HIGH COMMISSIONER FOR ITALIAN PRISONERS OF WAR
N° 1811 Pol./C-3 di Prot.

To: The Allied Commission

ROME

SUBJECT: Situation of Italian POW in French custody in North Africa

The following is a copy of a report received on the conditions of Italian POW in French custody in North Africa.
" From all the news gathered together it seems that the situation of the French Camps are tragic. The conditions and the treatment are inhuman.
The food is very scarce (a few gr. of soup made of beans or chick peas and a small ration of bad black bread: which is no sufficient nourishment for any man and added to this, they are bedded on straw on cold nights, their cloths are in strips, their smitary conditions deplorable, they are insulted and beaten and required to work 12 hours ex-day: under these conditions it is lazy to immagine that the life of these individuals is more bestial then human."
As the repeated requests, directly form the French Embassy in Rome through the Italian Ambassador in France have not been able to obtain any change in this situation, we beg the Allied Commission to call this matter to the attention of the competent Allied Authorities, that they may do something to better the conditions of this unhappy people, conditions that are becoming more serious every day.

No. 1696/Pol/ C-3 di Prot.

Rome 24th May 1945

To the Allied Commission

Sub-Commission for Italian PW

Subject: Italian POW in French Custody in North Afrion

It results that in the French POW Camps of North Africa there are still 1200 Italian POW between the sick and those who are over 50 years of age (that according to the disposals given by the Anglo American Authorities, are eligible for repatriation)

In particular at Camp Suide there are many sick officers and other who are in need of various cures (therapeutic etc.etc .) which are impossible to obtain during imprisonment.

The High Commissariat has already prospected this question to the French Embassy in Rome, requesting a visit to these officers of the mixed medical Commission (that for along while has not visited said Camp) and if found ill enough, to have them repatriated.

It was also prospected to the French Embassy the possibility to to repatriate the invalides on Italian ships as hospital ships are not indespensable.

We beg the Allied Commission to intervene in this very important question on behalf of these people and would be grateful in you would examine the possibility of obtaining the authorization for the Italian ships to preform this transport, if the Allied ships are not availbale.

Thank you,

a/s General P. Cassera

Rome, 16th June 45

TO: The Allied Commission

(795)

No.1992 di Prot.Pol.F.8

SUBJECT: Treatment of our compatriots liberated in Germany.

From reports received through the International Red Cross from an Italian officer found in Leipsig, it results that 10.000 Italian POW freed from the camp of Muhlberg (Stalag 4.B) receive by order of the Allied Authorities in occupation, the same food that is given to german civilians, while the food given to the prisoners of other nations freed by them, is a great deal better. Herewith attached is the list of foodstuffs furnished by said officer.

These conditions imposed on our compatriots is greatly increasing their state of malnutrition in which they find themselves, after their sufferings in German camps. They are profoundly humiliated by this injust treatment by the people of the United Nations with whom they has risked together, if not in combat, their lives in the struggle against the common enemy.

It degrades them morally putting them on a level with the German civil popolation.

It puts them in the unhappy and dangerous position of having to feed themsel in other way.

It inflicts on our country, an unjust mortification that she does not merit, after having served with all her capacity and her sacrifices, the interests of the co-belligerancy.

And the question is more serious because it seems, that these disposals are of a general character and include all the Italians that are freed on German territory.

Your Sub-Commission is fully aware of the violence of the actions, on the part of the Germans, who deported these Italian civilians to work on German territory, and how they were interned in military camps, and now that they have been freed, by the victorious Allied Armies, they do not merit this judgement by the Allied Authorities, except a very few, who are lasy to individualize, who collaborated with the Germans.

For this reason the High Commissioner begs your Sub-Commission to call this matter to the attention of the Superior Allied Authorities, that they may be made aware of the grave moral and material damages, that are the results of this situation; the moral

danger in the assimilation of our compatriots in the German civil popolation, and the political disturbances that may be created by the prolonging of these conditions by which our POW are being treated so differently from the other POW liberated by the United Nations.

ITALIAN HIGH COMMISSIONER FOR PW — Rome, 19th June 1945

Nº 1990/Pol.Fin.C-18-E di Prot.

SUBJECT: The disbanded state of our ex-prisoners in Germany and the necessity to provide for them immediately.

As was previewed in the past months and repeatedly discussed, regarding the organizations for the repatriation of Italian POW from Germany custody, the mass of our compatriots freed from concentration camps, with the irresistible desire to return to their country and in the fear of being held for a long time in said camps instead of waiting for the proper organisations to transfer them, have disbanded in confusion in German territory in the hopes of arriving at the Italian frontier.

The reports that we have received from some more fortunate than others, who have been able to supersto the long columns of our compatriots, who struggle along the roads of South Germany, have given us a very sad picture of these peoples: a picture of un-told misery and fatigue. They are helped by the local aid of the populations where they pass, according to disposals given by the Allied Command, there are affronting enormous difficulties, urged on by their will and their hope to arrive in their country: but may, too many, fall by the way.

Unfortunately, due to the rapidity of the fall of Germany, we could not organize in time, the necessary lodging centers and now at the distance of nearly two months from the cessation of hostilities, when nearly all of the P.O.W. of the United Nations, who were in German custody, have arrived in their countries, it is thought at the High Commissariat that means should be put at the disposal of our P.O.W. by the Allied Authorities to transfer them to their own country they who have suffered in the German Concentration camps more then the others in the common cause.

The High Commissariat has repeatedly requested the Allied Authorities in their own interest to authorize the sending to these territories, where the masses of our compatriots are disbanded, one or more missions composed of Italian Officers at the order of the Supreme Allied Command, with the authorisation to intervene with the Allied Authorities, to organize transport for our compatriots, but up to date this permission has not been obtained.

Now, this matter has changed from a convenience to an urgent need because without this intervention on our part, it will be impossible to persuade this disbanded mass of people to stop where

8130

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

BE/edf

(145)

they are and await assistance, nor, can we abandon them to themselves on account of the serious effects that would derive there from.

With the sending of these missions, we will aid the Allied Authorities in the plans of transport for our compatriots which has become most urgent, and the Allied Authorities, must find a way to do this job, of highly humanatory importance.

The High Comm. is sure that this plea will be heard by the Allied Authorities and they in their generosity will concede to our request.

