 N. 17684 di Prot.

To: the Allied Commission  
 ROME

Subject: <sup>PROVISION</sup> ~~Provisional~~ assistance for the Repatriated. *see 396.*

I venture to call to the attention of this Commission to a question regarding the assistance to give our prisoners on their arrival in our country.

It is known that almost the entire number of our prisoners on arrival, are to take up their civil life and they are without the possibility of buying civilian cloths. ~~TAKING~~

~~Thinking~~ <sup>WELL</sup> into consideration that our Military Personnel who are repatriated from Allied Custody, nearly always come from countries that are ~~very~~ furnished with these materials, we beg this Commission to give the authorization for them to buy, before repatriation, the indispensable articles necessary for them when they change into civilian clothes and that is, a cut of cbthe for a suit, a pair of shoes and under-clothes.

These articles may be charged to the personal accounts of the Officers and the Military personnel, who form part of the working groups.

This concession would bring no prejudice to the economical situation of these countries, as our Prisoners are all over the world and are repatriated gradually.

This precaution would be of great moral and material benefit for the families, and therefore of great importance from a social and Political point of view.

OGGETTO: Provvidenze assistenziali ai rimpatriandi.

Roma, 3 febbraio 1945

ALLA COMMISSIONE ALLEATA

R O M A

Mi permetto richiamare l'attenzione di codesta Commissione su una questione di carattere assistenziale che attiene al rimpatrio dei nostri prigionieri.

E' noto che la quasi totalità dei nostri prigionieri di guerra, rientrando in Patria, dovrà riprendere il proprio posto nella vita civile e non troverà neppure la possibilità di acquistare sul mercato quanto strettamente indispensabile per un abito civile.

Ora, considerando che i nostri militari in mano Alleata sono dislocati quasi sempre in zone ben fornite, si prega codesta Commissione di voler benevolmente considerare la possibilità di concedere che essi, prima di rimpatriare, siano autorizzati ad acquistare in loco quel minimo indispensabile che loro dovrà servire, una volta rimpatriati, per rientrare nella vita civile e precisamente: un taglio completo per abito, un paio di scarpe e un po' di biancheria.

Tali acquisti potrebbero essere effettuati addebito

R O M A

Mi permetto richiamare l'attenzione di codesta Commissione su una questione di carattere assistenziale che attiene al rimpatrio dei nostri prigionieri.

E' noto che la quasi totalità dei nostri prigionieri di guerra, rientrando in Patria, dovrà riprendere il proprio posto nella vita civile e non troverà neppure la possibilità di acquistare sul mercato quanto strettamente indispensabile per un abito civile.

Ora, considerando che i nostri militari in mano Alleata sono dislocati quasi sempre in zone ben fornite, si prega codesta Commissione di voler benevolmente considerare la possibilità di concedere che essi, prima di rimpatriare, siano autorizzati ad acquistare in loco quel minimo indispensabile che loro dovrà servire, una volta rimpatriati, per rientrare nella vita civile e precisamente: un taglio completo per abito, un paio di scarpe e un po' di biancheria.

Tali acquisti potrebbero essere effettuati addebitando i relativi prezzi sui conti personali degli ufficiali e dei militari inquadrati nei reparti di lavoro.

Reputo che una simile concessione non potrebbe essere pregiudizio all'economia dei paesi ospitanti perché i nostri militari sono sparsi nelle diverse parti del mondo ed il rimpatrio di essi avverrà gradualmente.

Il provvedimento, pur modesto, avrà conseguenze benefiche, materiali e morali, sui rimpatriandi e sulle loro famiglie, ed assumerà quindi anche importanza sociale e politica.

Most of the books on the accompanying list are mediocre novels, together with a few world classics.

I have not found any books on politics or of Fascist propaganda.

Although I do not know this type of book in general, I think that the list may be approved.

