SUBJECT : Papoff Giulio = Vice Commissioner of P.S.

In October 1943 Police agents and CC.RR Maresciallo Bilancini and Brigadiers Pati and Mazzoccali, refugees from Spalato, referred that Vice Commissioner of that Questura Papoff Giulio, was arrested by Yugoslav partisans after the armistice and executed together with Head Commissioner Castellini Paride.

This news has not yet been confirmed. Mrs. Marrese Antonietta, wife of Commissioner Papoff, has communicated us that two Yugoslav officers, a Colonel David Papo and a Lt. Col. Stalica, in service at Bari, informed her that her husband was not executed but sent to a German concentration camp near Linzon der Donau. Later she heard from a Captain Miller (Frenchman) in service with the R.A.F. Command at Metz, that her husband has been transferred to the Cronville concentration camp in France, which is controlled by the English. He is supposed to be at: Camp Cronville (Pres Longvillon) O.C.B. 344-24564. Head Commissioner Castellini Paride appears to be there too. Meanwhile we beg you to inform the competent authorities in regard and to make arrangements, if nothing results against them, for the repatriation of the two aforesaid officials. An answer at your earliest convenience will be highly appreciated.

COMITATO NAZIONALE REDUCI DALLA  
PRIGIONIA

1095

Milan 19 July 1945.

TO : Col. BOLETTI  
Allied Military Government

M i l a n

A disagreement between ex-refugees and PW's families has arisen and has been brought before this Committee. The reasons causing this disagreement are as follows:

The ex-refugees coming back from Germany say that our internees' conditions are getting always worse. No news of prisoners in Russia. The problem of prisoners in Balkan countries is unsolved. While much has been done and is still done for political internees, nothing is said about PW. For this PW's families ask for a speedier return of their relatives, and, at the same time that a possibility to have mail be given. Refugees coming to see us, claim because they are not able to find any work, and also about the slowness with which they are settled. The moral and material assistance to refugees and to PW's families is diminishing every day, owing to the lack of means and also to the impossibility that Enti etc. have in getting exact news of prisoners, and repatriation.

Stated as above, this Committee asks:

- 1) That the Allied and Italian authorities will do their best in order to have all the PW repatriated as soon as possible. No difference must be made amongst PW in German, Russian or Allied hands.
- 2) With regard to people going to be repatriated from Germany the Committee asks to participate to the Commissions sent in Germany, to assist and transport the a/m persons. The Committee also asks that authorization be given to transport the refugees directly from Germany to Italy by convoys of private trucks controlled by the same Committee.
- 3) That an efficient mail service be set up. Some Enti have

✓.

started already this service, but they need help. The Committee has in mind to set an information office, making use of news gathered from ex-refugees, under the provision that Allied and Italian authorities give all the material help they can.

4) That Italian and Allied authorities must remember that every soldier captured with arms must be considered as PW and therefore they must follow international laws. And these cannot be modified by the nation that holds the soldiers. The name of "Civilian Worker" given to soldiers in Germany and Balkan countries is considered therefore inappropriate. The Italian authorities must do their best in order to have Italian soldiers in Germany and Balkan countries considered as PW and not civilian workers as they are at present classed. Doing so the Italian authorities will be able to send transports and bring directly in Italy these PW and also will avoid many things as:

- a) The war department does not want to settle the ex internees classified as civilian workers before Nov. 44. On June 27 we have sent to the war department a memorandum on this subject.
- b) The Italian factories do not want to hire these prisoners stating that they have been working in a foreign factory as they have been classified as civilian workers and that they must be considered as gutting workers.
- c) The Istituto di Previdenza Sociale has suspended the payment of a part of the salaries since the internees have been considered civilian workers and after the repatriation still refuses to pay the amount due.

5) For information we can state that the Comune of Milan has paid to the ex-internees' families of poor condition a daily subsidy. But since March 45 this subsidy has been suspended because it was supposed to be substituted by an indemnity of "Presenza alle Bandiere" (Present to Flags). This indemnity was in force for the families of those who had died in combat, and had to be paid until six months after the cessation of the hostilities. But this was paid only irregularly and partially. Many cases show that PW's families are not yet receiving any sort of subsidy and they are in very difficult financial conditions. Therefore it is necessary that Military and Civilian authorities come to an agreement on this matter.

6) For what concerns prisoners in Russia the authorities want:

- 2 -

1095

- a) That R.A.I. forwards to the undersigned Committee or to similar Enti the list of names broadcasted by the Moscov-Radio.
- b) That any means possible and impossible be used in order to have a complete list of Italian prisoners leaving Russia from Russian Authorities.

This Committee will send out the nominatifa to the families by mail and by administratif and religious authorities in every town.

