DEPARTMENT OF THE ARMY

REGISTRATION*Looked up*

1. It is the wish of the United States and the Italian Government that the Italian Government should be responsible for the maintenance of law and order in the Italian Army (MIL) and the task which will be required of the Italian Government is:

- (a) to maintain the authority of the Italian Government,
- (b) to be available to go to the assistance of the civil authority for the maintenance of law and order,
- (c) to act as a deterrent to foreign aggression against the Italian Army.

Until the terms of the Italian Treaty are made known, the Italian Army, for the purpose of these instructions, is to be organized, trained and administered in accordance with the Italian Treaty of 1947, which provides for the Italian Army to be the Italian Government.

2. (a) The United States Government, Allied Commission, and the Italian Government, in their capacity as the Italian Government, are also responsible for the maintenance of law and order in the Italian Army (MIL).

(b) The Italian Government, in its capacity as the Italian Government, is also responsible for the maintenance of law and order in the Italian Army (MIL).

(c) In order to carry out the Italian Treaty, the Italian Government, in its capacity as the Italian Government, is also responsible for the maintenance of law and order in the Italian Army (MIL).

CONFIDENTIAL

- 2 -

- (c) A special BLU (known as 'M' BLU) is attached to the Training Centre at CEMANO for duty with the training group of units which are controlled directly by the War Ministry.
- (d) All BLUs will come directly under HQ MMIA for all matters except such local administrative questions as must necessarily be handled by local administrative headquarters. MS matters will be referred direct to HQ MMIA and are handled there by an officer specially appointed for the purpose.
- (e) Disciplinary, financial and administrative powers of a ~~Divisional~~ Commander are vested in Commander MMIA. Similarly, powers of a Detachment Commander are vested in Lt-Colonels in charge of 'A' Type BLUs and 'P' BLU. These powers extend over any 'B' Type BLU affiliated to them.

OBJECTS

- 4. (a) The object of MMIA is to advise and assist the Italian Ministry of War and subordinate headquarters on the organisation, training and administration of the Italian Army within the approved ceiling. Responsibilities in this respect are limited to advice and assistance only; all necessary executive work must be the responsibility of the Italian authorities concerned.
- (b) The particular object of BLUs will be to give similar advice and assistance to the Italian HQ to which they are attached. The Italian Commander will normally be expected to accept this advice; if he should feel unable to do so, the OC BLU will refer the matter to HQ MMIA. BLUs are therefore in effect miniature missions to their respective Territorial Headquarters, taking their policy and direction from HQ MMIA.
- (c) The senior officer of each BLU will make it clear to all personnel under his command that they are to take no part in Italian political activities of any kind. Lack of impartiality may gravely impair Allied - Italian understanding, and will, in any case, render the individual or individuals concerned incapable of carrying out properly the duties entrusted to them.

DUTIES OF BRITISH LIAISON UNITS

5. POLICY

Allied policy on all questions coming within the scope of these instructions will be made known to BLUs by HQ MMIA; it will be the duty of BLUs concerned to pass this to Italian Headquarters concerned in appropriate form, supplementing it with such details as are considered requisite. Principal matters with which BLUs will have to deal are classified under the following headings:-

(a) ORGANISATION

Responsibility of OC BLUs, as regards organisation of BLUs, functions and units within the Territorial Command to which they are attached is as follows:-

Responsibilities in this respect are limited to advice and assistance only; all necessary executive work must be the responsibility of the Italian authorities concerned.
- (b) The particular object of BLUs will be to give similar advice and assistance to the Italian HQ to which they are attached. The Italian Commander will normally be expected to accept this advice; if he should feel unable to do so, the OC BLU will refer the matter to HQ MLI. BLUs are therefore in effect miniature missions to their respective Territorial Headquarters, taking their policy and direction from HQ MLI.
- (c) The senior officer of each BLU will make it clear to all personnel under his command that they are to take no part in Italian political activities of any kind. Lack of impartiality may gravely impair Allied - Italian understanding, and will, in any case, render the individual or individuals concerned incapable of carrying out properly the duties entrusted to them.