If Italy had as her disposal the ways and means of helping her people in this calvary, she would do so, and put the means at the disposal of the Allied Authorities; but due to the conditions of the extreme poverty of the country, due to the war, she can do nothing except organise lodging centers and assist her prisoners in the small capacity and first the possibilities at her command.

If as we have reason to believe, there are no more obstacles of military character to prevent our officers to enter the territories where our disbanded people are in transit, we beg your Sub-Commission to consent to our request.

For the High Commissioner

ENCLOSURE 3

3°) REPATRIATED ITALIANS FROM GERMANY

Little by little as the Allied Troops advance in the territory of the Reich, they free prisoners, the deported and the workmen of all countries centers (always under Allied Control) while awaiting repatriation.

Many cases have been verified of Italians, who having been freed and furnish with the card of repatriation by the American Command, have been taken in convoy with repatriated Frenchmen to be returned to Italy Via Belgium anf France.

On arriving at the French Frontier they have been turned over to the "Securite Militaire", who separates the ex-military personnel who were interned in Germany from the civilian workmen .

The first remain at the disposal of the Military Authorities that capture them as P.O.W. Camps and subsequently to work with little food and hardly any compensation (treatment as in paragraph 2) they are taken into service with the "Service des Prisonniers de l'Axe" 12 Avenue de Preteuil - Paris who considers them as being in the same position as German Prisoners.

The second pass at the disposal of the Ministry of the Interiour who sends them to internment Camps while awaiting the decision on the question of repatriating them, now being discussed by the 2 Governments

These police methodes are justified by the French because they do not want foreigners to circulate freely on French Territory. The retard in the diplomatic discussion on this question is prejudicing very much, the grave condition of our infortunate compatriots.

Only those Italians who resided in France before 1939 can return to their homes, always if nothing contrary results on their personal "dossiers".

From what is written above it results that this is an arbitrary action on the part of the French, who continue to capture Prisoners after the ending of hostilities in Europe and do not keep faith with the Allies on the agreements made, that when they receive the card of repatriation they should assure the interested parties their return to their homes.

4/. ASSISTANCE

As soon as we are informed of the exact number of people interned in each camps, with the aid of the International Red Cross it

will be possible to commence to send packages of food.

Up to now, the personnel of the International Red Cross are not admitted to camps that dipend from the Military Authorities in as much as this refers to the clause of the Geneva Convention.

It will be easier to get in to the Civilian Internee Camps in as much that they are at the dependence of the Ministry of the Interior and therefore depend from the Prefects of the singular districts.

5 CONSIDERATIONS

In the General opinion of the French employees to whom we have talked, it is thought indispensable that the present diplomatic discussion be speeded up, on the aim of arriving, as soon as is possible, at the desired agreement regarding the difficult question of repatriation, a matter that has been delayed long enough only in this way can the sufferings of our unhappy compatriots can be brought to an end.

SUBJECT: Activities of the Italian Red Cross in France.

1°) Generalities

Outside of direct contact with the General Delegation and that is:

A. Contact made with the International Red Cross and the International Allied Red Cross.
B. Nomination of under delegate and employees for the various regions in France.
C. Regulation of documents and transit for Italian singular individuals who arrive free in Paris.

The Inspectors of the General Delegation in execution of directions received, have taken contact with the various french organs (Ministry of War - Ministry of the Interior - Ministry of Repatriated Prisoners and Refugees) in the aim to determinate the forms that will facilitate the welfare work of the International Red Cross in France.

2°) Interpretation of International agreements on the part of the French Government.

As is known after the Anglo-American invasion on the continent, france arrested and interned in concentration camps all the ex-military personnel of the 4th Army, and the Italians who were in France in irregular positions.

The French Government having remained excluded from the armistice of Sept.1943, in virtue of which Italy, was treated as a co-belligerant by the Anglo-American, considers herself still in war with Italy and treats Italians as P.O.W.

As results from numerous letters received from the R.Embassy and the General Delegation of the International Red Cross, the tretment meeted out to our compatriots is deplorable, relative to feeding, lodgings, their clothes and shoes are in rage, they are given no moral or material assistance.

The complete list of the P.O.W. camps(for the greater part situated in the central and the South of France) and the numbers in each camp will be sent to us in a few days by the French Authorities.

29th May 1946

Approximate situation of It. P.O.W. and internees in Metropolitan France.

In the lack of precise data, the presumed number of Italians (ex-military personnel, ex, deported, ex-workmen) actually in Metropolitan France (excluding those in N.Africa) amy be calculated as follows:

a) about 30,000 from the 4th Army. After the Allied Invasion of the Continent, captured by the French, considered as P.O.W. and sent to P.O.W. Camps in the Center and the South of France.

b) about 15,000 workmen and deported who were at the service of the Germans and doing work of fortification (atlantic coast and South coast of France).

c) about 22,000 ex-interned Military personnel, ex deported, ex-workmen freed by the Allied troops on the territory of the Reich, sent to France to be repatriated: arrested at the French frontier and sub-sequently interned.

d) about 38,000, ex prisoners in N.Afrion incorporated in Working Units, under the Command of American troops in France. The Greater part of these men are already in Germany waiting to be transferred, always at the dipendence of the Americans told about 150,000.

The Italians of letter AO and the ex-internees included amongst those of letter c) are united in Camps depending from the French Ministry of War. They for part of the "Service des Prisonners de l'Axe" 1º Ave. Breteuil Paris VII".

We have only general data on the camps, contained in the enclosures herewith attached, and are waiting for more precise information regarding them.

On the strength and the localities of these Camps, we have had no information.

It cannot be said that the Treatment used in the French Camps is in accord with the Convention and the International Agreemtns.

Our Compatriots have been deprived by articles of personal use, their clothes are in a deplorable state, some of them are half naked; Hygiene in the Camps is practically non existent and the sick are not taken care of: the mail does not function, the food definitely insuffiolent and of bad quality; they are made to work very hard and so are the punishemtns inflicted, individually and collectively, punishemtns so severe that become almost tortues.

A rapid and total repatriation of this Italians held in France is absolutely necessary.

The General Delegate in France
No.20/A/1

TO: Dr. ZANOTTI BIANCO
President of the Italian
Red Cross - Via Toscana
ROMA

Dear Mr.President,

I have waited a long while to report on the situation of the work of the Italian Red Cross in France, because I had little data at my disposal above all regarding the number of Italian prisoners and the localities where they are held.

A very difficult and hard work of organization, has absorted me completely, with all sorts of difficulties which I hope, in the spirit of an noble cause and in the great love of my country to over-come.