TO CO P/W CONCENTRATION CAMP AT PIETENMARITZBURG

The undersigned P/W, serial N° 279927, Maresciallo 1st class R.T. of Aviation Alfonso DI GIULIO (son of Luigi) petitions this Hq that his promotion to officer of the Italian Air Force in the R.T. specialist category be recognized. He was promoted with seniority to this rank from 1 May 1941. The notice of nomination to the above came to his attention through various communications from his own family. The undersigned states that his request for recognition of the higher rank is dictated solely by a strong desire better to cooperate with the Allied Authorities in all that concerns the incorporation and disciplining of Italian P/W, to whom will soon be given the possibility of a greater contribution for achieving victory over our common enemy - Germany.

To the S. African Red Cross  
P.O. Box 8726, Johannesburg. (For Information).

The undersigned, having been recalled to arms on 10 June 1940, and finding himself in the status set forth in the enclosed document, hastened to present all the pertinent papers to the 10th Regt Engrs of S Maria Capua Vetere - a Regiment to which he was recalled. Having left for N. Africa 6 July 1940, he was informed at Giovanni Berta by the Hq of the 118 Co of Telegraphers, to which he belonged, that he had been admitted to Officer Candidate School, a course which would have been arranged in the same company. After some time there was communicated to him his promotion to Cpl (Officer Candidate), and during his stay at G. Berta he attended the above course. On 9 Jan 1941 he was captured at Bardia and from then on he has known nothing more of his position. The undersigned would be most grateful to this Ministry if he could arrive at some knowledge of his position. In the event that he should be desired to collaborate with the Allies, the undersigned would be most obliged if he could know what would be his status in this instance.

Subject: Officer Candidate Railway Engrs. Longo Alberto

To the Command of Land Armies.

TURIN

Longo, Alberto, a soldier on deferment, belonging to the class of 1907 has attained the skilled diploma as commercial accountant with the Royal Commercial Institute of Caserta in the academic year 1930-31, subsequent to his release from the army on 28 October 1930. He therefore must attain the grade of 2 Lt in case of mobilization, according to the disposition contained in No 20 of Circular 263 G.M. 31.

Considering the above, nothing prevents Longo, once having satisfied his obligatory military service, from obtaining admission to the next courses of NCO Cand. School with the stipulation that in case of mobilization, he should by law, attain the grade of 2 Lt even though he had not reached it before.

But in his capacity as a deferred soldier belonging to the branch of telegrapher-specialists, can aspire only to admission to NCO Cand. School of Engineer Telegraphists by the same rules established by Circular 76 G.M. currently prevailing for soldiers on deferment.

For the Ministry,

Subject: Camps of Italian Prisoners of War in PALERMO.

- 1/. With reference to your letter 2159 Pol/I.2 dated 6 December 1944.
- 2/. A report on this matter has now been received from higher authority which states:  
 "The camps referred to by the High Commissioner for Prisoners of War are in fact, 3 American Co-operator Coys. whose present strengths are 366 men. Attached to these Coys. are 8 Italian Officers and and American Liaison Officer."
- 3/. Under these circumstances the assignment of a group of additional Italian Officers would not appear justifiable. It is felt that perhaps you may not be aware that these 8 officers are already with this group.
- 4/. For your information, an American Major made an inspection of the Cangeloni Barracks, where these Coys. are stationed, on January 22 last. He speaks very highly of the standard of discipline maintained, and rated the barracks etc. as being excellent, and also states that the assignment of additional officers to this unit is unnecessary.

3. The above companies have 8 Italian officers on duty with the 366 men and an American officer Lieut. Tortorella acts as liaison officer to the group.
4. In the circumstances the U. S. authorities here consider that the request for assignment to the group of additional Italian officers would not be justified and it is felt that the Italian authorities may not be aware that in fact 8 Italian officers are already with the group.

TO : Provost Marshal, Pensouth.

1. The undersigned made a complete inspection of the Italian Service Units, located in Cangeloni Barracks, Palermo, Sicily on 22 January 1945, and the following comments are submitted.

