This is NAF 1071

1. Subject is handback of BOLZANO and UDINE Provinces to Italian Government jurisdiction. FAN 536 laid down that the whole province of BOLZANO and TARVIS and the surrounding area in the province of UDINE, were to remain indefinitely under AMG.
2. I now consider that BOLZANO could with advantage be handed back to Italian jurisdiction at same time as other northern Italian territories, the handback of which was proposed in NAF 1069. Reasons are:
 - a. The frontier marches with Allied occupied AUSTRIA and with SWITZERLAND, and there is, therefore, little likelihood of aggressive movement from outside by force of arms or propaganda. Position is thus different from that in other disputed territories.
 - b. It is not considered that any internal separatist movement is likely to arise with which the Italian Government should not be able to deal.
 - c. Risk of appearing to prejudice outcome of peace conference is not considered sufficiently serious to justify maintaining ALLIED MILITARY GOVT for that reason alone.
 - d. Handover of this territory will be on accordance with the spirit of para 1 of FAN 536.
3. For following military reasons, however, I do not consider handback of UDINE provinces is at present feasible.

of BOLZANO and TARVIS and the surrounding area in the province of UDINE, were to remain indefinitely under AMG.

2. I now consider that BOLZANO could with advantage be handed back to Italian jurisdiction at same time as other northern Italian territories, the handback of which was proposed in NAF 1069. Reasons are:

a. The frontier marches with Allied occupied AUSTRIA and with SWITZERLAND, and there is, therefore, little likelihood of aggressive movement from outside by force of arms or propaganda. Position is thus different from that in other disputed territories.

b. It is not considered that any internal separatist movement is likely to arise with which the Italian Government should not be able to deal.

ALLIED MILITARY GOVT for that reason alone.

d. Handover of this territory will be in accordance with the spirit of para 1 of FAN 536.

288

3. For following military reasons, however, I do not consider handback of UDINE provinces is at present feasible.

a. Owing to, delicate situation in VENEZIA GIULIA, it remains necessary for the Allied Corps in that area, with its supporting air forces, to be disposed semi-operationally and to be capable of operational deployment at short notice.

As the portion of VENEZIA GIULIA under AMG does not allow sufficient depth for this purpose, the retention of full military control in the adjoining territory of UDINE is essential.

To maintain quiet conditions in northeast ITALY, direct

FILE	b. To

DATE	R/27/5/46

frontier contact between the Italian and Yugoslav Governments should be avoided. It is, therefore, at present undesirable to handback the area round TARVIS to the Italian Government.

c. It is necessary to safeguard the lines of communications which run through UDINE from northeast ITALY into the British zone of AUSTRIA. The security of this area is most important under existing conditions and should be even more so in the event of further trouble with the Yugoslavs.

4. Your approval is, therefore, requested for:

a. The handback of BOLZANO province with the remainder of northern ITALY (except UDINE and VENEZIA GIULIA) on the date proposed in NAF 1069.

b. The retention of AMG in the province of UDINE until further notice.

5. This answers your TAM 678.

SUBJECT : Dissolution of G-3 (Org) Foreign.

TO : All Concerned.

1. Plans are now being made for the handover of the Italian Army to the Italian Government, on or about 30 Sep 45. Already, large reductions have been made in US-ITI and BR-ITI commitments, which render the control by one integrated section of ceilings, orders of battle and moves unnecessary

3. Effective immediately, the ROUTINE WORK formerly the responsibility of G-3 (Org) Foreign will pass to G-3 AIO for all matters of US interest and to G-3 (Org-B) for matters of British interest. Ref your letter G/1 dated 9 May 45.

1. HSD/421 dated 25 Mar has been superseded by AG 523/035 GOF-O dated 21 April 45, copy of which is enclosed.
2. The change was due to the departure of the bulk of Allied Commission personnel from SARDINIA on 1 Apr. It is not proposed to alter the existing arrangement, which was approved by the Chief of Staff. It is not agreed that there is any necessity for an Allied Garrison Comd, since the only forces on the island are RAF and about 18 ranks of the British Army. There is, however, no objection to the MIA Liaison Officer undertaking any convenient duties by mutual and local arrangement so long as this does not purport to change the official chain of command and responsibility as laid down in the above quoted AG letter of 21 Apr.

Further to my F 66775 of 27 April. FX 68387 signed SACRED cito FHGCT.
 Addressed 15 Army Group for General CLARK repeated ALCOM for Admiral STONE
 for information.

