1. - Advanced Artillery Recruit Training Centre.

a) - The President of the Committee commencing the examination of the CAR organisation expresses the opinion that it would be preferable to have only one 25 pdr battery in every 3 groups, instead of 2 batteries for every 2 groups, thus obtaining an economy of commandants, owing to the shortage of these. Col. Brunelli (CAR Commandant) maintains that one battery for every three groups may make the admin. work too heavy and expresses the opinion that two batteries for every two groups should remain. Col. Brunelli's point of view is also shared by the representatives of MMIA. Therefore it is decided not to change the present organization.

b) - Particular examination of the central W/E:

-:Proposed W/E:

Military personnel:

Officers	69
Senior NCOs	136
Junior NCOs and men	271

Armament:

individual:	pistols	205
	rifles	939
	automatic carbines	191

Declassified E.O. 12065 Section 3-402/NNDG NO. 785020

- unit:	2 pdrs	24

	6 "	8
	40 m/m guns	18
	LMGs	54
	PIATs	18
- Vehicles:		
	cars	1
	jeeps	4

	25 pdr tractors	9
	17 pdr and 6 pdr tractors	4
	40 m/m gun tractors	6
	tank trucks	1
	ambulances	1
	motorcycles	6

Said W/E has been amended in the following manner:

Reduction of "HQ Officers" (Junior officers) from 9 to 7 entrusting the confidential and ordinary matters to a single junior officer and reducing the officers i/c equipment from 2 to 1 (see note d at foot of W/E table).

Reduction of the medical subalterns from 2 to 1.

Consequently the total of the HQ officers is reduced from 17 to 14 and the total of the Training Centre officers from 69 to 66.

Amendment of the term "Group Adjutant" (Capt. or subaltern) to "Assistant adjutant" (Capt. or subaltern). -

HQ Unit (HQ Section):

Amendment of the term "NCO clerks" to "archive and typist NCOs" and a reduction of these from 20 to 10 with the cancelling of letter (e) in foot of the W/E table.

Instructors:

In examining the total number of the instructors (Senior and Junior NCOs) laid down in the W/E of the Advanced Artillery Recruit Training Centre, it has been observed that in comparison with the instructors assigned to the Infantry CARs the number of the instructors for Artillery CARs is excessively large (1 instructor for each 7 recruits in the Arty CARs in comparison with 1 instructor for every 14 recruits in the Infantry CARs). -

Declassified E.O. 12065 Section 3-402/NNDC NO. 725020

Due to the shortage of instructors and in order to uniform the policy followed up to now in assigning the instructors to the CARs, the number of Junior NCO instructors has been reduced from 90 to 45.

With this reduction the total number of instructors (Senior and Junior NCOs) of the Advanced Recruit Training Centre is reduced from 180 to 135. -

Employment of Junior NCOs and men:

Junior NCO clerks and typists: reduction from 4 to 2 in the HQ unit; Typists (private soldiers): reduction from 3 to 2 in the HQ unit (HQ Section) and from 2 to 1 in the groups. Reduction of the total from 13 to 8. Amend the terms: "wireless operators" with the term "soldiers specialised in radio transmissions"; "runners" with "office orderlies"; "waiters" with "batmen". -
2 draughtsmen and 3 MI Room orderlies are cancelled.
The "office orderlies", guards, i/c canteens, i/c recreational rooms, i/c sports field are increased from 17 to 20.
The total number of batmen is reduced from 29 to 26.
The total number of drivers is reduced from 38 to 37.
Following the above amendments the approved W/E is the following:

Military personnel:

officers	66
NCOs	126
Men	213

Armament:

Bearing in mind the W/E amendments of the militaty personnel of the Advanced Artillery Recruit Training Centre the total armament of the a/m CAR will remain as under:
