TRANSLATION

Caserta, 22 november 1945

From : Caserta Archbishop's Residence.

To : Allied Command, Caserta.

In the vicinity of Rimini there is a Concentration-camp where former Fascists are being held. They are not charged with any specific accusations except with that of being members of the Fascist party for either convenience or necessity.

In the name of the Holy See I take the liberty to beg you in order that the Camp internees be expediently examined and released, the same applies for Coltano Camp.

With the hardships of winter just started, especially in the cold region surrounding Rimini, it would be a sign of humanity and christian charity to subtract those unfortunate men from suffering cold and other ailments and to allow them to return to their own families.

I highly and particularly recommend to you the case of Doctor Ferraro Alfonso, son of the late Giuseppe, from Cuneo, interned in Rimini Camp: he is a person well known for his honesty and uprightness while his presence as a doctor is urgently needed in Cuneo, which is the town in which he resides.

Yours truly

ALLIED COMMISSION = ROME

The bearer, Mr. Oscar MARINO, FIAT representative, is by me authorised to deal with this HQ. on the matter concerning Eng. Wiskott, civilian internee in Rimini Camp, actually in Cesenatico Hospital, very sick.

The FIAT firm should be very grateful to this AFHQ if a permission could be granted to Mr. Marino so that he could approach and speak with the Officer in charge in order to facilitate the examination of the question.

We have been told by Italian Authorities (Minister of Interior and the Chief of General Public Safety, Rome), there was nothing against our wish to assume in our Works Eng. Wiskott and to grant him the permission to stay definitely in Italy, but that no further steps could be undertaken by them without your superior decision, being Eng. Wiskott under your control.

We beg to inform you that FIAT Works owe a debt of thankfulness to the above mentioned Engineer for the very useful help given to Italian and Allied Authorities after German occupation.

On April 1944, Eng. Wiskott has been appointed German supervisor for the control of Italian Motor Car Industry. On February 1945, he has been compelled to run away and hide himself in the mountains in order to escape from Gestapo men who ordered his arrest.

We want him for his high capacities in technical branches of motors and for his long experience since 1930 gained when in service of the General Motors Co., Detroit, U.S.A. and Opel.

He lives in Italy since 5th March 1939. He applied to the Ministry of Interior in order to obtain the Italian citizenship for his merits. Here enclosed copies of declarations concerning Dr. Wiskott's activities.

Prof. VITTORIO VALLETTA, General Director of Fiat Works, is a warrant for Eng. Wiskott.

Please, if nothing results, we should be very grateful to you if this AFHQ would kindly re-examine Eng. Wiskott's case and give his superior decision to the Italian Authorities.

Thanking you in advance for whatever will be done to accelerate the examination and eventually the interrogation of Eng. Wiskott,

ENCLOSURE ON ENDS.

I know Doctor Carlo WISKOTT since 1930 and since that time I have met him frequently - also during the war - in Germany, in Switzerland, in Italy, in France, in Jugoslavia and in particular in Central Africa during an one year expedition which he accompanied as leading engineer on behalf of the General Motors in America.

The political convictions of Doctor Wiskott in their liberal and international broadness I know as well as his secret fight against the ideology of the Nazis. I can assure that Doctor Wiskott never belonged to the Nazi party or to any organization of them and that he withstood through years the demands of the Party to join them under considerable personal difficulties and that on account of his resistance, the Gestapo became very hostile towards him.

I can also confirm that Doctor Wiskott has been since 1929 without interruption in the service of the General Motors in a leading position.

I know Doctor Wiskott to be a straight forward gentleman and I make this statement entirely on my own account before a public notary in the hope to help him in his fight for justice and on account of my exact knowledge of his way of thinking and acting and on account of his connections to the largest Swiss Newspaper-the Tagesanzeiger für Stadt und Kanton Zürich-which is the property of my family and myself.

Doctor Wiskott may use this declaration with any Italian or Allied Authority.

