Subject: Sanitary Conditions of G.P.O. W. in India.

To :- A.C.S.C. P.O.W. ROME

197

We have been informed by the C.I.C.R. and by the delegates of the Red Cross who have visited the P.O.W. Camps in India, of the bad sanitary conditions of said camp. This H.C. is bound to forward this report to your S.C. for all the instructions which you will deem advisable to pass.

In the 2nd Group Camp in November 1944 (No 9- 10- 11- 12- 15 and hospital) out of 2553 prisoners, 2107 of them were ill. In camp 11 out of 3806, 900 were ill and in camp 15 out of 2625, 400 were in the hospital. In the group hospital there were recovered 807 P.O.W.s.

We have no information about the number of ill prisoners of camps 9- 10- 12- 15. The reasons of such an amount of illnesses are the climate, the epidemic diseases and above all the malaria and dysentery. Out of the above mentioned number of diseases, 800 of them are caused by 1st degree malaria.

It seems that the Medical Commissions who visited the P.O.W.s who had to be repatriated were very severe in their judgements, because they have refused to consent the repatriation to prisoners who were affected by T.B.C.

These informations of the C.I.C.R. are dated November 1944, and only a thousand prisoners have recently been repatriated from India.

The conditions have not changed a bit and the camps are always displaced in the same zones. Our prisoners are in very bad health, their imprisonment has lasted more than 4 years and they are in very low spirits.

As the war is over in Europe and the P.O.W.s status ought to be considered changed we beg your S.C. to call this matter to the attention of the competent authorities so that, and not only the ill prisoners should be repatriated as soon as possible. At least we beg your S.C. to give orders to improve the conditions of treatment of the P.O.W.s in question.

SUBJECT: Treatment regarding Italian co-operators officers
POW in Camp of Monticello (Arkansas) USA

TO: Allied Commission
S/C for Italian POW
Rome

189

From information received by officers who have returned from imprisonment it seems that officers who are interned in the Monticello Camp (Arkansas) and who have declared themselves co-operators, have found no work in the service units and are treated worse now that the war is over than before.

The complain about a decrease of rations, no milk, no sugar no fruit, no cigarettes and the suspension in the sale of many materials that were sold in the canteen.

They have also been ordered to put on their clothes the POW initials, even in the camp.

It seems that these orders given to the Italians were sent to be only for the German POW.

It is thought that these restrictions are due to the initiative of the local authorities because they are in full contrast with the ideas of the American central authorities.

As these matters are very demoralising for our POW already demoralised due to the fact that their repatriation is always put off, we beg your Sub-Commission to intervene on their behalf and give orders to improve the treatment of the Italian officers who are still POW.

GENERAL OF THE REALM

Rome, 14 July 45

Dear Campbell;

I write you in the interests of a particular compassionate case.

Serg. Maj. Italo BOLDI, when the Allies invaded Sicily, was on duty at 40th Artillery Group of the Army Corps - Gunner Group 105/28 - Greenwich (Catania).

His comrades stated as his having been safe and well in that circumstance. From that day however nothing has been heard of him and his old mother is in the only hope that he was taken prisoner and for some unknown motive is not allowed to write. 187

Would you be so kind as to find out what has happened to him and if he is or not a POW.

Thanking you from now I take this occasion to send you my most cordial greetings.

In reply to your memorandum dated 22nd June, 1945;
we have to inform you that

- (1) T.121977 Maggiore, Carmelo
ME.29518

died in the United Kingdom on the 14th May, 1945, of fracture of skull due to being knocked down by a train whilst working on permanent way. At time of death he was interned at No. 64 Prisoners of War Camp, Great Britain. The effects belonging to this deceased Italian Prisoner of War are in the custody of the Bureau and will be forwarded to the Italian Authorities as soon as possible.

- (2) T.70853 Giroldi, Lisinda

died in Hospital, United Kingdom on the 15th May, 1945. He committed suicide whilst the balance of his mind was disturbed. The effects of this deceased prisoner of war are also in the custody of the Bureau and will be forwarded to the Italian Authorities as soon as possible.

The above information regarding the deaths of these two Italian prisoners of war was included on the Bureau's official List No. 107 of Deceased Italian Prisoners of War, a copy of which was forwarded to the Italian Authorities on the 9th June, 1945.

