Further to telephone warning from Palermo Legion n. 502/1 from other fragmentary information appears that a real and true insurrection is taking place in S. Giovanni di Caccamo (Palermo) area against forcible wheat delivery. Further losses: two Carabinieri dead others injured for a number which has not yet been determined. Rioters also seem to have suffered heavy losses. 521 Carabineers 180 Police agents 8 armoured cars commander of Palermo legion vice questore Carabineer officers and various police officials are in the area. We have no more other exact information because action is on the way and there are liaison difficulties. The above legion commander whom directives have been given will give requested information as soon as possible. (Sgd.) Calabro Colonel.

DATE: 6 August 1946

Further to today's telephone warning 502/I Early on the morning of 5 instant Carabinieri Company and Police agents Company total 200 men while beginning with Police and UPSEA officials operations for forcible wheat crop delivery on the road of Caccamo S. Giovanni Sciosa (Palermo) were attacked by a considerable number of rioters belonging to peasant population embittered by provisions for forcible crop delivery. There was a gun battle which lasted many hours spreading in various places of the area and continuing also after arrival of reinforcements with armoured cars. Second Lieutenant ESPOSITO Giovanni of the Mobile Carabinieri Battalion of Palermo, Carabinieri PROSCIOTTONA Pasquale and MARETRALE Giuseppe and a police agent were killed. Second Lieutenant BONANNO Domenico of the above mobile battalion a Carabinieri N.C.O. and eleven Carabinieri were injured. Rioters also probably suffered similar losses. Sudden treacherous attacks were made by groups taking shelter among broken ground continuing until 20 hrs of the same day against reinforcements advancing to help engaged police forces. Surrounding heights and slopes are overrun by armed rebels who also succeeded in capturing 21 Carabinieri and 2 policemen some of whom are probably wounded according to first information received. We are trying to liberate them. Insurrection against forcible crop delivery menaces to spread to other areas. At Roccapalumba along the road to Caccamo this morning 5th instant a military motor car was attacked and destroyed: it had on board the lieutenant colonel of the Carabinieri PAOLANTONIO Giacinto and three men of the Inspectorate General of Police in Palermo: they could safely join Caccamo after a gun fight against rebels.

Situation Caccano area fully under control seems to be becoming ever more normal.

According to rumours insistent firing was heard to night also with some hand grenade explosions from the southern slopes of Mount S. Calogero: it is deemed they were due to a false alarm or to a quarrel among rebels entrenched on that mountain or to civilians having gone there to pacify rebels and taking contact with them to convince them to stop resistance. A control is on the way on this matter but it offers some difficulties. Cardinal Ruffini was yesterday at Caccamo for pacifying action. Energetical services of police are being continued for safety and investigation.

TRANSLATIONSTATEMENT

I undersigned, BERTINI LAMBERTO, CORR Brigadiere - HQ Coy, Territorial Legion of Lazio, Rome, state the following facts:

This afternoon, at 1545 hrs, while I was on duty at the Legion Barracks, a man dressed in civilian cloths, who stated he was a British Officer, asked me to intervene as an Italian had threatened him with a knife, at Piazza del Popolo.

I went to the spot and found out the following facts:

The Officer (WALTER T HORLICK, identification card 056634) stated that he was driving his car across the square while he nearly run over a civilian. He stopped the car to ascertain if anything was happened. At this very moment he was insulted by one IMPARATO CARMINA (Son of Felice and of Terrara Concetta, born at Roccapremonte on 1 Sep 1902, living in Rome - via dei Volsci 18, cameraman). He was so defending the supposed injured person.

The officer left the car and went towards IMPARATO, who drew out a knife. But the officer fisted him on his face and the man run away. Then the officer asked me for assistance.

The cameraman could not leave the spot as he left his camera in the square, so I was able to find and arrest him for any measure deemed necessary.

The knife was not found and IMPARATO denies he ever got it. He only admits he had pronounced offensive words towards the officer when he run his car grazing the monument so menacing the life of passers-by.

It was not possible to find any witness of the incident nor to find the man who was going to be injured.

In faith

Sgt. Regiment Infantry, Roma

I went to the spot and found out the following facts:

The Officer (WALTER I HORLICK, identification card 056634) stated that he was driving his car across the square while he nearly ran over a civilian. He stopped the car to ascertain if anything was happened. At this very moment he was insulted by one IMPARATO CARMINE (son of Felice and of Terraneo Concetta, born at Roccapienonte on 1 Sep 1902, living in Rome - via dei Volsci 18, cameraman). He was so defending the supposed injured person.

The officer left the car and went towards IMPARATO, who drew out a knife. But the officer fisted him on his face and the man ran away. Then the officer asked me for assistance.

The cameraman could not leave the spot as he left his camera in the square, so I was able to find and arrest him for any measure deemed necessary.

The knife was not found and IMPARATO denies he ever got it. He only admits he had pronounced offensive words towards the officer when he run his car grazing the monument so menacing the "Difesa" of passers-by.

It was not possible to find any witness of the incident nor to find the man who was going to be injured.

DICHIARAZIONE

Io dichiaro di aver udito dire che il giorno 21 gennaio 1902, in servizio presso la compagnia seconda della legione territoriale dei carabinieri del Lazio - Roma - Moncalvo:

Alle ore 15,45 dì oggi, trovandomi al servizio delle caserme legionesche non avendo incontrato da un borghese, che si è qualcuno per maggiore impegno, ad interrompere a dirizzo del popolo dove era stato insultato e minacciato con coltelllo da un civile.

Interrompo di riportare i seguenti fatti:

L'individuo inglese, che da uno tesserer di riconoscimento estibito come appartenente al nome di WALTER I HOLLICK, tessera n° 056634, ha preferito che mentre attraversava la piazza con una macchina da lui guidata e con a bordo una donna stessa investendo un passante, fermatosi subito e senza che ne fosse derivata alcuna conseguenza, si è sentito invocare con pericolosità dal Fotografo ambulante IMPARATO Germino fu Felice e di Terrara Consentaneo a Roccapriemo il 19/9/1902, residente a Roma, via dei Volsci n. 18, in difesa delle persone che stava per essere investite.

L'ufficiale sceso dalla macchina e si è diretto verso l'IMPARATO il quale ha estratto un coltello. Il predetto ufficiale, senza tenere tempo, gli ha tirato dei punti sul viso mettendolo in fuga dopo di ciò ha chiesto l'intervento del sottoscritto.

Il fotografo che non aveva potuto lasciare la piazza perordi preoccupato delle macchine fotografiche che aveva lasciato vicino al momento di stato formato dal sottoscritto per il più da proteggersi.

Il coltellino non è stato rinvenuto, l'IMPARATO ha rifiutato di segnare questo e riservare solo di avere offeso l'inglese con parole durissime e presentare con l'automobile l'obbligo della discesa mettendo in pericolo la vita dei presenti.

L'ufficiale inglese, che da una tessera di riconoscimento estiva con il nome di WALTER I HOLLICK, tessera n° 05634, ha riferito che mentre attraversava la piazza con una macchina dn. lui guidata e con a bordo una donna stava investendo un passante. Fermatosi subito e senza che ne fosse derivata alcuna conseguenza, si è sentito inviare con pericolosità del fotografo ambulante LAPARATO Carnine fu Felice e di Ferrara Concetta, nato a Roccapriemonte il 1º/9/1902, residente a Roma, via dei Volsci n.18, in difesa delle persone che stava per essere investite.

L'ufficiale sceso dalla macchina e si è diretto verso l'imboccato di quale ha estratto un coltello. Il predetto ufficiale, senza ponere tempo, gli ha tirato due punti sul viso mettendolo in fuga, dopo di che ha chiesto l'intervento dei vigili urbani.

Il fotografo che non aveva potuto lasciare la piazza perché preoccupato della macchina fotografica che aveva lasciato vicino al monumento è stato fermato dal settorecrisso per il più da provvisorio.

Il coltello non è stato rinvenuto, l'apparato ha mostrato di 63 gradi esattamente e accertato solo di avere offeso l'inglese con parole forchiate presentate con l'automobile l'obblisco nella piazza mettendo in pericolo la vita dei presenti.

Non è stato possibile rintracciare qualcuno delle persone presenti al fatto né interrogare colui che stava per essere investito.

In fase di quanto sopra mi sottoscrivo:

(1) During the procession following the monarchist meeting at Piazza del Popolo, the following disturbing incidents occurred; involving Carabinieri and the 3rd. Company Reparto Celere.

(a) A scuffle occurred in Via del Tritone in which batons were freely used by the Celere. Several plain clothes Carabinieri there produced their identity cards but were also hustled and beaten.

(b) In Piazza Quirinale, a brigadiere and several Carabinieri, in uniform and on duty, were also beaten and ill treated by the Celere. CC.RR did not retaliate.

(2) 3rd. Company of the Reparto Celere is stationed at the Ferdinando di Savoia Barracks, where it is well known that a large partisan communist element of the P.S. is accommodated.

(3) CC.RR have reported the incidents to the Questura.

C O P YCONFIDENTIAL  
*36*SUBJECT : - Wounding of Lieut F.E. SMART by CCRRGHQ CMF4112/A328 Feb 46LAND FORCES SUB COMMISSION (IKIA)

1. The following is a summary of the circumstances in which the above named British officer sustained gunshot wounds at the hands of the CCRR :-

(a) On 22 Dec 45 information was received at "A" Coy 30 Som L I stationed at TERNI that WD property was hidden in a house near GALLESI. A party including Lieut SMART, two TERNI carabinieri and an ex-member of the partisan forces, proceeded to GALLESI to investigate this allegation. The carabinieri proceeded to search the house in the presence of Lieut SMART. No WD property being found, Lieut SMART returned to his truck.

(b) Meanwhile a report had reached the Carabinieri Barracks, CIVITA CASTELLANA that armed thieves were attacking the house. As a result a party of eight carabinieri proceeded to the scene, and approached Lieut SMART's truck.

(c) It then appears that the carabinieri without orders from Marechale PAOLI REMO, who was in charge, opened fire in the direction of Lieut SMART's truck, and in spite of shouts of "Inglese" by the occupants, the firing continued. Lieut SMART got out of the truck and was hit, sustaining wounds in the face and hand.

(d) Some time then elapsed before the carabinieri allowed Lieut SMART any assistance during which time they searched him.

2. It appears that the action of the carabinieri in opening fire without orders is indicative of a certain lack of discipline and the matter is accordingly brought to your notice for any action that may be considered necessary.

Attached is a copy of the report concerning an incident which occurred in the territory of Civitacastellana (Viterbo) in the evening of 22nd December 1945 which unfortunately lead to the wounding of Mr. Smart Federico, British Lieutenant.

