Dear Col. Campbell,

S.E. Mario Berlinguer, Adjoined High Commissioner for the punishment of crimes (H.Com. for the sanctions against fascism) has asked me to interest myself especially so as to have Lt.Col. Gaspara Pocchini, actually Prisoner of War in Algiers n° 81-I-49990 Natoussa P.W.E. Campo 126, Oran, repatriated.

The officer already results in the list of the not-able officers who are repatriatable, whose list has already been sent by the A.G. to this High Commission by letter n.

Moreover the officer is in permanent service (mobilization roll) and for this reason could be very useful in Italy with regards to the reorganization of the military dep^{ts}.

For both these reasons I beg you, especially to interest yourself in order to obtain Lt.Col.POCCHINI'S repatriation as soon as possible.

Waiting for your courteous answer, I beg you to receive my best regards,

High Commissioner

- 1/. The Italian High Commissioner for PW agrees to accept all the surplus officers PW held in Camps Nos. 126, 129 and 131 in North Africa indicated in the lists attached to the referred letter.
- 2/. The Italian Government requests that the 1st groups of officers to be repatriated be the physically unfit consisting of

 - 33 In need of hospitalization.
 - 401 Total
- 3/. The remaining officers could be repatriated as and when convenient in groups of 400 to 500, to disembark Taranto or Brindisi.
- 4/. The reasons for repatriation of those other than sick and wounded are given below:
 - (a) All officers of Regular Italian Army, Navy and Air Forces, are desperately needed to act as a pool from which to select suitable officers to rebuild the Armed Forces of Italy.
 - (b) The Reserve Officers will be used to reconstruct the civil life of Italy. It is impossible for the Italian Government to be more specific in this last group because the necessary data is missing.

Lists of letters on the same subject are No. 2861/

Referring to the conversation I had with Col. Campbell, I beg this A.C.C. to have the 1307 officers referred to in para 3 of the letter mentioned before also repatriated for the following reasons:

- a. Officers in regular service of the Italian Army: they are necessary for the constitution of the indispensable reserve of officers at disposition of the Italian Army.
- b. Officers of the Navy and the Air Force: are indispensable to the Italian Armed Forces.
- c. Officers of the reserve: they will be employed to reconstruct civil life in Italy. For one part of them repatriation urges for family causes or they are compassionate cases. It is not possible to give their names because the necessary indications are missing.

19 April 1944

SUBJECT: Surplus Italian Officers at PW Camp #131.

TO : Commanding General, MATCUSA, APO 534, U.S. Army.

FOR : G-1.

1. There are at the present time 2543 surplus Italian officers at PW Camp #131 for whom no suitable assignment is available with Italian Service Units.

2. While the possibility exists that a portion of this surplus may be used in Service Units to be formed from enlisted men returned from the French or for replacement of unsuitable or released officers now assigned to Service Units, it is not anticipated that a large amount of the surplus will be necessary for such purposes.

3. To permit disposition of this surplus officer personnel and provide for the use of their services, it is recommended that in addition to the present basis for release and repatriation the following be authorized for application to this group only:

a. Release of groups of officers selected by the Italian Government (from nominal rolls to be furnished on request or by accredited representatives) for establishment of a pool to meet its needs.

b. Release on compassionate grounds when investigated and recommended by AGC, IBS or PBS.

c. Release for acceptance of civilian occupation in Allied occupied territory, or territory returned to control of Italian Government when such release would be beneficial to civilian economy.
