Ref para 7(b) of your Monthly Report No 13.

1. The reason why units of the ITALIAN Army have been ordered by the War Ministry to be at 57% of WE is because the total WE of all units; establishments etc of the ITALIAN Army, (adding up to 140,000 which is the maximum allowed by Armistice Terms) makes now allowance for recruits at CAR. As long as there are 40,000 recruits at CAR the units of the Army will be under establishment to that extent. With an Army totalling 140,000 and with 40,000 permanently composed of recruits under training, the only way to keep units at full WE would be to have fewer units, which the War Ministry do not want.

2. We have made two recommendations to the War Ministry to obviate some of the disadvantages of units being below strength :-

(a) Short Term Policy

(See Appx 'A' attached).

(b) Long Term Policy

(See Appx 'B' attached).

*Justifying  
given this  
info*

1. Formal approval has now been received for the increase of Ws ceiling of Inf Divs, I.S. Bive and Inf Regts by 3,000, to be found by an equal reduction in Adm Tps ceiling.

Casualty Tps ceiling is therefore now 90,500

Adm Unive ceiling is 23,000

2. With regard to the replacement of Adm personnel by civilians, AFM state that "while it is not their intention entirely to forbid such a practice, it must be appreciated that if it is carried out to an extreme, the purpose of fixing a ceiling for the Italian Army will be defeated. Such use of civilians may be permitted provided that all such employment has the prior approval of MCLA".

The approval of this H) may be implied provided that there is a MCLA representative present at your WBO when such establishments are considered.

1. A total increase of 3,000 in the War Establishments of Infantry Divisions, Internal Security Divisions and Independent Regiments within the overall ceiling of 140,000 is approved.

2. This increase may be done by the transfer of 3,000 from the Administrative ceiling.

3. With regard to the replacement of Administrative personnel by civilians, while it is not the intention to entirely forbid such a practice, you will appreciate however that if it is carried to an extreme, it would undermine the main reason for laying down a ceiling for the Interim Italian Army. Such use of civilians may be permitted, but subject to the following provisions:

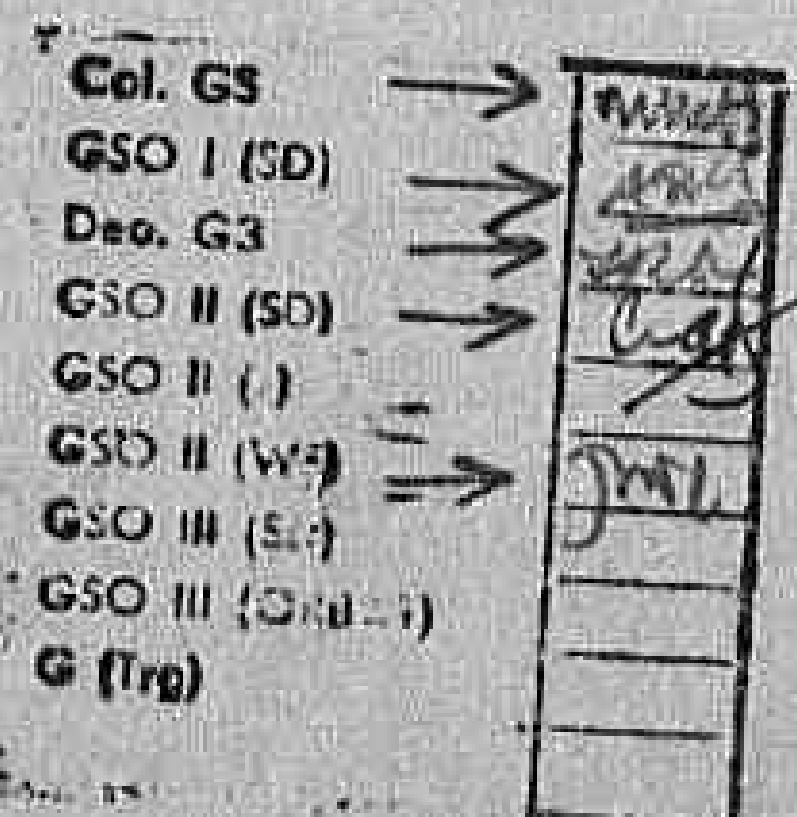

- a. That all such employment has your prior approval.
- b. That these civilians are not in any way an Allied Military commitment.

To : AFHQ (For Chief of Staff).

