Mr. MINOTTI Arturo, actually a Prisoner of War of the Allies (Chief P.O.W. Postal Centre Middle East No. 322484) is an employee of this Intendenza di Finanza and specializes in the Dept. of Cash Deposits and Loans, and Public Debt. In the year 1942 he was ordered as a Finance Officer with a Military Army Corps operating in Tunisia in the capacity of Cashier.

Being that now the Public Debt service has started to function and said MINOTTI is the only functionary capable of rendering this service, I ask your honor to interest the proper authority so that MINOTTI can re-enter at the Intendenza di Finanza of Campobasso which needs him very urgently.

Hoping that your honor will provide for this, I wish to express my thanks.

HIGH COMMISSIONER FOR PW
Military Office
File No; 19315/I/C.1

26 October 1944

To: A.C.
ROME

Subject: Lt. ALFANO Francesco (Med. Off.), PW No.172220, Group 2,
Hospital PW, C/o C.P.O., Bombay.

- 1/. We beg you to kindly take into consideration the case of the above PW detained in India. Dr. ALFANO's family is composed of his wife and two children. It is in a very difficult financial condition, due to the long absence of the head of the family, who is PW since January 1941. The wife of the PW who, for about four years, was the only support of her two children, suffers now from neuropsychos-athenia, and the general state of her health does not allow her to deal any more with the education of her children.
- 2/. Owing to the peculiar condition of his family, as well as to the fact, that the PW belongs to "protected personnel", we ask for the repatriation of Dr ALFANO, who could be assigned to escort sick PW during their repatriation.

The High Commissioner

ALLA COMMISSIONE ALLEATA

R O M A

1°) - Pregasi esaminare con benevolenza il caso del Tenente medico ALFANO Francesco, prigioniero di guerra in India, qui sotto prospettato:

- La famiglia del dottor ALFANO è composta dalla moglie e due figli e si trova in difficili condizioni economiche a causa della lunga assenza del capo di famiglia, prigioniero dal gennaio 1941.
- La moglie del prigioniero, che per circa quattro anni ha dovuto provvedere da sola al mantenimento ed all'educazione dei due figli, è ora affetta da neuropsicastenia ed il suo stato generale non le permette più di occuparsi dei figli stessi.

2°) - Si gradirebbe, pertanto, date le particolari condizioni della sua famiglia, la sua lunga prigionia ed il suo stato di appartenente al "personale protetto" se volesse, ove possibile, far rientrare dalla prigionia il dottor Alfano in accompagnamento di prigionieri rimpatriati per malattia.

Bombay.

1/.

We call your attention to the case of the above Italian Reserve officer, PW in India, who asks to be transferred to Addis-Abeba, where his family lives.

2nd Lt. FOULLIER, cl. 1903, served in East Africa and was assigned to the motor group of the R. Government of Galla and Senna; he was captured at Gima on June 21st and transferred to an internment camp in India.

The wife of the PW, Mrs. Gabriella FOULLIER-RIOLO, c/o G.P.O., Addis Abeba, could not be repatriated in due time, owing to the precarious condition of her health. She lives now at Addis Abeba with her daughter, and has no morale and material help whatsoever.

2nd Lt. FOULLIER asks to be allowed to join his family at Addis Abeba, so as to be able to resume his work and to give his family the necessary support.

The undersigned, PONTILLO, Mario, son of Giacomo, living at CICCIANO (NAPLES) with the Castoria family in Via Olmo 6 requests a favor on behalf of his father and family. He was, in fact, arrested in ROME on 3 August 1944, charged with having sworn allegiance to the Germans.

Examined by the mixed Italian and Allied Commission, he was exonerated because it was found clear and evident, as you also verify, that he had always been active in favor of the patriots and against the Nazi-Fascists and has never sworn allegiance to the latter. The Italian Repatriation Commission, on 17 September 1944, issued the order regarding Lt. Col. PONTILLO, Giacomo, father of the writer, who, in the meantime, on 24 August had been interned in POW Camp 209 at AFRAGOLA.

As yet he has not been freed because authorization from this Headquarters is required.

Therefore, the undersigned begs this Headquarters to take the necessary action, bearing in mind, in addition to his inconvenience, the precarious conditions of health of his father and certain members of his family as certified to by the attached medical certificate.

Many thanks/

(s) PONTILLO, Mario.

ACTIVITY OF LT. COL. PONTILLO GIACOMO FROM 8 SEPT 1943 to 4 JUNE 1944.
Interned in PV Cam. 209, AFRAGOLA.

Lt. Col. PONTILLO GIACOMO, Administrative Branch, returned with his family in May 1943 from the Aegean possessions after being there for six years. He was assigned to the Administrative Headquarters of the Rome Army Corps and from 1 July, specifically in the Administrative Office.

