Subject: Repatriation of 2nd Lieut. LEONCINI Public PW. N. 177671, Camp 24 - Bombay

Reference your letter IPW/1/1/332, dated 9th November 1944.

The family state of the Mrs. Mancini Maria, widow Leoncini is as she stated to this Comaission.

The PW's family is composed as follows: MANCINI Maria - mother of PW and of American origin, born in 1890, widow of Leoncini Francesco who died in 1944 on the 14th of April, following wounds received in an arial bombardment.

LEONCINI Francis - son - of the class of 1919 - actually in the Air Force on duty at Lecce.

LEONCINI Public - of the class of 1917 P.W. for whom is requested repatriation.

LEONCINI Rosetta - daughter class 1911, now married and living at Cremona which is still occupied by the Germans.

MANCINI Maria, wife of the P.W. of the class of 1921 living with the PW's family and her daughter aged 4 - LEONCINI Maria.

The family's financial situation is very poor because they lost under the bombardment, that cost the life of the father, their house and the small agricultural property left in the hands of the mother, who is not therefore not capable of running it.

We beg this Commission to examine this case and the possibility of this repatriation. On his return Lieut. LEONCINI could administrate the ground and keep his family financially and morally.

Dear Colonel Campbell,

I shall be very grateful for anything you can do to secure the repatriation of the nephew of Monsignor Ottaviani. The latter is, and has always been, an excellent friend of ours and he holds a position of great importance at the Vatican. My efforts on behalf of his nephew have hitherto been unavailing, but I understand that there is a better chance now.

Yours sincerely

To His Majesty the King of England.

I the undersigned, Formosa Giuseppe orphan of both parents, born at Trabia (Palermo) ask your majesty as follows:

I am 87 yeras of age, a widower with one son who is at present PW in Tripoli.

I own very little ground that gives me a bare living-hood — said ground is abbandoned in the hands of strangers. I have no one to wait upon me at night and no-one to take care of my house and furniture; if I were to die in the night my neighbors would steal all I posses and my son on his return would find nothing but the bare walls and a few trees.

I the undersigned poor and old, pray your majesty to order the repatriation of my only son, ~~when~~ if only for a month's leave, that he may take an inventary of all my possessions, inside and outside the house.

I the undersigned asked the High Commission for Italian PW for this repatriation on the 9th of July 1944 and received the following answer on August 10th. 1944.

"The High Commission has received your request for repatriation of your son Filippo Formosa, your request at present cannot be considered as the Allied Command had decided to repatriate for the moment, only the ill, wounded and those PsW, who are above 50 years of age and have been prisoner for over two years.

Signed

Devotedly

Giuseppe Formosa.

To : A.C., ROME

Subject : Repatriation of Corp.Maj. MANCINI Gino,
No.81-1-153055 MATOUSA - P.O.W.E. Camp 177, Oran

Mrs. BAGNARELLI Arnalda has represented to this High Commissariat the sad position of the family of Corp.Maj. MANCINI Gino, orphan of both his parents.

His family is composed:

1) -	BAGNARELLI Arnalda - grand-mother of the PW	72	years old
2) -	MANCINI Clivio - brother of the PW	16	" "
3) -	" Silvano - " " " "	13	" "
4) -	" Firenza - sister " " "	12	" "

They live under the most miserable economic conditions, especially after that their uncle, who supported them, was killed last July by an Allied motor-car.

I beg the AC to examin this really most piteous case, which makes the repatriation of the PW in question a most necessary matter, as he is the only one who can support by his work the old grand-mother and his little brothers and sister.

1/. Reference to your letter dated 4 January 1945, this Headquarters can definitely state that Magg. Sergio Giovannini is not eligible for repatriation on compassionate grounds.

2/. The hardships of the PW's family indicated in your letter and in the certified recommendation of the Italian High Commissioner for Prisoners of War re Sergio Giovannini's family resulted in this Headquarters sending an investigating agent to the home of the PW's family. A copy of this report is attached.

3/. That a request for repatriation of this POW should have been forwarded on the basis of compassionate grounds has produced a profoundly disturbing effect on the Allied Authorities responsible for all repatriations of Italians on compassionate grounds and has materially slowed the whole rate of repatriation for other compassionate cases.

4/. To be eligible for repatriation on compassionate grounds of

a) support: the family must be in "dire circumstances" such as would warrent welfare grants from Governmental agencies or from the Italian Red Cross.

b) Serious illness of parent with minor children: the mother must be seriously ill and have minor children, who need care and attention, for whom no one can assume this responsability.

A "cocktail party", well dressed mother and daughters a fashionable and modern apartment can hardly justify eligibility for repatriation under the provisions listed above.

SUBJECT: Repatriation of PW Giovannini Sergio
Camp IC, Wing 2 Bombay.

