MINISTRY OF INTERIOR
General Direction of P.S.

Rome 21 September 1945

Division Person. Section I
N° 333/3192

To ALLIED COMMISSION
THE COMMISSION OF P.S.
R.S.E.

SUBJECT: VELLUCCI Brandisio
Joint Commissioner of P.S.

On the 10/4/45 at Longastrino (Ferrara) the Mil. Authorities of that province arrested and subsequently interned to camp n. 211 of Algeri the Joint-Commissioner of P.S. Vellucci Brandisio.

His wife is now applying to this Ministry, and while exposing her sad economical situation, has asked this Office to be concerned in the case of her husband. She writes:

My husband Vellucci Brandisio, aged 55, police commissioner at Padova, in 10/4/45 was arrested by the British I.S.E. at our house in Longastrino di Ferrara, where he was on a 10 months leave of convalescence for bronchial asthmatic fever, and now is confined at camp n. 211 of Algeri (French North Africa):

As such proceeding finds no justification neither in provision, it seems of 5/4/45, because he never took part in the pseudo fascist republican army, and to which party he was never inscribed, nor in whatever political colour, as he never developed suspected activity on account of broken health, I beseech you to re-examine said provision as soon as possible in order to render him to his family which roams in the midst of their house destroyed by air bombs, and where his boy aged 18 is waiting and suffering from acute endocarditis. Nor is the case to think of an eventual collaboration with the German invader which thing he disapproved because they occupied our house by using violence and then depredated all the food and wood stored in reserve and devastating everything with grave threats to every protest.

It's well to explain that the German and Italian wordings on the gun-license card sequestered, was written for all officials alike by order of the Questore, and his photograph in police uniform (not military of fascist) was affixed by my husband in substitution to a civilian one too old and unrecognizable. Besides he is not at all responsible for

his son who took part in the O.N.B. fascist Organization because the boy, although not inscribed, went voluntarily in order to help the homeless as in that period he was in service outside the city of Padova ""

Thus greeted the Commission is begged to re-examine the position of said functionnaire and, if the case is found to be genuine, to please dispose of his release.

Furthermore we are sending on reports on same subject forwarded by the Questore of Padova which runs thus:

"" The Joint-Commissioner for P.S. Vellucci Dr. Brundisio, in 8/3/43 was in service at Padova Questura. On the 20th Oct. he was sent on mission to Gargano (Brescia) where the would-be chief of the republic sociale had office, a locality which he left on own account for family business.

In re-taking service at Questura he was seen wearing the republican fascist badge which caused much surprise because dr. Vellucci was notable for having complexed and confused ideas and never had before shown any sympathy for neo fascism. Evidently he was under the influence of the Gargano atmosphere where as yet he was accused by some for having once said that under the British the P.S. Officials were well treated.

What caused also much surprise was the inscription to "fascio repubblicano di Padova" of his very ill and unique 17 year old student son.

For health reason Vellucci and family went to Longastrino (Ferrara) where on the day of liberation was taken into custody by the Allies and transferred to concentration camp at Caserta where it seems is still confined.

For not having dr. Vellucci re-taken service at the Padova Questura was condemned by the Questor of that period who reported to the republican Ministry in 7/4/45, to be an element who had completely forgotten his sense of duty and attachment to the institutions and being an event-waiter could not remain any longer in the midst of the police-list""

TO : Major Benedict S. Alper

APO 394, U. S. Army

1. Attached hereto for your information is a copy of a letter written by Pvt. Ugo Redivo; 81 I 32894, to the Italian Ministry of War requesting to be released from any future service in the Italian Army.

2. It is believed that the Italian Army has little claim to hold this man as he was born and raised in Germany. He became an Italian citizen merely because his birth was registered with an Italian Consulate in Germany as his father was of Italian birth and his mother a German.

3. Pvt. Redivo has been completely loyal to the U. S. Army since August of 1943. It is considered that he has been thoroughly converted to the democratic way of life and we would like to assist him in his desire to return to Germany. He will always be a friend of the U. S. and we feel that we will need to have friends in Germany.

4. It would be appreciated if you would advise us if it would be possible to have Redivo classified as a "displaced person" and returned to Frankfurt am Main, Germany; subsequent to his eventual release from the Italian Army.

The following report in respect of the a/n Italian PW
has been received from the French authorities is forwarded

" The results of the examination permit us to certify
that this prisoner is in very good health and has, since the
beginning of his imprisonment, suffered only from a phagedenic
ulcer of the left leg. He was treated for this infection at
the military hospital of Marrakech on 24 Nov 44 and on 25 Jan
