(a) Chief of the General Staff or Brigadier General Staff

(b) Officer in charge of Administration not below the rank of Brigadier

(c) Heads of establishments not below the rank of Colonel provided War Office permission has been given

In all cases where Higher Clerical Officer grading is recommended, War Office approval will be obtained. Where it is not possible to employ civilians for security or other reasons, officers, warrant officers and non-commissioned officers of the Auxiliary Territorial Service may be employed. Where personnel of the Auxiliary Territorial Service are used, the following gradings will be taken as a guide:-

Brigadier General Staff or Brigadier in charge of Administration	Warrant Officer

In all cases the recommended grading will be approved by the Command War establishments Committee or, where no such committee exists, by the War Office.

4. Where Personal Assistants are at present being employed for appointments other than those mentioned at (a) and (b) of para 1 above, their retention until 31 March 1947 only is authorised. If present incumbents leave or are posted away to other duties, they will not be replaced. Heads of establishments will not retain Personal Assistants beyond

AFHQ (G-3)

Subject: Under Posted Strength of Officers.

Ref your G-3 AFHQ/186 dated 25 Nov para 4.

1. As instructed in your AC 091.711 GOT-O dated 3 Dec 45 para 7 WEs of hq and units of MMIA have been kept constantly under review and progressive decreases in WE have been recommended to and accepted by the WDO at successive meetings of the Committee.

2. All WEs of MMIA were reviewed by GHQ on War Office orders on 27 Nov. Certain reductions were made. It is now the considered opinion of this HQ that no further reductions are possible as long as the responsibilities and functions of MMIA remain as at present.

3. It is therefore not possible to propose any underposted scales of officers for MMIA. All officers of both HQ and outstations are essentially and fully employed either as staff officers, or advisers to the ITALIAN Army, or both, and no reduced scale can be accepted without grave prejudice to the efficient performance of the duties of the Mission.

4. Ref Appx A to your e/q letter:

(a) The 95"increment to the Military Mission to the ITALIAN Army" has been cancelled.

(b) The WE "Training increment MMIA to British Liaison Unit (Gruppi di Combattimento)" has been cancelled.

(c) The WE "Police increment to Military Mission to the ITALIAN Army" has been ordered to be non-implemented down to two CMOs II with a corresponding non-implementation of ORs clerks and transport.

CCC, MMIA.

1. The global shortage of officers is now such that the War Office have directed that action be taken to limit the number of officers authorised for HQ and unit establishments by underposting the relevant WE's.

2. The underposted scales laid down for standard WE's in volumes I to IV have already been published to all concerned. (Not to you)

3. It is now necessary to examine all theatre WE's. The terms of reference upon which this examination must be based are:

(a) Scales will represent the minimum numbers of officers considered necessary, and it is stressed that it is essential to effect the maximum economy.

(b) There is no intention of laying down any restriction in ranks: the deficiencies in officers will, generally speaking, be held against subalterns vacancies.

(c) The reduced scales will not supersede the strengths already laid down for DOV purposes.

(d) It will not necessarily be possible to adhere to these scales, as the actual strength of units must always depend upon availabilities in each particular arm, and upon the requirements for ERE officers. 2215

(e) All future reinforcement demands will be based on the underposted scale and not on the full WE figure.

4. A list of WE's which you are requested to review is attached at Appendix 'A' to this letter. You will forward your proposed scales of officers to reach this headquarters as soon as possible. If any of the WE's shown are no longer in use this fact will be stated.

I. THE PROPOSAL

(a) Review of WE POLICE INCREMENT TO MILITARY MISSION TO THE ITALIAN ARMY (CM/1279/1).

(b) NO alteration to existing WE.

(c) Nil.

II. EFFECT OF THE PROPOSAL

NO CHANGE in existing WE.

III. REASONS FOR THE PROPOSAL

(a) Review ordered and recommendation requested by GHQ signal SDG 296 dated 12 Nov 46.

(b) Chief Commissioner Allied Commission has recommended to AFHQ that pending a policy decision on reorganisation of all ITALIAN Police Forces, the POLICE INCREMENT TO MILITARY MISSION TO THE ITALIAN ARMY should continue to supervise the Carabinieri, and in default of Officers to fill WE being available in this theatre should be allowed to waste to a minimum of two Officers. AFHQ agreed to this proposal.
No policy decision on the reorganisation of all the ITALIAN Police Forces has yet been taken.
The functions of the POLICE INCREMENT TO MILITARY MISSION TO THE ITALIAN ARMY remain unchanged.
The full WE as at present is necessary if those functions are to be properly discharged.
Only two Officers are actually at present available in this theatre.
It is therefore recommended that the views of AFHQ and ALLIED COMMISSION be accepted i.e., that the WE remains

III. REASONS FOR THE PROPOSAL

(a) Review ordered and recommendations requested by GHQ SDO 296 dated 12 Nov.

