 See to 9.

- 1) The orders contained in the a/m letter have been sent to the H.Q.s concerned and action relative to the disbanding of various units and to the reduction and equalization in the strengths of others is being taken.
- 2) This S.M. has suspended the disbanding of the "Information, and Assistance for Military in Transit Office", as a proposal urging continuation of the functions of the office, has been forwarded to MMIA, in view to the special services rendered by said office, in the main centres, in the maintenance of discipline and assistance to the military in transit. We await your decision regarding the above.

Carter.
 This presumably refers to the Ronco. notes in my log of 9-11 July para 21. Since our recent conversation the disbandment order has been confirmed. It is now being carried out against the advice of SMRE.

SD/94/1

July 45

TO : MINISTRY OF WAR (10)

1. In order to effect economies in the strength and number of units employed in ITI-ITV Category 1 Italian Adm, it has been found desirable to reorganise certain parts of this category.
2. Details of this reorganisation which will be effective w.e.f. 8 July 45 are given in Appendices as follows:-
 - (a) Appendix "A" Those units which are already formed and will be disbanded forthwith and those units which are authorised in SD/94/1 of 3 ~~1944~~ and unformed for which the authorisation is hereby withdrawn.
 - (b) Appendix "B" New units which are authorised to be formed.
 - (c) Appendix "C" Units whose authorised strength will be altered either by:
 - (i) conversion of the unit onto a different but existing WE.
 - or
 - (ii) restriction of implementation of the WE on which they are already formed.
 - (d) Appendix "D" Units whose authorised strength will be altered by amendment to their WE.
3. Personnel to meet the increases authorised in above Appendices will be found as follows:-
 - (a) Personnel to form the new Med and Conscriptant units (App D) or to provide increases in WEs (App D) will be found from units scheduled for disbandment.
 - (b) The six guard coys will be formed with personnel to be released from US-ITV by 24th July 45.

JULY 45

1. In order to effect economies in the strength and number of units employed in ITI-ITI Category 1 Italian Adm, it has been found desirable to reorganise certain parts of this category.
2. Details of this reorganisation which will be effective w.e.f. 8 July 45 are given in Appendices as follows:-
 - (a) Appendix "A" Those units which are already formed and will be disbanded forthwith and those units which are authorised in SD/94/1 of 3 ~~July~~ and unformed for which the authorisation is hereby withdrawn.
 - (b) Appendix "B" New units which are authorised to be formed.
 - (c) Appendix "C" Units whose authorised strength will be altered either by:
 - (i) conversion of the unit onto a different but existing WE.
 - or
 - (ii) restriction of implementation of the WE on which they are already formed.
 - (d) Appendix "D" Units whose authorised strength will be altered by amendment to their WE.
3. Personnel to meet the increases authorised in above Appendices will be found as follows:-
 - (a) Personnel to form the new Med and Commissariat units (App B) or to provide increases in WEs (App D) will be found from units scheduled for disbandment.
 - (b) The six guard coys will be formed with personnel to be released from US-ITI by 210 Div.
4. The necessity to increase the Commissariat staffs of Territorial HQs has presented certain problems. It has been decided that, as it is undesirable to disturb the present standard WEs of Territorial HQs, the most practicable way of authorising additional personnel for certain of the Territorial HQs is to form increments to Commissariat Directorates. New WEs have therefore been authorised and details of the units to be formed on these new WEs, together with WE strength, are given in Appx "E". Proposed WEs in detail will be forwarded by War Ministry to this HQ by 17 July.

5. In order to fit the above changes into the ITI-III ceiling and to give effect to certain readjustments a new distribution of ceiling by categories is shown in Appx "E". Appx "A" to this HQ letter SD/94/1 of 3 June is hereby cancelled.

Two points arise:-

(a) The ITI-III categories have been readjusted, in accordance with AFHQ instructions, into the following divisions and will be shown in this form in this HQs next Order of Battle of the Italian Army.

- (i) Italian Op Command
- (ii) Allied Op Command
- (iii) Reinforcements
- (iv) Carabinieri

(b) In order to gain greater flexibility in the control of the ceiling of Cat 1 Italian Adm, no specific allocation to services etc within this category will be made in future. From the date of this letter the total ceiling of 27,000 will be considered as a pool and any unallotted portion will be available for allocation as and when necessary.

This will not mean that there is any change in the present sub divisions of Category 1 but merely that no specific entitlement to ceiling will be laid down. Figures given in Appx "E" for the Category 1 breakdown are therefore the present distribution only and are subject to revision.

6. The above changes will be reflected in this HQ Order of Battle of the Italian Army for July. A progress report on funds and disbursements will be forwarded to this HQ by 20 July.