Waiting for an answer we remain yours sincerely

signed. THE PRESIDENT  
(Avv. Ettore Villa)

No. 414559/RPGR

SUBJECT: Railroad transport for War Veterans arriving from imprisonment.

TO : Allied Commission  
S/C for War Materials Disposal  
Rome

On the 1st of August during a very severe storm, a train arrived at Foligno with about 1000 veterans from Germany in uncovered rail cars.

In the impossibility of receiving them at Foligno, due to the fact that all the barracks were full, it was necessary to send the train on to Orte in the hope of finding closed cars in substitution of the open ones.

The Military commander of Foligno informed the Town Major of that city of this matter.

In consideration of the coming winter and the state of mal-nutrition in which these prisoners find themselves, we beg your Sub-Commission to intervene on their behalf and avoid in future that they be transported in open rail cars.

From : Ministry of Marine (Gabinet)  
To : N.S.C. - A.C. H.Q. -  
Ref. : B.9201  
Date : 14 August 1945

Subject : Request for news of Lt. Cdr. Nicola MAIORANA

1. Mrs. Bianca MAIORANA, of Via Morghen no.155, Vomero, (Naples) has notified us that she has received no news of her husband since 29th March 1941-

- Lt.Cdr. Nicola MAIORANA, born at Aieta(Cosenza) on 29.10.907, formerly embarked on the I.R.N.Cruiser "ZARA" as Deputy Chief of Staff of the 1st Division.

2. After the naval battle of Cape Matapan on 29th March 1941 the Ministry of Marine informed his wife that the above officer was missing. It appears that a few days later "Radio Londra" (B.B.C) announced that the Staff Officers of the "Zara" had been taken prisoner. In May 1941 Radio Cairo at 2030 hours gave the names of several Naval Officers among which was that of Lt.Cdr. MAIORANA. Despite continued efforts on the part of his wife this news was not confirmed. She learned from a number of seamen who were saved from the "Zara" that her husband was safe. In the same year(1941) it appears that a Service Chaplain who had returned from Kenya brought news that the Staff Officers from the "Zara" were safe but could neither send nor receive news as they were under punishment for having scuttled their ship. It was rumoured also that they had been punished for having attempted to escape from an internment camp by being prevented from writing home.

3. Any information which the Naval Sub-Commission may have to import is awaited by this Ministry.

Correspondence with Italian colonies. Italians pressing for permission to open non-transactional banking correspondence with former Italian colonies in AFRICA. Such correspondence is reaching ITALY from those areas. For example, Italian in TRIPOLITANIA can write to Bank in ITALY authorizing payments on his account, but at present no reply permitted from ITALY. Repatriated Italian PW also complain unable to draw against deposits in branch banks in AFRICA because unable produce satisfactory evidence as to title, balance, etc.

Your permission requested to authorize banking and other non-transactional correspondence between Italy and former colonies as defined para 1C of TAC 592 and 593, but withheld from ITALY by TAC 608. Areas are under British administration and hence recognition by Italian Government of proclaimed and statutory lists appears unimportant.

Recognized that in case of banking, correspondence in itself non-transactional may lead to outpayments in ITALY by head offices on basis information thus obtained, with expectation of ultimate adjustment of banking balances between ITALY and former colonies.

Subject: Italian Prisoners in Russia.

The subscriber MARIO MAZZEO has already sent to the A.S.G. a letter about Italian prisoners in Russia on July the 22<sup>nd</sup>. Until no day nothing has changed and they are still treated in a barbarous manner. ~~parents have got no news from their children~~ since 31 months. There cannot be peace, civilization, freedom etc. until this conditions are changing.

The precedent wars have destroyed bases quarters of the world the next one will destroy it entirely. and will be the result of the politics against nature/ to the autarchy, expression of the second universal war;

the politics getting in the hands of women will determine the third war, which is near at hand.

One conference follows the other, but nobody thinks of the prisoners in Russia.

Please publish the contents of this sheet (even modified) this being the people's word, so to prove that you have held the promise of the FREEDOM OF WOMEN AND OF FUTURE PEACE. I did not act like the fascists. From November 1941 I have been a 32<sup>nd</sup> year until May the 1<sup>st</sup> 1945 we got only.

PRIGIONIERI ITALIANI IN RUSSIA  
-----

Il 22 del mese scorso le scrivente ha spedito a mezzo raccomandata data un foglio diretto agli indirizzi di cui sopra, riflettente le notizie dei prigionieri italiani in Russia.

Nessun riscontro, nessuna novità si è verificata fin'oggi, si continua ancora nel modo barbaro, non esistendo nessuna ragione che possa giustificare tale trattamento verso l'umanità.