(b) (i) As a result of changes of location and administration of ITALIAN Central Military Schools it has been found possible to telescope the duties previously carried out by this officer with those of DAA&QMG of 8 (B Type) British Liaison Unit attached to ROME Territorial Region HQ.

(ii) New RECCE Bns are in process of being formed for the ITALIAN Army.

Expert technical and tactical advice is required to supervise the formation and training of these Bns, which are a new thing to the ITALIAN Army.

No provision is at present made for this advice on WE CM/1279/1.

(iii) Owing to the layout of the R.E. School it is found possible for one officer to supervise training without the help of a Sgt.

On the other hand a storeman Sgt is urgently needed since the ITALIANS are now receiving large quantities of BRITISH R.E. Equipment which they are unable to identify, catalogue or store without expert BRITISH assistance.

(a) Review ordered and recommendation requested in GHQ signal SDO 296 dated 12 Nov 46.

This addition is in fact more than compensated by the deletion of one DAQMG from WE CM/1111/2 (Increment to MILITARY MISSION TO THE ITALIAN Army and one DAQMG from 12 BLU (WE CM/1018/2).

(iii) As a result of run down of PW reduction in this branch can now be afforded.

To remedy this, two S Sjt Ammunition Examiners are required for six months.

As no notification has been received from you of any change in Combined Chiefs of Staff policy as to duties and establishments of AMZA I consider that with the exception of certain minor reductions in personnel which can be effected as a result of the BRITISH Army standing increasingly on its own feet, no drastic alteration or curtailment of it is either possible or desirable at this juncture.

Ref: G/5/1

reply at folio 63.

1. The subject War Establishment, was made effective from 19 Aug.'46, under reference CM/1305/1.

2. This W.E. shows a total of 9 O.R.s and requisite transport.

3. It will be noted that all personnel are tradesmen specialists, and no provision is made for normal unit administration; neither is any affiliation to a British Liaison Unit indicated.

4. As the ITALIAN Base Workshop is situated at BOLOGNA, it may be presumed that this Increment should be affiliated to a "B" Type B.L.U. - 6 B.L.U.

5. On the other hand, a "B" type B.L.U. has no R.E.M.E. Head of Service, neither does its W.E. cater for large unit administration. However, as regards this Unit, S/Capt. R.E.M.E., 7 B.L.U., and 2 O.R.s, are permanently attached, as considerable liaison is necessary with the ITALIAN Base Workshops, and satisfactory R.E.M.E. liaison with 7 Territorial Command can be effected from this location.

6. In order that responsibility for administration and discipline be assigned, and bearing in mind the extra burden which will be placed on a small unit, it is requested, please, that a decision be given as to which B.L.U. the R.E.M.E. Training Increment to ITALIAN Base Workshops, shall be affiliated.

TO, : M.M.I.A. (for G SD)

We spoke 23 Sep. (CHARRINGTON - PHILIPS)

1. The establisment for Italian Civilians at July 1st 46 was:- one professional and 20 clerks.

2. This number was reduced in July, by request of Col.i.c. Adm., to one professional and 14 clerks, which number is at present satisfactory.

3. It is understood from the late w.e. (British) that 11 civilians are shown. This figure can now be reduced to one professional and 7 clerks, since 7 clerks can be held on the U.S. establishment.

4. It is stressed that if U.S. Officers are re-assigned, and it follows that the U.S. establishment for clerks will disappear, the present total of 15 civilians will still be required, at any rate until 31 Dec 46.

5. The OR establishment is well under strength (there is one Cpl.). This is satisfactory.

6. British Officer Establishment calls for one GSO II, two GSO III and one staff Lieutenant. This branch is two officers under strength at the moment. This is satisfactory but if U.S. Officers are re-assigned in the near future the GSOIII shown on the establishment will have to be provided.

TO : GENERAL HEADQUARTERS (for AD)

1. The addition of an Officer Instructor R.A.C. (Armd Cars) to WE GS/10/12/2 (12 B.L.U.) is requested.

2. WE GS/10/12/2 (12 B.L.U.) was formed prior to the authorisation of Recce Regts for the Italian Army, and consequently at a time when no Armd Car School was necessary or functioning.