*performed*

- As indicated in my Italian Interim Army Progress Report No.1 of 15 Dec 45, detailed discussions have been in progress with the Italian War Ministry over the organization and Establishments of the Italian Army; almost complete agreement has now been reached and it will shortly be possible to produce War Establishments for the whole Army.
- Before this can be done, however, the approval of AFHQ is required on a slight reallocation, within the agreed ceiling, of the numbers allotted to the various components of the Italian Army. (See paras 7 and 8 of AFHQ AG 091.741G(SD)-0 of 2 Nov 45 as amended by your EX 55466 dated 6 Dec.).

3. As a result of:-

*2/12*

- the inclusion in Infantry Divisions of a reconnaissance battalion which has come out rather stronger than originally envisaged,
- the adoption of a standard organization for the Infantry Regiments of Infantry Divs, Internal Security Divs and Independent Regts, the combined strength of these formations is likely to come out at a figure approximately 3000 in excess of the authorised allotment, which is:-

Five Infantry Divs	50,000
Three I.S.Divs	15,000
Ten Independent Regts	22,500
<b>Total;</b>	<b>87,500</b>

The exact figure for the excess has not been fully worked out yet, but will not exceed 3000.

4. In order that the total of 140,000 should not be exceeded it was suggested to the Italians that the figures could be reconciled by not implementing one (out of two) FMG platoons in each battalion and also one tp out of each Light AA bty in Divisions. This would bring about a total saving of approximately 3000 and would cancel the excess mentioned in para 3 above.

*2434*

5. The Italian War Ministry are, however, very anxious that Infantry battalions should be implemented up to their establishment and would rather see the saving of 3000 achieved in other directions, their proposal being that the saving should come from the 31000 allotted to Services.

War Ministry over the organization and Establishments of the Italian Army; almost complete agreement has now been reached and it will shortly be possible to produce War Establishments for the whole Army.

2. Before this can be done, however, the approval of AFHQ is required on a slight reallocation, within the agreed ceiling, of the numbers allotted to the various components of the Italian Army. (See paras 7 and 8 of AFHQ AG 091.711G(SD)-0 of 2 Nov 45 as amended by your EX 55466 dated 6 Dec.)

3. As a result of:-

- (a) the inclusion in Infantry Divisions of a reconnaissance battalion which has come out rather stronger than originally envisaged,
- (b) the adoption of a standard organization for the Infantry Regiments of Infantry Divs, Internal Security Divs and Independent Regts,
- the combined strength of these formations is likely to come out at a figure approximately 3000 in excess of the authorised allotment, which is:-

Five Infantry Divs	50,000
Three I.S.Divs	15,000
Ten Independent Regts	22,500
<b>Total;</b>	<b>87,500</b>

The exact figure for the excess has not been fully worked out yet, but will not exceed 3000.

4. In order that the total of 140,000 should not be exceeded it was suggested to the Italians that the figures could be reconciled by not implementing one (out of two) RMG platoons in each battalion and also one up out of each Light AA bty in Divisions. This would bring about a total saving of approximately 3000 and would cancel the excess mentioned in para 3 above.

5. The Italian War Ministry are, however, very anxious that Infantry Battalions should be implemented up to their <sup>complete</sup> establishment and would rather see the saving of 3000 achieved in other directions, their proposal being that the saving should come from the 3000 allotted to Services. (For details of Services see Appx 'A'.)

6. You will note that there is already a figure of 1282 unallotted after all present service units have been completed up to WE strengths. Temporary units such as PW camps and Mine Clearance companies are also due for disbandment, as their need ceases, up to a total of some 4500. Moreover, the War Ministry have in mind a plan for replacing further administrative personnel by civilians who would in fact be retired army pensioners - the object being not only to save manpower for the army but also to provide employment for ex-soldiers.

- 2 -

7. It would be possible, therefore, to offset the increase in 3000 in the Division and Regimental ceiling by a decrease in 3000 of the administrative ceiling and I am prepared to recommend this.

8. We would therefore like you agreement in principle to the foregoing, i.e. that

(a) While keeping the army ceiling to a total of 140,000 the War Establishments of Infantry Divisions, Internal Security Divisions and Independent Regts may be accepted on a basis that will bring the total for these formations to 3000 above their present total authorized ceiling of 37,500,

(b) the increase of 3000 in those formations to be offset by a decrease of 3000 in the administrative ceiling of 31,000, provided that the bodies can be found from numbers unrequired within this block or can be effectively replaced by competent civilian personnel,

or alternatively by the non implementation of certain sub units in the Establishment of formations in order to maintain them on a "peace establishment" which does not exceed the present authorized totally blocks.