For your guidance, we would point out that in every case of the death of an Italian prisoner of war, an immediate intimation is sent to the Alto Commissariato Prigionieri de Guerra, Roma, notifying the death; and is followed by a notification on the Bureau's official List of Deceased Italian Prisoners of War giving the normal particulars available at the time regarding the death. Copies of these Lists are forwarded to Dr. A. Ferrero, R. Rappresentanza Italiana, London, for transmission to "Alto Commissariato Prigionieri de Guerra, Roma". These official Lists are recognised as Death Certificates. The effects belonging to deceased Italian prisoners of war are forwarded as soon as possible to "The Secretary, Ufficio Albo D'Oro, Ministero della Guerra, Roma" for transmission to the next-of-kin.

If duplication and unnecessary clerical labour is to be avoided we would suggest that enquiries should be directed in the first place to the "Alto Commissariato Prigionieri di Guerra, Roma" who hold the necessary information and that reference should be made to this Bureau only in cases of difficulty.

1. This coy is located some 8 miles outside Aden, on an airfield where British personnel are also located.

2. They have all the benefits of Italian Co-operators and all the amenities which they can be given, and in a report recently submitted by the Delegate the IRCC in Cairo, he states that "the Coy is a little isolated" but "there is no real complaint". Since his visit certain additional ameliorations of their conditions have been introduced.

3. The statement that the work allotted to this Coy is completed is incorrect, and it will not be completed for another 3 or 4 months, at the end of which the prisoners of war will be transferred to EGYPT as soon as shipping is available.

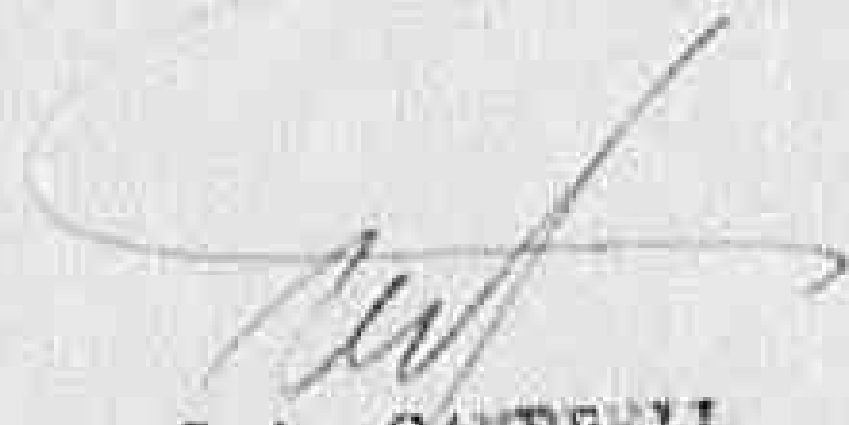

4. The fact that these men were only transferred to Aden from East Africa in August 44 and that they are accommodated in the same area as British troops indicates that the view expressed by the Italian High Commissioner is at least exaggerated.

To:- Col. - Campbell, Prisoners of War Sub-Commission,
H.Q., Allied Commission, C.M.F.

Subject:- Location of Prisoner of War.

Further to my telephone conversation with you of a few days ago, I regret the delay in taking advantage of your kind offer of assistance to ascertain the present location of one, Capitano di Fregata ALBERTO AGOSTINO, of the Royal Italian Navy.

The object of my interest in the above-mentioned Italian Naval Officer, is to help placate a rather distraught sister of the aforesaid officer, who being much attached to her brother, is anxious to discover his present whereabouts. 146

Unfortunately, I have been able to obtain very little information of a helpful nature; according to the sister of Alberto Agostino, personnel of Officers' status do not appear to have Registration numbers.

Alberto Agostini was born on the 29th November, 1907. His last place of abode, where he resided with his wife and one child, was Venice. He was Commissioned in the Royal Italian Navy on a permanent basis and his political associations, as far as I can gather, were nil.

From the scanty information that I am able to give; it is doubtful whether you can assist, but I can assure you

The Italian Red Cross have requested the Ministry for Foreign Affairs to notify to the competent Allied Authorities the appointment as their Delegate of Vienna of Prof. Ferruccio PACHER, there resident, Boltzengasse n° 16.

