TO THE QUESTORE DI ROMA :

Then undersigned Dr. Corrado Gallo, asks for your intervention at the Allied Commission for the expeditious repatriation of his cousin Lieutenent Schemmari Carlo of the medical Corps N°T./181012 P.W.O. Camp.211 Algiers, as it is a really compassionate case.

Prisoner since July 1943, he lost his father on July 1944, and the inheritance is now in the hands of strangers as his mother is nearly blind and he has no other relatives but a sister with three children.
Due to her very poor health conditions his mother needs very badly all the assistance from her son.

He has already been included in the 7th repatriation list and therefore we ask for a prompt interventof the Allied Commission for his expeditious repatriation.

I, undersigned, Gregorio Piegari, living in Via Giuseppe Dolfi No 9, FLORENCE, great invalid of the World War 1915-18, amputated of both legs to the third superior part, unfit for any kind of work, have the honour to request a great favour from your kindness, to send back home my only brother, Piegari Nazio, No 38818 private No 125, who has been a POW in England for four years.

I have always considered this brother as a son. He is the youngest of 11 children, four of them dead, part of them married. During his imprisonment our father died and also one of our brothers (volunteer in the Death Battalion 1915-18) had had his feet frozen, but this was not acknowledged and thus he died, leaving a wife and three children).

I am married but my wife is so ailing that she needs herself to be helped and taken care of. Now the new Government has suppressed the orderlies to us invalids I am alone. I badly need to have a man to help me. I am not able to do a single thing alone. We cannot afford to keep a servant, during this War we have been ruined me pensioned off people. We have been obliged to sell household furniture and our small savings have been absorbed by illness or requirements of old age. We are the most sacrificed part of the population, with only 56 liras per day since September and exaggerated cost of living we have suffered, even hunger.

I beg from your kindness to give me the consolation to have my brother back with me to brighten so many troubles moral physical and financial. The good Lord will reward you.

Hoping this request will kindly be granted, I thank you in advance,

Yours faithfully,

MEMORANDUM FOR THE ALLIED COMMISSION

SUBJECT: Signor Verita' - Interned by the Allied Authorities at Caserta

The Ministry for Foreign Affairs earnestly wish to acquaint the Allied Commission with the case of the Italian soldier GiuseppeVERITA', an internee of the concentration camp at Caserta, controlled by the Allies.

The father and seven brothers of the applicat, all peasants, were barbarously slain by the Germans on November 7th 1944, and their house destroyed with all their belongings at Vecchiazzano 127, a suburb of Forli'.

The applicant was deported to Germany, whence he was later transferred to Piedmont; he subsequently managed to escape and cross the lines into liberated Italy. He was then captured by the Allied Military forces and interned at Caserta.

The applicant's mother, who has no other relatives and is obviously in no condition to cultivate alone the farm, sole means of support of her family, has addressed herself to this Ministry in order to obtain that her only son left, aged 21, be released from internment and authorised to return to Forli'.

The Ministry for Foreign Affairs need not emphasize the particular urgency of the case and beg to recommend it warmly to the competent Allied Authorities in order that Giuseppe VERITA' be released early as possible.

A reply on the matter will be much appreciated

FORM: Mrs. A. COTTONE
Via Enrico 35, Palermo.

TO : Commanding General,
Allied Force Headquarters.

Dear Sir,

This is an appeal for the repatriation of the prisoner of war, Cottone Girolamo, a major in the Italian Army. Said individual has been detained for almost two years and is most despondent for the delay in repatriating him while many of his colleagues in the same status as his have had the good fortune to be repatriated and to return to their homes and to their dear ones.

Family reasons compel me, the subject's wife, to make this appeal to you which I am sure will not go unanswered. I am a life invalid being subject to an incurable heart ailment termed irregular cardiac functioning; besides one of my three children, a boy of 17 years old, is afflicted with a serious case of richets. My husband's parents, Mr & Mrs. Ernest Cottone are old in life need; formerly they received regularly from financial help from their only son. I am ready if you deem it necessary to corroborate my statements with legalized documents. The date of the prisoner of war in question follows:-

COTTONE Girolamo, Major in the Italian Army
Nº 81-I-50062, Camp 115/D Naples; Italy.
Taken prisoner at Petralia Soprana on July 24, 1943.
Date of Birth: 15 Nov, 1896.