9. We will let you have exact figures when these have been worked out.

For example from the medical and commissariat services only 746 and 271 men respectively, have been recovered, by the replacement of military by civilian personnel, in those duties where the change is compatible with the service.

TO: M.M.I.A.

DATE: 26.11.45

SUBJECT: Division of the 31000 men of the Territorial Services  
units.

1) - Further to the verbal agreements reached, we forward the enclosed returns in which have been listed various discrepancies and variations met with among the proposals forwarded in letter 16784/Ord./11 of 8.9.45, and your SD/92/3 of 13.11.45. In the returns in question we have, moreover, listed several new units which are to be included among the territorial service units, which do not cause any increase in the fixed figure of 31000 insofar as they will be compensated for by recoveries which have been carried out.

11) - We take this opportunity of submitting the advisability of the ITI-ITI units being listed, in order not to create confusion, according to the new category to which they have been assigned, in the next "Strength situation of the Royal Italian Army".

APPENDIX "B" TO LETTER SD/92/3 DTD 13 NOV 45

-----  
Requirement Recovery

a)- There have been comprised, erroneously, in the Territorial formations of the service :  
The Medical Directorates: already included in the W.E.'s of the Comilitars of which they form a part (already approved by MMIA) total strength (11 x 18 men)

198

The Military Medical Directorate General :

Already included in the W.E.'s of the Ministry and which, therefore, would be counted twice

47

b)- Disinfecting Section: a proposed W.E. of 1 Officer and 55 NCO's and men. The approved WE, of 11 officers and 55 troops is evidently in error ; we therefore recover 10 x 11

110

c)- Commissions for War Pensions: proposed W.E. : 3 Oftrs, 2 NCO's and men = 5; approved WE: 3 Oftrs. and 3 OR's = 6. Recovered therefore are 17 x 1  
The pensions commission of Messina has not been authorized, while one too many has been assigned to the Comillier Bolzano. This the Medical Directorate General does not consider necessary. We ask that the surplus commission at Bolzano may instead be assigned to Messina.

17

d)- Hospitals: The subsidiary hospital at NOVARA has not been included, perhaps in view of the fact that the Comillier, Turin has at its disposal the Garrison Infirmary of Alessandria (150 beds) as well as the

2412

strength (11 x 18 men)

The Military Medical Directorate General :

Already included in the W.E.'s of the Ministry and which, therefore, would be counted twice

b)- Disinfecting Section: a proposed W.E. of 1 Officer and 55 NCO's and men. The approved WE, of 11 officers and 55 troops is evidently in error ; we therefore recover 10 x 11

c)- Commissions for War Pensions: proposed W.E. :

3 Ofirs, 2 NCO's and men = 5; approved WE: 3 Ofirs, and 3 OR's = 6. Recovered wherefore are 17 x 1

The pensions commission of Messina has not been authorized, while one too many has been assigned to the Comillier Bolzano. This the Medical Directorate General does not consider necessary. We ask that the surplus commission at Bolzano may instead be assigned to Messina.

d)- Hospitals: The subsidiary hospital at NOVARA has not been included, perhaps in view of the fact that the Comillier, Turin has at its disposal the Garrison Infirmary of Alessandria (150 beds) as well as the General Hospital at Turin. We request the disbandment of the Alessandria infirmary (WE 33 men) and the opening of the subsidiary hospital at Novara (300 beds and WE of 92 men).

The Medical Directorate General had previously proposed to the MMIA (during direct contacts made regarding the project to be reviewed), to retain in force, in the Rome Comillier's area, in addition

to the Perugia and Rome hospitals, also the

Chieti hospital, while instead, of two hospitals, the Comiliter Bari would have had only one General hospital in Bari.