Since its establishment (1921) said office had been held by a civilian official, and was assigned to the above mentioned officer for his previous experience and his particular technical-juridical knowledge. In fact, Lt. Col. PONTILLO was assigned duties by Commander TREVISANO, Chief of Section of the War Ministry and undertook the work that may be summarized as follows:

(a) Administrative Duties: Transactions regarding automobile accidents; safeguarding the interests of the Government in litigations concerning such accidents; reports on behalf of the Government, etc.

(b) Opinions on interpretations of laws, regulations, etc.

(c) Matters of assistance, especially dealing with families of prisoners, lost, dead (subsidies for the transportation of bodies, advances to families) etc.

(d) Administrative responsibilities: The work continued with the usual application and on 8 September, Lt. Col. PONTILLO, remaining at his post to avoid the sacking of the files as had happened in certain cases, he saw his office become filled with all Administrative Officers and with those holding administrative positions in the Army Corps who had been released by directives and instructions.

To save what could be saved among such disorder, the settlement offices were cared for and PONTILLO intensified his work of assistance and provided to gather the elements for retrieving the lands and material lost by the occurrences of 8 September.

In the meantime, the new Fascist Army was taking form and PONTILLO invited by some General Staff Officers to take an administrative position with the General Staff refused categorically remaining assigned to the open city of Rome - performing the indicated duties with all his files plus the administration of monies and the revision of accounting procedure for establishment of the open city, all having the form of assistance units. In fact, the establishments administratively dependant from the administrative-accounting office directed by PONTILLO were the following:

The CELIO HOSPITAL, the RAIDI HOSPITAL, the Center for the Wounded, Rome District II (minus recruiting office) with the allowance liquidating office for the assistance of Italian military families, Commissariat Office, bakery, food warehouse, administration office. The above mentioned establishments, as already stated, having the function of assistance, were instigated, authorized and employed by the personal work of Lt. Col. PONTILLO who, in harmony with his sentiments, with his underground activities, carried on either with the RAIDI military organization or with the DEMOCRATIC LABOR PARTY, provided:

- 1 - To grant authorization for payments, indemnities and loss of baggage without documents of proof to patriotic officers and those who were guerrillas.
- 2 - To organize assistance for the families of prisoners and internees together with Major BRUSCOLI of the Allowance Liquidation Office and with Major GRAP-ELLI of Rome District II.

Thousands of families were made capable of obtaining a living; although the majority were without documents proving their right.

3 - To permit the CELIA HOSPITAL and Rome District II to pay convalescent allowances to officers of any branch who were known patriots without ever asking their status.

4 - To permit the BALDI HOSPITAL to admit numerous partisans among which two Royal Carabinieri Officers (GRASSINI) organisers of groups of the resistance underground front.

5 - To permit the BALDI HOSPITAL to earmark fund, linen etc, issued to the new Army on 5 June 1944 as can testify Captain PASQUA and Lt. SACCELLIERE.

6 - To earmark a billion lire on the special accounting and 12 million in cash that were consigned to the Royal Army as can be verified by the statement of receipt prepared by Captain BATTAGLIA and files in the Presidio.

7 - To favor all underground work carried on by the Quartermaster Delegation (Statement by Lt. Col. MANCO); to favor the organization of the BALDI HOSPITAL and become a member of the Democratic Labor Party as certified to by the attached certificate and communication sent to the Ministry of War under date of 3 August 1944.

8 - Finally, to issue an order placing into a pool all monetary advances that were allowed officers who in a thousand ways were avoiding, by remaining in Rome, the order to transfer North.

Therefore, the entire administrative and accounting endeavor of Lt. Col. PONTILLO was carried on solely in favor of patriots, wounded and sick in the hospital, of the families of prisoners and partisans. No personnel or unit part of the Nazi-Fascist army has ever had any kind of relations with PONTILLO. This is clearly proven by the fact that all Junior and Senior Administration Officers directly and administratively dependant from Lt. Col. PONTILLO have not been among those that swore allegiance to the Fascist Republic, although the document states such facts and circumstances. For further verification we refer to Lt. Col. SUGLIA and Captain BEVILACQUA del CELIO, de FRANCESCO, MARLETTA of the Allowance Liquidation Office, Major GRAPPELLI of Rome District II and finally, Capt GIANUZZI and Lieutenant QUARTO and SAPORE of the same office and directly dependant from PONTILLO (All regular Army Officers).

Lt. Col. PONTILLO's sentiments are evident not only from his career record but are brought to light by what follows:

He has a family in unfortunate circumstances; he has five children one of which has infantile diabetes and the wife sick with paranoia.