Bearing in mind that Lt. Col. Millhouse fully confirmed the conclusions of Lazio Legion Commander, and considers the incident definitely closed, it is considered that could have been avoided if the team of Allied Police under orders of Lt. Smart had signaled to the local CCRR its presence at the spot as soon as they arrived and, at least that the incident is due rather to a fatal misunderstanding it is not intended to take any disciplinary action against the CCRR of Civitacastellana considering sufficient the reproach made to the Commander of Civitacastellana station to his men for their too hasty opening of fire at a distance of 150 metres and without the usual warning.

Incident of British Lieut. SMITH Federico - Special Report.

DATE : 26 December 1945

REF. NO. : 90/5 CONFIDENTIAL

At about 1800 hrs on 21st December 1945 a young SCIAVINI Aldero, son of Sigismondo and of LICINTI Maria born at PABBLICA di ROMA - VITERBO on 20.3.1925, a farmer, residing at CIVITACASTELLA - NA - Monte Silipetti, arrived on horseback at the CC. RR Barracks of CIVITACASTELLANA. Very excited he stated verbally to the Commander of the station Marciallo PIETROFOLLI Remo, in the presence of Vice Brigadier F. SIMONETTI and U. BARBELLA, as follows:

That same evening at the isolated place called NONNE MILIPETTI about 9 km. from CIVITACASTELLANA, about 10 persons concealed behind a strawrick, in the darkness came out of their hiding place and approached the farmer with very authoritative manners, declaring they were members of the police. As one MASSACCI Ambrogio, SCIAVINI's cousin tried to resist the aggression of the unknown persons, they immobilised him and entered one of the farmer's houses where they began pulling everything upside down and taking away some things.

Seeing this, SCIAVINI jumped on a horse and took a short cut to the CC. RR. Barracks at CIVITACASTELLANA. While he was saying that the thieves were still on the spot, a light truck belonging to Mr. BRUNELLI Umberto and driven by the owner stopped before the barracks, the owner having been informed by the said SCIAVINI about the necessity of an immediate intervention by the police. Without hesitation the Commander of the Station #8 his personnel, Vice Brigadiere SILONETTI, Appuntato PABBINI Giuseppe, CC. RR. MORELLI, VECCHI, PIACIDI and PAGANI, together with SCIAVINI jumped on the truck and drove at full speed to MONTEPULCIANO. At about 1830 hrs the truck arrived on the spot when its passengers saw the black out lights of a vehicle which was

At about 1800 hrs on 21st December 1945 a youth SCIAVINI Aldero, son of Sigismondo and of LICINI Maria born at PADDICASTELLA - ROLA - VITERBO on 20.3.1925, a farmer, residing at CIVITACASTELLA - MA - Monte Filippetti, arrived on horseback at the CC. RR. Barracks of CIVITACASTELLA. Very excited he stated verbally to the Commander of the station hereunder PIETRO ACQUA Memo, in the presence of Vice Brigadier F. SIRONETTI and U. MARBILLA, as follows:

What same evening at the isolated place called MONTE FILIPPETTI about 9 hrs. from CIVITACASTELLA, about 10 persons concealed behind a strawrick, in the darkness came out of their hiding place and approached the farmer with very authoritative manners, declaring they were members of the police. As one MASSACCI Ambrogio, SCIAVINI's cousin tried to resist the aggression of the unknown persons, they immobilised him and entered one of the farmer's houses where they began pulling everything upside down and taking away some things.

Seeing this, SCIAVINI jumped on a horse and took a short cut to the CC. RR. Barracks at CIVITACASTELLA. While he was saying that the thieves were still on the spot, a light truck belonging to Mr. BRUNELLI Umberto and driven by the owner stopped before the Barracks, the owner having been informed by the said SCIAVINI about the necessity of an immediate intervention by the police. Without hesitation the Commander of the Station ~~of~~ his personnel, Vice Brigadiere SINCERI, Appuntato FABRINI Giuseppe, CC. RR. MCCELLI, VECCHI, TACCI and PAGNO, together with SCIAVINI, jumped on the truck and drove at full speed to NOTTERILLIERTI.

At about 1830 hrs the truck arrived on the spot when its passengers saw the black out lights of a vehicle which was stationary on the road. The truck stopped at about 150 metres away from the other vehicle and the CC. RR. in spread order, approached. The two persons who stood by the second vehicle jumped into it ~~and~~ thereby convincing the CC. RR. that they were the thieves trying to get away, and the CC. RR. opened fire on the vehicle. At the same time a few pistol shots, probably two, were fired from the vehicle. Two persons wearing overalls came out of the vehicle cab, their hands up. The vehicle was then identified to be a light lorry of Allied origin. One of the two men described himself as an Allied soldier, the second one as a civilian from TERNI. On the ground on the left side of the lorry a body in Allied uniform was seen lying by the cab's door on the opposite side to that from which the CC. RR. appeared. On being assisted it was ascertained that he had some clotted blood on his under lip and that his left hand was also marked with blood.

- 2 -

He was quite still and was in possession of a revolver SMITH containing four rounds and two cartridges. The pistol was taken possession of by the CC.RR. The man was assisted to the other side of the road and laid on the grass. It was ascertained that he was not wounded by fire arms but suffered slight injuries obviously due to his fall. Assisted by Cpl. FANTINI GUSSY of CIVITACASTELLANA and by the driver BRUNELLI Umberto he took a cigarette which was lit for him by the Cpl. to whom he stated he was a British Officer. In the meantime the other CC.RR. led by the Marecalle RINO PIETROPAOLI went to the nearest house about 200 metres off where the terrorised farmer's family had barricaded themselves. Three persons were standing in front of the house one in Allied uniform armed with a Tommy gun, one in CC.RR. uniform armed with a rifle and a third one in civilian clothes apparently unarmed. At the order of "halt" given them by the CC.RR. they lifted their hands up to sign of surrender and at the same time, qualified themselves as policemen, but this was not enough to justify their suspicious conduct so they were disarmed and taken inside the house, the farmer opening the door when he recognised the local CC.RR. They were then identified as the Sgt of Allied Police. Officers of JO SGT. I I and the CC.RR. Captain Nevone Antonio identity card No. 62267 of the MANTO station who was in civilian clothes. After having calmed the civilians still very upset, the whole group returned to the Allied and the CC.RR. trucks left for CIVITACASTELLANA. After about 500 metres the first vehicle stopped to pick up a certain DI GIOVANNI Romualdo from GALLIZZO a supposed captain of Partisans, known for his bad moral character and suspected of having taken part in criminal actions. When he sat down in the Allied truck beside the side of Zerescallo Maggiore ELETTORALI, Di GIOVANNI spontaneously declared that he took part in the search as informant of the Allied Police, and that from the beginning to the end of the operation he had hidden himself from observation on the top of a tree. The lorry continued their journey. The wounded person recognised as SLART MEDICO a British Lieut. was accompanied by the CC.RR. to the civil hospital of CIVITACASTELLANA where first aid was administered to his upper lip, which had been torn wound on the left side and to his left hand which had 4 stitches, and assurance was given that he would be well within 15 days. The weapons were given back and the CC.RR. returned to their barracks. Having been informed by telephone I reached CIVITACASTELLANA at 2200 hrs on the same evening, and immediately paid a visit to Lieut. SLART, whom I found in hospital in company of an Allied Senior Officer. Having ascertained the good faith of both parties, during the conversation he

At the order of "halt" given them by the CC.RR. they lifted their hands up in sign of surrender and at the same time, qualified themselves as policemen, but this was not enough to justify their suspicious conduct so they were arrested and taken inside the house, the former opening the door when he recognised the local CC.RR. The were then identified as the Sgt of Allied Police. U.NICUS of 30 SCR I T and the CO.RR. Captainato Revone Antonio identity card N°. 62267 of the present station who was in civilian clothes. After having called the civilians still very upset, the whole group returned to the lorries where the misunderstanding was definitely explained. The Allied and the CC.RR. trucks left for CIVITACASTELLANA. About 500 metres the first vehicle stopped to pick up a certain Di GIOVANNI Romualdo from GALLIETTI a supposed captain of Partisans known for his bad moral character and suspected of having taken part in criminal actions. When he sat down in the Allied truck beside the side of Ernesto Maggiore MISTROTALE, DI GROWANIZZ spontaneously declared that he took part in the search as an informer of the Allied Police, and that from the beginning to the end of the operation he had hidden himself from observation on the top of a tree. The lorries continued their journey. The wounded person recognised as S.M.A.T. PUGLIERICO a British Lieutenant, was accompanied by the CC.RR. to the civil hospital of CIVITACASTELLANA where first aid was administered to his upper lip, which had been torn wound on the left side and to his left hand which had 64 stitches, and assistance was given that he would be well within 15 days. The weapons were given back and the CC.RR. returned to their barracks. Having been informed by telephone I reached CIVITACASTELLANA at 2230 hrs on the same evening, and immediately paid a visit to Lieut. S.M.A.T., whom I found in hospital in company of an Allied Senior Officer. Having ascertained the good faith of both parties during the incident the Senior Officer expressed his wish that all CC.RR. who had taken part in the incident should come to ROME next morning 24 December to be questioned by the Allied authorities. He would send a lorry to fetch them. On the morning of 24 December the eight CC.RR. of CIVITACASTELLANA appeared at the Allied Police HQ at Via VENETO ROMA where only U.S.P.S.C.A.LIC PRIMOPACI and V.I.D.B. BRIGADIERE SIBONIOTTI where summarily questioned. In the meantime I had some enquiries made so as to ascertain the responsibility if any of my defendant personnel. The opinion that the action

.1.

of CO.RR on the spot was too precipitous and that they had not considered the possibility of meeting a real team of Police instead of an armed gang excluded by the following considerations confirmed by facts.

1. The young SCIAVINI appeared at the barracks of CIVITACASTELLANA on horseback in so evident a condition of excitement and his expression was so truthful that there was no reason for doubt.
2. The intervention of MR. BRUNELLI who offered his lorry to the CO.RR was immediate and spontaneous in spite of his knowledge of the dangers easily to be met on the road especially at night time.
3. On 17 DECEMBER the Commander of the CO.RR Station of MAGLIANO SABINO personally had delivered to the CIVITACASTELLANA Station a report on an armed robbery carried out on the evening of the 15 DECEMBER at CASACCIA, a locality between MAGLIANO SABINO and CIVITACASTELLANA by a gang of ten persons qualifying themselves as policemen. In such circumstances two men, a woman and two children, were attacked and bank notes for 90,000 Lire, linen, clothing, and objects of gold were stolen.
4. Other robberies and aggression have been reported in CIVITACASTELLANA territory lately and especially on the evening of the 4th and 5th Inst. Therefore the early intervention of CO.RR of CIVITACASTELLANA cannot be considered but praiseworthy.