DUTIES OF BRITISH LIAISON UNITS5. POLICY

Allied policy on all questions coming within the scope of these instructions will be made known to BLUs by HQ MLI; it will be the duty of BLUs concerned to pass this to Italian Headquarters concerned in appropriate form, supplementing it with such details as are considered requisite. Principal matters with which BLUs will have to deal are classified under the following headings:-

(a) ORGANISATION

Responsibility of OC BLUs, as regards organisation of formations and units within the Territorial Command to which they are attached is as follows:-

- (1) As far as possible the Italian Army is being organised and commanded on lines generally similar to those employed in the British Army. This policy is subject to such modification as may be dictated by:

- 3 -

- the nature of the tasks which the Italian Army are intended to carry out,
- the nature and amount of the equipment which the British and US Governments have undertaken to provide,
- the national characteristics of the Italian military system.

(ii) Oso BLUs will see that all units in their area of responsibility are in fact organised in accordance with the official WE issued by the Italian Ministry of War after agreement with this HQ. They will bring to the notice of the Territorial Command any cases in which official WE are modified or disregarded. They will use their discretion as to whether such modifications are within the spirit of the WE, and they will advise the Territorial Command accordingly. If their advice is not accepted, they will inform this HQ.

(iii) Bearing in mind the characteristics of the Italian Military system, Oso BLUs will at all times offer to the Territorial Command advice on the organisation and efficient running of HQs and establishments.

(iv) Oso BLUs will submit to HQ MMIL for consideration with the Ministry of War, any recommendations they may have to make on the subject of Staff Duties with particular reference to the smooth and speedy disposal of business by means of decentralising responsibility to junior officers, eliminating redundant links in the chain of command and of supply, logical distribution of Staff Duties, and simple office procedure.

(v) Oso BLUs will render location statements as at Appx. 'D'.

(b) INTELLIGENCE

The responsibilities of Oso BLUs as regards Intelligence are as follows:-

(i) The Italian authorities are required to furnish information regarding the strength, organisation, training, movements, administration, real estate, and stocks of material and equipment held by the Italian Army.

(ii) Oso BLUs will collate, for transmission to this HQ when requested, such information of this nature as originated in the Territorial Command to which they are attached.

(iii) In order that this information may be presented in the form best serving both Allied and Italian interests, and may be studied in the proper context of local conditions, Oso BLUs will keep their fingers upon the pulse of local feeling, both civilian and military, and will submit to 3711

within the spirit of the HQ, and if their advice is not accepted, they will inform this HQ.

- (iii) Bearing in mind the characteristics of the Italian Military system, OAC BLUE will at all times offer to the Territorial Command accordingly. If their advice is not accepted, they will inform this HQ.
- (iv) OAC BLUE will submit to HQ MML for consideration with the Ministry of War, any recommendations they may have to make on the subject of Staff Duties with particular reference to the smooth and speedy disposal of business by means of decentralising responsibility to junior officers, eliminating redundant links in the chain of command on supply, logical distribution of Staff Duties, and simple office procedure.
- (v) OAC BLUE will render location statements as at Appx. 'D'.

(b) INTELLIGENCE

The responsibilities of OAC BLUE as regards Intelligence are as follows:-

- (i) The Italian authorities are required to furnish information regarding the strength, organisation, training, movements, administration, real estate, and stocks of material and equipment held by the Italian Army.
- (ii) OAC BLUE will collate, for transmission to this HQ when requested, such information of this nature as originates in the Territorial Command to which they are attached.
- (iii) In order that this information may be presented in the form best serving both Allied and Italian interests, and may be studied in the proper context of local conditions, OAC BLUE will keep their fingers upon the pulse of local feeling, both civilian and military, and will submit to this HQ a monthly Intelligence Report (see Appx. 'D'). This monthly Intelligence Report will be prepared with the collaboration of the Italian Territorial Command staff, and may be submitted in draft for the views of the Italian Territorial Command.
- (iv) In the Report, OAC BLUE will stress anticipated future trends rather than past events, details of which are only required if of outstanding importance or as factors in their appreciation.

3711

- 4 -

- (v) As far as it concerns military efficiency and relations with the civilian population, BLUs will study the morale of all ranks with whom they come into contact. They will include this as a heading in their monthly Intelligence Report. They will as far as possible detail the factors affecting morale and will include the Italian reaction at all levels to these factors.