Of the two senior children, one is a Lieutenant of the Royal Carabinieri and the other is a second year Cadet at the Military Academy of Modena. Both have been hunted, condemned to death and have been active in the underground front supported, incited and upheld only by the father.

On June 4, 1944, the son who is a Lieutenant of the Carabinieri resumed his duties under the Allies and is now with the fighting troops; the second who has specialised in tanks has offered his services and is waiting to be called to offer his contribution in the struggle for liberation.

Lt. Col. PORTILLO has always lived only on his salary and his family has always suffered and suffers now dignified hunger, even because he spends over Lire 100 per day on insulin alone to keep alive his diabetic youngster. By so much adversity has not shaken his high sentiments, his attitude. PORTILLO, at 52, is in administration because pitted by a pernicious form of anemia gotten in war, as certified to in attached certificate, has given his all to the underground movement by his direct action and by not making his two senior sons fight.

Therefore, on 2 February 1944, when he was asked to swear allegiance, he decided to resign from the service as will testify the officers of the Delegation. He remained in the service only because he considered the open city as a de facto unit having neutral status and for purpose of assistance and principally because his underground activities were solely directed to aiding of wounded personnel, sick and families of prisoners who would have nothing to do with the republican pseudo-government.

Never, in fact, in deference to the republican organization, were acts of adherence to the said Government requested of him or other officers in the open city.

Therefore, on 9 February 1944, together with all the other officers, PORTILLO did not swear allegiance either orally or in writing.

Lt. Col. MANCO, Chief of the Delegation, however, after having stated his true sentiments and made it clear that he was authorized by the underground movement and the Allies stated that all the officers had sworn allegiance and such formality carried no responsibility, but rather was necessary to avoid that the organization be dissolved because it was so advantageous to the patriots. All the other establishments and all Administration Officers etc were similarly controlled. In conclusion and by way of resume, PORTILLO by continuing in the same administrative and accounting capacity after 8 September 1943, he saved all the legal files that represented enormous interests for the public treasury; he made possible the search for money and material hidden or lost by the armistice. He has aided thousands of families of prisoners and interned, many patriots. He earmarked a billion, saved the Office organization; he strengthened the Internal Front by all the payments he ordered made as can be verified by the accounting records turned over to Captain BATTAGLIO appointed by the presidium (General TAMASSIA).

Furthermore, he took part in the organization of the BALDI HOSPITAL, of the Democratic Labor Party (Card No. 2429) while his sons were guerillas, fighting for the liberation.

I submit that during 1942-1943 at Rhodes, where I was stationed as reserve Medical Captain, I examined Col. GIACOMO PONTILLO and found him to have a pernicious form of anemia, verified by repeated blood tests. In Rhodes, due to this sickness, Col. PONTILLO underwent, in addition to hepatic therapy, even blood transfusions.

In Italy during the latter part of 1943, I re-examined Col PONTILLO and although the continued therapy caused an improvement of the more salient and grave characteristics of the grave malady, nonetheless, I still noticed serious traces of anemia. In fact, Col. PONTILLO - through hematological examination by the authorities of the Governor of Rome - obtained provisional allowances.

The attached certificate is being prepared upon request of the family, to be used as specified by law.

I certify that Mrs. PONTILLO Gasperini Maria, living in Piazza della Pilotta No. 3 has been examined by me and found to suffer from grave neurasthenia accompanied by anxious crisis and melancholy periods. Such a psychological state has been in effect for a long time and during this period has been aggravated due to family disturbances.

In her present condition, the patient absolutely cannot fulfill the ordinary family activities but rather needs someone to care for her, to prevent possible grave consequences.

Allow me to call attention to the fact that family happiness is one of the necessary environments required for the improvement of the above mentioned sickness.

I, undersigned Maria Lamanuzzi of Francesco, resident in BISCEGLIE (Prov. di Bari) - Via Bari #1 - ask for release and repatriation of my husband - DI LIDDO Pietro now P.O.W. in Oran (Algeria) ISN. 81-1-30896 - R.Estraton S.A. #P.O.W. Enclosure No. 126 - for the reasons I am going to explain:

- 1) I have been sick for the past two years, suffering of Nephritis and chronic Myocarditis as the medical report here attached shows.
- 2) Nevertheless these diseases, that need special cures and an absolute rest, I am obliged to work (even if I know that in this way I run into risks for my health) because I must feed two kids and I can't act otherwise.
When I am obliged to stay in bed, in the period I feel worse than usually, I have nobody who looks after my poor children.
- 3) Owing to the absence of my husband I can't farm a bit of ground that previously, we together used to, for the purpose of raising foods for our family.
Now I am no more able to go on in such a work owing to my serious health conditions and I have to hire some workmen. In this way I don't succeed to get the family along.