CONDENSED REPORT AND REFERENCES CONCERNING THE ACTIVITY OF
CARLO T. WISKOTT, IN FAVOUR OF THE ITALIAN INDUSTRY.

Between April 1944 and February 1945 I have been forced against my will to act as trustee of the German Government at the Italian Motorcar Industry and, at the starting of the "Comitato degli Auto-veicoli" I became the German president of the Comitato. I am quite certain that during my activity I have never acted otherwise as in perfect accordance with those principles of sound liberty and international decency with which I became familiar during many years of service in the General Motors. On account of being true to those principles and not being poisoned with Nazi-ideology (this last fact enabled me to judge circumstances from an entirely commercial and practical point of view and at the same time to use the chaotic circumstances, which prevailed in the highest German quarters, for the good cause of fairness and justice) I could manage my directions in such manner that the industry which I had practically to ruin could in fact profit by my work.

My activity, which can be intimately linked with the passive resistance which was operated amongst the most important Italian industry against the Germans, may be described in short as follows:

- 1) Fairness and decency - In all my negotiations etc. with the leading members and all the people employed in the Italian Motorcar Industry I have always used tact and fairness without using the "Nazi-methods" after I had always declined to become member of the party.
- 2) Protection of people - Although I had the proofs that the directors and workmen deliberately reduced the production of the works in order not to assist the Germans in "their" war, I have never arrested people nor did I take any other drastic steps. In the contrary I protected directors and all people employed in case of being threatened by Nazi or fascist political, military or police organisation. For my part I only made a "kind protest" in such cases when sabotage actions were just too evident that it could be ignored.
- 3) No forced collaboration - The leading Works - directors and neither the workmen had any desire or intention to work together with the Germans. I have respected this sentiment by not forcing the production. At the same time I undertook all such steps which were necessary to justify in the eyes of the Germans the carrying on of the works and not to close them down.

706

- 5 -

- 4) Generous delivery of raw - materials - In contradiction with the instructions I had, I directed to the works raw-materials in accordance with the program of production and not in accordance with the real output of the works. As a result the works have been able to store rather big quantities of materials, which were lost for the war-production. Also financially I assisted the firms by influencing the German authorities to grant fair prices, high advances and prompt payments.
- 5) Protection of machinery and material-stores - I have defended the works with every possible means against all attempts of the Germans to rob the works of all the production machinery and raw-materials.
- 6) On account of my extreme passive resistance during all the time of my activity and in many cases the open double - crossing of the orders I received from Berlin, I have been instrumental that the Italian Motorcar Industry could overcome the most difficult period of the war without being damaged in any serious extent and finding itself in a far better condition at the end of the war than any other motorcar industry on the continent. For myself the result of my activity was that I was turned out and I had actually to run away and hide myself in order not to get into the hands of the Gestapo which had order to arrest me.

As witnesses for all what I have stated I refer to:

Comm. Ing. CONRADO ORAZI - Brescia, Italian president of the Comitato degli Autoveicoli and General - Manager of the OM-Works;

Prof. VITTORIO VALLETTA - Torino, Via XXIV Maggio, 9; the most prominent man of the Motorcar Industry Italian; General-Manager of the FIAT;

B O L I A N O

Referring to your letter n. 4088 dated 23th January 1946, in which a summary of Mr. Carlo E. WISKOTT's memorial has been enclosed, we are able to inform you that Mr. Wiskott has treated us with tact and correctness even though many times he had to thread, in presence of strangers, punishments and commitments to tribunal for nondeliveries, menaces without issue and followings, probably done in order to justify himself before his superiors and the Gestapo.

He really helped us in the allotments of materials which were done beyond the normal measure in regard to the effective deliveries, being the requests based on the works that had to be executed later. Such allotments allowed us to face successfully the numerous requests of carriage and bodies means, followed each other immediately after the liberation.