(a) TRAINING

- (i) The training policy for the Italian Army is being laid down by the Ministry of War, and will be carried out under Allied advice and supervision.
- (ii) In the case of establishments such as the CESINO Training Centre, the Ministry of War deals direct with the establishment concerned.
- (iii) For formations under Territorial Commands the commander is responsible that Ministry of War policy is implemented in the form of Training Directives and exercises arranged and carried out locally and general executive control.
- (iv) Territorial Training Centres will receive the syllabus and programme laid down by the Ministry of War. OSC BLUs will ensure that this programme is followed.
- (v) British arms and equipment at present constitute a large proportion of the armament of the Italian Army. OSC BLUs will ensure generally that British methods and standards are adopted as far as is practicable.
- (vi) OSC BLUs will offer advice and assistance to Italian Commanders on all forms of training and will, after the training methods have been decided, supervise as far as they are able the implementation of them on the ground.
- (vii) OSC BLUs will be prepared to report on current Italian training practice with a view to enabling this HQ adequately to advise the Ministry of War with regard to training policy.

(a) ADMINISTRATION

(i) Personnel

Administration of all personnel forming part of the Interim Army of 140,000, and of the CC RR of 65,000 is the responsibility of the Italian Government. The necessary Administrative Units are being formed within the authorised ceiling. Instructions for intakes and demobilisation are issued by the Ministry of War on the advice of MILA. The authorised ceiling will not be exceeded nor will the strength of approved units be allowed to fall seriously short of their VE. BLUs will examine Italian Unit Strength Returns from time to time, reporting to MILA any serious fluctuations in strength or shortage of specialist personnel.

- (ii) In the case of establishments such as the CESANO Training Centre, the Ministry of War deals direct with the establishment concerned.
- (iii) For formations under Territorial Commands the commander is responsible that Ministry of War policy is implemented in the form of Training Directives and exercises arranged and carried out locally and general executive control.
- (iv) Territorial Training Centres will receive the syllabus and programme laid down by the Ministry of War. OsC BLUs will ensure that this programme is followed.
- (v) British arms and equipment at present constitute a large proportion of the armament of the Italian Army. OsC BLUs will ensure generally that British methods and standards are adopted as far as is practicable.
- (vi) OsC BLUs will offer advice and assistance to Italian Commanders on all forms of training and will, after the training methods have been decided, supervise as far as they are able the implementation of them on the ground.
- (vii) OsC BLUs will be prepared to report on current Italian training practice with a view to enabling this HQ adequately to advise the Ministry of War with regard to training policy.

(a) ADMINISTRATION

(i) Personnel

Administration of all personnel forming part of the Interim Army of 140,000, and of the OC RR of 65,000 is the responsibility of the Italian Government. The necessary Administrative Units are being formed within the authorised ceiling. Instructions for intakes and demobilisation are issued by the Ministry of War on the advice of MMIA. The authorised ceiling will not be exceeded nor will the strength of approved units be allowed to fall seriously short of their PE. BLUs will examine Italian Unit Strength Returns from time to time, reporting to MMIA any serious fluctuations in strength or shortage of specialist personnel.

(ii) Personal Services

Matters of service, pay, allowances, promotion, postings, discharge and leave are all matters for decision by the Ministry of War. MMIA is being kept informed by the War Ministry of all shortages and changes of procedure in respect of these matters. Such information as becomes available

will be made known from time to time to BLUs who will be responsible for bringing to the notice of Italian HQs concerned, any serious breaches of regulations and for informing HQ MMIA if such matters are not reasonably adjusted.

Italian Army personnel will be subject to Italian Military Law which will be administered by Italian officers in accordance with the Italian Code. Any undue delay in the administration of justice will be reported by BLUs to HQ MMIA.

A welfare establishment will be included in the establishment of each Territorial Command. Advice of BLUs will be given freely on matters of welfare to Territorial and unit commanders.

(iii) Officers

The selection, appointment, posting, promotion and dismissal of officers are functions of the Italian Ministry of War. Regulations in these matters are being revised by the Ministry of War and will be made known to BLUs as soon as available. Meanwhile, OGC BLUs will watch these matters closely and discuss frankly and openly with Italian Commanders concerned any changes of appointment of senior officers, disciplinary action or preferment which, in their opinion, appear to be on the one hand necessary or on the other detrimental to the interests of the Service, and if necessary, advise them on the Allied view of their proposals. Any difficulties or failure to reach reasonable agreement will be reported by OGC BLUs to HQ MMIA for direction.

OGC BLUs will keep in their offices, up-to-date Staff Lists of Italian officers of the rank of Lt-Colonel and above with Territorial HQs, Divisions, Inf Regiments, and Training Centres, and will forward copies of current staff lists to MMIA as detailed in App 'D'.