The Ministry for Foreign Affairs will be very grateful if the Allied Commission will kindly acquaint with the foregoing the proper Allied Authorities with a view to their granting him all necessary help and facilities in his work.

SUBJECT: Civilian Ps.O.W. and Internees Releases.TO : Italian High Commissioner for Prisoners of War.

1. At the 24th meeting of the Tripolitania Internment Committee the question of the release of the following Civilian Ps.O.W. and Internees was considered.

(1)	389515 Civ. P.O.W.	CANELLA Angelo
(2)	371448 Civ. P.O.W.	FERRIOLI Ettore
(3)	Civ. Internee	PIANELLI Vincenzo
(4)	Civ. Internee	PILLARI Micheli
(5)	Civ. Internee	SINACORE Giuseppe
(6)	Civ. Internee	STENICO Enrico (STENECH)
(7)	Civ. Internee	ZAMMARILLI Filippo
(8)	Civ. Internee	LAZARONI Luigi.

2. Though these persons have the status of Civilian Ps.O.W. or Civilian Internees there is good reason to believe that at the time of the occupation of Tripoli they were militarized. The question of their release presents certain problems for the Administration of Tripolitania, on whom they would be a burden, since they were not resident in Tripoli before the occupation, and are not registered in the Anagraph of Tripoli. Certain of them admit frankly that they are soldiers but have failed to produce proof of this.

The problem would be solved if their names could be checked against records of the Italian Army, and then, where proof is obtained of military status, the Civilian P.O.W. or Civilian Internee will be transferred to a Military P.O.W. Camp as a Military P.O.W. 89

3. Details of the a/n follow and it would be appreciated if the checking against Italian Army records might be carried out:-

SUBJECT: MEZZADRA Franco.

The Commandant MEZZADRA of the Marine Ministry - tel. 647, has asked this High Commissioner news of his son, second Lieut. Marine Mezzadra Franco, Commander of the landing-craft 23, that was attacked and put on fire the 7/5/1943 at Sidi-Bu-Said Tunisia.

It seems that the crew (about 20 persons) swam to the coast, but since then, nothing more has been heard from them.

It is thought that Mezzadra Franco is interned as POW in a camp in India.

We beg your Sub-Commission to call this matter to the attention of the competent authorities, to make sure that said officer is a POW and in which camp he is interned. 58

With thanks.

209 re protest of Col. Paocio.

EXTRACT

- a) Being disembarked from a British Ship I ordered that a P.F.I. inspection should be held. They were not put through the Disinfector which is the normal practice. Their kit was searched according to normal standing orders.
- b) The search of their kit revealed thousands of cigarettes and other NAAFI issues. One man had 1600 Players - another had over 50 tablets of toilet soap. In view of the tight rationing of British Officers and O.Rs I ordered the immediate confiscations of these items and returned them on their departure. They have no doubt since been sold at high prices in the Black Market.
- c) These officers were placed in the Italian Officers Compound. They received in every way the same treatment as is accorded to Officer POW. Beds and mattresses are not an issue to POW. The Compound is staffed with OR cooks and batmen.
- d) Water is laid on in the compound and there is no difficulty about washing. A hot shower is available to every POW once per week.
- e) Normal POW scale of rations was issued.

TO : G-1(Br)A-2,

1. Reference your G-1(Br)/3321/A2 dated 10 Jul 45, the following observations are made upon the complaints put forward by PAGO, a copy of which are enclosed.

- a. Being disembarked from a British ship I ordered that a M.P.I. inspection should be held. They were not put through the Disinfector which is the normal practice. Their kit was searched according to normal standing orders.
- b. The search of their kit revealed thousands of cigarettes and other RAAPF issues. One man had 1600 Players - another had over 50 tablets of toilet soap. In view of the tight rationing of British Officers and C.R. I ordered the immediate confiscation of these items and returned them on their departure. They have no doubt since been sold at high prices in the Black Market.
- c. These Officers were placed in the Italian Officers Compound. They received in every way the same treatment as is accorded to Officer POW. Beds and mattresses are not an issue to POW. The Compound is staffed with OR cooks and batmen.
- d. Water is laid on in the compound and there is no difficulty about washing. A hot shower is available to every POW once per week.
- e. Normal POW scale of rations was issued.