I the undersigned investigated the state of PW's wife. She stated:

a) she has no relatives save her two daughters respectively aged 16 and 11, and that she receives no source if income except the 2827 lire monthy from the Government.

The rented flat where PW family lives is in good condition and supplied with most conforts. The neighborhood is one of the best in Rome. The building is a modern appartment building.

The PW's wife pointed out to me that she is ill, and I accordingly requested her doctor's address.

I think it would be wise to check up on that side.

The PW's wife is sufficiently in good health to leave her house. She was well dressed and so where her two daughters.

I may add that I found the PW wife throwing a small party when I interviewed her. There were two empty bottles of Champagne on a table as proof.

Maggiore Sergio Giovanni (No. 1713) Camp 10, Wing 2, Bombay, taken prisoner in December 1940, is the husband of an American woman and the father of two children. The wife and children reside in Rome and for some months past have been in desperate financial straits, so much so that their health has been impaired. In addition to needing the financial help which Maggiore Giovannini could provide, the family, especially a young daughter, would benefit greatly in a spiritual and domestic way from the presence of the father.

Mrs. Giovannini, an American citizen, asks if, in view of her citizenship, special consideration can be given the repatriation of her husband.

I have been informed by the family of Major Annibale SIMONETTI at present PW in India, No.79590 Camp No. 28 - 1/A - Bombay, of an error made by the "Potenza Protettrice" regarding the date of birth of above mentioned officer.

It has been declared that he was born in 1895 and therefore is not yet fifty (50) years of age.

I wish to correct the above statement and herewith inform you, that the officer in question was born on the 11th. of July 1893, and having finished his two years imprisonment is in the category of PsW who are over fifty, with two years imprisonment, are eligible for repatriation.

I will greatly appreciate if this Commission will inform the Authorities in India of this question and have his name put on a list, eligible for repatriation in above mentioned category.

To: Col. Campbell, Allied Commission, Rome.

Confirming our conversation, and as you requested, I will specify:

In the middle of last November the British Major Girardi, Liaison Officer with the Command of the fighting group "Legnano", referred to me that you made arrangements with the P.W.B. of Caserta, directly with Major Thorpe, to obtain the liberation from the Camp 209 of Afragola of my son, 19 years old Dario de Renzi, who in the first days of September crossed the front line on the adriatic side.

On Wednesday 15, November I went to Caserta, and, as Major Thorpe was absent, I conferred with a British Lady, a Captain, and Secretary of Major Thorpe on the particular case. The lady, very kind and understanding looked up the letter about the case of my son, and told me that Major Thorpe would have examined it with a particular interest when he came back, and however, the return to the Italian authorities of young men in the same situation of my son was imminent.

The lady, when I asked her, gave me a letter to Camp 209, in which it was begged to see if it was possible for me to see my son - I obtained the permit.

Monday 27, November, I could speak with Major Thorpe, who, after having examined the particulars, told me: "we have no interest to keep your boy", and added that if the boy was not yet liberated he would have been in a few days under a General Order.

I asked then Major Thorpe, if I could go to Camp 209 and see if my boy was still there - the Major after having been a moment perplexed, told me I could go.

When I arrived at Camp 209, at 2:30 p.m., I asked to a soldier to confer with the Commander, and he told me to enter the door of a barrack.

I turned to the Commander of the Camp (a Lt. Col. about 60 years old, tall, slim, red in his face) and I asked him very kindly, if my boy was still in the camp.

The Commander lost his temper when he heard my family name, and was extremely rude in his manners, voice and words, without letting me explain - among other things:

"You gave me a lot of trouble and a lot of work", he told me lots and lots of times. "There is no particular one for you - Who are you?". "I have your boy in my hands", he told me too, showing with his hand how firmly he was keeping the boy.

I tried in all ways to make the Commander understand that it was the first time I was meeting him and that I had no intention to disturb him, but I always asked the competent British authorities about my particular case.

His answer was always rude: "no particular case for you - Who are you?".

5551

~~CONFIDENTIAL~~

And when I added that the British authorities was very kind with me considering that at the moment of the Armistice (8 September 1943) I attacked the Germans with an inferiun number of men, being wounded twice, the Commander, with his usual excited voice answered: 'I know very well everything. No matter!'

Seeing that it was impossible to put the rude conversation on a tone of correctness, I told him I was very sorry to have so much disturbed him but that it was not my fault. His answer was: "It is your fault, it is your fault".

I left then, while the Commander being more and more angry, was fulminating me with his glance.

This incident tryed very hardly my personal education and my self control. I dominated my anger:

(1) For not to create a very unpleasant incident between an Italian Colonel of a fighting group, and a British officer.