(iv) Advice on Administrative Matters

Should MMIA at any time advise the Ministry of War on any important administrative matters, the fact that such advice has been given will be notified to BLUs. Similarly, any unforeseen or extraordinary ruling, interpretation or advice given by a BLU Commander will be made known to HQ MMIA.

(v) Accommodation

OGC BLUs will give active advice and assistance to Italian headquarters on accommodation questions generally and particularly in the matter of the return to the Italian Army of War Ministry property occupied by the Allies in accordance with current Allied instructions (at present HQ Administrative Memorandum No. 48 of 2 Nov 45). For this purpose, direct contact will be made with local Allied

establishment of each Territorial Command. Advice of BLUs will be given freely on matters of welfare to Territorial and unit commanders.

(iii) Officers

The selection, appointment, posting, promotion and dismissal of officers are functions of the Italian Ministry of War. Regulations in these matters are being revised by the Ministry of War and will be made known to BLUs as soon as available. Meanwhile, OGC BLUs will watch these matters closely and discuss frankly and openly with Italian Commanders concerned any changes of appointment of senior officers, disciplinary action or preferment which, in their opinion, appear to be on the one hand necessary or on the other detrimental to the interests of the Service, and if necessary, advise them on the Allied view of their proposals. Any difficulties or failure to reach reasonable agreement will be reported by OGC BLUs to HQ MMLA for direction.

OGC BLUs will keep in their offices, up-to-date Staff Lists of Italian officers of the rank of Lt-Colonel and above with Territorial HQs, Divisions, Inf Regiments, and Training Centres, and will forward copies of current staff lists to MMLA as detailed in App 'D'.

(iv) Advice on Administrative Matters

Should MMLA at any time advise the Ministry of War on any important administrative matters, the fact that such advice has been given will be notified to BLUs. Similarly, any unenforced or extraordinary ruling, interpretation or advice given by a BLU Commander will be made known to HQ MMLA.

(v) Accommodation

OGC BLUs will give active advice and assistance to Italian headquarters on accommodation questions generally and particularly in the matter of the return to the Italian Army of War Ministry property occupied by the Allies, in accordance with current Allied instructions (at present, for HQ Administrative Memorandum No. 48 of 2 Nov 45). For this purpose, direct contact will be made with local Allied Headquarters concerned; only in case of difficulty or in cases involving authorities under the Allied Commission will the matter be referred to HQ MMLA. The general allocation of accommodation within the Territorial Command is a matter for Territorial Commanders; the advice of BLUs will be valuable as concerning the probability of the Italian needs clashing with those of the Allies.

(vi) Transport.

Vehicles in use by the Italian Army are partly of Allied origin and partly of Italian. BLUs will exercise supervisory control over the use of the former. BLUs will continuously impress on Italian authorities the need for good organization and of economy in the use of MF and POL. A Director of Repairs is at Territorial Headquarters and responsible for the supervision of the Repair Unit. Spare parts are obtained from stores controlled by War Ministry, and responsible for the supervision of the Repair Unit. Spare parts are obtained from stores, repair will frequently have to be made to cannibalisation.

Local transport needs are provided by the ADM Type CNY which should be given first priority in maintenance, as on it depends the daily housekeeping of the Army.

A Light Wagon has been provided for each ADM Type CNY. The Vch Parks for efficient vehicles and non-runners awaiting repair are an important link in the system and will require constant attention and supervision. Release of vehicles from efficient Vch Parks is controlled by the War Ministry NCM by Terr. HQ.

(vii) Transportation

The Italian Government is now responsible for arranging rail movement of Italian Army troops and stores direct with the Italian State Railways. A directive on methods and priority is being issued by HQ BLU.

(viii) Supply

System of supply is as laid down in ADM Directive No. 1. The Italian Army must take its share of the Nation's food resources. Local purchases by the Commissariato Directorate at each Territorial Command will play an important part in the procurement of foodstuffs. The ration scale will probably vary and that in local use will be ascertained by the BLUs for the information of HQ. Advice and assistance on matters of distribution and cooking should be freely given to Territorial Commanders. Further particulars as to the maintenance of HQ-III and US-III Service troops are given at appx. 'E'.

Given at appx. 'E'.