I have also examined the possibility that the CO.RR may have been the first to open fire and whether such conduct was justified and appropriate to the circumstances. But I cannot state definitely if the CO.RR or Allied Personnel fired first. Such doubt of mine is due to the contradictory statements of civil witnesses. Part of them declare that the Allied Personnel fired first, others are doubtful and the Allied driver denies the circumstances categorily. Anyhow even if I should accept the idea of CO.RR opening fire first the argument leaves me no doubt in considering their conduct prudent ~~and~~ perfectly justified from a military point of view. Should on the other hand the CO.RR have only answered the fire or fired together with the others, there are many serious reasons to justify their conduct. I also examined whether the

3. On 17 DECEMBER the Comander of the CG.R. Station of MAGLIANO SABINO personally had delivered to the CIVITACASTELLANA Station a report on an armed robbery carried out on the evening of the 15 DECEMBER at CASACCIA, a locality between MAGLIANO SABINO and CIVITACASTELLANA by a gang of ten persons qualifying themselves as policemen. In such circumstances two men, a woman and two children, were attacked and bank notes for 50,000 lire, linen, clothing, and objects of gold were stolen.

4. Other robberies and aggression have been reported in CIVITACASTELLANA Territory lately and especially on the evening of the 4th and 5th inst. Therefore the early intervention of CG.R. of CIVITACASTELLANA cannot be considered but praiseworthy.

I have also examined the possibility that the CG.R. may have been the first to open fire and whether such conduct was justified and appropriate to the circumstances. But I cannot state definitely if the CG.R. or Allied Personnel fired first. Such doubt of mine is due to the contradictory statements of civil witnesses. First of them declare that the Allied Personnel fired first, others are doubtful and the Allied driver denies the circumstances categorily. Anyhow even if I should accept the idea of CG.R. opening fire first the argument leaves me no doubt in considering their conduct prudent perfectly justified from a military point of view. Should on the other hand the CG.R. have only answered the fire or fired together with the others, there are many serious reasons to justify their conduct. I also examined whether the CG.R. behaved properly in overpowering, after the exchange of shots, persons that resulted in being members of the Allied Police and CG.R. And in this I had to take into consideration the following arguments:

1. During the night of CCP.12 - 45 at CC45 hrs on the TALAMITA Road LITA ERCOLE and ZACIO OSECARELLO two civilians from VIGNARELLO driving in a MAT 531 car plate number IR 2395 was stopped by four unknown persons evidently foreigners ~~men~~ and wearing Allied uniforms. These four persons robbed ERCOLE and OSECARELLO of their gold watch and chain and respectively of six hundred thousand, and seven hundred and seventy thousand LIRE. Accordingly to information received from Allied source and from enquiries carried out it seems the robbery was the work of Allied deserters.

•/•

- 4 -

2. On 14th Nov. 45 at SAN GEORGIO, CIVITACASTELLANA five heads of cattle were stolen from Count PEROLDI by unknown persons travelling on an Allied lorry.

3. Whenever Allied authorities have intended to operate in this jurisdiction they have always had full assistance from the CC.RR. Force. As in the present case no notice was given by the Allied Police Team, the CC.RR. were justified in believing that they were not true Police.

As to the last question. I am of opinion that the CC.RR. conduct was fully justified and I ascertained that no effort was spared in assisting the Allied personnel as soon as the misunderstanding was cleared.

Four civilian witnesses insist on saying that they heard first two weak pistol shots. No CC.RR. fired pistols. The opinion that the gang was acting on the spot was particularly expressed by the civilians SCARABELLO Gelindo and LASACCI Ambrogio who just before the incident were approached by a member of the group in civilian clothes who asked them how far off CIVITACASTELLANA was and if the CC.RR. of that station had any transport.

I end by affirming that the CC.RR. of CIVITACASTELLANA can be charged with no disciplinary or other offence and that in the circumstance they acted with a praiseworthy decision and efficiency.

OGGETTO: Intervento dei carabinieri reali di Civita Castellana nei confronti di ritenuta banda di rapinatori, poiché chiaritosi in nucleo di polizia militare alleata in operazione. Incidente al tenente inglese Mr. SMART Federico. Rapporto speciale.

AL COMANDO DELLA COMPAGNIA DEI CARABINIERI REALI DI

Alle ore 18 circa del 21 dicembre 1945, giunse trafelato a cavallo davanti alla caserma della stazione dei carabinieri di Civita Castellana il giovane SCIARRINI Aldero di Sigismondo e di Nicini Maria, nato a Fabbrica di Roma (Viterbo) il 20.3.1925, contadino, domiciliato in agro di Civita Castellana località "Montefilippetti".

Egli, ansante ed in tono concitato, presentò al comandante della stazione maresciallo maggiore PIETROPAOLI Remo, in presenza dei dipendenti vicebrigadiere SIMONETTI Ippolito e PARDELLA Umberto, dichiarazione verbale conforme a quanto qui di seguito espresso:

Si trasmette copia del rapporto relativo all'incidente avvenuto in territorio di Civitacastellana (Viterbo) la sera del 22 dicembre 1945 e che, purtroppo, fu causa del ferimento del tenente inglese Mr. SWAN Federico.-

Tenuto conto che il Lt.Col. MILHORN, concordando pienamente con le conclusioni alle quali è arrivato il comandante la Legione C.R.I. del Lazio, ritiene l'incidente definitivamente chiuso; considerato che l'inconveniente si sarebbe potuto evitare se il nucleo di polizia alleata, al comando del tenente SWAN, avesse giunto in luogo avesse preavvisato della sua presenza l'Arma locale, come quasi sempre è avvenuto in casi del genere; ritenuto, infine, che l'incidente "è dovuto più che altro a totale equivoco, non si ritiene di adottare provvedimenti disciplinari a carico dei militari dell'Arma di Civitacastellana, giudicando sufficiente l'osservazione mossa al coman-

LEGIONE TERRITORIALE DEI CARABINIERI REALI DEL LAZIO  
TENENZA DI RONCIGLIONE

N. 90/5 di prot. Ris. Pers. Ronciglione, 26 dicembre 1945  
 OGGETTO: Intervento dei carabinieri reali di Civita Castellana nei confronti di ritenuta banda di rapinatori, poiché chiaritosi in Nucleo di polizia militare alleata in operazione. Incidente al tenente inglese Mr. SMART Federico. Rapporto speciale.

AL COMANDO DELLA COMPAGNIA DEI CARABINIERI REALI DI  
VITERBO

Alle ore 18 circa del 21 dicembre 1945, giunse trafelato a cavallo davanti alla caserma della stazione dei carabinieri di Civita Castellana il giovane SCIARRINI Aldero di Sigismondo e di Nicini Maria, nato a Fabbrice di Roma (Viterbo) il 20.3.1925, contadino, domiciliato in agro di Civita Castellana località "Montefilippetti".

Egli, ansante ed in tono concitato, presentò al comandante della stazione maresciallo maggiore PIETROPOLI Remo, in presenza dei dipendenti vicebrigadieri SIMONETTI Ippolito e BARDELLA Uberto, dichiarazione verbale conforme a quanto qui di seguito espresso:

Circa dieci persone appiattatesi nell'oscurità, la sera stessa, dietro un paglificio presso un gruppo di case coloniche in località isolata "Montefilippetti" - a circa nove chilometri dall'abitato di Civita Castellana - si erano poscia presentate con atteggiamento autoritario a quei coloni, qualificandosi <sup>(1)</sup> agenti della forza pubblica.

Immobilizzato un orzino dello stesso SCIARRINI a nome MASSACCIO Ambro, che si opponeva all'intento aggressivo degli sconosciuti, costoro si erano introdotti in una di quelle case coloniche dove stavano mettendo a segnale asportandone oggetti.

Lo SCIARRINI, senza porre indugio, saltato in groppa ad un ca-

vallo, aveva raggiunto per scorciatoie la caserma dei CO.RR. di Civita Castellana.

Mentre egli precisava che i rapinatori erano ancora indubbiamente sul posto, giunse davanti alla caserma dei carabinieri un camioncino condotto dal proprietario Sig. BRUNELLI Umberto del luogo, preavvisato dallo stesso SCIARRINI della grave circostanza che imponeva un immediato intervento in luogo.

Senza esitazione, il comandante della stazione dei carabinieri di Civita Castellana unitamente ai propri dipendenti vicebrigadiere SIMONETTI e dell'appuntato FAPRINI Giuseppe, carabiniere MORELLI Pancrazio, VECCHI Ardi, PLACIDI Armando, PAGANI Adolfo e con lo SCIARRINI, prese posto sul camioncino e a velocità massima si avviò per la località campestre "Montefilippetti".

Non era trascorsa mezz'ora dopo le ore 18, che il camioncino giunse sul luogo prefisso: si scorse i semi-fari di un automezzo occhieggiare sulla rotabile. Il camioncino si fermò a circa 150 metri da tale secondo automezzo, i carabinieri scesero e in ordine sparso si avvicinarono all'altro auto.

Due persone, che si trovavano presso di essa, vi presero immediatamente posto, sicché i militari dell'Arma - sempre più fermamente convinti di trovarsi di fronte a malfattori che tentavano allontanarsi spararono con i loro moschetti in direzione dell'automezzo, mentre da questo partirono alcuni colpi, probabilmente due, di pistola.

Dopo quindici colpi di moschetto e di mitra-moschetto, mancando ogni ulteriore reazione, i carabinieri continuarono ad avvicinarsi con le armi spianate intimando la resa.

Due persone in tutta uscirono mani in alto dalla cabina dell'auto, che venne identificata per una camionette di tipo alleato. Uno dei due si qualificò per militare alleato, il secondo per un giovane civile da Terni. In quel mentre, disteso al suolo al

 fianco sinistro della camionetta, dal lato opposto da dove erano sopraggiunti i carabinieri, presso la cabina dell'automezzo, venne scorto un corpo esanime in uniforme alleata.

Immediatamente soccorso, si rilevò che lo sconosciuto presentava del sangue raggrumato sul labbro superiore ed una chiazza pure di sangue sulla mano sinistra. Egli, assolutamente immobile, portava una pistola marca "Smith" a tamburo, contenente quattro colpi e due camere vuote, che venne ritirata dai carabinieri. Trasportato su un tratto erboso al margine opposto a sinistra della strada per Civita Castellana, si constatò che egli non aveva subito ferite per mano da fuoco, ma abrasioni evidentemente conseguenti a caduta.

Sorretto dall'opponente FARRINI Giuseppe di Civita Castellana e dall'antista BRUNELLI Umberto, egli estrasse delle sigarette fumandone una che gli venne accesa dallo stesso graduato dei carabinieri, al quale il ferito medesimo dichiarò di essere un ufficiale inglese.