SITUATION OF THE ITALIAN RED CROSS IN FRANCE

Count Carlo ZUCCHINI -SOLIMEI has already sent to your office a report on the work carried on by the Italian Red Cross in the South of France.

It results to me, that count ZUCCHINI has worked very well and has obtained noticible results, but unfortunately his activities are limited to the South of France. He was efficaciously helped by the Committee of Liberation who worked with enthusiasm, and you must re-organize, in the greater part without partisanship.

In Paris I found nothing from the point of view of organization, I therefore had to commence"ex-novo", which in a certain way does not displease me.

I provided immediately for the creation of adequate offices for our needs. Unfortunately the Italian buildings (Casa del Fascio and Dante Alighieri) had been requisitioned by the French Authorities. In agreement with H.E.SARAGAT, who trys with all his means to facilitate us we are taking the necessary steps to have these buildings

de-requisitioned.

We are installed temporarely at the Italian Consulate (50 rue de Varenne and the office can be considered as organized).

I could not have hoped for a better reception and believe it opportune to enclose the copy of the letter I received from the French Red Cross, most extremity flattering in regard to Italy.

I gave disposals for the nomination of delegates in Luxembourg at Nancy, Lille and Nimes. I will be more precise in my next report.

The day after tomorrow our delegation leaves for the North and for the East in the aim of obtaining precise data on the numbers of our prisoners from Germany and the localities where they are held. This Delegation will be presented to the French and Allied Authorities with the authority to give the first aid to our compatriots.

NUMBER OF PRISONERS AND THE LOCALITIES WHERE THEY ARE HELD

Herewith attached is are reports relative to this question. They are more or less approximate and have not been controlled, but the French Military Authorities will furnish us with the exaact data in a few days. We had to superate many difficulties to obtain it.

REPATRIATION

The Committee of the International Red Cross is making the first beg efforts to facilitate the repatriation of Italian prisoners: The American and English authorities have shown themselves full of comprehension. The biggest obstacle is rappresented by the French Authorities, who do not show themselves favourable to a rapid repatriation of our prisoners and many of them are being obliged to work (attention attached documents).

Col.Fiore Vernazza will tolk to you personally on this very complex subject.

ASSISTANCE TO THE COLLECTIVITY TO PRISONERS AND THE REPATRIATED FROM GERMANY.

We have already begun the distribution of subsidies to the most needy cases. We assist daily military personnel and civilians arriving from Germany. To all are given subsidies and we provide for their repatriation.

The Committee of Liberation and the religious communities cooperate with us and have already taken care of numerous compatriots. Certain officers are lodged in hotels and private houses.

We receive daily offers from compatriots who desire to give shelter in their homes to prisoners.

We are in liason with the International Committee and the French Red Cross to obtain the following:

1. That our delegates and personnel may be authorized to visit the prisoner and internee Camps. Up to now that authorization has been definitely refused. I have great hopes that the authorization will be procured through the intervention of the French Red Cross.

2. Creation of the reception centers, to receive our prisoners from Germany, said centers to be re-organized by the authorities and to be put under the protection of the Red Cross flag.

All is disposed for the immediate creation of said centers but naturally I do not think it opportune to proceed without having first obtained the regular authorization. That not to have unpleasant surprises.

3. Organization of a regular service for packages sent to prisoners interned in France.

The International Committee will of course provide for the distribution.

We have commenced discussions to obtain from the French Red Cross and the american Red Cross a certain number of packages already prepared. That would greatly simplify our work. If that should be delayed we have everything ready to organize the confection of said packages.

The Italian Community, as always, is very generous.

The most serious problem is the financial problem. Up to now, thanks to an anticipated sum from Count Zucchini of a million and another sum of 500.000 francs from the Bank, I have been able to affront the first demands.

Comm.Di Consiglio, Director of the Bank of Rome has written to the Central branch in Rome asking for the authorization to give me the sum in french francs, assigned by the Red Cross and by the Ministry of War and the Presidency of the Council of Ministers.

I am sure that the Bank of Rome will raise no objections.

The General Secretary of the Italian Red Cross Marchese Ugo Theodoli, could if he desires, take steps with his brother, who is as you know Commissioner of the Bank of Rome.

8117

Declassified E.O. 13261 Section 3-4(b)/NNDC No. 785020

His intervention would be very important.

Comm. Angelo Donati, who has been working in Switzerland the last few day has great faith in the out-come of his mission.

I hope to find anyway the money sufficient, on the place, to organize this womplex work under the form loans from banks or private iniciative. It is not moment to hesitate but to go to any lengths to procure sufficient means for a work of such importance.

This is a brief report to give you a general view of the situation. I will sent you more precise information as soon as is possible.

Cordially

3° ITALIANI RIMPATRIATI DALLA GERMANIA

Di mano in mano che le truppe alleate avanzano nel territorio del REICH, esse liberavano prigionieri, deportati e lavoratori di ogni paese i quali venivano in seguito riuniti in appositi centri di raccolta (sempre sotto il controllo alleato) in attesa del rimpatrio. -

Si sono però verificati numerosi casi di italiani liberati i quali muniti dell'apposita SCHEDA DI RIMPATRIO da parte del Comando Americano, venivano aggregati a convogli di rimpatriandi francesi, per la ulteriore rientrio in Italia (Via Belgio-Francia). -

All'arrivo alla frontiera francese essi sono sottoposti al controllo della SECURITE' MILITAIRE" la quale separa gli ex militari internati in Germania dai lavoratori civili. -

I primi restano a disposizione dell'Autorità Militare che li cattura come prigionieri di guerra avviandoli in campi di prigionieri e successivamente al lavoro con scarso vitto e retribuzioni derisorie (trattamento analogo a quello del § 2). Sono presi in forza dal "Service des Prisonniers de l'Axe" 12, Avenue de Preteuil - Paris, che li considera alla stessa stregua dei prigionieri tedeschi. -

I secondi passano a disposizione del Ministero dell'Interno che li avvia in campi di internamento in attesa venga definita la questione dei rimpatri attualmente in discussione tra i due governi. Questa misura di polizia è giustificata - secondo i francesi - dal fatto di non voler lasciare liberamente circolare in Francia degli stranieri. OGNI ULTERIORE RITARDO NELLA RISOLUZIONE DIPLOMATICA DELLA QUESTIONE E' CAUSA DI GRAVE PREGIUDIZIO PER I NOSTRI DISGRAZIATI CONNAZIONALI. -

