TO: Colonel RICH,

Dear Colonel;

I am writing you on the advice of my great friend Conte Carlo Piscicelli to ask if it is possible to have news of a person reported missing of the Italian Navy:

Sailor ALMO DI STEFANO, son of Giuseppe and of the late Strano Giovanna, born in Catania 25-6-1917, No. 44046.
On board the Torpedo Boat "CURTATONE" sunk on the 20-4-1941.

He is the husband of my surrogate. Reported missing it seemed that there was no more hope, but on the 23rd of June 1944 Radio Lanoon announced his name as a POW in India.

I would greatly appreciate if you could give me any news as to his whereabouts.

Thanking you I am

Yours sincerely

ITALIAN HIGH COMMISSIONER FOR POW
No. 2854/Pol.C.15 di Prot.

Rome, 10 August 45

SUBJECT: POW signs on the clothes of Italian POW in the Camps (Monticello Arkansas USA).

The High Commissariat calls to the attention of your Sub-Commission to the matter on which you wrote to us about , in letter No. IPW/2/3/9038 dated the 30th of July 1945, said letter being not quite clear.

In our letter No. 1010/Pol.C. 15, dated the 2nd of April 1945, the High Commissariat limited his request as follows:

That the officers who are collaborators and who are still in the Monticello Camp (Arkansas U.S.A.) as it is not possible to use them in working units, be given the same treatment as is given to thise who collaborate and work in working units, and have the POW signs taken off their clothes.

The High Commissariat only asked for equal treatment for those, who not by their own fault, could not co-operate and should therefore not be considered as less friendly towards the Allies in comparison to those who were put in working units and should not be put on a POW status inferior to the others.

If,as you say, your regulations require that all the clothes of POW be stamped with the letters "PW" for "necessary precaution that must be adopted to render the POW identifiable", the High Commissariat thinks of all Italian POW, who are not co-operators, to add that these regulation have no more reason to exsist, due to the fact that Italy has definitely ceased to be in a state of war with the U.S.A., so much so, that they have fought at their side against the common enemy.

The stamping of the letters PW can only be necessary from a point of view of security and not as a sign of shame from a political and social stand-point, towards the personality of the POW from other foreign citizen.

If the POW, escaping and rejoining his own army, can no longer fight against the Power that detained him, because his army has ceased to exist as an enemy army, his danger as a POW has no more reason to exist and all measures to prevent this automatically cease, as also the reasons to hold him as a POW ceases, inasmuch as article 75 of the Geneva Convention stipulates that, from the moment of armistice all nations must provide for the

repatriation of the POW.

Therefore keeping the letters PW on the clothes of our POW can have no other reason to continue except as of a moral significance to put them on a status, politically and socially inferior to other foreigners residing in the same territory, and has no other function except to degrade them morally, as if it was necessary to show them the same diffidence and hostility as could rightly have been shown them when enemies . This surely cannot be the intention of the central American Authorities.

If added to juridical motives you add the motives of a political nature such as, the service given by Italy to the Allied cause, which service has been prized and approved by the Allies, the inopportunity of these restrictions becomes evident.

In consideration of what is written above the High Commissariat begs your Sub-Commission in the meanwile, to examine again this question and to dispose in manner that justice may be shown our POW that while awaiting their repatriation, may at least receive this meager moral comfort.

SUBJECT : Sending of packages from Italy to POW in French custody in North Africa.

The fact of the approaching winter is preoccupying the Italian Government, in regards to our countrymen who are still in captivity, held by the French in North Africa.

The precarious situation of this military personnel, who will have to affront a third winter without clothes, is well known.

The Italian Government has obtained permission from the French authorities to send packages of clothes to them and we beg your S/C to interest yourselves in the transport of said packages to North Africa.

This matter was propounded by the High Commissioner for POW in letter No. 1454 dated 2 May '45 to which we have received no answer.