3. The reasons for recommending this addition are that:

(a) 12 B.L.U. has to exercise its functions over the Armd Car School which trains personnel for Recce Regts and Carabinieri.

(b) Expert Technical and Tactical advice is needed to supervise adequately, the Trg of the Divisional Recce Regts now forming with Sieghound Armd Cars.

This assistance was specially requested by Italian Divisional Commanders during a recent tour in North Italy of G 1 Training MMLA.

4. It is pointed that Recce Regts on the British basis are a novelty to the Italian Army and consequently considerable work is at present entailed getting them properly organised and trained.

Follow 41 request this

1. The Chief Commissioner of the Allied Commission has considered your remarks on the matter of the appointment of the Commander of your Sub-Commission. TO : G(SD) BRANCH,
ALLIED FORCE HEADQUARTERS

1. For over a year this HQ has been pressing regularly for the addition of a Tpt Offr to its WE and for over a year the WEC has with equal regularity been turning down this request.

2. On the face of it there is no justification for such an appointment, simple mathematics providing the answer that 27 vehs on est do not equal one Tpt Offr.

3. It is, however, the unanimous opinion of all Offrs who have been unlucky enough to have been concerned in the running of the Tpt of this HQ that in this particular case simple mathematics do not apply and that on account of various particular and peculiar conditions pertaining to the running of MMIA Tpt, the presence of a Tpt Offr is essential if efficiency and economy are to be maint.

4. Without going into too great detail some of the reasons which make for the necessity of a Tpt Offr are :-

(a) The fact that the MMIA stud is not unit tpt in the normal sense - i.e., mainly composed of load carrying vehs operating on normal adm and mil duties under normal supervision - but is in fact in the main a Pool of Staff Cars operating individually at the request and behest of a considerable number of Offrs.

(b) The fact that the tpt is extremely heterogenous in character consisting of 15 different types or makes of vehs out of an est of 27.

(c) The fact that all this tpt is very nearly on its last legs and can only be kept on the road by the greatest possible attention to care and maint and a continual programme of petty repair and adjustment. Wef 1 Aug this HQ ceased to be affiliated to an RASC Wksp entailing considerably more repairs having to be undertaken in unit garage.

(d) The fact that dvrs on the str of this HQ are as heterogenous as their vehs coming from all Arms and Branches of the Services and from Italian Civs and therefore lacking the team spirit of a normal unit.

4. (Contd)

(e) The fact that there is no Offr on the str of this HQ who is available to give sufficient time and attention to the supervision of the MT; attempts to make various Offrs responsible for MT have invariably broken down through either the Offr being forced to neglect his normal duties to an extent when he had to be relieved of his MT commitments or the Offr being unable to spare sufficient time to the MT to be of any use.

5. I would not waste the valuable time of the WEC with a request that they have so consistently turned down in the past if I were not convinced on the best possible evidence, that this request is both reasonable and necessary.

III. REASONS FOR THE PROPOSAL

(a) In view of the large numbers of British small arms passing to the Italian Army and the initiation of a Base Small Arms workshop, technical questions affecting these arms are beginning to interest the Ministry of War. Although the present officers at HQ MMIA possess some knowledge of small arms they undoubtedly lack the detailed intimate and up to date knowledge which would be possessed by a senior British armourer. At present technical small arms questions beyond our knowledge are solved by reference to D.M.E., G.H.Q. In addition it is thought advisable to have at HQ MMIA a

III. REASONS FOR THE PROPOSAL

(a) In view of the large numbers of British small arms passing to the Italian Army and the initiation of a Base Small Arms workshop, technical questions affecting these arms are beginning to interest the Ministry of War. Although the present officers at HQ AMIA possess some knowledge of small arms they undoubtedly lack the detailed intimate and up to date knowledge which would be possessed by a senior British armourer. At present technical small arms questions beyond our knowledge are solved by reference to D.M.E., G.H.Q. (Assistant Inspector of Armourers), but should this appointment be abolished, delay would certainly occur in giving the advice the Italian Army expects to receive.

In addition it is thought advisable to have at HQ AMIA a senior armourer (probably a warrant officer) to assist in supervising the technical work of the armourers suggested for Type 'A' BLDs.

(b) It is regretted that this amendment was not submitted in conjunction with this HQ Signal SD 3917 dated 3 Aug 46.

