(1) The instruction regarding the posting of 3,000 Italian Cooperators, to be demobilised, to the BARI, NAPLES, ROME, or FLORENCE TERRITORIAL H.Q.'s cannot be carried out when said H.Q.'s lack all necessary equipment to receive them or because there are no Transit Camps that can take them in.

(2) On the other hand it would not be possible from a practical point of view, without a long period of warning, to switch over from civilian to military rationing. Serious drawbacks, the importance of which cannot ever be estimated, would undoubtedly result.

(3) I consider a better solution would be if :-
P.B.S. mustered, under their own care, at a determined point (which might be the premises of the TERRITORIAL H.Q.'s or some place near by) the co-operators to be released, continuing to feed them for the period strictly necessary to carry out their demobilisation.

The TERRITORIAL H.Q.s' sent to the mustering points the personnel necessary to carry out demobilisation.

(4) For the same reasons set forth in Para 1. I consider it would be necessary to send the 3,000 co-operators, to be taken into the Army, to be transit camps at TRANI, RAVISCANINA, ORVIETO and FROSINONE for the subsequent posting to units.

This would comply with M.M.I.A.'s procedure at present normally in force.