In short, Mr. Wiskott's contents in the memorial, are according with the truth, for the matter concerning at least our firm. He never took action against us notwithstanding the evident sabotage even though masked with plausible reason and what is more important, though most of our workers were inactive. Notwithstanding the presence of an Inspector, who referred him the exact situation, no workers have been withdrawn and sent to Germany, or in any other part of Italy for the compulsory work. On the contrary, during the raking actions, all our workers have been regularly set at liberty owing to the intervention of Mr. Wiskott's representatives.

Here enclosed a copy of the declaration released by us to Mr. Wiskott since 15th October 1945.

In faith,

COMM. CARLIDO VIBERTI - T O R I N O
Owner of the Viberti Works in Torino and Bolzano
To Mr. MR. CARLO T. WISKOTT

Torino, October 15th 1945

Dear Mr. Wiskott,

I refer to your letter of September the 24th and I have no difficulty in making the follow statement:

You have been perfectly informed about the fact, that the production capacity and the means of transportation which later you replaced if they became lost, have been considerably larger than the output for the German Wehrmacht showed.

According to the capacity of our works and the raw materials which we received, you had fixed the monthly output at 400 cars altogether for 1944 and 400 for 1945, whilst according to the statistics which you had in your hands, the delivery in 1944 was only 40% and in 1945 even only 25% of the demands. These facts relates to the works in Torino.

In spite of the quite open action of sabotage which caused a reduction of the production capacity and which actions were plainly noticeable even at your personal control during a superficial visit you paid at our works, you never undertook such steps which have been usually applied in accordance with the Nazis methods. Your only step was to send an inspector into my works. But also this step did not handicap us in any way rather to the contrary: the inspector who acted under your instruction, has helped us to prevent that a number of our workers, for whom we had no actual work, was sent to Germany in spite of very strict demand of the German authorities. Even on the opportunity of makings of workers, we used Ing. Fabricius who obtained from German authorities the release of our workers. The most important fact is that no workers of our firm have been sent to Germany.

On the question concerning the output of our Bolzano-Factory, I attach great importance to declare that no action has been taken by you against us for the evident sabotage resulting by the slowness of the work regarding the construction of vehicles already reduced by Lancia firm and the following fitting up of the bodies by us on them. On December 1943, during a bombardment of Bolzano, one of our warehouses had been destroyed, seriously damaging more than 70 vehicles which were inside, awaiting to be fitted up with bodies: work that should have been executed by us since a long time, notwithstanding your incessant solicitations. On that opportunity

- 10 -

I really thought to be committed before the tribunal. You menaced me, as you often used to do when strangers were near, in order to justify your actions to the Gestapo men.

I am happy to express my satisfaction to you for the help always given to my workers in doing your best for soothing their very difficult life conditions and for the allotment of leather for shoes and for bicycles.

I would personally come and bring you this letter in order to express my gratefulness to you for the favourable treatment used to me during the period in which, I am convinced, against your will, you acted as a representative of a regime hated both by Italians and Germans in order to obtain the means for the continuation of a war execrated by both nations; particularly the means used by the occupation authorities had become unendurable to the population of occupied Italy.

My kindest regards.

Ed. CANDELO VIRERTI.

DECLARATION

Doctor Eng. Wiskott has, owing to statements which partly have been supported by documents, delivered valuable services to the Italian Motorcar Industry, whilst he was the German president of the Comitato degli Autoveicoli in preventing that the factories became robbed of their installations and raw materials and in assisting the employed workmen in their various wants and necessities. He has worked together with the most prominent men of the Italian Motorcar Industry and he brought to success that dangerous action thanks to which the Italian Motorcar Industry could keep up its full capacity of production until the end of the war and without having fulfilled the demands of the German military authorities.

This Comitato is at present undertaking certain steps to ascertain in which extent the affirmations and claims of Doctor Wiskott regarding his services are correct with a view to decide whether his request to grant him the Italian citizenship can be acceded to.

We hereby request - also referring to the instructions of the Commissioner of the Allied Government Lt. Col. Mc. Bentley concerning the application of the paragraphs of the publication 17 in the sense of a fair treatment towards foreigners - not to undertake any steps against the personal liberty of Doctor Wiskott, or against his property and to make it possible for him to remain in his present flat in Piana di Sesto n. 25, Alzano.

