles of the vehicles for specialist training only must be brought up to the figures shown in the second column.

3. Vehicles at present on charge must be retained until they become excess on arrival of vehicles of other types. Despite the increase in other vehicles it is doubted if the consumption of fuel will be very much increased.

4. It is requested that the proposed alterations are notified to S.M.R.E. The fact is again stressed that these alterations only effect the specialist vehicles and that for example the 24 4x4 15cwts are in addition to the 24 15 cwts already on WE.

1. The approved war establishment for the Administration & Welfare School, RIETI, by S.M.R.E. has been received at this H.Q. from Comando Scuola Centrali Militari.

2. Whilst the W.E. is agreed as far as the Permanent Staff and Instructors are concerned, the W.E. of vehicles is considered far from satisfactory.

3. The suggested vehicle War Establishment, as submitted in this H.Q. Vehicle & Equipment Lists was as follows :-

Designation.	New authorised W.E. (S.M.R.E)	Suggested Difference. W.E.
Motor Cycles.	2	3 + 1
Cars 4-str. 4 x 4.	2	1 - 1
Cars 2-str. 4 x 2.	1	1
Trucks 15-cwt. G.S.	1	2 + 1
Trucks 15-cwt. (Water).	-	1 + 1
Lorries 3-ton. G.S., 4 x 2.	1	3 + 2
Trucks 4 x 2 Ambulance.	-	2 + 2
TOTAL	7	13 + 6

4. The suggested vehicle W.E. is based on the following considerations :-

(a) This unit must be self-contained and therefore will have to draw rations etc. from ROME.

(b) Students will, in all probability, arrive by rail and therefore will require means of transportation from TERNI Station to RIETI - a distance of approximately 14 miles.

(c) The evacuation of casualties, sick, etc., will have to be catered for. Although a small hospital will be established, the more serious accidents and sick will have to be evacuated to ROME.

(d) It is visualised that no vehicle maintenance will be able to be carried out with the establishment as authorised, as the vehicles will be kept in the road every day.

...../2.

- 2 -

(e) The increase in Motor Cycles is due to the fact that telephone communication is always bad and can be said to be almost impossible on most occasions, even for Rome.

5. It would be very much appreciated if this matter could be investigated with a view to increasing the War Establishment with troop carrying vehicles and an addition of at least one Motor Ambulance.

Subject : W.E.'s for schools.

50/58/2.

Further to our 19546/Ord/I dtd 11 Dec 45.

We forward herewith the W.E.'s for the:

- School for Senior N.C.O.'s;
- " for L.T. Training.

This then, completes the forwarding of W.E.'s concerning the organisation of Training.

The compilation of the W.E.'s for the School for Cooperation between the Various Arms, is temporarily suspended;

We are as well, enclosing a summary of the said Training Organisation, on which it ^{is shown} ~~appears~~ that 385 of the total 12,500 ^{men} assigned are still to be employed.

This S.M. through agreement with MILA, proposes to utilise the above-mentioned surplus to meet needs arising from the practical application of the W.E.'s reviewed herewith, or for eventual further requirements.

In the meantime, the 385 men may be considered as a reserve.