Solamente gli italiani che prima del 1939 risiedevano in Francia possono rientrare alle loro case, semprechè nulli risulti in contrario dall'esame dei rispettivi dossiers personali. -

Da quanto sopra risulta evidente l'arbitrio della parte francese in quanto essa continua a catturare dei prigionieri anche dopo la cessazione delle ostilità nello scacchiere europeo e non tiene fede all'impegno assunto dall'alleato americano all'atto della consegna della SCHEDA DI RIMPATRIO assicurante agli interessati il ritorno alle proprie case. -

4° ASSISTENZA

8102

Non appena determinata l'esatta ubicazione e la forza dei singoli campi d'internamento, con la collaborazione della C.R.I. Internazionale sarà possibile iniziare l'invio dei pacchi viveri. -

Fino ad ora il personale della C.R.I? non è ammesso alla visita dei campi dipendenti dalle Autorità Militari in quanto queste si riferi

Declassified E.O. 12065 Section 3-402/NNDS No. 785020

scono alle clausole della Convenzione di Ginevra. -

Più facile sarà forse l'accesso ai campi degli internati civili in quanto essi dipendono dal Ministero dell'Interno e quindi dai Prefetti dei singoli dipartimenti. -

5° CONSIDERAZIONI RIASSUNTIVE

E' opinione generale dei funzionari francesi che abbiamo avvicinato essere indispensabile che le ATTUALI TRATTATIVE DIPLOMATICHE SPINTE ALACREMENTE IN MODO DA POTER RAGGIUNGERE AL PIU' PRESTO POSSIBILE IL DESIDERATO ACCORDO CIRCA LA SPINOSA QUESTIONE DEL RIMPATRIO, questione che si trascina già da molto tempo. Solo così si potrà ridurre il periodo di sofferenza dei nostri infelici connazionali i quali dopo lunghi mesi di dura e penosa cattività hanno ben diritto di raggiungere le loro famiglie. -

Situazione approssimativa degli Italiani prigionieri e internati nella Francia Metropolitana

In mancanza di dati precisi, il numero presunto degli italiani (ex militari, ex departati, ex lavoratori) attualmente nella Francia metropolitana (esclusi quindi quelli del Nord Africa) si può calcolare come segue:

a) 30.000 circa — Sbandati della 4ª Armata; dopo lo sbarco alleato sul continente catturati dalle Autorità Francesi, considerati come prigionieri di guerra ed avviati nei campi, della Francia centrale e meridionale.

b) 15.000 circa — Lavoratori o deportati già al servizio dei tedeschi per lavori di fortificazione (vallo Atlantico e coste meridionali della Francia).

c) 22.000 circa — Ex internati militari, ex deportati ed ex lavoratori liberati dalle truppe alleate nel territorio del Reich, avviati verso la Francia per essere rimpatriati. Arrestati alla frontiera francese con conseguente internamento.

d) 38.000 circa — Ex prigionieri dell'Africa settentrionale inquadrati in UNITA' LAVORATORI al seguito delle Truppe Americane in Francia. Gran parte di essi sono già in Germania in viaggio per trasferirvisi, sempre alle dipendenze degli americani.

Totale 105.000 circa

I nostri connazionali sono privati di molti oggetti di uso personale, sono lasciati in condizioni di vestiario assai deplorevoli tanto che molti sono quasi nudi; l'igiene dei campi è pressochè inesistente, gli ammalati non hanno la possibilità di essere curati; il vitto è nettamente insufficiente e di pessima qualità; il servizio postale non funziona; il lavoro cui sono sottoposti è durissimo e le punizioni che vengono loro inflitte, sia individualmente che collettivamente superano di gran lunga quelle previste dai regolamenti, per raggiungere talvolta l'aspetto di vere e proprie sevizie.

Un rapido e totale rimpatrio di questi italiani trattenuti in Francia si impone in modo assoluto.

PARIGI

OGGETTO: Attività della C.R.I. in Francia. -

1° - GENERALITA'

All'infuori dell'azione svolta direttamente dalla Deleg.Gener. e cioè:
a) - presa di contatto con la C.R. Intern. e con le C.R.I. alleate
b) - nomina di sottodeleg. e fiduciari per le varie regioni della Francia
c) - sistemazione presso enti italiani e regolarizzazione dei documenti di soggiorno per i connazionali isolati con giungono liberi a Parigi

Gli Ispettori della Deleg.Gener. in esecuzione delle direttive ricevute presero contatto con vari organismi francesi (Ministère de la Guerre Ministère de l'Intérieur - Ministère des Prisonniers, Repatriés et Réfugiés) allo scopo di studiare e determinare le modalità atte a facilitare l'opera assistenziale ed umanitaria della C.R.I. in Francia. -

2° - INTERPRETAZIONE DEGLI ACCORDI INTERNAZIONALI DA PARTE DEL GOVERNO FRANCESE. -

Come è noto, dopo lo sbarco anglo-americano sul continente, la Francia ha arrestato ed internato in campi di concentramento gli ex militari della 4° Armata e gli Italiani che si trovavano in Francia in situazione irregolare. -

Il Governo Francese essendo rimasto estraneo all'armistizio del settembre 1943 in virtù del quale l'Italia viene tratta dagli anglo-americani come cobelligerante, si considera tuttora in stato di guerra con l'Italia e tratta come prigionieri di guerra gli italiani di cui al precedente. -

Come risulta dalle numerose lettere pervenute alla R. Ambasciata ed alla Deleg.Gener.C.R.I., il trattamento usato a questi nostri connazionali è dei peggiori, deplorevoli alloggiamenti, scarsa nutrizione, abiti e calzature sbrandelli, lavori duri e penosi, mancanza assoluta di qualsiasi assistenza materiale e morale ecc. - 810

L'elenco completo dei campi prigionieri (che per la massima parte sono dislocati nella Francia centrale e meridionale) nonchè la forza di ciascuno verrà comunicata fra qualche giorno dalla parte francese. -

Gli ufficiali (non assoggettati a lavoro) sono tutti riuniti nel l'unico campo di Ledève (Hérault) in condizioni pressocchè analoghe. -

3. - E la questione è tanto più grave in quanto sembra che si tratti dell'applicazione di una disposizione di carattere generale che investirebbe pertanto tutti gli italiani liberati nel territorio germanico.