SUBJECT: Release in ITALY of German PW Herbert DIRKING

TO : Ministry of Interior, Direction General of Public Safety

1. This Division has received a request from subject PW for a permit to return to GERMANY through the BRENNER PASS.

2. He displayed a discharge certificate from GO Sub Area Separation Centre BOLZANO, and states that in addition he has a "sojourn" permit from the Questura of ROME.

3. His presence in ROME, he asserts, is to complete plans for his marriage to an Italian girl, TESTA Maria Luisa (Maria), of Via Disbana 20, ROME, and she confirms this.

4. This Division was informed in a personal conversation between the undersigned and Dr. DE VITO of the Ufficio Stranieri, your Direction General, that there is no record that the Italian Government ever approved the release in ITALY of Herbert DIRKING.

5. We have, therefore, written to AFHQ requesting by what authority DIRKING was released by GO Sub Area Separation Centre BOLZANO, and what action should be taken in view of the fact that no authority from the Italian Government for his release in ITALY exists.

6. We have further requested AFHQ to ask GO Sub Area Separation Centre BOLZANO for a full list of German or other enemy PWs who may have been released there without authority of the Italian Government. DIRKING states many German PWs have been released at BOLZANO. It is possible this may have been done merely upon the recommendation of the Prefect or Questore of BOLZANO, although this Division has no indication that that is so.

690

7. As to his reasons for desiring to go to GERMANY, DIRKING states he is the only remaining male of his family available to look after his family's interests, as his father is a PW of the Russians. DIRKING is the son of Paul DIRKING and of Carola NIEBMAN DIRKING. He was born on 18 Sept 1919 at AHLEN (WESTFALIA), GERMANY, and is at present living in ROME with the family of his fiancée (see paragraph 3 above).

8. It is pointed out that the Allied Travel Control Council of GERMANY has NOT yet authorized the repatriation to Germany of either non-obnoxious Germans or other nationals previously resident in Germany. This applies to civilians. DIRKING was held at BOLZANO as a regular PW.

SUBJECT: Release of German PW Herbert DIRKING in Italy

TO : G1(Er), GHQ CMF

1. This Division has received a request from subject PW for a permit to return to GERMANY through the BRENNER PASS.

2. He displayed a discharge certificate from 60 Sub Area Separation Centre, BOLZANO, and states he has in addition a "sojourn" permit from the Questura of ROME.

3. His presence in ROME, he asserts, is to complete plans for his marriage to an Italian girl, TESTA Maria Luisa (Maria) of Via Liabona 20, ROME, and she confirms this.

4. DIRKING states that he desires to return to GERMANY to look after family matters at his home, Curigerstrasse 31, HERFEN (KENTFALLEN), he being at present the only available male in his family, his father being a prisoner of the Russians.

5. The Ministry of the Interior, Direction General of Public Safety, informs this Division that it has no record of the Italian Government having ever given its consent to the release of DIRKING in Italy. May this Division be informed, therefore, by what authority 60 Sub Area Separation Centre, BOLZANO, released this PW in Italy, without the approval of the Italian Government?

6. It is desired to point out that the Italian Government insists that NO German PW (or other enemy PW) shall be released in ITALY by Allied authorities without express authority of the Italian Government, and your 3312/4/A2 of 1 Mar 46, confirms "that the agreement entered into between Allied authorities and the Italian Government is still in force, and that the release of former enemy PW and internees is only granted at the request of the Italian Government."

7. According to DIRKING's own statement to this Division, he is only one of many German PWs who have been released by 60 Sub Area Separation Centre BOLZANO. It is desired urgently that a complete nominal roll of German or other enemy PWs released without authority of the Italian Government - and this does NOT mean by any local Italian authorities, such as the Prefect, Questore, etc. - by 60 Sub Area Separation Centre BOLZANO be furnished to this Division for onward transmission to the Italian Government.