Later, it was considered convenient to disband the Chieti hospital, and to assign the subsidiary

hospital also to the Comiliter Bari (the Trizio

Hospital at Lecce) of special use for repatriates arriving from overseas. With regard to this matter

the Directorate General negotiated with the officer concerned of the MMIA. However, in MMIA's letter,

this change has not been taken into account. We

hereby request the disbandment of the Garrison

Infirmary of Foggia (WE 33 men) and the opening

of the subsidiary hospital at Lecce (200 beds WE 60 men).

e)- Pharmacies and Pharmaceutical Stores: Proposed

WE 21; Assigned 29 men, an increase of 8 men not necessary (8 x 11)

f)- Bathing and thermal establishments of Acqui, (Turin) and Ischia (Naples): proposed WE 10

men; assigned 20 men, i.e. an increase of 10 men not necessary (10 x 2)

20

g)- Military Chemical and Pharmaceutical Institute

Florence: proposed 37 men; assigned 73, an increase of 36 men not necessary

With regard to this matter the Directorate General negotiated with the officer concerned of the MMIA. However, in MMIA's letter, this change has not been taken into account. We hereby request the disbandment of the Garrison Infirmary of Foggia (WE 33 men) and the opening of the subsidiary hospital at Lecce (200 beds WE 60 men).

e)- Pharmacies and Pharmaceutical Stores: Proposed WE 21; Assigned 29 men, an increase of 8 men not necessary (8 x 11)

f)- Bathing and thermal establishments of Acqui, (Turin) and Ischia (Naples): proposed WE 16 men; assigned 20 men, i.e. an increase of 10 men not necessary (10 x 2)

g)- Military Chemical and Pharmaceutical Institute Florence: proposed 37 men; assigned 73, an increase of 36 men not necessary

h)- Advanced Military Medical School: Proposed WK's 38 men; assigned 50 men. For the present the increase is not necessary in that, whilst the school will be able actually to commence functioning, it will come under the strength assigned to it for training. We can recover 12 men, leaving the WE at 38

1) - Nurses: Note 2) at the foot of Enclosure "B" states "whenever the nurses may be sisters or Red Cross nurses instead of enrolled personnel, the totals must be modified accordingly". Actually, the nurses (all Red Cross personnel) included in the WE's, in that they have the right to draw rations in kind, must be withdrawn from the strength as precisely stipulated by MMIA. We therefore recover the corresponding numbers.

338

1) - Among the units temporarily to be retained, there figures an infirmary at Foggia (33 men) actually drawn from the Military Hospital at Foggia, which should therefore be attached to the Garrison Infirmary. (With reference to this see the subject of the subsidiary hospital, Chieri).

*CONF. 20*

2. It should now be possible therefore to include in the Skeleton Order for the Interim Army all the units necessary to form part of the 31,000 in accordance with the attached Appendices. 2378

3. The breakdown of the Territorial HQ and Depots is still under consideration. The decision of this HQ follows earliest.

4. Specialist training units are not included in the attached Appendices but will be included later in the 10,000 allocated to Trg and Rfts.

5. War Establishments

(a) The provision of final war establishments for these units will be left to the discretion of the War Ministry but figures as given should not be materially altered.

(b) It is suggested that the necessary war establishments should be considered and approved by the committee to be constituted by you vide para 4 of our SD/92/3 of 8 Nov.

2/.....

War Establishments (Cont'd)

(c) It is considered that it would probably be desirable to amend the present system of numbering war establishments as many existing establishments will be cancelled or amended and new establishments will need to be passed, including those for converting ER-III establishments. It is therefore recommended that all existing WE numbers be cancelled and that a new series be issued to cover all Interim Army establishments. It is requested that you consider this proposal so that this can be included in the discussions due to be held on the ORG of the WE committee ref para 4 of our SD/92/3 of 8 Nov. In any case until new numbers are allotted the numbers of existing WEs will be shown against the relevant units in the Skeleton Orbat for the Interim Army.

1. The Central Depot of Medical Stores ROME has not been included as this unit will eventually cease to exist: for the present the personnel will be held against the I.O.F. FLORENCE.
2. If the nurses are going to be Muns and C.R.I. instead of enlisted personnel the totals should be amended accordingly. (338 off).
3. Beds and personnel are adjusted to allow for Air Force and Navy sick, for which there are no separate establishments.

Subject: Re-org. of Italian Army-Transfer of Units to the Interim Army.

Land Forces Sub-Comm, A.C. (MMIA)

SD/92/3

Nov 45

To : Ministry of War

Reference Land Forces Sub Comm. Directive No 1 dated 8 Nov 45.

1. In order to give effect to the creation of the Interim Italian wef. 15 Nov it is proposed to build up the ORBAT of the Interim Italian Army in two phases.

Phase I. Transfer to ITI-ITI category of those US-ITL, ER-ITI and existing ITI-ITI units which will come under Italian Op. Command wef. 15 Nov 45, *incl those units which by reason of being in AR & Territory remain temporarily under Allies Op Command.* *but which for all other purposes become ITI-ITI units.*

Phase II. Construction of the final Interim Army. This phase to be completed as soon as possible after 15 Nov 45.