Nel frattempo altri militari dell'Arma, condotti dal maresciallo maggiore Remo FIETROPAOLI, si erano recati nella più vicina casa - che dista da quel punto circa duecento metri ove si era esseragliata terrorizzata la famiglia che la abita e dinanzi alla quale sostavano tre persone, una in uniforme alleata armata di mitra, una in uniforme di carabiniere, armata di moschetto, la terza in abito civile apparentemente disarmata.

Alla intimazione di "alt" dei carabinieri sopraggiunti, essi alzarono le mani in espressione di resa, qualificandosi nel tempo per polizia.

Ciò non valse a giustificare il loro atteggiamento sospetto, sì che vennero disarmati e poscia identificati nell'interno dell'abitazione, che venne solo aperta quando i proprietari ri-

conobbero i carabinieri locali.

Venne allora chiarito trattarsi del sergente di polizia alleata NICKS H. del 30 SON.L.I., dell'appuntato dei carabinieri in abito civile NEVONE Antonio tessera n. 8227 della medesima stazione di Terni.

Tranquillizzati i civili, ancora allarmatissimi, il gruppo ritornò verso gli automezzi mentre la vicenda veniva definitivamente chierita.

La camionetta alleata ed il camioncino dei carabinieri si avviarono per Civita Castellana. Il primo di tali automezzi, dopo circa 500, si fermò per dar posto a tale DI GIOVINALE Romualdo da Gallesse, indicato come capitano dei partigiani, noto per la cattiva fama morale da cui è circondato e sospetto già partecipe ad atti delittuosi.

Nel prendere posto nel cassone dell'automezzo alleato, a fianco del maresciallo maggiore PIETROPACLI, il DI GIOVINALE dichiarò di iniziativa di aver preso parte a tale operazione di perquisizione quale informatore della polizia alleata e di essersi celiato dall'inizio di essa fino al suo termine sul tronco di un albero di gelso quale vedetta.

Gli automezzi proseguirono.

Il ferito, riconosciuto per il tenente inglese SMART Federico, venne accompagnato dai carabinieri all'ospedale civile di Civita Castellana ove venne medicato con immediata premura e giudicato guaribile in giorni 15 s.c. "per ferite lacero contusa trasfusa emilabbro superiore sinistro contusione escoriastra mano sinistra".

Le armi vennero restituite, ed i carabinieri fecero rientro in caserma.

Dietro notizia telefonica, lo scrivente ha raggiunto Civita Castellana, alle ore 22,30 della sera stessa, ed ha subito compiuto

.//...

to doverosa visita al tenente SMART in ospedale, trovando presso di lui un ufficiale superiore alleata sopravvissuto.

Chiarita la reciproca buona fede per l'occorso, l'ufficiale superiore ha espresso il desiderio che tutti i militari intervenuti nella circostanza, si reconservino la mattina del 24 prossimo venturo a Roma - a bordo di automezzo che egli stesso invierebbe - per essere sentiti in merito delle autorità alleate.

Gli otto militari di Civita Castellana sono infatti intervenuti il mattino del 24 dicembre presso il comando di polizia alleata in via Veneto - Roma, ove sono stati interrogati lievemente solo il maresciallo maggiore PIETROPACLI e il vicebrigadiere SIMONETTI.

Lo scrivente, nel frattempo, ha proceduto agli accertamenti di propria competenza in ordine alle eventuali responsabilità dei propri dipendenti nell'episodio sopradescritto.

La valutazione che l'intervento dei militari dell'arma sul posto sia stato precipitoso, senza vagliare cioè la possibilità che si potesse trattare non di una banda armata di malfattori ma realmente di forze di polizia, è annullata dalle seguenti considerazioni confermate da atti probatori:

1°) - Il giovane SCIARRINI Aldero si presentò alla caserma di Civita Castellana in istato di così evidente agitazione, trafelato e a cavallo ed ebbe espressioni di così veritiera convinzione da non dar luogo a dubbi circa la sincerità delle proprie affermazioni.

2°) - Altrettanto tempestivo e volenteroso fu l'intervento <sup>61b</sup> ~~61b~~ della propria macchina dell'industriale BRUNELLI Umberto, che ben conosce i rischi che abitualmente si corrano lungo la via, specialmente di nottetempo.

3°) - Il 17 dicembre n.s. il comandante della stazione di Magliano Sabino aveva recapitato di persona al la stazione di Civita Ca-

. . .

- 6 -

stellana, il foglio nel quale è descritta una rapina a mano armata perpetrata la sera del giorno quindici da dieci persone qua si fioatesi agenti, in località "Casaccia" tra Magliano Sabino e Civita Castellana.

In tale circostanza vennero immobilizzati due uomini, una donna e due bambini e vennero rapinate lire 90.000, biancherie, oggetti d'oro e vestiario per un valore ingente.

4°) Altre rapine sono state riscontrate anche in questa giurisdizione nell'ultimo lasso di tempo e più precisamente in territorio di Civita castellana, la sera del 4 e 5 corrente mese.

L'intervento immediato dell'Arma di Civita Castellana non può pertanto, che essere valutato in senso del tutto lusinghiero.

Al tro apprezzamento ho mosso, valutando la possibilità che i carabinieri abbiano per primi aperto il fuoco, circa la opportunità e tempestività di tale loro possibile iniziativa. Non è qui in grado lo scrivente di stabilire in modo assoluto se per primi i carabinieri di Civita Castellana o i militari alleati abbiano sparato.

Ciò poichè (come viene in seguito riferito) discordi sono le versioni date in argomento da civili presenti - che affermano essere stati gli alleati i primi a sparare - dal perplesso atteggiamento di altri testi e dalla recisa contraria affermazione dell'antista alleato.

Anche nella ipotesi, comunque, che i militari dell'Arma abbiano aperto il fuoco le argomentazioni sopra rassegnate non mi hanno lasciato dubbio di valutare saggio e sanamente militare tale eventuale iniziativa. Ove poi i militari dell'Arma abbiano solo risposto, o date la parola alle armi con comitatemte agli antagonisti, ben valida ragione sostiene

. / ...

- 7 -

il loro atteggiamento e conforto i concetti sopra espressi.

Ho ancora tenuto presente se bene si siano comportati i militari dell'Arma nel vincolare sotto la loro superiorità - conseguita al rapido scambio di fuoco - coloro che risultarono essere militari delle polizia alleata altri carabinieri e un civile con essi accompagnatosi.

Anche in argomento ho dovuto tener presente argomentazioni provate:

- 1°) Nella notte sul 12 ottobre alle ore 0,45 sulla via Flaminia i possidenti da Vignanello Rita ERCOLE, CECCARELLI Paolo, a bordo dell'auto Fiat 521 targa 2395 T.R. vennero fermati da quattro sconosciuti evidentemente stranieri ed in uniforme alleata che, armati, li racinaroni rispettivamente di orologio e catena d'oro, di lire 600,000 e di lire 770,000. Dalle indagini svolte, per notizia avuta da fonte alleata, è da ritenersi trattavasi di militari alleati disertori.
  - 2°) Il 14 novembre n.s. vennero rubati in contrada "S. Giorgio" di Civita Castellana cinque capi bovini in donno del Conte PEROLLI, ad opera di sconosciuti a bordo di autocarro alleato.
  - 3°) Ogni qualvolta comandi alleati abbiano avuto occasione di svolgere operazioni nell'ambito di questa giurisdizione, hanno avuto sempre dall'Arma dei Carabinieri la doverosa assistenza informativa e di opera, si che non si riteneva, anche per tale ragione che veritiera fosse la veste di polizia alleata del Nucleo operante nella circostanza in esame, poichè detto Nucleo ha tralasciato di far capo all'Arma locale.
- Anche al quesito da ultimo espresso, ho dovuto pertanto rispondere affermando pienamente giustificato l'atteggiamento dei militari dell'Arma, che - ho accertato - non mancarono di ogni riguardo e di ogni assistenza all'atto e dopo la necessaria chia-

rificazione.

Quattro civili testimoni insistono nell'affermare di aver per primo udito sparare due colpi della debole tonalità di pistola. Nessuno dei militari dell'Arma ha sparato colpi di revolver.

L'opinione convinta si trattasse di una banda di malfattori è particolarmente espressa dai civili SCARABELLO Gelirdo e MASSA CEST Ambrogio che vennero prima dell'evento avvicinati da un componente del gruppo, in abito civile che richiese loro "quanta distanza intercorreva tra la località e Civita Castellana e se i carabinieri di tale stazione erano muniti o meno di mezzi di trasporto.""

Concludo affermando che nessuna responsabilità d'ordine disciplinare od altra indole è da attribuire ai militari della stazione di Civita Castellana che nella circostanza hanno operato con decisione e prontezza, meritevole del più favorevole rilievo.

3. I understand from Lt. Col. WALTERS A.C. Chief Liaison Officer, Bologna, that the facts were fully reported to Public Safety Sub Commission, ( Ref. A.C.-L.C.P.S./12/7 of 18 April '46) and that the matter has been taken up with H.Q. 2 District by local Area Commander.

4. I was not able to see the Legion Commander personally, but I have since received a report from him (copy attached - appx "A") from which it will be seen that he states he has not acted on any suggestion of Capt. FRANCOIS, and that neither of the CO.RR. officers involved were transferred as a direct consequence of any complaint made by the P.S.C.

5. It is possible that the Legion Commander was swayed in his decisions to transfer the officers as soon as possible in view of all the circumstances, in particular the anonymous letters which were passed to him by the P.S.C., but I understand that Capt. KIMMO had previously submitted a request for transfer to Padova, and the reasons for Capt. HELZ's transfer are stated to be the necessity of obtaining suitable quarters for CO.RR. officer and his family.

6. However, it is suggested that this incident would not have arisen if the A.C. Liaison Officer, or the local B.I.U. had been contacted by the P.S.C. in the first place.