I am sure that this Commission will take in consideration my request.

We beg to call to the attention of the A.C. the case of the above

a case of homosexuality.

Lt. CAMILLO, 50 years old, is sick and has been declared repatri-
able by the Medical Mixed Commission, but could not be shipped because there
was no room on board the ship directed towards Italy.

He was told to be ready to start last July; his luggage was taken

was called instead, due to a confusion of names; therefore, Lt. CAMILLO
Pietro remained for the second time in Algeria, whilst his luggage went to

to repatriate Lt. CAMILLO Pietro, as soon as means for transportation are

Si espone secondo quanto risulta a questo Alto Commissariato, il caso del Ten. Pietro CANNIZZO, pdg. in Algeria, che, proposto per il rimpatrio, questo non sarebbe ancora avvenuto per un caso di omomimia:

- Il Ten. CANNIZZO, cinquantenne ed ammalato, dopo essere stato riconosciuto tale dalla C.M.M., per una prima volta messo tra i partenti, ma non imbarcato perchè la nave era già completa.
- Nel luglio u.s. gli veniva comunicato nuovamente di dover partire ed il bagaglio fu portato a bordo della nave sulla quale avrebbe dovuto imbarcarsi. Senonchè all'ultimo momento al suo posto veniva chiamato il Ten. Col. CANNIZZO Giovanni, con la matr. del Ten. Pregasi, pertanto, cotesta Commissione Alleata di voler cortesemente effettuare i dovuti accertamenti e, qualora quanto sopra risultasse fondato, esaminare benevolmente la possibilità di far rimpatriare il Ten. CANNIZZO non appena le disponibilità dei trasporti lo permetteranno.

LELLI Antonio, PW No. 38674
PW Camp 356 "C", East Africa Command.

Her husband ~~went~~ to Africa in 1937 and had to return home before 1940, but, owing to the war, remained there and was captured in July 1941. She is in charge of 7 children, of whom the eldest one is 14 years old. She has not seen her husband for 7 years and has nobody who could be of assistance. Therefore, she is unable to support her family by herself.

s/ ROSSETTI Giuseppina.

1 Encl.: Family Status

This will verify the above and confirm that PW LELLI Antonio is the only support of his family, which has no financial means whatsoever and is, therefore, in dire straits.

1. This Headquarters was visited recently by a certain Col, Edmondo DE RENZI, who was formerly in SIM. A cutting concerning his activities at the time of the Italian armistice is forwarded herewith.
2. This man has a son, aged 19, who has very defective vision and is almost blind. In March 44, the son, thinking that he would be quite safe in being exempted because of his defective sight, visited a military doctor, since he had received calling up papers.
3. To his surprise, however, he was accepted and enrolled in the Fascist Republican Army. He was sent North and after a period of 2 months in hospital, managed to escape and crossed the lines in the Adriatic sector. He gave himself up and was sent as a PW to 209 PW Camp at AFRACOLA. A short Pro Memoria concerning him is attached herewith.
4. This is a case which would appear to merit release and is accordingly forwarded to you.

CASO 203 (AFRAGOLA - provincia Napoli)

colanto EMILIO MARINELLI (T. 228.010), nato a Cremona il dicembre 1924.

Nel marzo 1944 si sottopose a visita medica di arruolamento nell'esercito repubblicano, perché avendo soltanto 78 cm. di torace ed essendo affetto da principio difetto di vista (oggi pienamente rifrattivo che di recente) era certo di essere riformato. Fu invece incorporato, fattoubile, avviato al nord. Colà per circa due mesi ha simulato una sciatica nell'ospedale di Verona, ma neanche tale provvedimento ha servito a farlo riformare.

Al primi di settembre fuggì con alcuni compagni e ripartì presso una famiglia di contadini in provincia della linea, nel settore Adriatico, finché venne sorpreso dal fronte. Avvisti verso casa (Tolentino, nelle Marche) a poco venne fermato dalle autorità inglesi e provvisoriamente avviato in un campo di concentramento (203) per chiarire la sua posizione.

- 1/. Your letter R/512/6/2/1 subject "Italian Prisoners of War" is acknowledged. This Headquarters is sure that at the time assistance was given our escaping soldiers that this assistance was not given with the idea of receiving rewards or favors from the Allies.
- 2/. The question of the repatriation of Italian PW is such a large one, very definite rules have been made on the eligibility of groups for return. No special consideration is being given to those who claim to have helped Allied Soldiers.
- 3/. This latter policy was decided on to avoid a limitless number of claims for preferential repatriation - claims which neither this Headquarters nor any other could possibly check - and to avoid for individual cases, interruptions in the steady flow of returning Italian PW which already in October has reached 100 per day.

