Subject: Ten.Pil. VENEZIANO Ignazio.

To : Italian Air Ministry, Rome.
Cabinet of the Minister.

Reference your 6887/2147 Coll. dated 9 March 45 and following this Headquarters letter IPW/1/3/629B dated 19 May 45.

1/. Enquiries into the circumstances of this case reveal that there is every reason for PW No.7600 Lt.Pilot Ignazio VENEZIANI to be located in Camp 25.

2/. He has been interviewed during the course of which he expressed anti-Allied sentiments, and did not give indication that he does not share the opinions of his colleagues in the same camp. He finally stated at this interview that he would clear himself upon his return to Italy when the present Italian Government is no longer under the Anglo-American yoke.

3/. One copy of the certificate this prisoner of war signed on 30 October 1944 adhering to the Fascist Republican Government is enclosed for your perusal.

4/. For your further information, at the time of the Armistice with Italy in Aug 44, this PW wrote to his wife as follows:
"When a nation lays down arms, sooner or later it will realise that it has committed a foolish action."
He has also on several occasions in the past written to both Mussolini and Hitler, expressing his good wishes, although upon hearing that his wife had applied for his repatriation he altered his views, and denied that he was ever a Fascist.

5/. In view of the above circumstances it is presumed no further action is to be taken in this matter.

Egregio Signor Capitano Comstock

SAN MARINO

La prego interessarsi per la ricerca e il rimpatrio del Signor Alessandro Kraus, figlio del nostro Console in Firenze.

Nel gennaio u.s. il Ministero dell'Areonautica informava il Console Kraus che era giunta una lettera della C.R.Internazionale da Algeri in data 12/9/1944 in cui, da indagini fatte, il Guardiamarina osservatore Alessandro Kraus risultava nei campi dell'Africa del Nord, che però erano in corso più ampie indagini di cui avrebbero dato l'esito. Fino ad ora però non sono giunte ulteriori notizie. Allego alla presente un promemoria ove sono esposte le circostanze che hanno causato l'incidente dell'apparecchio ove trovavasi a bordo anche il suddetto guardiamarina Alessandro Kraus.

Con distinta osservanza.

I beg you to help us in getting informations about Mr. Alexander Kraus son of our consul in Florence and if it is possible in getting his repatriation.

Last January the Minister of Air Force informed Consul Kraus that they had received a letter from International Red Cross of Algeri dated 12/9/44 in which they tell that the sailor Alexander Kraun was supposed to be in the Camps of North Africa, but that they were making inquiries which would have been communicated to us. Until now, however, nothing has arrived. Attached is a memorandum explaining the circumstances which caused the accident of the aeroplane on which there was also the sailor Alexander Kraus.

La rareté de couvertures commence à se faire sentir.

XIII. Organisation des loisirs:

Les p.g. ne font pas de sport, bien qu'un espace suffisant soit à leur disposition. L'absence d'articles de sporten est la raison principale. Comme

en Afrique du Nord on ne trouve aucun article de ce genre, il serait souhaitable que la Croix-Rouge italienne essaie d'envoyer de tels objets à ses prisonniers de guerre. Des Promenades dominicales ont été organisées, qui ne semblent pas être du goût desp.g. Des jeux d'échecs, de dames et de cartes, un ping-pong, seraient également les bienvenus.

XVI. Demandes et plaintes spéciales:

Le médecin du camp me signale la présence sous sa sauvegarde de 80 officiers et soldats rapatriables. La commission médicale mixte en sera avertie par les autorités françaises.

Le moral depuis ma dernière visite en avril semble estre en baisse. I. Description générale:
Pas de changement depuis notre dernière visite, à part le vieillissement du camp et son aspect de plus en plus minable.

II. Effectif:
84 hommes dont trois deus-officiers.

III. Installations intérieures:
Etat pitoyable des dortoirs. Dans celui où couchent les nouvellement arrivés, quelques poignées de paille éparse font penser à une écurie? Pas d'éclairage, quoiqu'une lumière électrique desservant des habitations d'ingé nes passe à proximité.