2. STRENGTH FIGURES  
 a. Officers - 8  
 b. Enlisted Men - 366

3. BARRACKS - Excellent.

4. SUPPLY ROOM, SUPPLY RECORDS - Excellent.

5. KITCHEN AND MESS HALL - Excellent.

6. ORDERLY ROOM AND PERSONNEL RECORDS - Excellent.

7. PERSONNEL - The state of discipline existing among the officers and enlisted personnel in this command is very high. The assignment of additional officers to this unit is not necessary. The present strength of eight officers is sufficient and well able to handle the situation as it now exists. There is no laxity of discipline being maintained by the officers present but on the contrary is exceptionally high.

8. This Italian Service Unit is under the direct command of 2nd Lt. SALVATORE L. TORTORELLA, O-1585013, OMC, assigned to the 2686 Prisoner of War Administration Company. In my opinion this officer should be commended for performing a difficult job well.

9. Attached hereto are true extract copies, exhibits A to E, of reports of inspections conducted by U. S. Navy officers, of the Cangeloni Barracks which all show favorable results. Attached also is exhibit F, correspondence written by ADAMO MARIOTTI, Commanding General of the Italian Military Command of Sicily, telling of his visit to the Cangeloni Barracks, and the above average remarks thereof. Exhibit G is a true extract copy of an article written about the Cangeloni Barracks in the Pal-Nob-News, a weekly U. S. Navy newspaper publication, dated 19 November 1944, the article of which speaks for itself.

( for Lt. Colonel CAMPBELL ).

SUBJECT : Hospital for the Caserta Region.

With reference to the conversation we had on January the 6th 1946, and according to the necessity of receiving sick soldiers who are being repatriated, I beg you to examine the possibility of having the ex military Hospital of CASERTA given back to the Italian Government, owing to the shortage of Hospitals in the Campania Region, where nearly all the repatriated PW are landing.

If this is not possible, I recommend to you this very urgent matter so that another Hospital, large enough for the number of beds we need actually in the Campania Region, should be given to us.

I write this letter to tell you that you must send to me a document proving that you are a prisoner, so your wife's pension, now that she is dead, goes to your daughter.

I have only just found this out and I advise you to send the document with your Commanding Officer's signature, otherwise the time spent and your daughter loses the money.

Subject: The whereabouts of Italian Prisoners of War in British Custody  
from the 1st of January 1945.

Owing to the numerous changes and the moving about of the Italian Prisoner of War following the information of the co-operators, the High Commission is in ignorance of the location of many PW's in the British Commonwealth. The information regarding this subject can only come through the International Red Cross and is always very late in arriving.

For this reason we beg the Allied Commission to ask the superior Authorities in London, to kindly inform us the whereabouts of our POW's in Great Britain, of recent date, for example since the 1st of January 1945.

Repatriation of Remigio TRINCHIERI

Reference your AC/14029/3/PS of January 18th 1945.

2. The Italian authorities state that Signor Trinchieri should be repatriated either by air or by surface transport according to the convenience of the competent Allied authorities. The cost of his journey will be defrayed by his family.

3. Signor Trinchieri was born in Rome on August 2nd, 1922.

4. The reasons for which Signor Trinchieri's return is desired are the following:

(i) He is seriously ill himself.

(ii) His mother in Rome is also in ill-health since the death of her husband in a concentration camp.

(iii) The Italian company "Manifatture Cottoniere Meridionali" of Naples are anxious that Signor Trinchieri should return in order to take up again his former position of textile expert in their factory.

The aforementioned company is a firm which supplies their products to the Allied Armies in Italy.

5. In these circumstances, the Political Section recommends that Signor Trinchieri's repatriation should be facilitated.

In this Note, however, it was stated that each of the two parties would adhere to the rules in force in their respective Armed Forces. Whilst Great Britain would continue to notify such promotions, even if made subsequent to capture, the Italian Government would notify only promotions of Italian officers made prior to capture.