Your Excellency,

Lieutenant Col. Antonino Nardi was interned in 209 Concentration Camp at Afragola, near Naples.

He was wounded in the last world war and is now suffering bitterly from a serious wound in his lungs and a nervous break-down.

He is charged with having adhered to the Fascist Government, but he was obliged to give in his signature on the Fascist list, towards the end of March, while he was seriously ill.

His position is more of a civilian's than of a military man's; in fact, he is working for the Ministry of Public Labor ever since 1926.

I believe that Mr. Nardi is worthy of a kind consideration. It is a long time that I am acquainted with him. Hence

for The Governor

Capt.

III P.O.B. Camp

TO : C.O. 211 P.O.W. Camp.

SUBJECT : Repatriation.

I, the undersigned, T.25436 Soldato Giuseppe ESPOSITO, residing in Rome, Via Angelo Polissiano No.8, beg to submit the following application to the effect that I be repatriated on the following grounds:

In compliance with orders issued by the Crown Prince of Italy, whom I saw at Villa San Giovanni on the 28th May 1943, the C.O. of the 12th Quartermaster^(*) Company, Palermo, discharged me from service in the Italian Army, on the 28th June 1943. The discharge paper is not with me, now, for I handed it in to American Authorities. In support of my statement I beg to enclose herewith some letters showing that my discharge motives had been taken up for verification by the Regia Questura in Rome, on the 28th May 1943. On the 30th June 1943 I left Villa Gracia (Palermo) where my Company Headquarters was, in order to go home; while travelling I had an attack of malaria; in fact, I suffer from "chronic malaria and arthritis at scapula of right arm". A German truck picked me up at Ponte di Gracia (Palermo) and took me to the Italian General Hospital No.1 in Palermo, where I was stayed till the 27th July 1943; I was subsequently transferred to the No.3 Italian Military Hospital (San Lorenzo Colli - Palermo) for further treatment, as is evidenced by attached paper. American Forces took me captive on the 22nd July 1943 while I was a patient in Hospital No.1. On the 28th August 1943 I was discharged from Hospital No.3 and I was turned over to the 301 P/W Enclosure, Palermo. There I submitted an application and produced my Army Discharge paper in order to be released. Such a paper has never been given me back. But, since my residence is in Rome and since, on the 8th September 1943, Italy was occupied by the Germans, it being impossible for me to go home, I gave up insisting on my release. On my being transferred to this Camp, I submitted an application in order to be released and repatriated; but, perhaps, owing to want of data and details, it went unanswered.

The financial circumstances ~~xxxxxxxxxxxxxxxx~~ of my family are simply disastrous; its members are: my wife and three children, none of them being more than ten years old. Since my wife is affected with lung-consumption, as is evidenced by attached papers, she is unable to earn a living for herself and the children. My father-in-law died on the 30th May 1943, as is evidenced by attached letter.

Owing to above reasons, the Italian Crown Prince judged my case pitiable enough to order my discharge from service in the Italian Army.

3/9/1944.

The C.I.C.R. (Delegation of Palermo) brings to our attention the case of Dr. Antonio Lombardi P.O.W. in India -SIMLA- asking for his repatriation.

The above said officer is 51 years old, has been P.O.W. for more than 3 years and has 5 children. He is therefore in the conditions requested for being repatriated not only because of his age, but also for the length of his captivity.

I beg you to favourably examine the case and if possible to make the necessary steps to let him come back home with the first lot of ill prisoners of war from India.

I thank you in advance for information regarding the above which I shall forward to the Committee requesting it.

".... I never imagined that I should arrive to such a pitious end whilst being loyal to my oath and to my King. I escaped from Athens in September. For fourteen days I was in danger of being taken and shot to death by the Germans. If my feelings were Fascist or pro-German, I could simply report to the German Command in Athens. Instead of it, I challenged death, I abandoned my post of command, all my possessions and all my money; I exposed my wife Elizabeth and my relatives at Torino to reprisals or internment, according to the cruel German rule."

"..... I am an officer who for 30 years has faithfully served his country, has never dealt with politics and was animated exclusively by sense of honour and duty."

Letter of June 21st 1944:

".... When at Athens I made my decision, - which could also cost me death, in order to remain faithful to my oath and to fight against the Germans, I could never imagine that I would, instead, be detained here, in a POW camp."

Cara Eccellenza,

"Avuto ordine personale dal comando germanico di partire, non
ho obbedito e sono rimasto fedele al mio giuramento".