IV. Installations de propreté:
En ordre. Douches chaudes au chantier.

V. Installationes sanitaires:
En ordre.

VI. Cuisine et nourriture:
Une grande marmite et deux plus petites sur fourneau de cuisine de campagne allemand.

Rations:		
Pain:	500 gr	par jour
Légumes secs:	200 "	-"- -"-
Huile:	15 "	-"- -"-
Café:	10 "	-"- -"-
Sucre:	15 gr	-"- -"-
Viande:	60 gr	trois fois par semaine.

Les p.g. demandent un supplèment de farine pour pouvoir préparer des pâtes.

VII. Soins médicaux et état de santé:
Un médecin italien stationné à l'hôpital de la mina
Un infirmier à l'infirmerie
Un volontaire au camp
Les medicaments sont fournis par l'armée
Etat donné le danger de paludisme, il faudrait avoir de la quinine, médicament qui fait presque entièrement défaut. Les succédannés sont distribués régulièrement pour traitements préventifs sans que l'on puisse enregistrer une amélioration. Abstraction faite de la malaria dont 99% souffre, l'état de santé n'est pas mauvais, quoiqu'un affaiblissement général est manifeste? Le traitement dentaire est donné à Tunis.

High Commission for Italian PW.

No. 3392 di Prot.

Rome 3rd. May 1945

To the Allied Commission

Subject: The failure of the assassination of Lieut BOFFA ERMANNO Italian P.O.W. in the Camp of Zonderwater.

According to a statement made by Lieut BOFFA Ermanno, who was repatriated, it seems that on the night of the 15th of December 1943 in the group of Italian P.O.W. Camp at Zonderwater South Africa, he was the victim of an agression in his own quarters by a group of Italian P.O.W. of fascist tendencies who wounded him knives in six places, with the intention of killing him.

Lieut. Boffa had been given the job of liaison officer between the South African Command and the Italian Comsand of that group of Camps and from the day of the armistice has made on intense propaganda amongst the P.O.W. Warrant officers and soldiers in favor of their co-operation with the Allied Forces.

Following his wounds the officer was in danger of dying, subsequently with a partial paralysis of his arms, he was repatriated as an invalid.

Amongst his agressors Lieut. Boffa identified the head of them in the person of serg. Major LOCURATOLO Antonio, the others were afterwards identified by the South African officers, Lieut. Schultz 228311-V-C.G.R. of the Union Defence Force and Major E.V. Paine 81297.V.

Notwithstanding, this serious criminal offense against the person of Lieut. BOFFA and the indentification of the persons involved nothing has been done for their punishment and no disciplanary measures taken regarding them as it is considered that they must be judged, on their return to Italy, by the Italian laws.

If true this is a violation of article 45 of the Geneva Convention by which law the P.O.W. are subject to the laws of the army of the Detaining Powers for all crimes committed during imprisonment.

The High Commissariat would like to ascertain, through the competent Allied Authorities, the exact manner in which this matter was solved by the South African Authorities.

Dear Campbell,

Your letter IPW/1/3/508 of the 3rd. April.

The Foreign Office have informed us that the prisoners of war Information Bureau would prefer not to increase their already very heavy commitments as regards correspondence concerning prisoners of war. They suggest that since communications addressed to the Italian Red Cross and those addressed to the Italian Ambassador in London are both no doubt forwarded to the Italian Government eventually, it should be sufficient to limit communications to two copies - one for the Italian Ambassador and one for the International Red Cross.

Will you please inform us whether in your opinion, this arrangement would be adequate. It sounds, on the face of it, reasonable enough.

Yours sincerely,

High Commissioner for P.C.W.

No.1460/Pol/C37 di Prot.

Rome 5th. May 1945

To the Allied Commission

Sub-Commission for Italian PW.

Subject: Italian Military P.O.W. in North Africa.

703-708

In the English PW Camp 211 at Algiers, prisoners who belonged to the fascist "brigate nere" have been interned together with the military personnel captured before the 8th of Sept.1943.

Apart from a moral point of view, the Allied Commission can readily understand the bad repercusions that this question will have in the field of discipline.

It would be greatly appreciated if these two categories of P.O.W. can be sent to separate camps.

Signed the High Commissioner

General P. Gazzera.