Da oltre 31 mesi i genitori non ricevono un saluto dai loro figli e fine quando dura questo stato di cose è inutile parlare di PACE, DI CIVILTÀ, DI LIBERTÀ, DI FRATELLANZA, ECC.

Si continua quindi a cumulare dell'edie fra popoli in modo che la prima Guerra Mondiale ha distrutto un terzo.

La seconda Guerra Mondiale ha distrutto tre quarti.

La terza Guerra Mondiale distruggerà il totale per effetto dell'esito dei due rami della politica contro la natura.

1°- L'Anarchia riflette la seconda Guerra Mondiale.

2°- La politica e la sorte dei popoli che passerà in potere della donna che avrà l'esito finale della Terza Guerra Mondiale che non sarà molto lontana, forse anche meno del tempo passato fin'oggi.

prima e la seconda Guerra Mondiale.

Una conferenza finisse e un'altra comincia dei TRE GRANDI, nessuno si occupa dei prigionieri italiani in Russia.

Quando i genitori potranno ricevere una semplice cartolina con un saluto dei loro figli tutt'ora in territorio Russo ?

Si prega di volere pubblicare il contenuto del presente foglio (anche modificato) essendo questa voce del popolo, in modo di far vedere che la promessa LIBERA PAROLA IN UNA LIBERA STAMPA sia messa in pratica e che non sia ancora una promessa fascista, come le famose promesse verificate dal 32 marzo 1919 al 1° Maggio 1945.

ITALIAN HIGH COMMISSIONER FOR POW

25 July 45

No. 2511.Pol.F.8

SUBJECT: Italian military personnel seriously ill in Turingia and Sassonia regions.

TO: Allied Commission  
S/C for Italian POW  
Rome

This High Commissariat has already informed you Sub-Commission of the work made in Germany by Col. Luigi De Micheli, who collaborated with the Military Allied Authorities for the reception and assistance for the repatriation of civil and military personnel, freed in Germany in the Turingia and Sassonia regions (see letter No. 2185 dated 3 c.m.)

Said officer has now informed us that in those zones, hundreds of civil and military personnel, are seriously ill. They have been recovered in German hospitals, where the Germans insufficiently look after them, in relation of their illness (T.B.C.).

We beg your Sub-Commission to call this matter to the attention of the competent authorities, so that those poor people should be repatriated.

With thanks

IT. HIGH COMMISSIONER FOR PRISONERS OF WAR

TO: The Allied Commission

 POW and W.M.D.

ROME  
 =====

N° 2502 Pol/C.4.A.

SUBJECT : Italian military personnel from Greece and Egeo, kept  
 in Egypt in camp 305.

We have been informed by an officer recently repatriated from Egypt, that in camp 305 there are still 34 officers and 200 soldiers belonging to the group already mentioned to your Sub Commission with letters 95/Pol/GI dated 13/1/45 and 1342/Pol/G.4.A. dated 26/4/45.

Said military personnel the day of the Armistice were in the Egeo islands and after having fought against the Germans crossed the lines into Turkish territory. There they accepted to be transferred in the Middle East supposing they would be repatriated and fight against the Germans.

When they arrived in Egypt they were interned in camp 305, where all the fascists and those who refused to co-operate, are kept.

This state of anxiety has last for a long time. They feel sure not to deserve such a treatment, because they have asked to co-operate with the Allies and they feel the injustice of this imprisonment.

We have been informed that all the officers and part of the soldiers belonging to the Navy, who had the same treatment have already been repatriated.

We beg your Sub Commission to call this matter to the attention of the competent authorities and request the repatriation of said POW.

We also beg your Sub Commission to intervene on their behalf, and while their situation will be decided, to transfer said POW in camp 304 or in any other co-operators camp.

With thanks.

ITALIAN HIGH COMMISSIONER FOR PW

No. 2339/Pol.06

SUBJECT: Request of ration packages for POW in North Africa.

TO: Allied Commission  
S/C for Italian POW  
Rome

The General Direction of the C.I.R.C. Delegation in Italy, informs us about the decrease of the food condition due to the drought in which are the Italian POW.

The Delegation informs us that in Morocco, the bread ration is of 275 grams while before it was of 500 gr. and it is thought that it is still on a decrease.

The very bad conditions of life of POW in French hands are known, due to this cause the Italian Government, tries every way to succeed in letting them receive some assistance.

We beg your Sub-Commission to intervene in allowing to send food packages to the North African camp, authorizing to send at least one 5 Kg packages every month.

The families of the POW are willing to send those packages through the Red Cross. Also if all the relations of the prisoners would send a packages the complessive weight would not be more than 200 tons a month.

This matter has been called to the attention of the French Ambassador in Rome.

ROME

Prot. N° 413887 RPGR

SUBJECT : Italian Military personnel arriving from Creta.Following an letter n° 409140/RPGR dated the 13th  
June 1945.