4. - A codesta Commissione è noto con quale azione di violenza anche i lavoratori civili italiani siano stati portati dall'Italia nel territorio tedesco e siano stati tratti dai militari internati nei campi e come tutti gli italiani ora liberati dalle vittoriose armate alleate meritino pertanto questo apprezzamento di giustizia da parte delle Autorità Alleate, salvi naturalmente i pochi, di non difficile individuazione, che collaborarono volontariamente con i tedeschi.

5. - Questo Alto Commissariato perciò confida che codesta Commissione vorrà rassegnare all'attenzione delle Superiori Autorità Alleate il grave ingiusto danno materiale e morale che viene ai nostri connazionali da questa assimilazione alla popolazione civile tedesca, nonchè il profondo turbamento di carattere politico che il persistere di questa situazione potrebbe generare, affinchè, se allo stato delle cose esse ancora persistesse, e là dove permanesse venisse eliminata raggruppandosi il trattamento dei nostri p.d.g. liberati e quello dei p.d.g. liberati dalle Nazioni Unite.

IL DELEGATO GENERALE
IN FRANCIA

n. 20/A/1

Ill.mo Signor
dott. Umberto GANOTTI BIANCO
Presidente Generale della CRI
Via Toscana
ROMA

Illustre Presidente,

ho molto tardato prima di riferire sulla situazione e sull'opera della Croce Rossa Italiana in Francia perchè disponevo di pochi dati precisi soprattutto circa il numero e la dislocazione di prigionieri italiani.

Un difficile e durissimo lavoro di organizzazione mi ha assorbito e mi assorbe completamente attraverso mille difficoltà d'ogni sorta. Spero comunque di riuscire animato dalla nobiltà della nostra Causa e dal profondo amore per la Patria.

SITUAZIONE DELLA CROCE ROSSA ITALIANA IN FRANCIA

Il Conte Carlo Zucchini-Solimei ha già spedito a codesta Presidenza un rapporto sull'opera svolta dalla C.R.I. nella Francia del Sud.

Mi risulta che il Zucchini ha lavorato bene ottenendo risultati notevoli, ma disgraziatamente la sua azione si è limitata alla Francia del sud. Egli è stato coadiuvato efficacemente dai Comitati di Liberazione che hanno lavorato con entusiasmo, e, bisogna riconoscerlo, nella maggioranza dei casi senza spirito partigiano o settario.

A Parigi non ho trovato quasi nulla dal punto di vista organizzazione. Ho dovuto quindi cominciare ex novo e sotto alcuni punti di vista, ciò non mi dispiace.

Ho immediatamente provveduto alla creazione di un ufficio adeguato ai nostri bisogni. Disgraziatamente gli immobili italiani (Casa del Fascio e Dante Alighieri) sono stati requisiti dalle Autorità francesi.

07341

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

D' accordo con S.E. Guraudt, il quale sarà con ogni sforzo di facilitare la nostra opera, stiamo facendo i passi necessari per ottenere la liberazione.

Provvisoriamente siamo istallati al Consolato d'Italia (50, rue de Varenne e l'Ufficio può dirsi organizzato).

Ho immediatamente preso contatto con la locale Croce Rossa francese, e il Comitato Internazionale della Croce Rossa.

Non potevo sperare in migliori accoglienze e credo utile accludere copia di lettera ricevuta dalla Croce Rossa Francese veramente lusinghiera nei riguardi dell'Italia.

Ho provveduto alla nomina di delegati nel Lussemburgo, a Nancy, a Lille e a Nimes. Sarò più preciso nel mio prossimo rapporto.

Dopodomani partirà una nostra Delegazione per il Nord e per l'Est allo scopo di raccogliere dati precisi sul numero e dislocazione dei nostri prigionieri provenienti dalla Germania. Tale Delegazione che sarà autorevolmente presentata alle Autorità Francesi ed alleate prenderà i primi provvedimenti in favore dei nostri connazionali.

NUMERO E DISLOCAZIONE PRIGIONIERI ITALIANI. Troverà accluso i rapporti e i dati relativi. Sono ancora dati approssimativi non controllati, ma tra giorni l'Autorità militare francese ci fornirà la documentazione esatta. Abbiamo dovuto superare non pochi ostacoli per ottenerla.

RIMPATRIO. Il Comitato Internazionale della Croce Rossa fa i primi grandi sforzi per agevolare il rimpatrio dei prigionieri italiani. Le Autorità Americane e Inglesi si mostrano animate dal miglior spirito di comprensione. Il maggiore ostacolo è rappresentato dalle Autorità Francesi che non si mostrano ora favorevoli al rapido rimpatrio dei nostri prigionieri di cui molti sono adibiti al lavoro obbligatorio (vedi documentazione allegata.) 8102

Il Colonnello Flore-Vermasa riferirà oralmente sulla complessa situazione.

ASSISTENZA ALLA COLLETTIVITA'. AI PRIGIONIERI ED AI RIMPATRIANDI DALLA GERMANIA.

Abbiamo già cominciato a distribuire notevoli sussidi ai bisognosi.

07551

Declassified E.O. 12065 Section 3-403/NNDM NO. 785020

Giornalmente riceviamo ed assistiamo prigionieri militari e civili provenienti dalla Germania. A tutti vengono dati sussidi e provvediamo alla loro sistemazione in attesa del rimpatrio. Cooperano a queste opere patriottiche ed umane il Comitato di Liberazione e comunità religiose che accolgono già un notevole numero di connazionali. Alcuni ufficiali sono stati sistemati in alberghi e in case private.

Giornalmente ci giungono offerte di connazionali benidisposti di accogliere nella loro casa qualche prigioniero.

Siamo in rapporti con il Comitato Internazionale ed con la Croce Rossa Francese per ottenere quanto segue:

1) Autorizzazione ai nostri Delegati e al nostro personale di visitare i Campi di prigionieri e internati. Finora tale autorizzazione è stata sistematicamente rifiutata. Ho seria speranza che riusciremo grazie all'autorevole interessamento della Croce Rossa Francese.
2) Creazione di Centres d'Accueil destinati a ricevere i nostri prigionieri provenienti dalla Germania. Tali Centres dovrebbero essere riconosciuti dalle Autorità e protetti dalla bandiera della Croce Rossa. Tutto è previsto per la creazione immediata di alcuni centri, ma, naturalmente, non credo opportuno procedere prima di avere ottenuto la regolare autorizzazione. Ciò per tema spiacevoli sorprese.
3) Organizzazione di un regolare servizio di pacchi destinati ai prigionieri internati in Francia. Il Comitato Internazionale è disposto naturalmente a provvedere alla distribuzione.