24 August 1945

TO: Ferruccio PARRI
President of the Council of Ministers
Attention
Admiral Ellery STONE, Allied Commission)

Reference to the letter dated 18 August from the Secretary of the Presidential Office No. 6227 in answer to a Memorandum sent to said office from the Committee for the families of prisoners captured in Italy and deported in Germany, we beg you to take note of the following.

The memorandum did not request a better general financial treatment, but requested remarations for the enormous injustice and incomprehensible error in which you insist in not recognizing that the military personnel of fighting units, captured in Italian territory and deported to Germany, should receive the same financial treatment as their companions captured in Albania, Greece and the Islands of the Egean.

The difference in this treatment consists in the "soldiment" combat-pay which is liquidated indistinctly to all military personnel of combat units from the various fronts (Russia, Africa, Albania, Island of the Egean) and not to those who really fought in Italy. Are these latter supposed to have been unpaid? It would seem so as no disposals have been given in their favour. Due to this discrimination the following consequences are an example:

A Colonel captured in combat in Italy receives pay inferior to a Captain captured in Albania, even if the latter has not been captured in combat.

A Lt. Colonel receives inferior pay to a Lieut. and so on through all the ranks.

What merits have these latter superior to those of the former category. With what dignity or authority can a superior officer present himself to a young subaltern who lives in the same camp, knowing that the subaltern receives more pay and has had a shorter carreer of military service?

"TO EQUAL MERITS EQUAL RIGHTS"

It is for this reason that I permit myself to disturb your Excellency who has shown such an interest in our cause, in the hopes that you may persuade the organs of the treasury to give to the military personnel captured in combat in Italy (who represent 90% of the deported to Germany) from the 8th of Sept. 43, the same financial treatment that is given to the prisoners captured in Albania.

And if, as is stated there is not sufficient money to liquidate, "who has the right", we ask your excellency to take money from those who have become wealthy on the blood and the ashes of our martyrs.

Rome, 19 September 1945

SUBJECT: Certificate of P.W. Status.

TO : Allied Forces HQ., APO 512.

The undersigned Domenico Mario Lentini was taken as a prisoner of war near Palermo (Sicily) by the American 7th Army on 22nd July 1943.

He was a sergeant at the training Officers' School and at that time he was on duty with the 205th Company of the 1st Grenadiers' Regiment.

Released on parole on August 25th, he remained in Palermo and each fortnight reported duly to the Italian Prisoners of War Office (at the Biondi Theater) in Palermo for the necessary check.

He desires now to have three copies of a certificate issued by that Headquarters showing the period he was kept in the camps and during which he had to stay under the control of the Allied Authorities in Sicily as a prisoner of war.

The above information is requested as Domenico Mario Lentini is about to take his examinations for entrance into the "Magistratura", for which the period as stated above must be accounted.

The wife of the above menticned officier on the 2nd September 1943 received a letter from La Maddalena. The 6 December 1944 she received a letter from the office of the Parish of the Cathedral of Tortona so conceived:"We are well, anxious for news- Remembrances Aldo" In June 1945 the Ministry of the Royal Navy communicated official by that the Sub Lieut. of the R.N. But the 20th of July 1945 Mrs. MASCARDI received a letter from Mrs. GEMELLARO wife of the Machine Director of Submarine "Topazio" cap.G.N. GEMELLARO saying that she had received in March 1944 a message from her husband with these words: "I am well have no news from you . I embrase you Pietro". TRANSLATION C.C.

PISTILLI Mario di Pietro and Cimini Elena born in Rome 1/6/21.
In Feb. 1941 was called to the Army with destination to Florence in the sapper's Unit. In Feb. 1942, at the end of the Cadets course was appointed 2nd lieutenant to 183 "Compagnia Lavoratori" with destination Tripoli (Greece) where on Sept. 1943 was compelled to deportation.

On Dec. same year we received his news from Germany; his last news dated 20/11/44 also from Germany From a soldier who returned to Italy last June, we are in a condition to know his exact news.