It appears from the above communication, therefore, that according to the rules in force in the Italian Army Italian officers do not become entitled to promotion after capture.

In these circumstances it is not considered that notifications of promotions of Italian officers effected after the date of capture should be recognised.

Subject: Sergeant Del Buono, Michele Sanitary Corps.

- 1/. Sergeant Del Buono of the Sanitary Corps, PW in North Africa, was repatriated in February 1944, together with a group of protected personnel. On arriving at Naples he was designated to the military Command of Reggio Calabria.
- 2/. On the 23rd . of April 1944, a group of Military personnel, including Del Buono, were put at the disposition of the Allied Authorities to be transferred to Naples probably to be used as Sanitary personnel, accompanied by an American officer they were taken to the Prison Camp N.372 at Scafati. After remaining there for 32 days, Sergeant Del Buono was transferred to North Africa and interned in Camp 211 with the number NA/T 10411.

Termini 5/11/44

Dear Husband,

I am answering your two letters dated in the month of Dec. I have received also a post-card for your daughter Maria who is very glad and says that her father remembers her. If you could see our son Calogerino how tall he is now! You would not believe it. When he gets angry with his brothers he throws stones and sticks at them and makes them cry.

Please let me know if you have sent the power of attorney concerning the house, as your sister Jane told me you have sent it through your command. I have not given the permission to sell this house as your mother is not in need now because she draws 4008 liras allowance per month plus 170 liras for the house rent. As I had been sick three months, your sister Lucia has arranged all this to spend all the money, which belongs to you in a bank book, but I have stopped all that by telling them that without your order they could do nothing.

Kisses from me, from your sons, relatives and friends. Your God-mother my brother and his family greet you too. Many kisses also from Calogerino.

Your truly wife Bertolino Giovanna.

P.S. Dear Father, this my answer to your kind post card, I see you are in good health; so am I; We all hope God will make this war end soon so I may hug you. Nothing else. Kisses.

  - (a) After the cessation of hostilities in ERITREA, BENEDETTI assumed civilian status and lived as a civilian for approximately two years.
  - (b) In May 43 the British Authorities conducted a general check-up of all civilians in ERITREA. During this check-up BENEDETTI was interrogated and interned as a civilian on security grounds.
  - (c) In Aug. 44 this man was released from internment, again as a civilian, and is now living in ERITREA with his wife.

HIGH COMMISSIONER FOR PW

Rome, 30 December 1945

File No. 2395/Fel/C.9

To : Allied Commission,  
ROME

Subject : Treatment of Italian PW repatriating from India.

We had many complaints from sick and invalid PW repatriated from India on November 30th about the treatment received on the French ship "Felix Russol" on the journey from Bombay to Suez (from Sept. 30th-Oct. 6th 1945) and especially about that in Camp 310 at Suez, where the repatriating PW stayed from 6 to 30th October.

On board the PW were left, privates as well as officers, in the bow of the ship in spite of the stay at that camp one other officer died and a private committed suicide. It seems that some other officers were left behind in serious conditions at the hospital at Suez.

The Generals complained about the way they were treated by Corporal White. Concerning to the prescription of the Geneva Convention and suited to their special conditions of health, was the treatment they received on board the British ship "Queen of Bermuda" on their journey from Porto Said to Taranto.

There is no doubt that these violations of the Geneva Convention of which our repatriating soldiers complain are due also to the tropical heat; the food was very scarce, badly prepared and quite unsuitable to the physical conditions of most of them, who were sick and not being looked after. In fact during the journey Lt. De Lucia died on the wooden floor of the bow after having had a very high temperature for three days and not having recovered consciousness. The repatriated Italian PW were: 2 Generals, 115 officers of all ranks and about 200 privates; they were all either sick or invalids.