Lettera del 20 gennaio 1944.

"Dopo l'armistizio sono sfuggito da Atene ai tedeschi, affron-

Lettera del 2 maggio 1944.

"Non avrei mai pensato di finire così male quando in settembre
sono sfuggito da Atene fedele al giuramento ed all'appello del Re, ed
ho sfidato per 14 giorni il pericolo di essere preso e fucilato imma-
diatamente dai tedeschi. Se io fossi di gentili fascisti o filo-

di Atene!"

Invece ho sfidato la morte, ho abbandonato la mia posi-
zione di comando, tutto il mio corredo a denaro; ho esposto mia moglie
e balzano e la mia famiglia a Torino a rappresaglie o ad internamento,
secondo il crudele sistema tedesco."

Quando ad Atene ho preso la mia decisione - che poteva costarmi anche alla morte - per mantenere fede al mio giuramento e andare a combattere i tedeschi, mai avrei pensato che sarei invece stato trattato così, nei campi F.O.I.

- 1/. It is with regret that I cannot recommend the repatriation of the Prisoner of War Dionisius FAGIOLO on the grounds you have stated.

Subject: Repatriation of Lieut. LOMBARDI, Luigi.

1. The Italian High Commissioner for Prisoners of War has requested the repatriation of the undermentioned PW on compassionate grounds:

Lieut. LOMBARDI, Luigi,
Camp Saia VI,
No. 01225.

2. The mother of the PW is dangerously ill, and has no one to look after her. She has been informed that the conditions under which the PW in this Camp live are terrible, and this has reacted very unfavourably on her general condition.
3. The father of the PW, Colonel LOMBARDI commands one of the Italian units at present fighting with the C.I.L. in the line, and it is either a case of the son coming back or the father being released, as there is no other relative available to look after the PW's mother.
4. It would appear that it would help the war effort to better effect if Colonel LOMBARDI were left free to command his troops in the fighting line and the PW son repatriated, and for that reason I strongly recommend this release.

My husband Capt. of L.C. FINTIRELLO Angelo 39 years old, is a Prisoner of War, Camp 309 of Egypt, No. 325740, domiciled at Motta S. Anastasia (Catania) captured by the British on November 11th. 1943 during the landings in Sicily at the Centrale Communications of Syracuse where he was in service as specialist Marshal of the Royal B.Navy.

He was an antifascist since 1919. He suffered during twenty years of fascism, every kind of persecution hunger, penal procedures, etc. He was imprisoned in Catania jail and refused at the examinations of Reserve Officers of the Royal Navy. Since July 25th 1943, 15 days after his capture, he hoped that his long harboured wish to fight the Germans, may come true at last.

SUBJECT: Repatriation on medical grounds of Corporal
LUONGO Mario, son of the late Domenico
(T/908 XI Camp.)

In two letters, respectively dated 7th August and 16 September 1944, sent to the High Commissioner for Prisoners of War, the undersigned, LUONGO Raffaele son of the late Domenico, living in Naples, Corso Vittorio Emanuele N. 378, explained to the Commissioner the case of his half brother T/908 Corporal LUONGO Mario XI Camp. c/o G.P.O., Bombay, Prisoner of War since April 1941, as a result of the Allied occupation of Cherem (East Africa).

He explained this case because in his opinion every possible consideration is due. The undersigned states that a P.W. CAIATI Teodoro, Capt. recently repatriated from India, told him that the subject's name has been on the list of repatriables, for over a year and that he has recovered in Hospital owing to a nervous illness.

The repatriated P.W. could not give the cause of such illness, nor could he describe it, but he gathered, in several conversations held with the subject's doctor at the P.O.W. Camp, that the reason is to be found in the long term of imprisonment suffered (about forty-two months) and the fact that the subject was in Africa, away from home for five years before that. His bad state of health may also be due to (the climate and conditions of custody) The doctor also stated that the patient's state would surely improve, if repatriated.

CAIATI wrote to the undersigned on July the 20th. 1944:

" ...yesterday I saw Mario; I stayed with him about an hour. I talked to the doctor, who promised me to take his case into particular consideration, he stated that Mario would get better in Italy... "

The undersigned, received only today after two months a reply from the High Commissioner, stating that he has forwarded the case for consideration to this Commission. The undersigned further requests that his commission order the immediate repatriation of subject, so that his family may give him all necessary comfort due to his particular case.

5515

1/18 No action taken on this off. No action to be taken. B. We should not have been after no one else to take action.

(111)

The undersigned reminds this Commission that, by international rules, all cases recognized as medical cases by the Military mixed Commission, should be repatriated six months after the beginning of illness.