(2) For a dutiful regard for all the other British officers (Lt. Col. Campbell, Lt. Col. Young, Major Thorpe, and Major Muir), who, with a perfect courtesy and tact, tried to help me.

(3) For a positive fear that the menacing attitude of the Commander of the Camp might result in ill treatment against my boy.

It is a month since this happened. My boy, has not been liberated against all the promises.

On the 15th of November visiting my boy, he told me that the other two boys who passed the font line with him had been already liberated.

At the discussion between me and the Commander, was another British officer, a Lt., I think, evidently and gravely embarrassed for the tone, the tenor and the form of the words addressed to me by his superior.

I am very sorry to let you know, Col. Campbell, this painful incident, knowing as I do how important it is that the relations between officers of the new Italian Army and of the British Army should be understanding and correct, to fight near each other with a full trust.

P.M.166, 23 December 1944.

Military office Rome, December I2th I944
N. I5824 /Sez. I/
Subject: L.T. Chaplain Don Roberto MERLUZZI T/ II2985= CAMP 39= GREAT BRITAIN.

TO: the Allied Commission. IPW Sub=Commission. Rome.

The PW L.T. Chaplain Don Roberto MERLUZZI= T/II2985=CAMP 39= GREAT BRITAIN, has sent this following letter:

"" If for my age (I am over 50) and for having been nearly four years a PW, I had to be included in the number of the PW being repatriated, I beg you to let me stay in my place of duty, giving assistence to PW My unfortunate friends have to remain and I would be ashamed to abandon them here. I wish to continue the work I began, even if it costs me pain. I hav'nt got a family, as the others PW, and consi= dering that I am born in Northen Veneto (Udine) I could not go there now, to see my mother, a widow and very old, if she is not dead, as it is more than 2 years that I did not have any news. It is 8 years I did not see her, in ten years of military service. My age, the privations I had during the war I915=I9I8, and the 7 years I was in the Colonies , they help me to support the imprison= nment. I would be very happy if I could make concession of my place, until the liberation of my town, to some compassionate case; there are so many.

Considering the noble sentiments of Chaplain Don Roberto MERLUZZI, I beg the A.C. to inform the Competent Authorities, so that the above mentioned PW could remain as a PW to continue his noble work of spi= ritual assistence. 5738

Thanking you.

Answer to your letter IPW/1/19 regarding Serg.Maj. GUIDO Vincenzo PW in Algiers.

The wife, who requested his repatriation, was answered on April 27th light that this High Commissariat would take an interest in the case, but that she should not expect prompt result to her request.

Serg.Maj. GUIDO is a non-com. officer of the Reserve. His profession is "Civil Sanitary Assistent" of whom there a very few at the present moment in Italy. His repatriation would be very useful. Certainly as soon as he came back to Italy he would find work at once.

I propose therefore his repatriation.

2nd Lt. Doctor BRUSCHI Vittorio, who was at Valona (Albania) at the moment of the Armistice, escaped into the mountains where he joined up with the Partisans, with whom he is still now, in order to fight the Germans.

I recently received a letter, through a British officer, of Lt. BRUSCHI who declares to have reached the extreme limit of my endurance, because since months he has suffered from rheumatism and of colitis with haemorrhages from piles. The officer depends from the "Komanda e Ushabit Zones" Valona - Argirocastro (Albania).

I would be very grateful to the Sub-Commission, if you would mention the case to the Allied Authorities in Albania in order to induce them to examine the possibility of the repatriation of 2nd Lt. BRUSCHI.

" My health is bad, as I suffer from brain haemorrhage, and it is getting worse and worse: that is partly due to the fact that my son has been a prisoner for a long time, and he was my only support both economical and moral.-

Now I am likely to die before I can see him again. Therefore I apply urgently for him to be repatriated (I beg to emphasise this urgence).

My case is a very compassionate one, and I beseach you to consider it with humanitarian feelings and not to refuse what I am asking for. TRANSLATION

TO: The High Command for Italian Prisoners of War,
Algiers, Algeria.

I am the Mother of (Medical officer) 2nd Lt. BOTTARI, Antonio, son of Gaspare, taken prisoner in the vicinity of Pozzallo, during the Allied invasion of Sicily.

I am an invalid of many years and a widow, left alone deprived of any assistance, comfort, exasperated by the need of pity. My three sons to whom my thoughts turn constantly are very far away: Matteo--Lt. in the Artillery Corps. has been a prisoner of war in India since December 1940. Antonio--2nd Lt. in the Medical Corps. of the Royal Army is a prisoner of war in Algeria. Nunzio--2nd Lt. in the Artillery Corps. has joined the Patriots in the vicinity of Piedmont.