Abbiamo iniziato trattative per ottenere dalle Croci Rosse Francese e Americana un certo contingente di pacchi già preparati. Ciò semplificherebbe di gran lunga il nostro lavoro. Se ciò dovesse tardare tutto è pronto per l'organizzazione di un centro di confezione di pacchi. 8101

La collettività italiana, come sempre, risponde con la massima generosità.

0734

Declassified E.O. 12065 Section 3-402/NSDC No. 785020

Il problema più grave è quello finanziario. Finora, grazie ad un anticipo del Conte Zucchini di un milione e ad altro di Banca per franchi 500.000 ho potuto fronteggiare le prime necessità.

Il Comm. Di Consiglio, Direttore del Banco di Roma, ha già scritto alla Sede Centrale di Roma per chiedere l'autorizzazione di versarmi il corrispettivo in franchi delle lire assegnate alla Croce Rossa dal Ministero della Guerra e dalla Presidenza del Consiglio.

Sono sicuro che il Banco di Roma non solleverà obiezioni. Il Segretario Generale della C.R.I. Marchese Ugo Theodoli potrebbe, se crede, fare un passo presso suo fratello, che, come Ella sà, è Commissario del Banco di Roma, Il suo intervento sarebbe prezioso.

Il Comm. Angelo Donati che da pochi giorni è in Svizzera lavora anche in questo senso. Ho molta fiducia nell'esito della sua missione.

Spero comunque di trovare sul posto i fondi sufficienti per organizzare un così vasto e complesso lavoro anche sotto forma di anticipi da parte di banche o di privati. Non è il momento di temporeggiare, ricorrerò quindi ad ogni mezzo per procurarmi i fondi necessari ad un lavoro di tale importanza.

Mi limito per ora a una breve sintetica relazione perchè Lei abbia una visione generale del problema. Sarà nostra cura documentare Roma con la maggiore precisione possibile.

Voglia gradire, Illustre Presidente, i miei più cordiali e devoti saluti.

TO : His Royal Highness the Prince of Piemonte.

The undersigned Antinori Marianna, living in via Giovanni Brancaleone 2, who is in very bad health conditions implores for your help:

I am the mother of six children of which three are boys, one is a sergeant in the air force who passed with the Allies right after they landed in Italy, another one was brought away by the Germans from whom I still have not received any news, the third Antinori Nello for whom I am making this appeal to you generosity, is a prisoner of war who was transferred from Tunis to Nola(Naples). The long absence, the knowing his mother ill, the death of a sister following a bombardment, his will to continue the studies interrupted on account of the war induced him to commit the fault unconscience of the gravity caused by leaving the camp to inscribe himself in the Industrial superior school to get his deploma of Technical Electric expert.

Unfortunetly the sacrifice made by the writer has been invain as he had to suspend his studies being at the present interned in the concentration camp of Nola (Naples) n.208 or 209

I ask your Highness to kindly allow him to give his exames which are going to be held in 15 days.

Thanking you in anticipation

IL MINISTRO DELLA REAL CASA

7047

Roma, li 23 giugno 1945

Illustre Colonnello,

secondo le intenzioni di S.A.R. il Luogotenente Generale del Regno, mi permetto segnalarle per il miglior conto che - nei limiti del giusto e del possibile - crederà di farne, l'acclusa istanza con la quale la signora Antinori Marianna, da Roma, via Giovanni Brancaleoni 2, esprime il desiderio che venga concesso al figlio Antinori Nello, internato nel campo di concentramento di Nola n. 208 (o 209) di potersi recare a sostenere alcuni esami.

Come Lei vedrà la povera madre ha un altro figlio deportato in Germania del quale non ha ancora avuta alcuna notizia.

Ringraziandola di quanto crederà di poter fare, La prego di gradire, Illustre Colonnello, i miei più cordiali saluti.

Treatment received from the English at Camp 209 of Afragola (Naples) by PW officers, fifty years old, with two years of imprisonment.

On 13 June 45, 32 PW officers desembarked at Naples from Egypt (Helman Camp 304) and were sent to concentration camps 209 of Afragola.

As soon as they arrived, they were subjected to a sanitary inspection and their baggage was checked.

The British Lieut. Commander of the Camp, contacted immedistely the oldest officer of the 32 ex-prisoners Col.Faccio telling him that he had given disposals for the purloining of the cigarettes in their possession which would be returned to them when leaving the Camp, as happened.

During the period (9 days) the PWs remained there, these officers were put in a staging area for fascist officers (republichini) with only two blankets, no matresses, sleeping therefore on the ground.

They could not take care of their own personal cleanliness due to the lack of showers; they were obliged to get their meals themselves as well, as washing their own dishes and personnel effects.

In the previous camp they had had at least a batman to do this.

Furthermore I have to say that the food was not sufficient and certainly inferior to that received in the previous camp in Egypt.

Col.Faccio, verbaly and by a written statement informed the Camp Commander of all their disconforts, but no results were obtained.

Subject: Parcels for Italian P.W. in French hands in North Africa

To : G-5 : A.F.H.Q.

With reference to F.43.30/03 of 13th June.

1. A copy is enclosed of a letter received by the Anglo Delegation of the I.R.C.C. from Geneva applying fresh pressure for the introduction of a parcel service from the families living in Italy to those Prisoners of War.

2. It is, of course, considerably open to doubt whether a parcel service of the kind visualised is the best method of alleviating the conditions described in the letter, but this cannot be taken as an adequate reason for withholding such a service. It would, therefore, be appreciated if an urgent decision can be given on the points raised in F.43.30/03 so that the necessary further arrangements may be considered further.

Geneva, May 23 1945

NOTE FOR THE RED DELEGATION OF THE INTERNATIONAL RED CROSS COMMITTEE

AID TO ITALIAN PRISONERS OF WAR IN NORTH AFRICA

Our North African Delegation calls our attention to the considerable worsening of the food conditions of the P.O.W. in this sector, owing to the exceptionally dry winter; the harvest is expected to be extraordinarily deficient.

Already in Morocco the P.O.W.'s bread ration has been again diminished from 500 to 275 gr. and it will probably have to be still further reduced.

Doubtlessly, the majority of the Italian War Prisoners who do agricultural work will suffer relatively little from this situation. On the other hand, for the 6 to 7000 sedentary Italian Prisoners of War in the camps, who are often the least resistent, the measures to be adopted should be urgently decided upon right now.