8. The release of German or other enemy nationals in ITALY without the express consent of the Italian Government appears to be increasing, as is evidenced by numerous requests recently made to the Travel Control Division of Allied Commission for permits for such enemy nationals released in ITALY to travel to Germany, Austria and other countries.

9. The Travel Control Division has received from the Combined Travel Security Board (Office of Military Government for Germany, Director of Intelligence), BERLIN, a letter dated 14 May 46, which states:

"The Control Council has as yet not authorized the repatriation to Germany of either non-obnoxious German or other nationals previously residents of Germany."

10. In view of the foregoing, may this Division urgently please be informed:

a) By what authority did 60 Sub Area Separation Centre BOLZANO release German PW Herbert DIRKING in ITALY?

b) How many other German or other enemy PWs has 60 Sub Area Separation Centre BOLZANO released in ITALY without express authority of the Italian Government?

c) What are the names and other pertinent data concerning such PWs, if any?

d) Can a permit be issued for former German PW Herbert DIRKING to proceed to GERMANY through the BRENNER PASS?

e) If not, should DIRKING be rearrested and returned to 60 Sub Area Separation Centre BOLZANO?

Dear Sir,

I have the pleasure to confirm you my letter of the 4th March and regret not to have been favored with any reply from you until to day

The present to inform you that my a/n son is still behind barbed wire at the "S" camp of Taranto under really unfavourable conditions. To judge by his last letters it seems that even his moral conditions begin to suffer the more as he always asks for the reasons of the somewhat inhuman treatment, as nobody blames him for anything

I would really very much appreciate if you could please tell me which is his position now and I shall be much obliged to let me kindly know for which reasons GHQ's notification as to his release in Italy and dated back 3½ months ago, could not yet be executed.

After all we are really worried about him by now.

You would oblige me very much if you would please return the documents sent you once upon a time provided of course that you dont need them any more.

yours truly

SUBJECT: Request for release in ITALY of German PW George von LILIENFELD (Gefr 12018), RIMINI G-2, POW JA Camp, Cage IV-C

TO : Ministry of Interior, Direction General of Public Safety

1. Forwarded herewith is request for the release in ITALY of German PW George von LILIENFELD, who has been held in the PW Camp at RIMINI.
2. It is understood from the Liaison Division, Allied Commission, that application for the release of this PW was made to the Camp authorities some time ago.
3. It is further understood that this PW has since been released from the Camp and transferred to a Repatriation Camp, where he presently is being held awaiting repatriation outside of ITALY unless the Italian Government grants authority for a sojourn in ITALY.
4. Attention is invited to attached application, which states that PW's aged mother is suffering from angina pectoris, stenochardia, miocharditis, cardiac neurosis and chronic bronchitis, and that she resides at MERANO (ITALY), and is his only remaining relative.
5. Further attention is invited to the statement that, because subject PW was born in RIGA, it is quite possible he may be returned there, if repatriated to Germany, in which case it is feared he may suffer some dire fate at the hands of the authorities presently holding that city, which is the capital of LATVIA. It will be noted that attached letter states his grandparents and father were all murdered there.
6. Through a clerical oversight, the attached application, which was received in this Division on 6 April 46, was delayed in forwarding to you. It is therefore requested that this case be given special and URGENT consideration.
7. Pending a final decision, it is further requested that subject PW be given at least a temporary authority to visit his mother, on "parole." It is understood the Camp authorities where he is now held have no objection, either to his permanent stay in ITALY, or to a temporary sojourn.

1. Further to our 1/13(GER)/110 of 26 Apr 46, copy of which was sent by this Division to GHQ CMF, we are now in receipt of a communication from GHQ CMF stating that Dr. LADEMANN is now again held in 1 SEP Centre.

2. This apparently means he was rearrested following his release from the PW Camp on 29 Nov 45.

3. GHQ CMF now desires urgently to know whether the Italian Government is prepared to accept LADEMANN - if so, steps will be taken immediately to release him again.