No.1413/Pol/C-3 di Prot,

Subject: Treatment of Co-operator Officers in the Camp at Casablanca No. 115.

From reports sent to the High Commissariat, it would seem that in Camp 115 at Casablanca kept by the American Authorities, in which there are 1100 Italian officers P.O.W. all co-operators the said officers are treated with unexplainable severity, given the actual relations between Italy and the Allies.

The following protests have been received:

1) These officers are denied all liberty, while the Italian P.O.W. in French Custody in the Camps nearby, are at least allowed, with due surveillance, to go out of the camps.

2) The armed guards at the barbed wire are Italian soldiers P.O.W. while at camp 126, and that is, in the zone of Monteleone as in the hospital zone, the sentries have been taken away from the external circle.

3) There is no canteen in the Camp and the officers are not permitted to buy anything outside of the Camp, including cigarettes.

4) They are not furnished with sufficient clothing and the clothing given them are put to their account,(while, as is known, in the American prison camps, food and cloths are furnished gratis also to the officers as they receive very little pay.

5) Batmen are not assigned to these officers, not even according to the American regulations for P.O.W. they, therefore, perform services incompatable with their rank and dignity.

Their discontent is very much aggravated in view of the fact, that last January when they were in Camp 126, it had been announced that they were to have been returned to Italy to be turned over to the Italian Government.

The High Commissariat retains that it would be just, that while awaiting their repatriation, (which will certainly take place as soon as the Allied Authorities can concede) the treatment of these officers should be improved in agreement with the spirit, that regulates the

Da testimonianze pervenute a questo Alto Commissariato sembrerebbe che nel campo 115 di Casablanca tenuto dalle Autorità Americane e nel quale sono riuniti 1100 ufficiali italiani prigionieri di guerra tutti cooperatori, venga praticato un trattamento che, date le relazioni attuali tra l'Italia e gli Alleati, appare inesplicabilmente severo.

Segnatamente viene lamentato:

1) - che a quegli ufficiali verrebbe negata qualsiasi libertà, mentre ai prigionieri di guerra italiani in mani francesi nei campi contigui è almeno concesso, con determinate cautele, di uscire dal campo;

2) - che la guardia armata al reticolato del campo sarebbe esercitata da soldati italiani prigionieri di guerra, mentre al campo 126, sia nella zona di Monteleone, sia in quella ospedaliera sarebbero state addirittura tolte le sentinelle al recinto esterno;

3) - che non esisterebbe uno spaccio nel campo e che sarebbe rigorosamente vietato agli ufficiali di fare acquisti fuori del campo, di qualsiasi genere, comprese le sigarette;

4) - che non verrebbe fornito agli ufficiali il vestiario occorrente congiuntamente per l'uso e per il cambio, e che quello fornito verrebbe addebitato (mentre come è noto, nei campi di prigionia americani vestiario e vitto sono forniti gratuitamente anche agli ufficiali, dato il minor stipendio che viene loro corrisposto);

E tanto più vivo è il malcontento in quegli ufficiali, in quanto ad essi nel gennaio del corrente anno, mentre si trovavano nel campo 126, era stato addirittura annunciato che sarebbero stati tutti rinviati in Italia per essere riconsegnati al Governo Italiano. Questo Alto Commissariato ritiene che sarebbe giusto che, nelle more di questo rimpatrio, che certamente le Autorità Alleate vorranno affrettare per quanto sarà loro possibile, il trattamento di quegli ufficiali venisse migliorato in conformità dello spirito che regola i nuovi rapporti fra l'Italia e le potenze Alleate, e confida che la Commissione Alleata vorrà su questa situazione richiamare l'attenzione delle Autorità Alleate competenti.

Reference your letter No. IPW/1/3/551B dated the 19th. of April 1945.

The Prisoners to whom above letter refers, are still in British hands and are at present in the 2nd. Company of Co-operators at the Italian Camp of the R.A.F. at Maison Blanche.

It is thought to be easy for the Allied Commission to control the veracity of the report made in our letter n. 895/Pol./C.3 dated the 24th. of March 1945.

To obtain this information it would be sufficient to have an examination of the question made by the British Authorities of Algiers, who could question the individuals mentioned in the letter referred to above.

We thank you for any ulterior communications
