Secretary Executive.

Under the Chief Clerk (O.R.) supervises and controls the civilian clerical staff of six: the latter will no doubt have to be increased in the very near future. She has an outstanding knowledge of the complex duties of this Branch, having been engaged by A.M.G. in a similar capacity for the past two years, and has held the position of Secretary Executive for three months. In addition to her supervisory duties she acts as confidential secretary to the Head of this Branch, and has to deal with policy at the highest level.

In view of her experience and the fact that she has previously held the rank of Secretary Executive, the re-classification is strongly recommended.