4. Your attention is earnestly invited again to our IPW/1/13(GER)/110 of 26 Apr 46, referred to above. Please again note that Dr. LADEMANN is Italian-born and an Italian citizen.

5. Paragraph 11 of our above-quoted letter requested that this matter be treated as MOST URGENT.

6. May we now have a reply, please, so that the apparent injustice of Dr. LADEMANN's rearrest may be rectified?

SUBJECT: Requests for release of German PWs and SEP in ITALY
TO : Ministry of Foreign Affairs (Gabinetto)

1. Ref your Memorandum to Allied Commission 6/1205/539 of 11 Mar 46 concerning the Italian Government's policy on the release of German PWs and surrendered Enemy Personnel (SEP) in ITALY, this Division is in receipt of a request from GHQ GMP as to whether the proviso in paragraph 2(b) of your Memorandum is still in force.

2. That proviso states that any application for release in ITALY of a German or other enemy PW or SEP must carry a statement that the possible release is recommended by and in the interest of an Allied authority.

3. This Division, in submitting a number of such requests since receipt of the Memorandum, has pointed out that it is impossible for us to submit such a statement, since most of the applications by or on behalf of such enemy PWs do not involve "the interest" of any Allied authority.

4. The applications are submitted on their face value. In some instances Italian wives or families long established in ITALY have submitted the requests. Some applications have been made by fiancées of enemy PWs. One which we have not yet submitted is by a fiancée who already has a child by a German PW and she desires to marry him to legitimize the child. 681
Another is an expectant mother, while still other fiancées simply want to marry German PWs.

5. It would be appreciated if the matter of policy with respect to the release of German PWs and other enemy PWs in ITALY could be clarified.

6. If the proviso as to "the interest of an Allied authority" is insisted upon, it is pointed out that this would nullify practically every request for the release in ITALY of any enemy PW or SEP.

SUBJECT: German POWs admitted to leased CRI and
SMOM establishments.

In memos' 00380/CO of 5 March '46 and 0044/CO of 22 March '46, the Ministry of War, in forwarding two lists of German POWs admitted to CRI and SMOM establishments leased for assistance to repatriates of Italian nationality, called the attention of your Mission to the delicate situation created in the said establishments due to the presence of German military.

This Ministry feels it necessary to approach your Mission on the matter, asking you to urgently consider the advisability of removing the said German troops from the leased establishments in order to put a stop to the serious inconveniences which are complained of daily due to the mixed nationality of the patients. On the other hand it must be remembered that the leased hospitals, instituted exclusively for ex POWs, partisans and civilian war victims, have a special ration designed for the building up of the energies of the POW and repatriate patients.

For the information of your Mission we would point out, finally, that, in agreement with the Ministry of War, the removal from the leased hospitals of troops of the fascist republican formations has been ordered together with their transfer to civilian hospitals, especially to avoid possible incidents.

OGGETTO: Prigionieri di guerra germanici ricoverati in stabilimen-
ti convenzionati con la C.R.I. e il S.M.O.M.-

Con le note 5 marzo 1946, n.00380/co e 22 marzo 1946, n.00441/co
il Ministero della Guerra nel comunicare due elenchi di militari delle
FF.AA. germaniche prigionieri di guerra, ricoverati negli stabilimenti
convenzionati con la C.R.I. e il S.M.O.M. per l'assistenza ai reduci
di nazionalità italiana, ha richiamato l'attenzione di codesta Land
Forces Sub-commission sulla delicata situazione creatasi nei menzionati
stabilimenti a seguito della presenza in essi dei detti militari ger-
manici.

Al riguardo questo Ministero sente necessità di segnalare a codesta
Land Forces Sub-commission di considerare, in via d'urgenza, l'opportu-
nità che venga disposto l'allontanamento dei detti militari germanici
dagli ospedali convenzionati al fine di porre termine ai gravi inconve-
nienti che giornalmente si hanno a lamentare a causa della promiscuità
del ricovero. D'altra parte si deve ricordare che gli ospedali conven-
zionati, istituiti esclusivamente per i reduci della prigionia, parti-
giani e vittime civili della guerra, hanno un particolare razionamento
adeguato alle necessità di reintegrare le energie dei prigionieri e re-
duci ricoverati.