The subject also suffered from dysentery and the undersigned does not know if he is at present still suffering from same.

The subject has not informed his family of his health, as his correspondence is limited to a few words. The undersigned hopes that this Commission's Authority in the matter, may return to a family gravely hit by war, its normal serenity.

OGGETTO : Rimpatrio per malattia del prigioniero di guerra

Caporal Maggiore Luongo Mario fu Domenico

(T/908, XI° Camp.)

12 OCT 1944
A. C. C.

Con ricorsi spediti per lettera raccomandata, rispettivamente in data 7 agosto e 18 settembre 1944, diretti all'Alto Commissario per i prigionieri di guerra Italiani, il sottoscritto, Luongo Raffaele fu Domenico, domiciliato in Napoli, Corso Vittorio Emanuele n.ro 578, segnalata a quel Commissario il caso del proprio germano, T/908 Caporal Maggiore LUONGO MARIO fu DOMENICO, XI° CAMP., C/o G.P.O., BOMBAY, prigioniero di guerra fin dall'aprile 1941, in occasione dell'occupazione Alleata di Cheren (Africa Orientale).

Si sottoponeva il caso perché meritevole di ogni possibile considerazione e di provvedimenti di carattere urgente. Difatti il mentovato germano Mario Luongo, per riferimenti scritti e confermati a viva voce da un congiunto dello scrivente, Capitano Teodoro Caiati fu Vincenzo, rimpatriato da pochi giorni dalle Indie, quale prigioniero, per riconosciuta infermità cardiaca, trovosi fra i rimpatriandi da oltre un anno perché ricoverato in Ospedale, affetto da gravi disturbi nervosi.

5513

La natura di tali disturbi non è stato possibile accertare dal punto di vista clinico, ma dai ripetuti colloqui avuti dal suddetto congiunto, Caiati, dal Sanitario, che ha in cura il disgraziato fratello del potente, si è appurato che i disturbi stessi hanno avuto origine dalla lunga prigionia (circa quarantadue mesi), aggravata dal fatto che

l'inferno era lontano dalla propria famiglia, perché in Africa, cinque anni prima di tale epoca, dall'ambiente e dal clima nel quale tuttora vive, nonché dalla situazione di prigioniero. Il Sanitario stesso faceva, altresì, presente che la guarigione del Luongo si sarebbe sicuramente verificata non appena fosse stato possibile il ritorno in Patria. A tale proposito è stata offerta un'ampia documentazione. Il Caiati - ad esempio - in una comunicazione inviata al sottoscritto dalle Indie in data 20 luglio 1944, così si esprimeva: ".....Ieri ho rivisto Mario: sono rimasto in sua compagnia per circa un'ora. Ho parlato col medico, il quale mi ha promesso di tenere in particolare considerazione il suo caso; inoltre mi ha assicurato che Mario guarirà certamente in Italia....."

Stando così le cose, il sottoscritto che soltanto in data odierna ha ottenuto, dopo due mesi di attesa, una risposta dall'Alto Commissario nella quale è detto di avere segnalato il caso a codesta Onorevole Commissione, si rivolge a codesta Onorevole Commissione perché, accertata la veridicità dei fatti esposti, sia ordinato l'immediato rimpatrio del proprio congiunto, onde la famiglia sia in grado di apprestargli tutti quei conforti e quelle cure che il caso richiede. Tutto ciò a prescindere dalle convenzioni internazionali - che tanto ossequio e rispetto hanno da parte delle Autorità Militari Alleate - che il rimpatrio degli ammalati, riconosciuti tali da apposita Commissione (è il nostro caso), dovrebbe verificarsi entro il sesto mese dall'inizio dell'infermità. Si tenga anche conto, infine, che il Luongo, per il clima, è stato finora colpito da dissenterite bacillare, ⁵⁵¹²ma-
le dal quale, allo stato, non è possibile sapere se è tuttora sofferente o guarito. È inutile dire che il prigioniero nulla ha fatto conoscere direttamente alla famiglia, essendo la sua corrispondenza limitata a poche parole e molto di rado.

Il sottoscritto ha ferma speranza che l'intervento autorevole di codesta
Onorevole Commissione ridarà ad una famiglia, già colpita in altre sven-
ture, quella serenità che ha perduta, con grande documento nella salute,
per le condizioni del proprio congiunto.

To: U.S. High Commissioner for Prisoners of War, Rome.

Subject: Request of liberation of Prisoner of War Capt. Roberto PASOLA.