QAC BLUs will be responsible through their own or affiliated supply officers for:-

- (a) Technical advice on the receipt, storage and issues of all foodstuffs in Italian depots and Divisions.
- (b) Liaison between Allied (military and/or civilian organisations) Supply Depots for transfer of stocks to the Italian Army (including advice re Rail movement of supplies).
- (c) Advice concerning maintenance of stocks with

(ix) Clothing and Equipment

During the interim period before the National Assembly permits a uniform standard of clothing and equipment, it will not be possible to attain homogeneity in all units of the Army. Economy is, therefore, essential. OGC BLUs will be provided with copies of equipment tables issued by the Ministry of War and will advise local authorities and assist them to introduce and maintain a system of unit accounting and individual responsibility for stores, similar to that in the British Army. Further particulars as to the maintenance of BR-III and US-III Service troops are given at Annex. 'F'.

(x) Motorinery and Remount

The utmost use of animal transport in station duties will be rendered essential by the shortage of petrol. OGC BLUs will advise and assist wherever possible in the reorganisation of animal transport.

(xi) Accounting

Transfer of stores from Allied to Italian depots has hitherto been recorded on shipping tickets in accordance with established procedure. Separate instructions will be issued regarding the impending transfer of warlike equipment with the Gambia, and any other accounting with which BLUs may be concerned.

CARABINIERI

6. The Carabinieri (CC RR) within the authorized ceiling of 65,000 are included in the term "Italian Army" and will be the responsibility of MIL, except for operational functions and training in purely civil police duties. OGC BLUs will maintain close touch with CC RR Divisional or Brigade Headquarters concerned.

RELATIONS WITH ALLIED AUTHORITIES

7. (a) As long as any Italian troops are under Allied operational command, at the request of Allied Commanders, OGC BLUs will provide full liaison between the Italian Territorial Command to which BLUs are attached and the Allied HQ concerned.
- (b) OGC BLUs will volunteer to Allied Districts or Areas any information of outstanding importance or urgency on any subjects within their knowledge, copy to MIL.
- (c) (i) OGC BLUs will not be expected to provide for Allied Districts and Areas detailed returns or states of Italian troops within their territory.

- (iii) When Allied Commanders cease to have operational command of Italian troops OGC BLUs may continue to keep touch with Allied HQs on all necessary matters of mutual interest to Allied and Italian Commands, but will be required to provide detailed information only to MLI.

SUBJECT : Italian Army - Provision of personnel

SECRET

LAND FORCES SUB COM, A.O.
(M.M.I.A.) R G M E.
A G C C/3
Nov.

TO : Ministry of War.

1. Reference is made to MMIA G/7 of 8 November giving the arrangements to be made for the handover of the Italian Army to the control of the Italian Government, and for its future organization, training and administration. The object of this letter is to clarify the implications of that directive with regard to the provision of personnel.

2. As from 2359 hrs, 14 November 1945 the Ministry of War will be entirely responsible, through its own channels, for all matters connected with the posting of reinforcements to Italian units. In particular :

(a) No personnel deficiency or strength returns are required by MMIA from the Ministry of War, or from individual depots or formations. All personnel returns hitherto made to MMIA are therefore cancelled, except the monthly "Italian Army Strength State (including Order of Battle)" which will continue to be provided by the Ministry of War (see MM/92/3 of 8 Nov.). MMIA may, however, require information from time to time on specific matters vide MMIA G/7 of 8 Nov para 5 (b).

(b) The Ministry of War will make arrangements to obtain from formations such returns as it considers necessary in order to maintain units to strength, dispose of surplus personnel, etc. Such returns will be made through Italian channels of communication (see MMIA G/7 of 8 Nov para 10 (a)). If it is temporarily necessary to use Allied channels, this may be done by making appropriate arrangements with the nearest L O or B L U for the information required by the Ministry of War to be passed to them via MMIA. MMIA will, however, take no executive action.

(c) No further bids for rail movements of personnel will be made through MMIA. The Ministry of War will deal directly with the Italian State Railways.

3. The War Ministry will be responsible for keeping the Interim Italian Army and CC.RR. up to its approved strength plus US-ITI and BR-IMI Services. US-ITI and BR-IMI Service Units will have priority on available manpower. The temporary provision whereby BR-ITI units could hold 20 % surplus to W.E. is cancelled.

4. The Ministry of War will be responsible for analysing the future availability of specialist personnel and anticipating deficiencies by arms and trades so that appropriate training arrangements can be made.