1. Reference yesterday's talk between you and Lt. Col. DE RIBETI of the CO. IN. Bologna Legion.
2. I must premise that Capt. RAUCIO never submitted to me any report against or about CO. IN. Officers serving at Reggio Emilia.
3. In the first fortnight of last February, Capt. FRANCIS, helped by M. P. of Reggio Emilia Group, made an arms raiding into the province of Reggio Emilia. This operation did not succeed the hoped good results as the hiding places, that, according with the informations, should have concealed the arms, were found unexpectedly empty. Captain FRANCIS, one at any rate Gen. TENDIT himself commanding at that time 217th Area, during a talk I had with them after that operation, attributed the responsibility of the unsuccessful to the bad collaboration of Capt. MINGO commanding the Material Coy of Reggio Emilia. On the contrary, after proper investigations, I could realize that Capt. MINGO's behaviour in such circumstance, was been both careful and diligent, and therefore he was not to be held responsible of anything. I made acquainted about that both Gen TENDIT and Capt. FRANCIS who gave up their unfavourable opinion about Capt. MINGO.
4. On last March, Capt. MINGO submitted to me a lot of confidential anonymous notes, he presumably had received by an informer, charging with lack of energy or even with complicity with disturbers of public order, Capt. s MINGO and MINGO commanding Internal and External Cops of Reggio Emilia, besides some CO. IN. P.C.O.s serving within Reggio Emilia province. I showed these notes, afterwards destroyed by me for their anonymous source, to Major ARBATE, commanding Reggio Emilia Group, who ordered the proper investigations, and afterwards gave me information about the results with an unofficial letter in which, after a rigorous examination of facts and circumstances, every charge made by the anonymous accuser against officers and P.C.O.s serving within Reggio Emilia province was denied.
5. Captain MINGO, on 9th March ult., with letter 147/6 Rm of the General HQ. CO. IN. (copy is attached herewith) has been removed to the Padova Mobile Br; it is my opinion that such measure of the G. H. Q. was taken to please the officer concerned.
6. On 31st March ult, in order to favour an officer of mine, with family (wife and two sons) who was unable to find any lodgings at Bologna, and moreover should make free as soon as possible, some premises formerly occupied at Trento in which he had left his own furniture at the time of his transfer to Bologna, I made suggestion Capt. MINGO (single) to be transferred from Reggio Emilia to Bologna while Br so that premises which Capt. MINGO, as Officer commanding Reggio Emilia Internal coy, was entitled to, could become available for the a/m married officer. Attached is copy of letter 19/43 Rm. of this Legion in which suggestion is made by me for Capt. MINGO's transfer in order to make available the lodgings occupied by him.

Captain s.p. DE MERA' Carlo, previously commanding Trento Internal Coy and now belonging to the Trento Mobile Bn has been unable until now to find any lodgings for himself and his family composed by wife and two sons.

Moreover, Bolzanese Legion Command is pressing for the service lodgings to be made available as soon as possible by Capt. DE MERA's family.

In order to help the uncomfortable situation of this officer, I think he could be transferred to the Reggio Emilia Internal Coy Command, which is provided with service lodgings, charging Capt. MEL Vito, single, commanding the 3/m Coy, with the Bn Command in lieu of Capt. DE MERA'.

- 1.-Mi riferisco al colloquio che Ella ha avuto ieri in Bologna con il Ten.Cpl.de Rienzi vice comandante della Legione OC.RR.di Bologna.
- 2.-Presto che il Cap.Francis non mi ha mai presentato rapporto alcuno a carico o sul conto degli ufficiali dei carabinieri in servizio a Reggio Emilia.

3.-Nella prima quindicina di febbraio u.s. il Cap.Francis effettuò nella provincia di Reggio Emilia un pattugliamento di armi con il concorso di carabinieri del Gruppo di Reggio Emilia: l'operazione non sortì i risultati sperati perché i nascondigli che, secondo gli informatori, avrebbero dovuto celare le armi furono trovati inspiegabilmente vuoti. Il Cap.Francis, come dal resto lo stesso Generale Tennent allora comandante la 217° Ame, nel corso di un colloquio che ebbi con loro subito dopo l'effettuazione di detta operazione, imputarono la responsabilità dell'insuccesso alle difettose collaborazioni del Cap.Mineo comandante la Compagnia Esterna di Reggio Emilia. Saperti gli accertamenti del caso ho potuto convincermi che il Cap.Mineo si era, invece, nelle circostanze comportato con la dovuta scrupolosità e diligenza e che quindi non egli si poteva nuovere alcun addetto: riferiti in merito al Generale Tennent e al Cap.Francis che finirono col recedere dal giudizio sfavorevole precedentemente formulato sul conto del Cap. Mineo.

4.-Nel mese di marzo u.s. il Cap.Tennent mi consegnò una serie di appunti confidenziali ancorimi, che presumibilmente aveva a sua volta ricevuti da un confidente, i quali accusavano di scarsa energia il 633° battaglione, di connivenza con perturbatori dell'ordine pubblico i capitani MELI e MINCO, rispettivamente comandanti le compagnie Interna ed Esterna di Reggio Emilia, nonché taluni sottufficiali dei carabinieri in servizio

3.-Nella prima quindicina di febbraio u.s.i. Cap.Francis effettuò nella provincia di Reggio Emilia un rastrellamento di armi con il concorso di carabinieri del Gruppo di Reggio Emilia: l'operazione non sortì i risultati sperati perchè i necondigli che, secondo gli informatori, avrebbero dovuto celare le armi furono trovati inspiegabilmente vuoti. Il Cap.Francis, come del resto lo stesso Generale Tennent allora comandante la 217^ Area, nel corso di un colloquio che ebbi con loro subito dopo l'esecuzione di detta operazione, imputarono la responsabilità dell'insuccesso alla difettosa collaborazione del Cap.Mineo comandante la Compagnia Esterna di Reggio Emilia. Dovoriti gli accertamenti del caso ho potuto convincermi che il Cap.Mineo si era, invece, nella circostanza comportato con la dovuta avvedutezza e diligenza e che quindi non gli si poteva muovere alcun addetto: riferiti in merito al Generale Tennent e al Cap.Francis che finirono col ricevere dal giudizio sfavorevole precedentemente formulato sul conto del Cap. Mineo.

4.-Nel mese di marzo u.s.i. Cap.Francis mi consegnò una serie di appunti confidenziali anonimi, che presumibilmente aveva a sua volta ricevuto da un confidente, i quali accusavano di scarsa energia o **633** missitura, di convenzione con perturbatori dell'ordine pubblico i capitani MILA e MINEO, rispettivamente comandanti le Compagnie Interna ed Esterna di Reggio Emilia, nonché taluni sottufficiali dei carabinieri in servizio nella provincia di Reggio Emilia. Fece prendere visione degli appunti (che poi distrusse dato la loro origine anonima) al Magg.ABBATE, comandante il Gruppo di Reggio Emilia, che praticò le indagini del caso comunicandomene l'esito con una lettera ufficioso mediante la quale,

vengenti rigorosamente i fatti e le circostanze, si respingeva effidamente ogni addetto fornito dell'onorino e carico degli ufficio di det sottufficiali dei carabinieri in servizio nella provincia di Reggio Emilia.

5.-Il Cap.Mineo, in data 9 marzo U.S. con lettera n. 447/8 Ris. del Comandante dell'Arma dei CC.RR. delle quale allego copia, è stato trasferito al Battaglione Mobile CC.RR. della Legione di Padova: ho motivo di ritenere che il provvedimento del Comando Generale sia stato adottato per venire incontro ad un desiderio dell'ufficiale interessato.

6.-Il 31 marzo U.S., nell'intento di favorire un mio ufficiale con famiglia (moglie e due figli) che non riusciva a trovare alloggio in Bologna o che, d'altra parte, doveva al più presto rendere libero un appartamento precedentemente occupato a Trento nel quale aveva lasciato in mobilia all'atto del trasferimento a Bologna, ho proposto che il Cap.MINE - cellulare - fosse trasferito da Reggio Emilia al Battaglione Mobile di Bologna affinchè potesse divenire disponibile per il predetto ufficiale ammesso a l'alloggio di servizio fino a quel momento di spettanza del Cap.Mine quale comendante della Compania Intervento di Reggio Emilia (allego copia della lettera n. 15/43 Ris di questa Legione con le quali ho proposto l'allontanamento da Reggio Emilia del Cap.Mine al fine di rendere libero l'alloggio di servizio dello stesso occupato).

Al Capitano in s.p. DE FERRA' CARDO, già comandante la Compagnia Interna di Trento e in questo appartenente al locale Battaglione Mobile, non è stato possibile finora trovare in questa città un alloggio per sé e per la sua famiglia, composta della moglie e di due figli.

Dal canto suo il Comando della Regione di Bolzano, insiste perché i congiunti dell'ufficiale lascino libero l'alloggio di servizio che essi tuttora occupano nella caserma capoluogo del Gruppo di Trento.

Per risolvere la disagiata condizione dell'ufficiale, propongo che questi sia trasferito al Comando della Compagnia Interna di Reggio Emilia, fornita di alloggio di servizio e che il Cap. MELE Vito - colonnello comandante la predetta Compagnia, sia assegnato al Battaglione in sostituzione del De Ferrà.

Ambidue le destinazioni sarebbero gradite dagli ufficiali.

The "Gazzetta d'Italia" Nr. 71 on 25th Inst published all details, while other papers published shorter notices on the arrest of persons responsible for the crime at Villaverasse which occurred on 20th November 1945 and was reported by Tenenza Veneria Reale (report Nr. 50/37 dated 21/11/45 and 50/37 dated 29/11/45) and by this group on 25 of the same month.

The fact that the above newspaper could obtain confidential information from OCER personnel is to be excluded as from the inquiries made it appears that the secret has been jealously kept both by officers directing the investigations and by all MCC's their direct collaborators.

It is not improbable that informations could reach the press through a fellow who whatever not involved in the crime, was confronted, for the necessity of inquiry, with a prisoner kept in custody at Venaria Reale OCER barracks and, may be, through the lack of secretness of some telegraph office in Turin or at Venaria Reale.

The "Gazzetta d'Italia" Nr. 71 on 24th inst published all details, while other papers published shorter notices on the arrest of persons responsible for the crime at Villarbassee which occurred on 20th November 1945 and was reported by Tenezza Venerie Seals (report Nr. 50/99 dated 21/11/45 and 50/99 dated 29/11/45) and by this Group on 25 of the same month.

The fact that the above newspaper could obtain confidential information from DCIB personnel is to be excluded as no inquiries made it appears that the secret has been jealously kept both by officers directing the investigations and by all DCIB's their direct collaborators.

It is not improbable that informations could reach the press through a fellow who whatever not involved in the crime, was confronted, for the necessity of inquiry, with a prisoner kept in custody at Venerie Seals with a COIN banner and, may be, through the lack of secretness of some telegraph office in Turin or at Venerie Seals.

626

At present time, the state of inquiries can be re-assessed as follows:

In the first days of this month, during a search carried out within the jurisdiction of Pivoli station, from which depends also Villarbassee Commune, in a flat temporarily uninhabited were found a brown over-coat spotted with blood, a pair of low shoes covered with mud, and fragments of a ration card issued in Turin in 1945 on which only the Christian name of "Giovanni" could be read.

The analysis performed by the "Istituto Medico" in Turin ascertained that the spot on the over-coat was undoubtedly human blood and the mud taken from the upper part of the shoes was exactly the same as that in the "Simonetto" farm.

On the base of this evidence the owner of the above ration card was identified as DIGNOTI Giovanni di Antonio, aged 31, from Mezzouiso (Palermo). When arrested, after several interrogations and for the informations were available that in the night or the crime four men aged apparently 30/35 were seen in the vicinity of the farm, they succeeded in inducing Dignotti to admit his taking part to the above crime jointly with a certain TALA Pietro better known under the name of SAPORITO Francesco, FULLI Giovanni 31 years old and LA MARETA Francesco 36y. old, all from Mezzouiso (Palermo).