We should be very grateful to you to undertake the necessary steps with a view to take up again the question of family parcels. Many of the families of the Italian P.O.W.s are either fairly well off or in agriculture; in both these cases, they would be able to send substantial parcels to their Prisoners.

The fact of the new situation created in North Africa by the drought might convince the Allied Military Authorities to suspend, at least for the time being, their prohibition to the sending of family parcels from Italy to the camps of North Africa. The affair is not one of great entity: calculating one parcel of 5 kg. ahead for each month for every prisoner, this would mean for 40,000 prisoners less than 200 tons monthly. This is a very small cargo, but one which would represent an appreciable help for the Prisoners of War.

For the International Red Cross Committee
(signed) H. Haeser
Director of the Relief Department.

(a) The appointment of an Italian Red Cross Delegate to France, and
(b) Authority to send Italian Red Cross Teams to France.

2 Mr. Ritti, resident of Paris, was appointed General Delegate of the Italian Red Cross in France in March 1945 as a result of a mutual agreement between the French and Italian Red Cross (see enclosure).

3 The team is for the purpose of assisting former Italian Prisoners of War and Deportees in Germany, as well as those passing through France, Austria, Poland and Yugoslavia. The Italian Government asked to be authorised to send small Italian Red Cross Missions to each of these countries.

SUBJECT : PESSINA Lucchetti Rina and other Volunteer Red Cross Nurses.

Dear Colonel Campbell,

We wish to call your attention to the following case which has been submitted to us. In the P.O.W. Camp No. 334 of the 5th Army at Scandicci some Volunteer Red Cross Nurses are detained, and among them Pessina Lucchetti Rina, who belongs to the Italian Red Cross Committee of Florence, and was captured in North Italy. She now works in the Camp as Nurse in the Women's Section. At present there are about 7,000 men and 1,000 women in the Camp.

Nothing is known of the motives of this step taken by the Allied Authorities with regard TO these Red Cross Nurses; may we remind you however of the regulations concerning the Sanitary Staffs (Art. 9 of the Geneva Convention).

We should be very grateful if you would kindly go into this matter carefully and take the necessary measures to have the Nurses released if possible.

Thanking you in advance for all you will do and begging you to keep us informed of the developments of the case, we remain sincerely yours,

Subject: Parcels for Italian P.W. in French hands in North Africa

To : G-5 : A.F.H.Q.

1. The International Red Cross Committee in Rome is making further representations concerning the desirability of instituting a parcel service from relatives in Italy to Italian Prisoners of War in French hands in North Africa.

2. It is therefore proposed to discuss with the Italian Red Cross and Postal Administration the question of overcoming the difficulties which lie in the way of the transmission of such parcels from the senders to despatching points. Before this can be done effectively, however, it is necessary to know where these despatching points must be and whether the Army Post Office would undertake to accept the mails for conveyance to Algiers.

3. It is very difficult to form any reliable estimate of the number of relatives who would be in a position to send parcels under such a scheme but it is thought that if a limitation of one parcel per month by any ringleader were imposed not more than 500 bags per month would be despatched.

4. In view of internal transportation difficulties it would be desirable to make up the despatches from North Italy at Genoa for transfer to the APO at that place. Here, Palermo and Naples could also be despatching offices with transfer to the APO at Naples. Could this point be cleared with G2(S) please?

5. The shortage of Italian mail bags is a serious obstacle and perhaps the American Postal Administration can be asked whether mail bags received in Italy from the U.S.A. containing gift parcels could be utilised for this service being subsequently returned to the U.S.A. from North Africa. The Italian Post Offices could furnish any records required of the bags disposed of in this way.

6. In view of difficulties with regard to sorting office accommodation it would be preferable not to attempt to make up despatches in Italy for individual camps but to despatch all the parcels to a suitable agency in Algiers for subsequent distribution.

ITALIAN HIGH COMMISSIONER FOR PRISONERS OF WAR
N. 1861/Pol/0.12

Rome 15th. June 1945

TO: The Allied Commission
ROME

SUBJECT: Repatriation of small nucleus of isolated workmen in British custody.

1/. The British authorities have constituted with the P.O.W. in their custody small nucleus of workmen, who have been sent to the most remote localities to aid in the services of the British Armed Forces and having finished their service, remain in these localities more or less alone and abandoned.

2/. One of these nucleus is the Italian Company of Co-operators N. 2691, composed of about 50 Italian P.O.W. who are living in the sandy parts of the North of Aden, where it seems they have finished the work given them at the Allied air field in that locality.

3/. The severe regulations, that the Authorities of that place apply to the P.O.W., although perfectly legal, are for our compatriots particularly hard, also due to the fact that they are separated from their own compatriots, and do not enjoy the benefits that are given to the collectivity.

4/. The High Commissariat thinks that, if this small nucleus, after having finished their job could be listed in the organisations for repatriation, subservient to available shipping space, or given priority on the vessels in the ocean, they would be given a compensation for the privations they have born and it would encourage them to work with a better will.

5/. We would be pleased if your Sub Commission would take into consideration of what is written above and to give disposals for this plan to become effective.

OGGETTO Militari italiani provenienti da Creta.-

Si trasmette un elenco di militari italiani che trovansi rinchiusi nel Campo di concentramento Prigionieri di Guerra di S.Andrea (Taranto) - Campo "A", settore 4 - unitamente ai militari del III° Battaglione "Gabriele" della Legione Volontari italiani che ha collaborato con i tedeschi.

Rome 8th June 1945

No.1874/Pol/Ti-29

SUBJECT: Request for documents of POW deceased and reported missing.

TO : The Allied Commission
Sub-Commission for Italian Prisoners of War

It results that in certain POW Camps in Kenya, most particularly Camp 356, the Liaison Officers have compiled registers in which they have transcribed all the death certificates and gathered together all documents relative to all deceased Italian military and civilian personnel and all names of all those reported missing, during military operations in East Africa.

In the aim of accertaining the destiny of many Italians, of whom we have no news and to subsequently inform their families who are living in hopes that their relatives may still be alive, we beg you to have these registers sent to the High Commissariat.

In more we beg you, you recover any documents that have been compiled of this nature, in the various P.O.W. Camps of other regions, which correspond to any military operations in other War Zones.