1. Combined Chiefs of Staff have decided to establish and maintain US/UK AMB in:
 - (a) The Compartment of VENEZIA GIULIA including FIUME and the QUARNEROLO Islands (but excluding the Province of ZARA).
 - (b) TARVISIO and surrounding areas which before 1919 formed part of Austria and have since been incorporated in Italy, i.e. up to 1939 Italian frontiers.
2. A successful working of plan in para.1 depends on Soviet cooperation. US and UK Governments are therefore seeking Soviet concurrence to join them in requesting Yugoslav Government to withdraw all Yugoslav Forces from the Compartment of VENEZIA GIULIA.
3. Action in para.2 is unlikely to be completed before you enter VENEZIA GIULIA. You will however implement such portions of the plan in para.1 as your operations require.
4. In amplification of para.4 in F 66775, the object of your operations in VENEZIA GIULIA for the present will be as follows:
 - (a) Secure TRIESTE and L of C through Italy leading to it.
 - (b) Secure L of C from TRIESTE to Austria via GORIZIA-TARVISIO.
 - (c) Secure POLA, anchorages between TRIESTE and POLA, and the L of C between those ports.
5. Concurrently with operations indicated para.4 above, you will continue operations against the enemy until you have completely cleared VENEZIA GIULIA or linked up with regular Yugoslav Armed Forces.
6. In linking up with regular Yugoslavs, maximum care will be exercised to avoid armed clashes.

2.

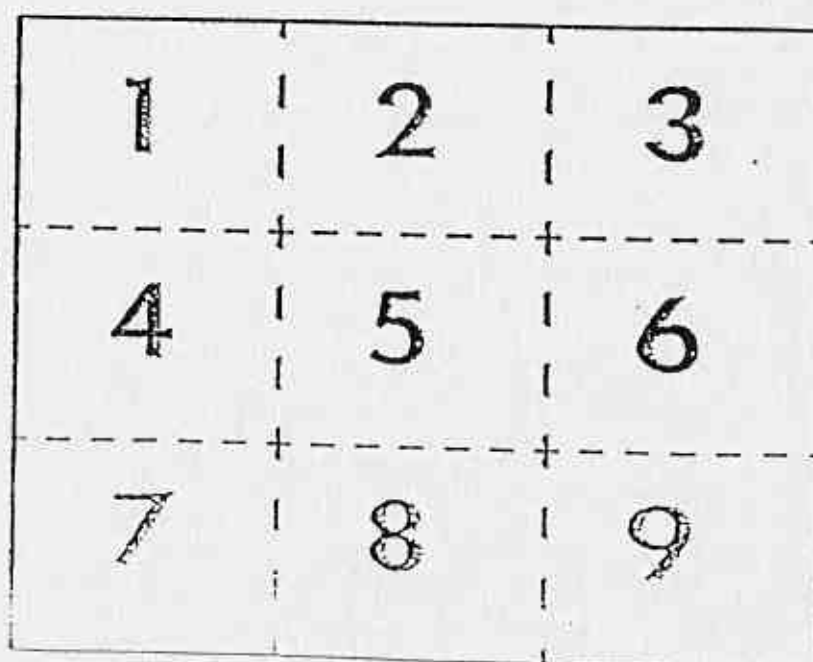

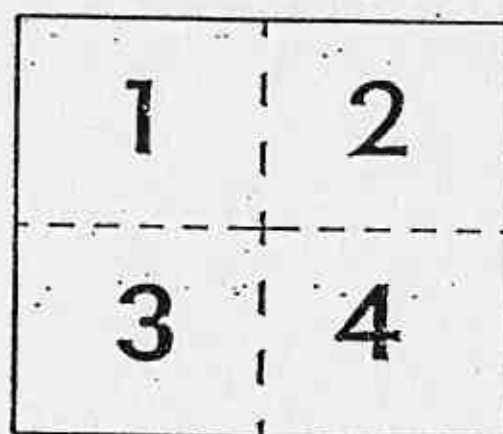

7. During the Supreme Allied Commander's recent visit to BELGRADE, Marshal TITO agreed that any of his Forces in those portions of VENEZIA GIULIA required by the Supreme Allied Commander for his operational purposes would be placed under his (Supreme Allied Commander's) command.
8. Allied Military Government in areas under your control will function through such local authorities as may be found in effective operation irrespective of nationality.
9. MACVIS is being instructed to obtain from the Yugoslavs information regarding the means their Forces will employ to identify themselves to your Forces when they link up. MACVIS is also being instructed to inform the Yugoslavs that in such event your Forces will identify themselves as stated in your SD 2347 dated 26 April.
10. In planning operations involving the occupation of VENEZIA GIULIA, you will arrange that the Forces and AMG personnel required are provided jointly from US and British resources.