Information had not however at that date been received of the

This unit was disbanded without consultation of this HQ by cancellation of WE by GHQ WEC w.e.f. 30 June 46.
The new unit replaces this. A saving of two CRs and two M/Cs is shown by comparison with the previous unit. Only one such unit is now required, and it is estimated that its purpose will have been served in six months time.

III. REASONS FOR THE PROPOSAL

(a) Consequent upon the dispersion throughout the Territorial Commands of British small arms whether with CARs, Independent Regiments or CC.RR. Mobile Battalions it is essential that a limited number of British armourers should be available to visit Italian Units having British arms to carry out any technical inspection deemed necessary by HQ MMIA and to assist the Italian armourers until they are familiar with these weapons. To give some weight to his advice each armourer should be a Sergeant or Corporal.

In addition, an NCO vehicle mechanic is needed to assist the EME in giving technical advice to Italian Army units on the Allied vehicles they hold, and to assist them in improving their methods of maintenance. Owing to the present elementary standard of maintenance knowledge (caused mainly by the release of experienced

2/.....

soldiers), more intensive instruction to units on these two matters is needed.

(b) Additional M.T. and Driver L.C. are essential if REME team including EME are to get about and do their jobs. Without transport the REME team is useless.

(c) It is regretted that this amendment was not submitted in conjunction with this HQ Signal SD 3917 dated 3 Aug 46. Information had not however at that date been received of the cancellation without consultation of this HQ, of WE CM/640/1 (REME Trg Incr to BLU), two of which units attached to 7 and 12 BLUs had previously supplied between them the expert personnel now required to be added to WE of 'A' Type BLUs.

(I) The reduction of 2 Offrs and 12 OR's has been effected in the main by deleting certain of the adm appts. Some Instructors have been deleted where it is considered that economy is possible. Details are given in Comparative table at Appx 'B'.

(II) The Ordnance staff has reduced as the issue of equipment to the Ministry of War is made in bulk and the distribution is now an Italian responsibility.

(III) With a reduction of OR Personnel it is possible to abolish the appointme nt of Staff Captain.

(IV) To date the RMIE WE has been supplemented by a RMIE Training Increment. The proposal is to abolish the RMIE Increment and to increase the RMIE WE of the Unit. The result will be an overall decrease of 8 OR's.

The unit has detachments at Civitavecchia [illegible] necessary there fore to maintain a ration NCO to [illegible] for these detachments.

(b) Personnel (Contd.)

(VI) The domestic staff has been reduced to a minimum and will be supplemented by an Italian Detachment to be found by Italian Military Authorities.

(c) Transport.

(I) The function of the unit is to liaise with the various Italian Schools. The schools are located within a radius of 60 miles of ROME. In order that the various training officers may perform their duties it is essential that they have a small vehicle at their disposal.

(II) A reduction in 1 Lorry 3 Ton and 2 Trucks 15 cwt is possible since the move into ROME has reduced the number of unit administrative details.

(d) Title of WE.

It is recommended that the title of the WE is abbreviated to "12 British Liaison Unit".

(b) Increment to MMLA was designed to cope with handover of Interim ITALIAN Army to ITALIAN control, and with the provision of BRITISH equipment to the ITALIAN Army. The provision of this equipment is far from complete. It is therefore still necessary to retain a nucleus of this unit, though personnel detailed in II above can now be surrendered in step with progress made in winding up its committments.

SUBJECT: Proposed new W.E. for Italian Increment to 12 BLU (CM/880/1)

LAND FORCES SUB-COMM, AC. (MMIA)
(489081 Ext. 401) SD/101
17 Jul 45

TO : MINISTRY OF WAR

Reference your recent verbal enquiries made by Lt Col SALVI regarding the Italian Increment to 12 BLU, on WE CM/880/1.

1. The present WE allows for a total number of 48 men, and was designed during the time that 12 BLU was located at CESANO.
12 BLU is now located in ROME and the majority of the officers of the unit are accomodated in the Officers Mess of this Mission. Arrangements are also being made for the majority of the other ranks of 12 BLU to be accomodated with the other ranks of this Mission.
It is necessary however for certain officers and other ranks of 12 BLU to be accomodated at CIVITAVECCHIA and SANTA MARINELLA so that they shall be conveniently located for the Schools to which they are attached.

2. It is considered that a certain reduction in the W.E. of the Italian Increment can be made. It is difficult however at the present time to decide what personnel are required on the Increment because of the uncertainty of the internal administrative organisation of 12 BLU.