After having pointed out that he never knew before TALA Pietro, who conceived and organized the robbery, Dignotti stated that at 12 o'clock, on 20 November 1945 he had a rendezvous in a inn in via Cibrario, Turin, with the other three persons with the intention to conclude the preparation of the criminal action.

In fact, at 1600 hours of the same day they met again at Forte Juova in Turin and took the tram for Gievano. They arrived at Sangone at 1720 hrs and walked towards Villarbassee. Near the bridge on the river Sangone they parted in two groups, viz. Fulso and Tala went on the carriage road to Villarbassee while Dignotti and La Parbura went across the land toward the same place. They met again near the farm and decided to enter in the same time the house of the farmer Ferrero Antonio and the villa of Adv. Gianoli Massimo. In the first house acted Fulso and La Parbura, while Tala and Dignotti acted in the second one.

Dignotti says that while all other were armed with pistols, he carried no weapons on him and for this reason Tala took Dignotti with him having the intention to give him Gianoli's hunting gun.

Here it is useful to remember that Tala, in order to have his criminal intention realized better, gave himself engaged at the farm in the quality of grooms since September 1945 and therefore persons and their property were well known to him.

When entered the farm, Tala and Dignotti concealed their faces under handkerchiefs and entered the kitchen of the villa, but in spite of this Tala was immediately recognized by Gianoli's maid-servant - Delfino Teresa. Tala compelled the

Picchio, who conceived and organized the robbery, Dignotti stated that at 12 o'clock, on 30 November 1945 he had a rendezvous in a inn in Via Librario, Turin, with the other three persons with the intention to conclude the preparation of the criminal action.

In fact, at 1600 hours of the same day they met again at Porta Nuova in Turin and took the tram for Graveneo. They arrived at Sangone at 1720 hrs and walked toward Villarbase. Near the bridge on the river Sangone they parted in two groups, viz. Puleo and Tale went on the carriage road to Villarbase while Dignotti and Te Barbera went across the land toward the same place. They met again near the farm and decided to enter in the same time the house of the farmer Pierro Antonio and the villa of Adv. Gianoli Massimo. In the first house acted Puleo and Te Barbera, while Tale and Dignotti acted in the second one.

Dignotti says that while all other were armed with pistols, he carried no weapons on him and for this reason Tale took Dignotti with him having the intention to give him Gianoli's hunting gun.

Here it is useful to remember that Tale, in order to have his criminal intention realized let her, have himself engaged at the farm in the quality of groom since September 1945 and therefore persons and their property were well known to him.

Then entered the farm, Tale and Dignotti concealed their faces under handkerchiefs and entered the kitchen of ~~the~~<sup>of</sup> Gianoli's maid-servant - Delfina Teresa. Tale compelled the women to go down in the cellar and handed her to the custody of Dignotti to whom in the same moment he gave his pistol. Few minutes later entered the same cellar the farmer, farmer's wife, the groom, and farmer's brother-in-law, all accompanied by Te Barbera who remained in the cellar to watch prisoners together with Dignotti. Afterwards Tale and Puleo accompanied in the cellar Adv. Gianoli and the other two women working in the cottage on by-day service.

Then the thieves were sure that all inhabitants of the farm were in the cellar, Lala and Puleo took them away one by one saying they have to indicate where valuables were hidden.

Accordingly to the statement of Dignotti, when he was watching on the farmer, he heard outside someone calling the lawyer. Thus, Dignotti told this person to enter the cellar and was informed by him that the husband of the two women working on by-day service in the farm, alarmed by their delay, come to see what was happened. The second man stood out of farm door. At this very moment came in the other three criminals and being informed by Dignotti, they seized the second man too and killed him.

The two above men are: DOLEANTI Gregorio and ROSSO Giuseppe, husbands of the two maid servants.

After a few minutes, having accomplished the above murder, the three criminals entered the cellar again and, this time together with Dignotti, they took away the farmer and the first men who entered the cellar.

Then in the courtyard, Lala ordered Dignotti to kill these two persons but he refused, he says, asking what was happened to the other eight persons. He was told that they were killed and one by one dropped in the well with a stone tied on their legs.

Accordingly to Dignotti's statement, he went then to the other courtyard and was not present to the murdering of these last two persons.

Short time after the three murderers rejoined him and gave him 50 thousand lire in 1000 notes as reward for his collaboration.

All together they tried to leave all traces of crime disappeared, then they entered the cottage and took away ~~the house~~ <sup>1624</sup> food-stuff.

The owner of the house ~~was~~ in Sicily for his personal business since some weeks but Puleo was in possession of the key as he often entered that house before. After some minutes, Puleo and La Barbera returned in their respective habitations in Zivoli, while Tale and Dignotti spent the night in Capri's house.

The day after at 0500 hrs Dignotti returned to Turin and in the same morning went to his work in a tannery at Collegno.

From the informations given by this man it could be ascertained that Pulic and Tala on 21st of November at 0600 hrs left together for Bologna, with the intention to go to Mezzoluso. La Barbera left for Sicily some days later.

On the base of the above informations, three teen NCOs who took part to the inquiries in November, were sent to Mezzoluso. With the assistance of the Carabinieri of the place they succeeded in arresting La Barbera and Pulic while attempts to apprehend Tala are being made.

As soon as the arrested criminals will be moved to Venaria Reale and will be questioned in order to corroborate Dignotti's statement, you will be informed by wire as usually.

 TORINO

La Gazzetta d'Italia del 24 c.m., n.71, dettagliatamente, e gli altri quotidiani torinesi, in tono minore, hanno dato notizia dell'arresto degli autori dell'eccidio di Villarbasse, consumato il 20 novembre 1945 e di cui alle segnalazioni complete della Tenenza di Venaria Reale n.50/97 e 50/97-1 rispettivamente del 21 e 29 novembre 1945 e promemoria di questo Gruppo del 25 stesso mese.

Si esclude che il predetto giornale abbia potuto raggiungere le notizie per indiscrezioni di militari dell'Arma in quanto il risultato delle indagini, finora conseguito, è stato, per ovvie ragioni, gelosamente custodito sia dagli ufficiali che dirigono le indagini, sia dai sottufficiali diretti collaboratori.

Non è improbabile che le notizie siano pervenute alla stampa tramite un tale che, pur non essendo implicato nel delitto, per necessità di indagini, si è dovuto mettere a confronto con uno dei detenuti custoditi nelle camere di sicurezza della caserma di Venaria Reale e, forse anche, per minor segretezza di qualche ufficio telegрафico di Torino o di Venaria Reale stesse.

Allo stato dei fatti, le indagini si possono così riassumere.

Ai primi del mese in corso, in uno dei numerosi sopralluoghi effettuati nel territorio della stazione di Rivoli, da cui dipende il comune di Villarbasse, in un appartamento momentaneamente disabitato, era stato rintracciato un cappotto di color marrone recante una macchia di sangue, un paio di scarpe basse ricoperte di fango e mezza tessera annoveria, emessa da Torino, nel 1945, dalla quale si rilevava solamente il nome di battezzimo Giovanni.

Dalle analisi fatte eseguire dall'Istituto Biologico di Torino risul-

. / ...

- - -

tò che la macchia sul cappotto era inequivocabilmente di sangue umano, mentre il fango staccato dalla parte superiore delle scarpe corrispondeva esattamente, come caratteristiche, al terreno della cascina Simonetta ove era stato consumato l'eccidio.

Sulla scorta di questi dati si procedette alla identificazione del titolare della mezza tessera ammonaria che risultò essere il nominato DIGNOTI Giovanni di Antonio, di anni 31, da Mezzoiuso (Palermo). Proceduto al suo fermo, dopo numerosi interrogatori, sulla scorta delle informazioni raccolte a suo tempo, in luogo, delle quali risultava che nella sera del delitto erano stati notati 4 individui dall'età apparente di 30 - 35 anni i quali si aggiravano nei dintorni della cascina, fu possibile indurre il Dignoti a confessare la sua partecipazione al delitto in unione a certi Lala Pietro, meglio noto sotto il nome di Saporito Francesco, Puleo Giovanni di anni 31 e La Barbera Francesco di anni 26 tutti da Mezzoiuso (Palermo).

Il Dignoti dopo aver precisato di non aver mai visto prima del giorno del delitto il Lala Pietro, ideatore ed organizzatore della rapina, dichiarò di essersi trovato alle ore 12 del 20 novembre 1945 in una trattoria in via Cibrario in Torino assieme ai tre allo scopo di concludere i preparativi per compiere l'atto delittuoso.

Infatti, alle ore 16 dello stesso giorno, si trovarono nuovamente a Porta Nuova di Torino per salire sulla tranvia per Giaveno. Giunsero a Sangone alle ore 17,20 e si avviarono a piedi in direzione di Villarbasse. All'altezza del ponte sul torrente Sangone si divisero in due gruppi, e precisamente il Puleo ed il Lala presero la strada carrozzabile di Villarbasse, mentre il Dignoti e il La Barbera presero la scorciatoria che porta nella stessa località. I quattro si ricongiunsero nei pressi della cascina e convennero di effettuare un'azione contemporanea nella casa del mezzadro, certo Ferrero Antonio, e nella villa dell'Avv. Gianoli Massimo. Nel primo stabile agirono il Puleo ed il La Barbera, mentre nella villa operarono il Lala e il Dignoti.

Questi afferma che mentre gli altri erano armati di pistole, lui era disarmato e per questo motivo il Lala preferì portarlo con se, avendo in animo di armerlo con un fucile da caccia di proprietà del Gianoli.

Giova qui far presente che il Lala, per coordinare l'azione delittuosa, già dal settembre 1945 si era impiegato quale garzone presso la fi-

- 3 -

toria e quindi conosceva bene persone e cose della stessa.

Entrati nella cascina, il Lala e il Dignoti, dopo essersi coperta la faccia con un fazzoletto, s'introdussero nella cucina della villa, ma il Lala venne ugualmente ed immediatamente riconosciuto dalla domestica del Gianoli, certa Delfino Teresa. Il Lala strinse la donna scendere in cantina dove l'affidò al Dignoti, consegnadogli in pari tempo la pistola di cui era armato. Pochi minuti dopo arrivarono nella stessa cantina il mezzadro, la moglie di questi, il garzone e il genero del mezzadro, accompagnati dal La Barbera il quale si associò al Dignoti con l'incarico di fare la guardia. In seguito giunsero accompagnati dal Lala e dal Puleo anche l'avv. Gianoli e le altre due donne di servizio che lavoravano nella villa, a giornata.

Allorchè i rapinatori furono sicuri che gli abitanti della cascina erano stati tutti radunati nella cantina, il Lala e il Puleo prelevarono uno alla volta i prigionieri col pretesto di farsi indicare da loro il luogo ove erano nascosti i valori.