2. Mt Interpreter Staff reported to me soon after the arrival of this party that they were disgruntled and ill disciplined, having lived in Australia and the Middle East for 2 years in complete comfort. I therefore sent for the senior officer, probably it was PAGO, and I informed him that until instructions were received to the contrary they would be treated in this camp like other PW. I also warned him that any breach of discipline would be reported to me immediately and the offender - whatever his rank - would be punished. No trouble was experienced after this threat had been made.

3. I consider that the complaint is without foundation.

- a) The regulations governing prisoners of war interned within the continental limits of the United States provide that "except for hats, other accessories and national uniforms, any article which may be worn as an outer garment will be marked with the letters "PW". The provisions of this regulation are applicable to all prisoners of war, officers and enlisted men. Therefore, when it is necessary to issue American clothing to prisoners of war clothing is stenciled with the letters "PW". This procedure is a necessary precaution which has been adopted so that prisoners of war may be easily identified.
- b) Prisoners of war are allowed to wear their national uniforms which are not marked "PW" as indicated above. ETTORE CELI BORN AT MILAZZO 5 OCTOBER 1922.

In April, 1943 was at Danzic and his address was as follows:

Sottotenente (Sub-Lieut.) di Vascello Ettore Celi, 2nd in Command of the Submarine S.8.

From information received from his companions who have returned it appears that he was later sent to Bordeaux and in 1944 was still serving in Northern Italy presumably at Spezia, and according to the same source of information, was taken prisoner by the English in the Port of Ancona during a battle at sea.

Dear sister and brother in law.

I send you these few lines to let you know that my health is good, and I hope you are well too. A long time ago I received a telegram from my parents, but I could not answer immediately because since a year I am a co-operator and have been sent to England. Being afraid of reprisals to my family I did not write before, but now that the war is over I can write. I hope to receive news from you, hoping that you are well. I should like very much to know where Erminia and my brothers are.

All my love.

Bar of the Grand Hotel - Rome

28 June 1945

To Col. POLETTI:

Here is the case of my son, Lieut. of the Navy Engineer Corps, SCAVENIANO Carlo Alberto. After having been captured by the Germans and put into a concentration camp in Poland, where he was kept many months and subsequently sent to Pola. Being an expert he took a small submarine to go to Ancona and surrender to the Allies. From there he was sent to "Grumo" where he deposited lire 30.000 and a binocular; later he was sent to Bari as technical instructor. He was treated very well but after informing me that he was to be transferred again, I have had no more news of him, up to yesterday, when a priest from Naples, on transit in Rome, telephoned me that my son was at the PW Camp 209 Afragola, Naples.

I wish very much to obtain his liberation as he must take his examinations in order to obtain his degree as Naval Engineer.

He studied at the Naval Academy and was classified 1st in the 3rd course which is the most important.

Regarding my own position, I have worked at the Bar of the Grand Hotel and everyone knows me; my life has been spent in working to give my children the best education possible.

Yours devotedly

s/ Pietro Sciaverano

P.S. - I shall like to have a permit to visit my son with my wife, where do I go to obtain it?

ITALIAN HIGH COMMISSIONER FOR PW

11 July 45

No. 2239/Pol.06

SUBJECT: Request of ration packages for POW in North Africa.

TO: Allied Commission
S/C for Italian POW
Rome

The General Direction of the C.I.R.C. Delegation in Italy, informs us about the decrease of the food condition due to the drought in which are the Italian POW.

The Delegation informs us that in Morocco, the bread ration is of 275 grams while before it was of 500 gr. and it is thought that it is still on a decrease.

The very bad conditions of life of POW in French hands are known, due to this cause the Italian Government, tries every way to succeed in letting them receive some assistance.

We beg your Sub-Commission to intervene *by* allowing to send food packages to the North African camp, authorizing to send at least one 5 Kg packages every month.

The families of the POW are willing to send those packages through the Red Cross. Also if all the relations of the prisoners would send a package the compressive weight would not be more than 200 tons a month.

This matter has been called to the attention of the French Ambassador in Rome.