The undersigned do. Guido PASOLA, living in Rome, Via Claudio Monteverdi 15, communicate to your Excellency the following in favour of his own brother Capt. Roberto PASOLA of the late Alfredo: The above Capt. Roberto Pasola, reserve officer, called in the Army since the beginning of the present war, was on September 8th 1943 recovered in the Military Hospital of Alessandria (Italy) affected by malaria while in the line of duty.

During the Captain's period of being hospitalized he made his escape to Alessandria to prevent himself from becoming a German prisoner. He lived with his uncle, Cesare Pasola in Florence, for a while. He went south finally reaching "the Italian lines who were fighting against the Germans". He wrote to this effect to the undersigned addressed to Rome on September 1943.

The undersigned who as a functionary of Ministry of Agriculture had left his own office on January 1944, with the purpose to avoid the transfer to the North, retreating to the country has not been able, till the Allied occupation, to ask informations about his brother for obvious reasons. As soon as he was able to return to Rome, he knew that his brother was interned in a concentration camp No. 371st camp (Italy).

The Capt. Pasola has declared in his letters that he has been interned in that camp, because they did not believe in his intentions; on the other hand he must have crossed the lines in civilian costume and he could not procure to himself testifications showing his intentions. Following what he has explained before, the undersigned prays Your Excellency for the liberation of his brother Capt. Roberto Pasola. It could be easy now therefore to R.C. and to Allied Authorities to take the necessary informations also in the above Captain's house in Rome, via Parco Popoli 5, from which it will result the true facts. And it is added that Captain Pasola has never been mixed in political activities.

And for certification the above referred the undersigned attaches herewith a statement of Col. Ugo Bedogni, formerly commander of the regiment where his own brother was in service.

Hoping a favourable consideration, the undersigned sends his best regards.

/s/ Guido Pasola

A S.E. L'ALTO COMMISSARIO PER I PRIGIONIERI

R O M A

OCCETTO: Richiesta di liberazione prigioniero di guerra
Capitano Roberto PASOLA. -

Il sottoscritto dr. Guido PASOLA, domiciliato in Roma, Via Claudio Monteverdi 15, espone alla S.E. quanto segue, in favore del proprio fratello Capitano Roberto PASOLA fu Alfredo: il suddetto Capitano Roberto PASOLA, ufficiale di complemento, richiamato sin dall'inizio dell'attuale guerra, si trovava alla data dell'8 settembre 1943 ricoverato all'Ospedale Militare di Alessandria, in seguito a malattia contratta in servizio.

Per sfuggire alla prigionia tedesca, il Capitano PASOLA abbandonò l'Ospedale e fuggì da Alessandria, e dopo un breve soggiorno presso il proprio zio Prof. Cesare PASOLA a Firenze, si dirigeva al sud per raggiungere con mezzi di fortuna "le linee italiane che combattevano contro i tedeschi". Così si esprimeva in una lettera lasciata all'indirizzo del sottoscritto a Roma il 20 settembre.

Il sottoscritto che, quale funzionario del Ministero dell'Agricoltura aveva abbandonato nel gennaio 1944 il proprio ufficio, allo scopo di evitare il trasferimento al Nord, ritirandosi in campagna, non ha potuto, fino all'occupazione Alleata, chiedere notizie del fratello per ovvie ragioni. Appena poteva rientrare a Roma, dove apprendeva che questo era rinchiuso in un campo di concentramento, e precisamente nel 3710 Camp Prisoner Of War (Italia).

Il Capitano PASOLA nelle sue lettere ha dichiarato di essere stato rinchiuso in tale campo, in quanto non si è voluto credere alle sue intenzioni; d'altra parte egli deve aver attraversato le linee in abito borghese e non aveva evidentemente mezzi per procurarsi

Il Capitano FASOLA nelle sue lettere ha dichiarato di essere stato rinchiuso in tale campo, in quanto non si è voluto credere alle sue intenzioni; d'altra parte egli deve aver attraversato le linee in abito borghese e non aveva evidentemente mezzi per procurarsi⁵³⁸ testimonianze e dimostrare le sue intenzioni.

A seguito di quanto esposto il sottoscritto si rivolge all'E.V. per ottenere la liberazione del fratello Capitano Roberto FASOLA. Può essere oggi facile infatti a codesto Alto Commissariato ed alle Autorità Alleate assumere le necessarie informazioni, anche presso l'abitazione del Capitano in parola in Roma, Via Parco Pegoli 5 da cui risulterà la conferma di quanto sopra detto.

Si aggiunge che il Capitano FASOLA non ha mai esplicato attività politica.

A convalida dell'esposto il sottoscritto unisce una dichiarazione del Colonnello Ugo BRACONI, già comandante del reggimento presso cui era in servizio il proprio fratello Capitano Roberto FASOLA.