I hope and trust that you will take the necessary steps to repatriate my husband since he has become indispensable to both me and his parents. There is no doubt in my mind that your answer will be favorable now that the European War has come to an end. I have been told that with the cessation of hostilities nothing would stand in the way of the Allies repatriating the few prisoners of war still stationed at

P.S. If it is possible, I should like to know ifa prisoner of war stationed in Kenya will have the good fortune to be repatriated in the near future.

HIGH COMMISSIONER FOR PW

Rome, 8 February 1945

File No.20227

To : Allied Commissioner,
ACMS

Subject : Repatriation of PW JACOBINI Filippo - 156181 - PW Camp 208,Algiers.

Mr. Giovanni JACOBINI, father of PW has informed us of the sad conditions of his family.

On controlling this case we find the family is composed as follows:

JACOBINI Giovanni, head of the family, aged 58, an invalid and unable to work in consequence of a street car accident.
DAMIANI Anita, aged 59, mother of PW, sick with diabetes.
JACOBINI Vincenzo, aged 83, uncle of the PW unable to work.
DAMIANI Tommaso, aged 56, uncle of PW an invalid and lame.

The economical conditions of the family are very bad as they have no relatives to help them and live with the military allotments of L.600 per month. They own a small bit of ground, damaged by the war and that has remained uncultivated as there is no one in the family able to work it. Only the return of the PW could be of aid in this critical situation.

We beg this Commission to examine this case which is exceptionally compassionate, and accord this repatriation of PW JACOBINI Filippo who is in the category of protected personnel, being a soldier in the Sanitary Corps. On his return he could go to work as a peasant and help his family.

I, the undersigned, P.O.W.No.34362 Sol. ANNIX Michelangelo, on strength of 2640 Italian Company, hereby request kindly to take into consideration the deplorable situation of my family and to recommend to Higher Authority my release and repatriation after my having served a period of approx. 5 years in captivity.

I am married and father of 3 children of 7, 10 and 14 years of age resp.

I have learned from letters addressed to me by my relatives that my wife is leading a disreputable life, utterly disregarding her conjugal duties.

Considering the tiny age of the children and with a view to bringing to an end their neglect as well as their removal from an immoral surrounding, my presence at home is urgently required; I hope, therefore, that this application will be transmitted with a recommendation to Higher Authority and that consequently my repatriation will be granted.

With my thanks in anticipation, I am,

Sir,

Dear Sam,

In answer to your dear letter I am glad to hear that you are well but I am awfully sorry for the irregular you are making me.

As far as the reputation of your family is concerned, I am not to be blamed for; you well enough that your wife to realize that she thinks herself superior to anybody and consequently she will not have anybody to look after her reputation but herself, not I expect is I had enough of quarrels with her. I had a good lesson the last time, when having reprimanded her, she denounced me to the Public prosecutor and I was fined Lit. 1800.- with regard to the lady's provisional release, this was caused an intervention of a friend of hers, and will come to know it later she it was only by to work such an interest in your wife's other affairs too. He is the man who asked and forced me to bribe to us your children, whilst she was detained, who for about 2 years - on their mother's explicit defence - did not come to my house. On her release, your wife came to me with the sole purpose of taking back your children, but when she made a habit of coming regularly, I forbade her to come to my house and she children by it.

I should mention to you that twice a week she goes to Sicerman but I do not know what for. There are many other things I do not want to mention to you, as I do not want any troubles with dangerous people.

One thing, however, I should say to that, for vengeance, she made escape your sister with her fiance' and so for the reserves for her have no result. Your lady and her two brothers are the causes of all the disorder start on my family and so to the former teach the wife of your brother Alfonso to disrespect her sisters-in-law.

You say that you want to come back solely to take away your little Pierandjadini, the child says she will stay on with her mother as she does not know you. Your children are destroyed by their mother and when they disobey she beats them to death.

Now, if you care to save your reputation and your captivity allowance too, let me have your power of attorney and I shall try to obtain for you a legal separation and abrogation of payment of your allowance to your wife. I am quite sure that upon your return you will not find a penny of the savings you sacrificed your life for. Besides, you may look upon things that happened in the way you wish, my social reputation is still safe and to by no means such as some people described it to you in some formal and unjust letters.