## 2. Phase I

(a) Given in Appendix 'A' are the categories of units which will compose the ITI-ITI category of the Italian Army, wef. 15 Nov 45. This category will be completely under Italian Op. Command, *except those units which by reason of being in AR & Territory remain temporarily under Allies Op Command.*

(b) All existing US-ITI and ER-ITI units at 15 Nov not included in App. 'A' will remain under US or ER Op. Command and will continue to be held in the US-ITI and ER-ITI categories.

(c) In order to provide a clear statement of the Italian Army as at 15 Nov, when the transfer of the units shown in App. 'A' takes place, the ORBAT (2/15) due to be produced as at 8 Nov will be produced as at 15 Nov. Layout of ceilings and categories will be as in App. 'C' attached. All disbandments and formations which take place between the date of ORBAT 2/14 and 15 Nov will be taken into account when compiling the November ORBAT.

(d) Until 15 Nov 45 no alteration will be made in the present system of authorising formations or disbandments of units. This HQ will also continue to control the ITI-ITI ceiling until 15 Nov 45.

## 3. Phase II

(a) As soon as final decisions are taken on the composition of the Italian Interim Army a new ORBAT should be produced by your Ministry.

(b) In the meantime a skeleton ORBAT can be prepared for discussion with G(SD) branch of this HQ. An approx. breakdown of ceiling for this ORBAT

we, 15 Nov it is proposed to build up the ORBAT of the Interim Italian Army in two phases.

Phase I. Transfer to ITI-ITI category of those US-ITI, BR-ITI and existing ITI-ITI units which will come under Italian Op. Command wef. 15 Nov 45, but those units which by reason of being in APO & Territory remain temporarily under Allies of Command, but which for all other purposes become ITI-ITI units.

Phase II. Construction of the final Interim Army. This phase to be completed as soon as possible after 15 Nov 45.

2. Phase I

(a) Given in Appendix 'A' are the categories of units which will compose the ITI-ITI category of the Italian Army, wef. 15 Nov 45. This category will be completely under Italian Op. Command, except those units which by reason of being in APO & Territory remain temporarily under Allies of Command.

(b) All existing US-ITI and BR-ITI units at 15 Nov not included in App. 'A' will remain under US or BR Op. Command and will continue to be held in the US-ITI and BR-ITI categories.

(c) In order to provide a clear statement of the Italian Army as at 15 Nov, when the transfer of the units shown in App. 'A' takes place, the ORBAT (2/15) due to be produced as at 8 Nov will be produced as at 15 Nov. Layout of ceilings and categories will be as in App. 'C' attached. All disbandments and formations which take place between the date of ORBAT 2/14 and 15 Nov will be taken into account when compiling the November ORBAT.

23/5

(d) Until 15 Nov 45 no alteration will be made in the present system of authorising formations or disbandments of units. This HQ will also continue to control the ITI-ITI ceiling until 15 Nov 45.

3. Phase II

(a) As soon as final decisions are taken on the composition of the Italian Interim Army a new ORBAT should be produced by your Ministry.

(b) In the meantime a skeleton ORBAT can be prepared for discussion with G(SD) branch of this HQ. An approx. breakdown of ceiling for this ORBAT is attached at App 'D'.

(c) US-ITI and BR-ITI units will be shown in this ORBAT but will still remain under the Op. control of the US and BR authorities.

4. War Establishments

(a) It is considered that, in order to ensure the most economical use of manpower, a War Establishments Committee should be instituted forthwith by the Ministry of War.

(b) This committee would have the duty of approving new establishments or amendments to existing war establishments of the Interim Army. In this way standardisation of units, the correct allocation of staffs and specialists to units and control of manpower, will be achieved.

(c) The committee should be constituted with at least one member from the Italian equivalent of the British and American staff branches, i.e. G(G3) A(G4) and Q(G4).

(d) If you so desire a member of this Mission would attend all meetings, with due notice beforehand, so that he can advise, if called upon to do so, on matters of procedure and staff policy.

(e) It is suggested that any proposals for major re-organisation of formations and units should be discussed with the appropriate branches of this HQ before being submitted to the committee.

(f) The committee should issue minutes and war establishments on a wide distribution in the same way as is already done for ER-ITI units by this HQ.

(g) Will you please therefore consider this matter so that details may be discussed with G (SD) branch this HQ not later than 12 Nov 45.