I feel that sorrow is winning me, not even in crying am I able to find comfort. I am left but with one thought, that is, could the Honorable Command concede to me the privelege of seeing my son Antonio again. This hope is made vivid since having received word that many doctors who are prisoners of war in Algeria will be repatriated. If among these there could also be my son! This is the live prayer that a suffering Mother who needs the help and assistance of her doctor son sends to you.

In the live hope of its being granted I transmit the following data necessary to trace him: Auxiliary Medical Officer, 2nd Lt. BOTTARI, Antonio, son of Gaspare; born 1913 at Messina, Sicily; taken prisoner during the Allied invasion of Sicily and interned at P.O.W. Camp #11, Algiers, Algeria.

I confide greatly in the comprehension of this Honorable Command and hope faithfully that my prayer will be granted. I add that my son before being re-called into the army practiced Medicine, had the third conduit of this city as is shown in the attached certificate.

Messina, 30 September 1944.

Rome, 24 November 1944

To : IPW S/C, A.C.- ROME

Subject : Captain Carlo Speziale
PW in camp 126/2 - No.81-1-50170

The engineer Captain Carlo Speziale, PW in North Africa - Camp 126/2 No.81-1-5017, is included as No.1054 in list A of the fit personnel of the 6th and 7th Repl. Battalion that the Americans have in the region of Oran - Algiers.

The above mentioned officer is about 50 years old, he has suffered a long time with chronic appendicitis and has dyspepsia too, because nearly all his teeth are missing.

For these reasons, and as the Captain Carlo Speziale in private life is an engineer, I beg this Commission to ask the qualified Authorities to take an interest in his repatriation, specially because he could immediatly find a job as a civilian which would mean a decrease of expenses for the Italian Government, as at this moment the above mentioned has the right to all the allowances inherent to his rank and he is not working at all.

Subject: Repatriation of PW Luongo Mario fu Domenico, T/905
1X Camp; Bombay - India

Referring to your kind letter of the 30 of October No. IPW 1/ID/115 I thank you. When we are assisting to the repatriation of PW that have been recognized sick and do not present the symptoms as grave as my poor brother Mario, please let me have the right to register a prayer to you and to your kindness.

My brother, as I have already said to your honor is in a hospital for the mentally sick - It seems that my relative is in this state of mind because of being kept in the enclosure for such a long time, over 4 years in a PW camp.

The fact of being trapped, is up setting and is an undermining his mental faculty and his nervous system.

This would mean that the condition of the subject will increase for the worst, if repatriation cannot be granted soon. This is also the opinion of the Doctors that are curing him. In my judgement he should be repatriated at once so as to prevent for the sick person to be incurable or cronic. To keep Luongo Mario in this condition would only mean to loose a human life.

I am sure that your honor will do what is utmost in his power to have the said Luongo Mario repatriated. Thanking your honor for his kind and urgent attention on this matter, I may add that all my family is joining in thanks, they too; remain of your honor sincerely.

Subject: Request for the repatriation of Lieutenant doctor Walter Galeno

To : Allied Commission IPW Sub-Commission

Rome

The family of Lieutenant doctor Walter Galeno - PW No. 20884 - Italian Medical Officer No. 3 PW Camp (group I Hospital No.2) c/o G.P.O. Bombay (India) - sent to this High Commissioner, a request, which has been approved by the competent authorities, saying that:

1) The PW's mother is a widow and is affected by cronic nephritis.

2) The PW's sister, his only relative, is unable to work because she is too weak.

3) Their house in Caserta has been destroyed by bombing on September 16th 1943.

4) Their financial conditions are very poor because Lt. Doctor Galeno was the only one to look after them.

5) Lt. Doctor Galeno has been away from his family since 1939 and has been a PW for the last four years.

I ask the Allied Commission to kindly examine this pitiful case and, if it is possible, to interest the proper authorities so that the above-mentioned PW should be encluded among the sick personal to be repatriated from India.

Giuseppe Maria SCHININA', paternity Raffaele (deceased), possident, dwelling and residing in Ragusa, Via Vittorio Veneto, 322, states that his son Lt. Vincenzo SCHININA PW since July IO 1943, and at present in PWC I26 (Oran) with ISN-81-I-46765, is indispensable for running and administrating the estates of his family. She notifies also that, because of her poor condition of her health and because the other son is at present Prisoner of War in German custody, the estates are going to ruin. Io qui sottoscritto medico-chirurgo certifico di avere in cura da molto tempo per fatti di miodardiosclerosi con probabili fatti di coronarite e conseguenti crisi stenocardiche, il signor Giuseppe Schininà, padre del Ten. Schininà Vincenzo, prigioniero di guerra in Algeria. La malattia, che implica permanente pericolo di vita, richiede il più assoluto riposo fisico e psichico, e non permette al paziente di accudire alla propria azienda agricola.

Per uso militare.