Secondo le affermazioni del Dignoti, mentre egli era a guardia del mezzadro, sentì chi amare dall'esterno l'avvocato. Il Dignoti invitò la persona a recarsi in cantina e seppe da questi che, preoccupato del ritardo della moglie, impiegata quale domestica a giornata nella villa, era venuto a sincerarsi del motivo che aveva provocato il ritardo del rientro della donna, accompagnandosi ad un'altra persona fermatasi fuori della cascina.

"el frattempo sopraggiungevano il Lala, il Puleo ed il La Barbera, i quali resi edotti del fatto del Dignoti, prelevarono anche l'altro uomo che si trovava all'esterno, uccidendolo.

Si tratta di DOLATTI Gregorio e ROSSO Giuseppe, mariti delle due donne di servizio a giornata.

Dopo alcuni minuti i tre predetti rapinatori, compiuto questo ultimo omicidio, prelevarono il mezzadro ed il primo uomo sopraggiunto, che risalirono dalla cantina accompagnati dal Dignoti.

Nel cortile della cascina, dal Lala venne ingiunto l'ordine al Dignoti di sopprimere i due, al che egli si sarebbe opposto, chiedendo notizie delle altre 8 persone. Gli fu specificato che queste erano state uccise e calate, di volta in volta, in una cisterna con un peso ai piedi.

.../...

- 4 -

Il Dignoti, secondo le sue asserzioni, allora si allontanò portandosi nell'altro cortile della cascina e non assistette all'uccisione delle due ultime persone.

Dopo poco venne raggiunto dagli amici che gli consegnarono, come compenso della collaborazione prestata, lire 50 mila in biglietti di banca da lire 1000.

Tutti insieme si adoperarono per chiudere la cisterna e per far scomparire le tracce del delitto, dopo di che, recatisi nella villa, si impossessarono di alcuni abiti e di cibarie.

Compiuta l'opera si diressero a piedi verso Rivoli ove giunsero alle ore 24 circa, dirigendosi nella casa di certo Napoli Domenico, abitante in detta località, via Rombo n.8, da alcune settimane assente perchè in Sicilia per affari. Il Puleo possedeva la chiave della casa essendone stato precedentemente un frequentatore assiduo. Dopo pochi minuti egli e il La Barbera si recarono nelle rispettive abitazioni situate in Rivoli, mentre il Lala e il Dignoti si fermarono nell'alloggio predetto per trascorrervi la notte.

Il giorno dopo il Dignoti partì alle ore 5 per Torino e nella stessa mattinata si recò, come al solito, al lavoro in una conceria di Coblegno.

Dalle informazioni fornite da quest'ultimo si è potuto stabilire che il Puleo ed il Lala partirono assieme alle ore 6 del 21 novembre per Bologna, diretti a Mezzoiuso, mentre il La Barbera ritardò di qualche giorno la sua partenza per la Sicilia.

Sulla scorta di tali notizie si è provveduto ad inviare subito a Mezzoiuso tre ottimi sottufficiali, che avevano partecipato alle indagini sin dal novembre scorso, i quali, cooperati dall'<sup>Arma</sup> del luogo, hanno già proceduto all'arresto del La Barbera e del Puleo e conducono le ricerche per la cattura del Lala.

Non appena gli arrestati saranno tradotti a Venaria Reale e si sarà proceduto al loro interrogatorio, in modo da confermare la deposizione del Dignoti, sarà trasmessa la segnalazione telegrafica di rito.

1. Report states that to approach the state  
of Maine it would be necessary to travel through  
Quebec, Canada. However, until July 20, 1942, the Canadian  
Government had not accepted, and was not able to accept,  
any American citizens who had been in the United States  
since June 1, 1940, and were now returning to the  
United States. This was due to the fact that the  
Canadian Government had not yet received any  
instructions from the Canadian Minister of Defense  
to that effect.

2. Canadian officials stated that Canadian  
citizens could not travel to the United States  
until July 1, 1942, because the Canadian  
Government had not yet received any instructions  
from the Canadian Minister of Defense to that effect.

On 26 Mar 46 a Coy of the Mobile Bn. of Turin was ordered to AOSTA to calm disturbances, but before they could arrive order had been re-established by the local resources. A copy of the report of the Group Commander of the CC.RR, AOSTA, is attached.

On the morning of the 26th in Aosta demonstrations were made by certain sections of the public for the release of 4 French citizens who were under arrest. To succeed in their demands demonstrations were staged, but up to about 1300 hrs there was no indication of any outbreaking of violence. The position gradually deteriorated and at about 1400 hrs acts of violence were committed. Efforts were made to face the situation with the local resources, but at about 1600 hrs the Group Commander of the CCPB found he was unable to cope with the situation and telephoned to the Legion HQ, Turin, for assistance. Shortly after 1600 hrs authority was given for a Coy of the Mobile Battalion to proceed to AOSTA and this order was carried out.

In Aosta the situation was becoming worse and it was feared that a definite attempt would be made to force the prison where many criminals, including some prisoners under sentence of death, were housed. The French citizens, however, were not in the prison but in the CC.RR barracks, and it was agreed locally that the best plan would be to accede to the request of the public and release these men. This order was given and the men made short speeches from a balcony to the crowd, stating that they had been treated quite well during their detention. After this the demonstrators and the four Frenchmen withdrew and normal conditions were resumed at about 1630 hrs.

The CC.RR reinforcements, i.e. a Coy of the Mobile Bn. arrived in Aosta at 2130 hrs and apart from this display of force no actual duties were required of them.

A request has now been made by Col. SUTTI, No. 1 Brigade

In this case had radio communications been available an accurate supply of information could have been given to Legion HQ. and with the sudden change

TERRITORIAL LEGION OF THE ROYAL CARABINERS OF TURIN

GROUP OF OSTA

PROTOCOL No. 22/4 Div; Ris.

Subject : Serious demonstration at Aosta for the annexionist campaign  
organised by French Agents.

Aosta, 26th March 1946.

This morning during the weekly market, in OSTA, there took place a rearranged concentration of people of the valley with the intention of staging a demonstration to persuade the President of the Valley to hold a plebiscite for the purpose of deciding between the 'status quo' and the total and absolute independence of the valley, guaranteed by the United Nations.

Up till 1300 hrs the situation remained calm but towards 1400 hrs a group of about 1200 mountaineers gathered in front of the Presidential Palace where are offices of the Council of the Valley, creating a violent demonstration and overwhelming the police on duty reaching the President in his office where they violently assaulted him and destroyed equipment, documents and papers.

The President was then carried to the balcony mid the bawling and clamouring of the crowd.

In the meanwhile on the part of some leaders of the demonstration there came a demand of the release from custody of the following individuals:-

- 1st) Alberto Marcelllo RAMUS of Serafino and Mario BILLON, born in ST. PIERRE D'ANTREMONT (France) the 23rd March, 1911, resident in GRENOBLE (France) Boulevard Clemencau, 3, Journalist and photo-reporter, French subject;
- 2nd) Andrea Fernando SAVRAC of Danièle and of Maddalena Girard, born in QUISSAC (France) the 10th February 1906, resident in GRENOBLE (France), Journalist, French subject;
- 3rd) Pietro LEZZI of Cesare and Giuseppina VERCILLIN, born in Paris the 6th February 1923, there resident, Rue Lacues, student in political science, French subject;
- 4th) Francesco BONNEURE of Enrico and of Maria Luisa Michel, born in CARRASSONE (France) the 19th January 1911, resident in GRENOBLE

Up till 1300 hrs the situation remained calm but towards 1400 hrs a group of about 1200 mountaineers gathered in front of the Presidential Palace where are offices of the Council of the Valley, creating a violent demonstration and overwhelming the police on duty reaching the President in his office where they violently assaulted him and destroyed equipment, documents and papers.

The President was then carried to the balcony mic the bawling and clamouring of the crowd.

In the meanwhile on the part of some leaders of the demonstration there came a demand of the release from custody of the following individuals:-

- 1st) Alberto Marcello RATUS of Serafino and Mario BILLON, born in SW. PIERRE D'ANIREMONT (France) the 23rd March, 1911, resident in GRENOBLE (France) Boulevard Clemencau, 3, Journalist and photo-reporter, French subject;
- 2nd) Andrea Fernando SAVERAC of Danièle and of Meddalena Girard, born in QUISSE SAC (France) the 10th February 1906, resident in GRENOBLE (France), journalist, French subject;
- 3rd) Pietro LEXERT of Cesare and Giuseppina VINCETTIN, born in Paris the 6th February 1923, there resident, Rue Lacques, student in political science, French subject;
- 4th) Francesco BONNEURE of Enrico and of Maria Luisa Lichel, born in CARCASSONE (France) the 19th January 1911, resident in GRENOBLE (France), journalist, French subject.

These persons had, late in the evening of yesterday, been detained at the CCRR barracks because they had entered Italy from France in a clandestine manner, without passports, and in possession of cameras and film rolls, undoubtedly brought with the intention of photographing the demonstration.

As it was not then possible, on account of the local conditions, to accompany the detained persons to the QUESURA and as there was already in progress the taking down of written statements of these individuals (statements considered as compromising because they made them out to be partakers in the pre-arranged demonstration), it was thought advisable

to release them in order to avoid more serious happenings on account of the great excitement prevailing.

Whilst the CCRR were preparing to put this into effect there were clear indications of the intention of the mob to attack the jail where there were numerous detained prisoners and a few condemned to death and, therefore, after careful consideration, it was deemed advisable to release the French subjects.

In the meantime certain violent elements attacked a track driven armoured truck, belonging to the Aosta Battalion, using violence against 2nd Lieut. GUASCHINO and his crew.

Carbineers of the plain clothes squad who went to the assistance of the Officer met with the same violence resulting in injuries to three of them and the Officer for which they were detained in the Civil Hospital.

Following the attack upon the armoured truck and another similar vehicle, the crews being overpowered, the vehicles fell into the hands of the demonstrators.

A little later a party of Alpini soldiers, on foot, who had purposely come out of their barracks, upon meeting the two vehicles with the demonstrators on board fired a few shots in the air and were thus able to recover the trucks.

Towards 1630 hrs the demonstrations which were taking place simultaneously at various points of the town, watched by the CCRR deplored on the part of the population of AOSTA. There are in course numerous arrests.

It is essential that AOSTA be given a flying squad equipped with armoured units and that such a squad remain on sight its successful use.

TRANSLATION

3rd BRIGADE CO. R. FLORENCE  
Comd. Office

No 15/1 di prot. Ris. Pern.  
 SUBJECT: Public order in the MARCHE

Ancona, 17th March 1946

The result of the first days of the Administrative Elections in the MARCHE was the prevalence of the left partys. That was to be foreseen as everybody knows the tendency of the population for such partys, specially in the provinces of PESARO and ANCONA.