In Camp 310 at Suez many of the sick soldiers were obliged to live in holes dugged in the sand and covered by tents; also here the ravens were bad especially after the treatment the PW had undergone on the ship. During their difficulties under which the transports actually take place, but I'm certain that, if the AC would call the attention of the competent Authorities to the question and revive through them the lacking interest of the local commanders, the influence of those difficulties would be diminished for the benefit of our sick and invalid repatriating PW.

For this reason I considered it my duty to inform you of the complaints which I received.

R O M A

Sono pervenute a questo Alto Commissariato da parte di militari invalidi rimpatriati dall'India il 6 novembre u.s. numerose doglianze circa il trattamento ricevuto a bordo del piroscafo francese "Felix Russel" lungo il tragitto da Bombay a Suez (30 settembre-6 ottobre 1944) e specialmente circa quello avuto nel campo 310 di Suez dove i rimpatriati furono trattieneuti dal 6 al 30 di ottobre.

Sono pervenute a questo Alto Commissariato da parte di militari invalidi rimpatriati dall'India il 6 novembre u.s. numerose doglianze circa il trattamento ricevuto a bordo del piroscafo francese "Felix Russel" lungo il tragitto da Bombay a Suez (30 settembre-6 ottobre 1944) e specialmente circa quello avuto nel campo 310 di Suez dove i rimpatriati furono trattieneuti dal 6 al 30 di ottobre.

Essenzialmente i rimpatriati si dolgono di essere stati a bordo del piroscafo angustiati nelle stive malgrado i torridi calori delle zone, sia i soldati sia gli ufficiali, con vitto scarsissimo, mal confezionato ed inadatto alle condizioni fisiche della maggior parte di essi, e senza cure. Molti furono i colpi di calore. Durante la traversata morì il Ten. De Lucia che era rimasto per tre giorni senza cure. Il pavimento della stiva con febbre alta ed in completa astenia. I prigionieri di guerra italiani rimpatriandi erano: 3 generali, 115 ufficiali di altri gradi e circa 200 militari di truppa: tutti malati od invalidi.

Nel campo 310 di Suez poi molti dei malati furono costretti a vivere in buche scavate nella sabbia e coperte da tende e sottoposti ad un trattamento vittuario non buono il che aggravò il penoso viaggio precedente. Durante la permanenza dei nostri invalidi in quel campo un altro ufficiale morì ed un militare di truppa si suicidò. Sembra anche che altri ufficiali siano rimasti in gravi condizioni nell'Ospedale di Suez.

Particolari doglienze sono rivolte da parte anche degli ufficiali generali al trattamento ricevuto in quel campo dal caporale White.

Conforme invece alle prescrizioni della Convenzione di Ginevra ed appropriato alle loro speciali condizioni fisiche è stato ritenuto dai rimpatriandi il trattamento ricevuto a bordo del piroscafo inglese "Queen of Bermuda" nel tragitto da Port Said a Taranto.

Indubbiamente può darsi che a queste violazioni della Convenzione di Ginevra lamentate dai nostri prigionieri rimpatriati abbiano dato causa anche le difficoltà nelle quali questi trasporti ora si effettuano; ma sono certo che se codesta Commissione vorrà richiamare su di essi l'attenzione delle Autorità competenti e se a cura di quelle sarà rimosso l'incon-

caporale White.

E gli è per questo scopo che ho ritenuto doveroso di rappresentare a codesta Commissione le doglianze che mi sono pervenute.

Further to our Memo P.43-18/CS of 22 Dec., and your I.P.W./I/3/243 of 12 Dec. 44, and to recent conversations.

1. It has been considered undesirable to hold up any further a reply to the Under Secretary of State for Posts and Telecomm., and a communication has accordingly been sent as per the copy attached.

2. You may at some time find it convenient to have for reference the accompanying copy-extract from a relative leaflet "Communication with P.O.W. and Civilians interned in Europe" issued for the information of the public in the U.K.

Subject : Parcels for Italian Prisoners of War in Germany.  
To : Under Secretary of State for Posts and Telecomm.