We thank your Sub Commission for having authorized the investigations to ascertain the position of the Military personnel repatriated from Crete with those of the III° Battalion "Gabrielli".

The investigating Committee of the war veterans from the Balcans went to S.Andrea 4th sector. They however informed us that amongst the Italian internees of that camp the internees whose names were on the list attached to above mentioned letter, *were not to be found*

It seem that the people in question have been transferred to a camp in North Africa together with the "Gabrielli" battalion.

We will greatly appreciate if your Sub Commission would examine this question and if opportune, intervene in behalf of the military personnel in question.

SUBJECT: Catholic cemetery in Ranchi (India)TO: Allied Commission

Rome

From a report sent from the C.I.C.R. following a visit made by the delegates of said Committee in December 44 to the camps in India, we have been informed that in the catholic cemetery of Ranchi, there have been buried prisoners belonging to the 3 Group, who died when said group was staying in Ramgarh.

Actually the cemetery is abandoned. The wooden crosses on the tombes and the chapel, built by our Prisoners, are going to ruin.

We beg your Sub-Commission to call this matter to the attention of the competent authorities so that some of the POW able to do the work of restauration, may be allowed to restore the crosses on the tombes and the chapel.

7 POW - News about Italian POW - Requested of B.B.C.

I was and I still am an attentive listener of "Radio Londra" even when that meant jail or even worse. I had to take my Radio in my room and listen at it under the blankets. Every thing was most interesting for us, but the most interesting transmission was that of the POW. But now it is a long time since we heard nothing about them. Why this change? Now that we are so anxious to know about their movements of how they live, and when they will be repatriated. Your silence on their regard makes us sad. Give us their news and tell us when they will be repatriated.

REQUESTA A RADIO LONDRA DI NOTIZIE SUI PRIGIONIERI

MESS AGENT ITALIAN P.O.W. REQUESTED BY R.R.C.

" Ero e sono un ossidato ascoltatore fin da quando ascoltavo Radio Londra al-  
gnificava andare in galera e peggio. Toccava portare la radio in camera ed  
ascoltarla sotto le lenzuola ed uno stava fuori in casa di guardia per le  
spie. Tutto ci interessava ma le trasmissioni per i prigionieri di guerra  
ci interessava molto..... Ora però è molto tempo che le notizie circa le lo-  
ro vite e il loro rimpatrio e tutto ciò che ci può interessare o certinatio  
di notizie di famiglie non ci sente più. Perchè questo cambiamento? Ora  
che questa trasmissione ci interessa almeno grada per sapere i loro novi-  
menti, le loro vite e tutto ciò che può aiutare a lenire le nostre condi-  
ti stesse è questo..... Sono luoghi sani che non rivediamo i nostri cari e  
tra tutto ciò che abbiamo passato e si passa il vostro silenzio su loro ci  
retristate. Deteci ancora loro notizie, diteci quando saranno rimpatriati  
dando il numero del campo e compagnia imbarcata per il ritorno in patria.

In the last time he was at Lonato (Brescia), I wrote to A.M.G. in Brescia for information, but they answered me that there is nobody in prison with such a name.

I wonder if you would be so kind as to show me the best and quickest way to get information or news.

SUBJECT : Italian officers escaped from German camps, interned in Great Britain.

We have been informed that 35 Italian officers escaped, in April, from a German camp, crossed the lines and joined the Allied troop, where they were sent to Germany and made POW.

One of said officers Sub Lieut. Baldo, Guido, is in camp 168, matriculation number 487721. <sup>English</sup> The other officers are in the same camp.

We beg your Sub Commission to let us know the reasons of this treatment towards our officers, and if there are no special reasons to keep them in camp 168 we should be grateful to your Sub Commission if they could be repatriated as soon as possible.

With thanks.

To : Allied Commission  
Sub Commission for WMD & IPO  
ROME

SUBJECT: Ex POW liberated from imprisonment in Germany, transferred and interned in Great Britain.

Following our letter No.2598 Pol/C=16, dated the 28th July 45.

We have received further news from Italian soldiers liberated from imprisonment in Germany and who have been transferred and interned in Great Britain.

The first communication referred to a group of 35 officers transferred to Camp 168.

The present information refers to a nucleus of Carabinieri (of whom we send the attached nominal index) interned in Camp 127.

This information leads us to presume that other ex-prisoners liberated in Germany have been transferred to Great Britain.

As we are in ignorance as to the motives that have induced this measure, and in the aim of not submitting these people, who have already suffered so much, to an unjust and different treatment meted out to all the other liberated prisoners from Germany, we beg you to intervene on their behalf and to ascertain if what is written above is or not correct; and if there are no particular reasons against it, to have them repatriated as quickly as possible.