1899

If you care for it you will have my paternal affection as long as I live and be sure that my aid will be a honorable one - you may count on it 100%.- Regards.

DECLASSIFIED/RELEASED

Arthur Ransome

29 - 1 - 1945.

Dear Donald,

I answer your dear letter but you will hardly imagine my pain as I realise what you may be suffering yourself. But, Dido, it should not hurt you so much, as you cannot be blamed for it; you should neither think of your children nor particularly of little Pimpernin. Listen to me and do not dwell in your present position for anybody, as you are so far away and in need of comfort yourself. The children still have their mother and when by grace of God I am I will be back, you will be able to see with your own eyes mother and children, as you will hardly believe what I have to say.

When your daughter Dido, although a child of 5 years of age only, learns to keep her mouth shut and she will give away a secrets as if she would be a grown up person of 30. Dido - that when I imagined her many certain things, she answered that she was sorry to say anything, but her mother instigated her mind as thereby her wife a brave child. Again, Dido, once in an evening when the child came to me and I had to keep her indoors, as it was raining at the time, my wife came to me, and at a sole glance of her mother the child started to cry and did not want to go back with her mother saying she was afraid of the lions in case I was told beneath. So - there she left, she should do as I have to the child. The truth is, however, that she did study her mother when the child came to me on the following morning to make a hole-up she dropped in my shoe and I asked her what on earth it is, she did not answer, but started crying. When I took her diary to go her dictation, they were blind - like and - with bruises. So I wrote her a epistle during her stay she did to the child and believe me, it wouldn't be for the child, but her torment might deny, or not even a leg should be treated the way she treats the child.

The reason for all this thrashing was that somebody else she expected to come in her bed and turn to that night. Nevertheless, I failed to obtain a single word out of the child, as to what it was all about. I am sure she has a lot of more blows to come. If you think that the child will tell to you, no Sir, you will be busy if the children will follow you at all; they say any that they only know their mother and will not leave me. To make them leave their mother they should know the extent of the evil their mother had done me in still being in the whole family as that could fill up to 1898 me if anybody would dare to write it down.

Now, your baby was travelling back a week to discover, under pretences of getting down supplies for her confinement and signs whereon, with the excuse of have shutting all doors of any right to until midnight. When the Ambassadress was stopped, she started a visit and incidents happened

and got used to all kinds of evil dealings. One evening it happened that the pair got drunk at her house and insulted and beat-up one another.

Despite what people have to say about your cousin Pamela you should bear him no grudge as this talk about the dealings they had together, is pure gossip. His only fault was that he did not want to listen to anybody's warning and had gone to her place.

Instead of sending the children to us in her absence, she used to lock them up, and when I reprimanded her for doing so, she was even boasting that she was glad the children obeyed her orders. She trained them so well that they did not even dare cry and this suited her very well over which she took the thin life in the flat.

Considering the fact that she is native to 5 children and behaves herself in the way she does in the absence of her husband, it is quite easy to get the law on your side. Therefore, Mike, get busy to obtain the stoppage of her allowances so that your children might enjoy it and she might be stopped from squandering the money on her pleasures. You will have the opportunity of seeing sure, before I told you a single lie. I am mother of 5 children myself and I should say I have suffered a lot on your account.

Regards for to-day, by heartiest greetings from your cousin

(sgd) [illegible] Pam cousin.

Dear Colonel

Is it possible to give some priority of release to the undermentioned prisoner of war on the grounds of the assistance his whole family has given to allied prisoners of war, and their consistent anti-Republican attitude.

S. Ten. Antonio GOBIO
Matr. N. 116557

One brother, Count Gobio Casali was working with Patriots all through the winter, and is now commanding the Patriots of the Province and organising their demobilization.

Another brother was executed by the S.S. and other brothers and sisters have been imprisoned for their pro.-Ally attitude.

The undersigned,Angela Carta LA VIGNERA,widow,54 years old,mother of the Prisoner of War LA VIGNERA Gaetano,2nd.Lt.,ISN.81-I-60770,makes the following statement:

The undersigned has lived in Tunis since 1925;she has been a widow since 1923 and has two children,Josephine and Gaetano.Josephine is in Sicily and Ihave not seen her since 1939;Gaetano,prisoner of war,whom I saw after about 7 years.