1. With reference to your letter E4530/100 of 16th Dec. 1944, this Sub-Commission is of the opinion, after making very rough estimates of likely traffic, that under present conditions it is quite impracticable for your Administration to undertake the operation of a parcel post service from individual members of the public to serve the number of Italian nationals in Germany whom it is understood would rank as Prisoners of War.
2. Such a system would require the transmission through the internal postal service of parcels weighing up to 5 lbs. but, as you are aware, the transportation services at your disposal and those available for postal purposes in the territory outside the Italian Governments' control are in many cases quite inadequate for any such service. (The same lack of adequate transport facilities was the main reason why it was recently necessary to limit the operation of the gift parcel service from America - only two kilo parcels in that case - to four cities).
3. Other serious difficulties to the successful operation of a parcel post service of this kind are:-
- (a) Lack of adequate sorting office accommodation at Naples and certain other intermediate centres.
  - (b) Shortage of mail bags.
  - (c) The great probability that a high percentage of parcels made up by individual members of the public would be unsatisfactory as regards the cost.

4. In view of these objections it is thought that the only way in which an individual parcel service could be worked would be through some arrangement under which the Italian Red Cross arranged for the collection of the parcels from the senders and for their check and forwarding in bulk to a central Red Cross depot in (say) Naples for repacking and censorship. There would be no objection to use being made of postal transport in any instance where space is available.

5. If the High Commissioner wishes to pursue the matter independently on such a basis, the essential points for his consideration appear to be the following:

- (a) Whether the Germans will agree to the delivery of the parcels to all Italian "Prisoners" in their hands and, if not, what exceptions will be made.
- (b) What packing regulations and what list of permissible contents will be imposed by the Germans.
- (c) How frequently will the Germans permit a prisoner to receive one of these parcels.
- (d) Will the Germans insist that any parcel sent should bear a special label issued by them.
- (e) What would be the estimated monthly number of parcels likely to be despatched.
- (f) Can the International Red Cross arrange for the acceptance and onward transmission of consignments of parcels from a pre-arranged handling-over point in France or elsewhere.
- (g) Will the parcels need to be in mail bags or could boxes be used.
- (h) If mail bags are insisted upon can the International Red Cross provide.
- (i) Can the Allied Authorities concerned provide for the transport of the consignments of parcels from Italy to the handing-over point referred to in (f).
- (k) What censorship arrangements are necessary and can these be arranged.
- (l) Could the Italian Red Cross provide the necessary accommodation, packing materials, personnel etc, at the outport.

The writer, GIUSEPPINA SIGNORIELLO (widow CALABRESE) living at BENEVENTO (Italy) VICO 11 TRAPPETO 11 humbly wishes to expose to the Commandant, the following:-

I am the mother of Maresc. CALABRESE Aldo (Son of Cosimo). He was born in 1915, and was aboard the cruiser "GIOVANNI DALLE BANDE NERE" and was reported "missing in action" on 1 April 42.

As the writer has had no news for about 30 months, she decided to ask various P.Ws. for news of her son at the same time showing them his Photograph.

Many of these P.Ws have assured me of having seen him in this your camp and advised me to write to you direct for further information.

I therefore beg of you Sir, to inform me of the result of what I hope is not a fruitless inquiry.

1. The latest statistical return furnished by the Italian Ministry of Posts in respect of P.O.W. traffic at Naples Ferrovia Post Office, indicates that during the four weeks ended 17th Dec., 392 bags of mail addressed to prisoners in Germany was received from you Office for return to sender.

2. Would you please give further information as to the cause of return and some indication of the period over which this correspondence has been held.

3. If it is the case that letters are being posted which contravene some regulation not announced by the Italian Post Office and press to the public, it will be desirable to take some action in this direction. Some months ago a warning was issued that the public should, whenever possible, use the forms issued from Germany, but the information then available did not justify the advertisement of a definite ban on other forms of correspondence.