3. In addition a new commanding officer has recently been appointed to 12 BLU and it is desired to defer making a decision regarding the strength of the Italian Increment until it has been possible to settle the layout of 12 BLU, and for the new commanding officer to make a personal review of the situation.
It is hoped that the necessary decisions can be made by approximately 15 August.

It is understood that the attached copies of letters from my Capt. REME (viz. 4/ME/12-23 dated 26 June 46 and 4/ME/2-118 of same date) have been submitted to me on instruction from ADME HQ MMIA.

I naturally cannot support them as I appreciate that I am now virtually under an obligation to submit no recommendations for increase in establishments and material. They are therefore forwarded to you for such action as you consider necessary. I would mention however that I see no just reason why the REME personnel should require vehicles for their sole use any more than the other technical advisors and inspectors of this staff whose installations etc are scattered throughout the whole Territorial Command; with the increase in W.E. of an Ord. Officer an extra vehicle was allotted to BLUs but this vehicle is pooled along with the remainder. Priority for any additional M.T. in a BLU should be given to the amelioration of the ever pressing administrative problems within the unit.

1. It is requested that a proposal be submitted to increase the W.E of this BLU to include a REME Serjeant Vehicle Mechanic to assist the REME Officer in demonstrating the suggestions made by him to the Italian Workshops.

2. For example the Command of Workshops and the "Friuli" Infantry Division L.A.D.'s have no personnel capable of carrying out a proper vehicle inspection. Several attempts have been made to put this type of inspections on a proper footing, but apart from the fact that the men detailed for this work are, although the best in the workshop, not up to the general British standards, there are also other difficulties of organization which requires a British OR. in each particular workshop for 3 or 4 days to see and report the stumbling-blocks in organization which are unfortunately not apparent to the Officers and NCO's in charge of the workshops, they in most cases being non-technical.

3. Should the increase in W.E. be allowed, extra-transport would also be necessary for this NCO. It is suggested that a 15 cwt. truck would be suitable.

SUBJECT : Revision of WE's

TO : List 'R' (Br)

1. The appointment of L/Sgt. on all WEs is being abolished w.e.f. 30 June 46. L/Sgt. appointments on standard WEs are being revised editorially by the War Office.

2. Where possible these appointments should be downgraded to Cpl. but there may be a certain exception. Full justification for upgrading L/Sgt. to Sgt. will be rendered with the proposal. This will then be submitted to the WE Committee in the normal way.

3. When submitting these proposals for upgrading the appointments, the following factors should be borne in mind:-

(a) Is the present number of Sgt. insufficient for the operational and administrative efficiency of the Unit?
(b) Are additional Sgt. justified on a post and responsibility basis?

4. In all cases where upgrading is not considered warrantable the intention is that men holding L/Sgt. appointments on 30 June 46 will be re-assessed for pay as Cpl. However they will retain, as an interim measure, the appointment of unpaid L/Sgt.

5. It is understood that there will be no loss of pay due to downgrading as the existing rates of pay will be protected by the War excess provisions of the New Pay Warrant which comes into effect 1 July 46.

6. Units will forward the following details: 3149
(a) Title of Units and CM WE.
(b) Appointments to be upgraded with reasons.
(c) Appointments to be downgraded.

7. Returns, including NIL returns, will reach this Branch not later than 10 July 46.

LAND FORCES SUB-COMM, AG. (MMLA)
(439081 Ext 401) SD/101
13 Jun 46

TO : GENERAL HEADQUARTERS,
CENTRAL MEDITERRANEAN FORCES

Further to this HQ letter SD/101 dated 7 Mar 46.

1. The RSME Training increment at present located at CESANO and attached to 12 BIU was attached to 10 BIU of the Military Mission to the Italian Army until 31 Jan 46 and in fact still has the official designation "RSME TRAINING INCREMENT ATTACHED 10 BIU".

2. In order to regularise the position it is requested that an order be issued by you changing the units designation to "RSME TRAINING INCREMENT ATTACHED 12 BIU TO ITALIAN CENTRAL MILITARY SCHOOLS".

3. It is understood that a previous redesignation order issued by AFHQ under letter 1036/A1 (3940) dated 14 Dec 45 changed this unit designation from "RSME TRAINING INCREMENT ATTACHED 56 BIU" to "RSME TRAINING INCREMENT ATTACHED 10 BIU". This is quite in order as 10 BIU was itself designated 56 BIU until Nov 45. No copy of the above mentioned letter is held at this HQ.