Risulta che in alcuni campi di prigionia nel Kenya - segnalato particolarmente il 356 - a cura degli uffici di collegamento di campo sono stati impiantati registri per la trascrizione di atti di morte e vengono raccolti documenti vari relativi a militari e civili italiani deceduti o dispersi in operazioni di guerra durante la campagna in Africa Orientale.

Allo scopo di accertare la sorte di molti italiani di cui non si ha notizia, e poterne dare comunicazione alle famiglie che vivono ancora nella ormai lunga attesa e vana speranza di potere rivedere un giorno i propri congiunti, si prega cortese interessamento perchè registri (o stralcio) e documenti di cui sopra vengano trasmessi a questo Alto Commissariato.

Si prega inoltre di estendere l'interessamento per il ricupero di documenti del genere che fossero stati compilati e raccolti in campi di prigionia nelle altre regioni ed anche per avvenimenti che si riferiscono ad altre zone di guerra.

To : The Hon. Allied Command

CASERTA

The undersigned, compelled by the necessity, applies to this Command and begs it to take into consideration the following:

He is unable to do any work and he hardly makes a step leaning on two canes; he finds himself in this state since 1943.

He has a son who was born in 1919; this son has been a soldier for more than six years, and a prisoner of war in South-Africa for three years. Throughout this time he had a leave of 48 hrs. only.

The late regime never gave consideration to his inability to work and it allotted him the ridiculous daily subsidy of two lire, with which he had to experience many privations; now-a-day he continues to be in the same critical situation.

Later on his second son, born in 1923, was called under arms too; he belonged to the 1st Reg. "Fiamme Reale"; his family did not hear from him since August 26, 1943.

The undersigned has another little son, two daughters and his wife, all of them in his care.

The late regime turned a deaf ear to his petition for the release of his son and he was compelled to give up writing petitions and to suffer with stoicism.

He encloses a letter of his son, in which it is stated that he will have assistance by the Allied Authorities; therefore, he begs you to grant him some clothes in compensation of the tortures he has undergone.

He is trusting in your goodness and generosity and he is begging you to give him some consideration.

In anticipation, he thanks you.

Your servant
Carlo Giordano

January 27, 1945

My dear parents,

My friend, Sgt. Avezzano, sent you a postal card yesterday on which I also had to write two lines, but later I forgot it. When you will receive it, don't be anxious about me. Both of us are very well.

Your last letter was that of November 22, 1944; I received also our uncles' letters in which they said that they had no news from me since the beginning of the war.

If the Postal service will continue regularly I will write you often. I wish that you will receive good news also from my brother.

A few days ago, I and my friend Avezzano signed a document and we became co-operators of the Allies. If you are in need of something apply to the Allied Authorities and they will help you.

Let me know something about the country and your situation. I imagine you must have suffered enough during the war. Now, with the help of God, the situation is going to become better.

Kisses to you all and especially to my little brother Gennarino.

Your devoted son

Attn: G-1 (Br).

1/. The Italian High Commissioner for PWs has informed me that the Italian Ministry of War has laid down rules that all Italian officers and ORs, if University students, be granted two weeks furlough during the period from the 10th of June to the 31st of July, to be able to take their examinations.

2/. The Italian High Commissioner has requested that the same authorization be given to all Italian Co-operators who are attached to the various co-operator units in Italy, who can prove that they are University students and wish to take examinations.

3/. It is pointed out that by giving this authorization many students would not lose another year of studies.

4/. Your approval to this plan would be appreciated. Please take the action that you deem necessary.

M E M O R A N D U M.

Brigadier General BROCCOLI Umberto, at the date of the Armistice 8th of Sept. 1943, had been, for a few months, the Military Commander of Athens.

Having refused to collaborate with the Germans, was arrested in his office and deported to Germany, while his son BROCCOLI Bruno, an officer of the Italian army signed up with the Patriots.

The last known address of said General was as follows, at which address he was on Dec. 31st 1944: General BROCCOLI - No. 141 Camp No.64 Z (Oflag) SCHOKKN (Posen).

As said locality has been liberated by the valorous Russian troops and the It. newspapers said that the Soviets have liberated the It.P.O.W. we beg H.E. the Russian Ambassador to give us some news of the General, to be able to tranquilise the family who are in great anxiety.

From indirect information that we have received, it would seem that the It.P.O.W. liberated by the Russian have been sent to Odessa.

Thank you.

Signed

The Wife, Lina CAMPANA BROCCOLI

SUBJECT : PW Camp in Irak - Camp D.

TO : Italian High Commissioner for Prisoners of War.

Reference your No. 904/Pol/C-12 di prot. dated 23 March 1945.

1. The question of the unsuitability of the above Camp for PW has been taken up with G.H.Q., Middle East and the following is the reply to the complaint made by the Italian High Commissioner for PW:

E X T R A C T

" (a) The camp in question is 'D' PW Camp, situated at SHAIBA, South Irak, which was visited by the International Red Cross delegate in April.44. At the time of his visit there were 1,200 PW in the camp, seven of whom were Italian Officers, and at that time the majority of the PW had not become co-operators.

Approximately one month later, two Italian Pioneer Coys of a total strength of approximately 800 co-operators arrived from INDIA, ten of whom were officers.

The proposal that an additional 3,000 PW should be sent from INDIA was subsequently dropped. 7855

(b) The situation at this stage was that we had approximately 2,000 PW, 400 of whom were non-co-operators. The 400 non-co-operators have been transferred to Mideast to simplify administration. We have now, remaining 1,600 co-operators. Seventeen are Italian officers, and this number is considered sufficient, bearing in mind that there is a British camp staff to administer the PW and maintain discipline.

./.

Declassified E.O. 12065 Section 3-402/NNMC NO. 785020

(702B)

It should be stated that the majority of the PW are working in detachments and live with, and in exactly the same accomodation as British and Indian units in the BHAIRA-BASRA area.

(c) As stated in the High Commissioner for Italian PW letter of 23 Mar. 45, the camp is situated in a flat and desert region, but there is a very large number of British and Italian troops in the same area many of whom have spent two or three summers there without ill effect. In Apr. of this year, all PW were medically examined to decide whether they were fit to stand a further summer in the plains of IRAK. Of the total it was considered by the Medical Authorities that seven were not fit. They were transferred to Mideast immediately.

The BHAIRA area has been visited by the International Red Cross delegate twice since last Apr. On both occasions he has expressed satisfaction with the conditions obtaining in the area, of the efforts made for the welfare of these PW and of their apparent good health."