The latter town is also remembered for the disturbances happened in the year 1914, which the "Red Week" got the name from, and for the revolution of 1920 which during the infantry barracks were assaulted and a P.S. officer, two agents of P.S., a Marshal and a Carabiniere were dead. The guns of the Navy and the arrival of 2000 "Guardie Regie" urgently sent, put an end to the disturbances.

The proclivity of this region for the communism is due also to the nearness of the Yugoslavia where, as the last events test, there is a movement of expansion and not only ideological.

Some Russian officer appeared in the province of PESARO under the pretence of helping their compatriots (not existing in that place). We have got the founded opinion that emissary of the opposite coast are making in the four provinces a bolshevist propaganda. It is our opinion the purpose of this activity to be the preparation of a fixed plan, and this may be proved by the fact that, just in the last days, the regional leaders of the communist party and of the partisans, communist the latter too, are rather interested on the entity and arm equipment of the police (Carabinieri and P.S.), their location, also in the minor centers, besides the name of the commanding officers of every unit.

Nevertheless the region of the MARCHE showed, in the last times, its wisdom and prudence about what is concerning the public order which has not been disturbed at all. Also the activity of the delinquency was not excessive and the "Arma" has been successful in refraining it much more than in the other regions.

We most, now, formulate question, considering the precedent events, the diffuse political opinion, the tumultuous character of the population, and the sufferances maybe greater than in the other regions for war reasons, whether this privileged situation should be attributed to the wisdom and prudence of the population or to other motives.

Looking at the situation of the region from the liberation to the present time, either about what is regarding the political and the military conditions, we can not exclude the public order being influenced by the presence of the Polish Corps which is located, as it is known, either in the center and in the outskirts, and by the permanence of the always vigilant allied military branches.

The press campaign against the Polish Corps, particularly hard in the communist papers, could constitute a confirmation to the afore made hypothesis.

The last news make us retain as very next the leave of the Polish Corps; the strengths of the allied commandos are decreasing every day, unofficial communications confirm that the Naval Command of ANCONA, now constituted by 200 men, is going to stop his activity; we have received no communication about the assignment in this chief place and in other places, of any troops on reinforcement of the military garrisons of the four provinces completely deprived of personnel.

We communicate what above stated, in view of a situation easily understandable for the garrisons not restrained until now, and which could not certainly be refrained by the usual strength and means the "Arma" and P.S. dispose of.

Le prime giornate delle elezioni amministrative hanno dato quale risultato, per la regione delle Marche, la prevalenza ai partiti di sinistra. Ciò era da prevedere perchè sono note le tendenze della popolazione verso tali partiti, specialmente nelle provincie di Pesaro e di Ancona.

Quest'ultima città è anche sindistamente ricordata per i moti del 1914 da cui trasse il nome la "Settimana Rossa" e per la rivoluzione del giugno 1920 durante la quale venne dato l'assalto alle caserme di fanteria e dell'Arma e trovarono la morte un funzionario di P.S., due agenti di F.S., un maresciallo e un carabiniere, cinque guardie regie, un tenente di fanteria e dodici civili. Molti i feriti tra i dimostranti e le forze di polizia. Il cannone della marina e l'intervento di duemila guardie regie ed un battaglione mobile di carabinieri inviati d'urgenza, posero fine ai disordini.

Alla proclività della regione verso il comunismo, non è estranea la sua posizione geografica per le vicinanze alla Jugoslavia, ove gli avvenimenti di questi ultimi giorni dimostrano, in modo evidente, la esistenza di una corrente espansionistica e non soltanto ideologica. Ufficiali russi hanno già fatto le loro comparsa in provincia di Pesaro giustificandole per motivi assistenziali verso i loro connazionali che non esistono; è fondata la sensazione che emissari dell'altra sponda svolgano nelle quattro province propaganda bolscevica. Che tale attività miri anche alla preparazione di pieni prestabiliti, può essere dimostrato dal fatto che proprio in questi giorni i dirigenti regionali dei partiti comunisti -

Che tale attività miri anche alla preparazione di piani prestabiliti, può essere dimostrato dal fatto che proprio in questi giorni i dirigenti regionali del partito comunista e dei partiziani, anch'essi comunisti, si interessano con certo impegno di conoscere l'entità e l'armamento delle forze di polizia (carabinieri e P.S.), la loro dislocazione anche nei centri minori, nonché i nomi dei rispettivi comandanti di reparto.

Invero la regione delle Marche ha dato prova in questi ultimi

tempi di equilibrio e di saggezza per quanto riguarda l'ordine pubblico che non è stato per nulla turbato. Anche l'attività della delinquenza non ha raggiunto fenomeni dilaganti ed è riuscito possibile all'Arma contennerla in limiti molto più ristretti che in altre regioni.

Ocorre, però, a questo punto, formulare l'interrogativo se, dati i precedenti, il diffuso colore politico, l'indole rumorosa della popolazione e le sofferenze comuni, se non più profonde per eventi di guerra, con le altre regioni, questa situazione di privilegio debba attribuire esclusivamente all'equilibrio ed alla saggezza delle popolazioni e non pure ad altri fattori.

Esaminando lo sviluppo dell'intera situazione regionale dalla liberazione del territorio ad oggi, sia nel campo politico che in quello militare, non può escludersi che il Principe quanto si attiene all'ordine pubblico, sia stato influenzato dalla presenza del corso polacco dislocato, come è noto, sia al centro che alle periferie e dalla prolunga della stessa degli organi militari alleati, ancora oggi in vigile scorta.

La campagna di stampa avverso il corpo polacco, particolarmente intensa nei periodici comunisti, potrebbe costituire per sé stessa una conferma all'ipotesi prospettata.

Notizie suffragate da elementi di fatto, danno per prossima la partenza del corpo polacco, gli effettivi dei comandi alleati si riducono ogni giorno di più, comunicazioni ufficiose confermano che entro qualche mese il comando marine, il quale in atto dispone in Ancona di oltre 200 uomini, sarà sciolto; nessuna indicazione esiste in atto circa l'assegnazione di reparti in questo capoluogo od altrove per rinforzare i presidi militari delle quattro provincie, effatto privi di personale.

Tanto ho creduto di rappresentare in relazione al profilarsi di una situazione facilmente comprensibile nel gioco delle passioni fin qui infrenate e che ne potrebbe, in casi di turbamenti diffusi dell'ordine pubblico, essere certamente sostenuta con le normali forze e mezzi di cui l'Arma e la P.S. normalmente dispongono. —

2. On the 22nd March 1946 at Centuripe in the Province of Enna a Vice Brigadier together with three CC.RR. were ambushed by two persons, who without warning opened fire with automatic weapons. The Vice Brigadier and one CC.RR. were killed. A second CC.RR. was seriously wounded and the third slightly wounded. No arrests have been made but information has been given of the identity of the assailants, search for whom is being made.
3. On the 22nd March 1946 at Messina a series of serious demonstrations were held. It commenced in the morning with a demonstration of unemployed. The demonstrators were reinforced and split up into different sections. These forcibly entered various public offices and forced the employees to cease work. Shops closed and all public transport stopped. The records of the Intendenza di Finanza, the tax office and the Afterwar Assistance Office were burned. The stores of the Consorzio Agrario and of UNRA were entered and large quantities of goods stolen including sugar, soup powder and tinned goods. The rioters would not let the Fire Brigade function for some time. The situation got out of the control of the Police large number of whom had been sent out into the country in preparation for the elections on Sunday. Unit of the Italian Army were called to assist in restoring order. An armed demonstrator opened fire and serious wounded a soldier, who afterwards died. As a result the soldiers fired and grenades were thrown by demonstrators. It is reported that thirty-four were wounded.

- (a) On 20 Dec 45 instructions was received at "P" copy 20 from  
LAW OFFICES. A letter instructing Agent to make inquiry  
Agent and a member of the Russian forces, proceeded  
to attempt to arrest him to this station. The American  
process had to search his home in the presence of Agent  
Stern. To do properly being afraid, Agent Stern referred to  
his truck.
- (b) Received a report from the Committee Research,  
CIVIL LIBERTIES that armed forces were attacking the  
troops. As a result of a series of eight consecutive  
days, he arrested four communists from citizen's truck.
- (c) It then appears that the committee without orders from  
immediate P.D.U. (U.S.A.) stopped in Chicago, opened fire in the  
direction of Agent Stern's truck, and in spite of efforts of  
"Liberate", by the occupants, the third occupant, Agent Stern  
got out of the truck and was hit, suffering wounds in the  
face and head.

2. Will you please forward the same report on this incident, and  
make what preliminary action, if any, has been taken.

The following are the facts in relation to your enquiry :

On 20 Feb 45 O.C.R. of the PORTA GARIBOLDI tenenza -  
Milan, as a result of investigation went to the Milan Central Station where  
they found walled up under the arches of the station the following : -

1 Beretta 310 with 2 magazines, 40 rounds each  
17 Muskets Model 38  
31 " " 91 short  
6 " " 91  
5 " German Mauser type short  
5 German hand grenades with handle  
4 Breda hand grenades  
3 OTO " "  
5 Sipe " "  
9 Hand grenades various types

290 Cases containing 1500 Rounds Cal 8 Model 35 for MGs  
( manufactured by Italian Leon Beaux Co. )

The property has been deposited at the Medici barracks,  
Via Lamarmora, and it is proposed to distribute it as soon as practical to  
legions in need thereof.

No persons were arrested, further enquiries are being made,  
at present it is the theory that the arms were hidden during the insurrection  
period.

1. According to the ROM Troops of 20th February 1946, the Carabinieri in Milan have recently carried out a raid in a subterranean vault under Milan Central Railway Station.

2. The vault had been bricked up and when opened was said to contain 500 cases of ammunition, rifles, German and Italian hand grenades, and a considerable quantity of automatic rifles. The ROM Troops said that the dump had recently been visited by persons apparently seeking to check the condition of the arms and ammunition.

3. Will you please supply a report on this raid, giving quantities found, and how it is proposed to dispose of these arms and ammunition. Also details of any persons arrested.

CC.MR. Liaison Officer, I, H.Q.

In the report of CC.2. H.Q. for period 16 - 31 December 45, the point was raised that CC.MR. are not taking action when crimes have been committed by ex-partisans or members 'protected' by certain political movements.

As soon as this HQ., the responsibility of detecting crimes committed is in the hands of the ~~nestors~~, who may use CC.MR. where necessary to assist in investigation.

Will you please discuss this matter with CC.2. H.Q. when opportunity occurs, and I should be glad to have your views on the matter in due course.

If it is within the knowledge of CC.2. H.Q. or the A.C. Liaison Officer, that the CC.MR. have failed in their duty in any specific instance, will you please inform this HQ., when appropriate action will be taken.
