SUBJECT : Italian PW Mail for Certain Individuals.

TO : PWIB,AG's Branch, GHQ, SIMLA INDIA

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information a_ bout the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office(At_ tention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be retur_ ned to the family, assuring that he is alive, thus discon_ tinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not cor_ responding in future then becomes a personal one instead of a matter for official attention.

ITALIAN PRISONERS OF WAR DIVISION

IPW/M/987 9-8-46

SUBJECT : Italian PW Mail for Certain Individuals.-

TO : General Headquarters,O2E, Middle East Forces

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office(Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention. 409

ROMA

OGGETTO : pdg. MAGRI Aurelio Luigi -

Si prega far pervenire al pdg. MAGRI Aurelio Luigi, 26/1 PW Camp C/o G.P.O.- Bombay, le seguenti notizie da lui richieste al Consolato Generale di Tolosa:

"" Il prigioniero di guerra in oggetto, tempo fa si rivolse a questo Consolato Generale comunicando che aveva ricevuto notizie della morte dei suoi genitori e delle sue sorelle, in località non precisata, e chiedendo di conoscere la situazione finanziaria lasciata dai defunti.
Questo Consolato Generale si è rivolto ad un avvocato indicato dal Magri, il quale ha risposto che, da un'inchiesta ufficiosa effettuata sul conto della famiglia del richiedente, risulterebbe che la famiglia stessa sarebbe scomparsa il 24 luglio 1944 a Lacassagne (H.P.) in seguito a mene antinazionali relazioni con la gestapo e denuncia di patrioti francesi.- Il Signor Lazzaro Magri, fratello del defunto, è stato nominato sequestratario-amministrativo e avrebbe proceduto alla vendita dei mobili e degli attrezzi agricoli esistenti in una tenuta rimasta abbandonata. Liquidate tutte le pendenze, resterebbero 6.000 franchi in contanti e 180.000 franchi in titoli depositari alla Società Generale di Vio-Bigorre all'interesse del 2-3,20%-
Prego esaminare la possibilità di far giungere all'interessato le notizie di cui sopra"".

SUBJECT : Italian PW Mail for Certain Individuals.

TO : PWIB Union of S.A. Dept. of Defence PRETORIA, S.AFR.

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information a_ bout the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office(At_ tention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be retur_ ned to the family, assuring that he is alive, thus discon_ tinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not cor_ responding in future then becomes a personal one instead of a matter for official attention.

SUBJECT : Italian PW Mail for Certain Individuals.

TO : ~~MMQA FWIB AG's GHQ SIMLA INDIA~~

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the condent of Allied Force Headquarters, writing directly to your office(Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

SUBJECT : Italian PW Mail for Certain Individuals.

TO : XEMXEK PWIB HQ East Africa Command

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office (Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

For the Acting Chief Commissioner.

SUBJECT : Italian PW Mail for Certain Individuals.

TO : PWIB, AG's GHQ, Simla India.

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office (Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

For the Acting Chief Commissioner.

SUBJECT : Italian PW Mail for Certain Individuals.

TO : PWIB, HQ, EAST AFRICA COMMAND

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office (Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.

SUBJECT : Italian PW Mail for Certain Individuals.

TO : GHQ, OZE M.E.F.

1. This office receives repeated inquires from families of Italian PW-instances in which no word from the PW has been received by relatives for months. Because often as much as six months or a year has elapsed since news was last received, these families repeatedly write to the "Ministero per l'Assistenza Post-Bellica" and to every possible Allied Agency asking for information about the PW.

2. To avoid having several Headquarters working on each case, this office is, with the consent of Allied Force Headquarters, writing directly to your office (Attention: Italian Prisoners of War Section) asking that you forward a letter in each case to the PW, and that you obtain a receipt from him. Letters with attached receipts are enclosed. The receipt will then be returned to the family, assuring that he is alive, thus discontinuing the flow of excited correspondence in regard to the prisoner's existence. The problem of his not corresponding in future then becomes a personal one instead of a matter for official attention.
