SUBJECT : Ex Italian internees in Poland - Cechoslovakia

We are informed that in the Hospitals of Prague and in certain Concentration Camps of Poland and Cechoslovakia that have been evacuated, there have remained sick Italians who can not, due to their condition, be repatriated by the usual convoys.

In order to transfer them it would be necessary to repatriate them in the same way that others in the same conditions in other camps were repatriated.

We beg your Division to examine the possibility of repatriating our compatriots by measures, appropriate to their physical condition.

SUBJECT : Repatriation of Italian POW from Czechoslovakia & Poland

In view of the fact that the repatriation of sick and wounded Italian POW and Internees from Germany is approaching an end, it is wondered whether the same Allied hospital trains that have up to now served that purpose could not be used to repatriate the same kind of personnel from Czechoslovakia and Poland.

It should be noted that, according to the latest information, large numbers of POW formerly in Poland, are being sent by the Russian authorities into Czechoslovakia and are awaiting repatriation in or around Prague. But the same source of information points out the urgent necessity of removing the sick and wounded both from Poland and Czechoslovakia. This applies to those who cannot be transported except by hospital trains.

I will be grateful if you will submit this question to the consideration of the Allied competent authorities and let the I.R.C. know their viewpoint.