My son in Germany had been, for a considerable time, in a concentration camp where the daily rations consisted on 3 potatoes, a scumzer of turnips in brine, that according to the soldier's saying, emitted a repugnant smell, & a loaf of bread to be divided between 10 inmates.
With the hope to return to Italy & a chance to get extra food he joined the republican Army and was transferred to Vilna for a course of training.
In Dec. 1944 was sent to Italy as officer of the Sappers at the dependence of Monte Rosa; at Carfagnana, exactly in the towns of Caretola & Castelnuovo di Grei. From news taken directly in the two localities where my son had stayed, the townspeople say that he has been very honest & to have deserved the esteem of everyone.

Actually he is interned in Camp P.W.E. 334 in locality Scandiori (Firenze).

Rome, 25 August 1945

Sir,

The Allied Military Commission in Rome communicates to us that some of our Prisoners of War are very worried because after their capture by the Allied and before Armistice day with Italy they have taken part in British war operations and participied in antifascists activity.

This preoccupation it seems is caused by fear of reprisals on their return in Italy.

I am surprised that antifascists Prisoners of War can fear any reprisals from a Democratic, antifascist Government, formed by insurrection against fascism and against Germans.

I beg you to reassure these Prisoners of War with this occa_ sion. I send to you sir, and to the Prisoners of War that await their return to the fathers land the greetings of an old soldier.

Roma, 25 Agosto 1943

Signor Generale,

Le Organizzazioni Militari Alleate, in Roma mi comunicano che avrei a giudizio rappresentanza fra nostri P.O.W. perchè dopo la loro chiusura da parte degli Alleati e prima dell'armistizio con l'Italia, hanno accordato lo stesso beneficio britannico partecipando ad attività antifasciste.

Devo dire che tale preoccupazione mi causava del timore di rappresaglie a loro ritorno in Italia.

Ho al contrario che p.d.g. antifascisti possano tornare dal nostro Governo democratico, antifascista, uscito dall'insurrezione contro il fascismo e contro i tedeschi, qualsiasi rappresaglia.

Le prego di regolarsi nel proceder.

Colgo l'occasione per inviarle a Lei e ai prigionieri che tanto entusiasmo accordano al ritorno in Patria, il mio saluto di vecchio combattente.

Dear Sir,

I had the pleasure to hand you on August 24th a letter addressed to Provost Marshall General MTOUSA containing the request to see, even for a few minutes, my nephew Carlo Bovino, who is a prisoner of war at the Camp of Coltano (Pisa).

Till now, against my hope to have an early answer, I had no response. Would you be so kind as to hasten the thing, if this is possible?

Kindly excuse me for my insistence, but you will easily understand my state of mind as we had had no news from him for three months.

Thanking you in advance (Mrs Murray of the American Embassy told me that she had been so good as to interest you on the same subject) for all what you will be able to do, I remain,

very sincerely

Gentlemen:

I am attaching a request made by a Mr. Riccardo Davico, in which he makes inquiry as to the whereabouts of his son-in-law.

Mr. Davico, is and has been the secretary for the American Academy at Rome for a period of 25 years and has been personally known to me since April 1 of this year. According to all reports which I can obtain with regard to him and from my own personal knowledge of him, I would myself that his daughter, the wife of the man in question, is in very poor health induced, for the most part, by worry over lack of information regarding her husband.

If you can do anything to expedite any investigation it will be greatly appreciated and, I feel, done in a worthy cause.

Very truly yours,

Roy E. Burger
Administrative Officer.

Dear Sirs:

I respectfully submit the following case:

Since the end of April 1945 we have no news of my son-in-law Pierluigi OBERSI (born in Leghorn, August 19th 1903, fathers' name : Romolo) He was a captain of the Monte Rosa Division and was taken a prisoners by "partigiani" near Milan and put in a camp which, according to all reports, may be near Pisa of Leghorn.

My daughter, who is not in good health, has been particularly concerned because of lack news.

Anything you can do relieve our anxiety, specially that of my daughter, will be highly appreciated.

