2. This office is aware of the need for obtaining aoknowledgment of receipt from the individual for mail delivered to him and we will continue to do our utmost to cooperate in this respect.

3. It has been found, however, that in many instances this office has been burdened with the problem of initiating undue tracer correspondence in order to obtain return of signed receipts, which, in our opinion, might be avoided by modifying the receipt form.

4. It is suggested that the receipt take the form of a document of transmittal with provision for the signature of recipient and instruction to return signed receipt directly to your office. 358

SUBJECT: Italian PW Mail for Certain Individuals.

TO : Prisoner of War Information Bureau. Cairo, Middle East Forces.

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of excited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

10 Jan 1945

SUBJECT: Italian PW Mail for Certain Individuals.

TO : The Provost Marshall General, U.S. Army, Washington, D.C.
Attention: Italian Prisoner of War Section.

1. In certain instances this office receives repeated inquires from families of Italian PW- instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of excited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

For the Acting Chief Commissioner.

WAR MATERIALS DISPOSAL AND ITALIAN PW SUB COMMISSION

IPW/168

31 Jan 1944

SUBJECT: Italian PW Mail for Certain Individuals.

TO: Prisoners of War Information Bureau, London, England.

1. In certain instances this office receives repeated inquiries from families of Italian PW in instances in which no word from the PW has been received by relatives for months. Sometimes often as much as six months or a year has elapsed since news was received, these families reportedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family assuring them that he is alive and thus discontinuing the flow of irritating correspondence to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

TO: Prisoners of War Information Bureau, London, England.

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families reportedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family assuring them that he is alive and thus discontinuing the flow of excited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

SUBJECT: Italian PW Mail for Certain Individuals.

TO: The Commanding Office of PW Camp 208-Naples, Italy

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because after as much as six months or a year has elapsed since news was received, these families reportedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of unsolicited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personnel one instead of a matter for official attention.

WAR MATERIALS DISPOSAL AND ITALIAN PW SUB COMMISSION

IPW/A 32

Dec. 15th. 1944

SUBJECT: Italian P/W Mail for Certain Individuals.

TO : Prisoner of War Information Bureau, Cairo, Middle East Forces.

1. In certain instances this office receives repeated inquiries from families of Italian P/W instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the P/W.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force, Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the P/W and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of excited correspondence with regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

1/. The policy for forwarding mail from this Headquarters to Italian PW through Military channels, was created solely for Prisoners of War who have received no news for months from their families and in no case is it intended to use this policy for,

a. Civilians
b. For PW who have regularly received news and who have regularly corresponded.
c. No more than one letter to each PW may be sent.
d. When the receipt attached to the letter has been signed by the PW and returned to the family, that family will not send another letter from this office, unless another six months elapse without news.

2/. This ruling has been decided upon and must be held to, otherwise the number of letters are such that the policy will have to be abandoned and the families who are really without news for months will suffer the consequences.

3/. Therefore, herewith are attached nine (9) letters, three for Italian Civilians and six (6) letters, three duplicated for each individuals.

Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of excited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

TO : Prisoner of War Information Bureau. Cairo, Middle East Forces.

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of excited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

WAR MATERIALS DISPOSAL AND ITALIAN PW SUB COMMISSION

IPW/A/17

24 NOV 1944 1944

SUBJECT: Italian PW Mail for Certain Individuals.

TO : Prisoner of War Information Bureau. Cairo, Middle East Forces.

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, these families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of uncited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

SUBJECT: Italian PW Mail for Certain Individuals.

TO : Prisoner of War Information Bureau. Cairo, Middle East Forces.

1. In certain instances this office receives repeated inquiries from families of Italian PW instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was received, those families repeatedly write to the Italian High Commissioner for Prisoners of War and to every Allied Agency with whom they have any contact, asking for information about the PW.

2. To avoid having several Headquarters working on each case, we are with the consent of Allied Force Headquarters writing directly to your office (Attention: Italian Prisoners of War Section) asking you to forward a letter in each case to the PW and to obtain a receipt from him. Letters with attached receipts are enclosed. The receipt we will return to the family so assuring them that he is alive and thus discontinuing the flow of unsolicited correspondence reference to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

HIGH COMMISSIONER FOR PW

No.8395/I

7 October 1944

TO: A.C.C., Rome

Subject: Major FASSIO Francesco - PW in the U.S. - Fort Meade - Maryland.

Mrs. Sabina FASSIO, wife of the Prisoner of War Major in the Airforce Engineers Corps FASSIO Francesco has asked this High Commissioner to transmit the enclosed letter through the ACC to her husband, prisoner of war in U.S.A., because since many months he has not been able to get any letters from his wife.

Mrs. Roc-Fassio, who was born in London, and who lives in Rome at Via Eleonore Duse 3 (Tel.873119) declares to have spoken with Colonel Campbell about this.

Considering that the applicant, mother of 4 small children, is very anxious that her husband should finally get some direct news from his family, I beg you to be so kind as to grant her request and send this letter on to Major Fassio.

Thank you

THE HIGH COMMISSIONER
/s/ General Pietro GALLERA

The two brothers

PoW, Camp Fort Meade, Maryland

have not received any news from their relatives for 15 months. The relatives live in Rome and assert that they have often written to the PoW, and regularly received news from them.

I would thoroughly appreciate if the A.C.C. should kindly inform both PoW, that their relatives are in good health, that their house has not been damaged, and that they regularly write to them.