During those hard years,deprived of all affections and news from my absent dear ones and having known about the loss of a sister and a nephew by bombing together with all our property in Pantelleria, I became sick and on several occasions nearly died from serious heart attacks.

Now my health is worse and I am also losing my eye-sight;from the medical certificate wich I submit, you can see that the undersigned has need of much assistence and the only near relative is my son Gaetano.

I have been ordered by various doctors not to work because of my weakness and the only support could be given by my son.

In view of the above reasons I beg ypu Sir,to consider favorably this request for the release of my son Gaetano who ~~with~~ will still be able to give a little longer of my life to my precarious existence.

Thanking you for your considerations

The undersigned Malanca Irene ved. My son was taken prisoner in Sicily on august 1943 and , at present , is interned at following address : "Camp 304 c/o.Chief P.O.W. Postal Center Middle East , F.P.O.N° 410152 = Name Morandi Ermanno , rank 1st.Lt.".

As it is shown on the attached statement the only other member of the family is my daughter Anita who has no administrative experience and for this reason I'm requiring the presence of my son Ermanno , who in the past was collaborating with his late father in said administration.

In short my son is necessary for settling our business of everything concerned with it.i.e.sowing,crops,hay buying and selling etc.which cannot be done , not even in part , by the applicant because inexperienced and sick.

Hoping that my request will be answered , I thank you in advance

Io 419520 Soldato BARTOLINI Secondo chiedo che per gravi motivi di famiglia mi venga concesso il rimpatrio.

Dopo l'assassinio dei miei due fratelli per mano dei tedeschi a casa si trova solo la mia vecchia madre ammalata, mia moglie con due bambini di tre ed otto anni e mia sorella minorenne.

Dell'altro mio fratello superstite da lungo tempo non si hanno notizie di sorta. Unica fonte di sostentamento della famiglia erano alcuni ettari di terreno che ora restano incolti.

Allego una lettera del rettore della Chiesa del mio paese.

TRANSLATION

VILLALTA 22nd April 1945

Sir,

may I apply to you for such a serious thing that it needs only to have a heart to understand it. The granades did not cause much damage to our family, the bridges had been already blown up and the Germans had flown away; the joy to be induced the brothers Michele and Domenico Bartolini, both of more than 20 years of ago, to go and have a look at the hole caused by the mines near the house; two german beasts, on seeing them from far away, came back; the two brothers calmly waited for them innocently under the portico of the house. For those blood-thirsty hyenae the innocence was not good, nothing was good; with two rounds of tommy-gun they killed those two flowers of youth in their house, before the eyes of their mother, only beceuse they were innocent and without malice. The atrocity of this deed does not need any comment.

Sir, the poor ill mother will hardly be able to endure such a pain; she is a widow and the chief of the house is far away. He is her son Bartolini Secondo. I beg that at least she may be able to see the son left to her. Please, do consider such a great disaster.

We beg that, before repatriating him, through the Padre or other priest, he may be given some hints about what has happened in order to prepare at least partially.

Certain that you will mitigate such a greate misfortune, we thank you from the bottom of our hearts.

May I, soldato Bartolini 419520, ask to be repatriated for compassionate grounds.

After the murder murder of my two brothers by the Germans, at home are left my old sick mother, my wife with two children, aged three and eight, my underaged sister.

We have no news at all of another brother since a very long time. The only mean of earning a living for the family are some hectars of ground which are incultivated.

I enclose a letter of the Rector of the Church of my town.

Sarnano 1.5.45.

The undersigned applies to this Command for the discharge of his son Polucci Angelo Caporale maggiore number 9889 - Prisoner there.
I the father, Polucci venanzio, and his mother Moroni Regina, are both too old - I am 78 years old and the mother 74.
Applies with prayers that as soon as possible the son will be given back to civilian life, even for the **necessity** of agricultural work belonging to us that we are old and unable to manage to work.
The undersigned believes that this command will grant such a favour.
He remarks that his son is in the army for about six years - now that the Allied forces have destroyed the traitor fascist government, governemnt of ruin, and, in consideration that the other son of mine **is** a prisoner in Germany over two years **without** giving any news, he believes to merit the consideration of this command for the pain that parents can have with two sons so far away and on whom the old parents had hope of being helped.
With the passing of the Germans we lost the necessary food also, besides of having had the peril of losing life, owing to the attempts made by the Germans.