Respectfully yours,

Riccardo Davico

Sir.

I, P.O.W. 42672 Pte. Antonio Colaberardino of Michele Class 1915 No 321 P/W Postal Section, M.E.F. Egypt., hereby submit my application re a separation from my wife being granted on the following grounds.

I have received letters from my father, Colaberardi no Michele, living at 15 Papainnocenzo Street, Sulmona Aquila. These letters are attached. In these letters he has informed me that my wife Mastrangioli Guiseppina, living at 31 Monte Santo Street, Sulmano has, since my joining of the Italian Armed Forces committed adultery in my house with German Soldiers of the Occupational Force during the German Occupation of Italy. On one occasion the letter states she followed a German Soldier as far as Beffi, Italy.

These letters further state that she has grossly neglected our (2) two children, (1) Colaberardino Gino aged 12 years. (2) Colaberardinio Rosina, aged 4 years who are living with her.

I respectfully request that the appropriate author ities be informed and investigate the matter.
Should these allegations prove correct. I give authority that tha allowance made to my wife by me cease forthwith.
I also request that my two children be taken from my wife and together with the allowance be placed in the charge of my father Colaberardino Michele

Subject :" M/V DONIZATTI"- Missing I.R.N. Personnel -

From the account given by Commander ARCANGIOLI Adriano, formerly commanding the I.R.N. Headquarters, Rhodes, It appears that the M/V "Donizetti", which was captured by the Germans in Greece, left Rhodes p.m. on 19th September 1945 carrying service personnel to be interned in Germany.

Of the troops on board this vessel which was sunk on the night of 19-20 September'43, about 1200 were Petty Officers and Seamen and the lists of these ratings were held by the German Authorities at Rhodes.

As this Ministry has failed to trace the nominal list of those embarked and the Italian Red Cross has not communicated names of survivors, it is requested that the appropriate Allied Authorities may be asked to make enquiries with the object of recovering the abovementioned lists.

--- 2. Attached for your information are two copies of min. No. 13/21/73/44 dated 23 May,1944, from the Attorney-General of the Transvaal, which sets out the reasons why the trial of the accused was not proceeded with.

3. As section 128 of the Union Military Discipline Code lays down that the rules of evidence applicable in civil courts also apply to the proceedings before military courts, it was felt that no good purpose was to be served by taking disciplinary action against the alleged offenders; particularly as the complainant was averse to this being done.

MEMORANDUM FOR THE ALLIED COMMISSION

(1Pow SC)

Subject: Italian soldiers and civilian internees in Yugoslavia.

1543

1. Reference is made to this Ministry's Memo. G/1509/690 dated May 30th, 1945.

2. According to a recent report by the International Committee of the Red Cross, whose Belgrade representatives have visited the Italian Prisoners of war in Yugoslavia, it is confirmed that said p.o.w. and the Italian civial in internees are in very distressing conditions, absolutely lacking, as they do, of clothes, linen, underwear, shoes and medicinal products.

3. The Committee conclude their report expressing their hope that the Italian Authorities will obtain that at least the women, the sick and wounded soldiers and civilians be repatriated.

4. While awaiting a reply to their Memo. under reference, the Ministry for Foreign Affairs wish to call the particular attention of the Allied Commission to the above mentioned report, the reliability of which cannot be questioned owing to its authoritive and unimpeacheable source.

5. There is no doubt that such serious hardships of our p.o.w. and civilian internees in Yugoslavia will become absolutely unbearable during next winter.

6. The Ministry for Foreign Affairs again wish to stress how higly desirable a prompt repatriation from Yugoslavia of all Italian p.o.w. and civilian internees would be, and will be very grateful if the A.C. deem it fit to take some action to this end.

7. However, should it not be possible to achieve such a result in the very near future, the Ministry for Foreign Affairs warmly request that according to the International Red Cross' suggestion, steps be taken in order to ensure at least that the sick, the wounded and the women be presently repatriated.

8. An early reply on this subject will be greatly appreciated.