Per notizia di codesta Sub-commission si fa presente infine che di
accordo col Ministero della Guerra si è disposto l'allontanamento dagli
ospedali convenzionati dei militari delle formazioni fasciste repubbli-
cane ed il conseguente loro trasferimento negli ospedali civili, appunto
per evitare possibili incidenti.

Dear Capt. Simon,

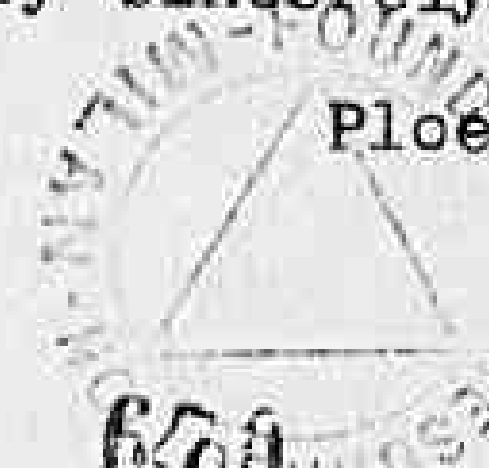

I thank you for kindness in my visit of to-day regarding Karl Berchtold

I allowed to ask Capt. DeMasi for an other case: Otto Pernter

already cleared by the Italian authority.

I am very preoccupied for the state of Capt. DeMasi, and really I want
to do something for him. I think he is a very delicate nature and
his health is conditioned to any eventually moral depression. He must
be encouraged.

Yours very sincerely:

COMMITTEE OF NATIONAL LIBERATION

STATEMENT

Nothing prevents this Committee from urging the release of soldier Francesco Warger son of Francesco, a former-member of the Wehrmacht and presently held in a Concentration-camp. He never performed political activities and has always performed well either politically or morally. He was compulsorily drafted and assigned to a horse-drawn outfit. He belongs to a family, whose reputation is unsullied. He never participated in war-operations or mopings-up.

It is highly recommended his release.

Nel mese di Dicembre 1942 avveniva il suo reclutamento forzato (conforme alle disposizioni vigenti allora in materia di mobilitazione civile) da parte di una sottosezione del ministero tedesco dei Lavori pubblici e dell'Economia Nazionale.

Durante la mobilitazione presso il detto ministero, il mio fratello è stato occupato quale fattorino e conoscendo le sue lingue, aveva spesso occasione di prestare disinteressatamente i suoi servizi italiani. Subject: Request for release of POW George von Lilienfeld
Gef: No: 12018. RIMINI G.2. POW J.A. Camp Cage IV. C.

To : The Hon. Headquarters of Rimini.

I, the undersigned, Lydia Bourbon del Monte, Pase di San Faustino, friend of POW George von Lilienfeld, at present held in the Rimini G.2. POW A.J. Camp Cage IV C. under the serial number N.A. 12018, am applying to your Command so that my friend be returned to his mother Baroness Benita von Lilienfeld, living in Merano, Piazza della Fontana, 1-4. Castello Rottenstein. Presso Baronessa Burg.

1. For that purpose I point out the following:

I have known George von Lilienfeld since the beginning of 1942 when he came to Rome working for the German Broadcasting Ministry. My husband came in contact with him several times and found him a serious, efficient and loyal friend. He was loyal to his Country, but he deplored the war from every point of view. Having been to the United States and attended Harvard University, his ideas were definitely democratic.

2. He was instrumental in having my young American daughter's name taken off the German Embassy list of U.S. citizens after the Italians had denounced her.

3. When, in 1943, my sister in law Virginia Agnelli was taken prisoner by the Germans and held in San Gregorio prison, I asked George von Lilienfeld for help. I know, at great risk to himself, he went to see Dolman the head of the German police here in Rome at that time, and tried in every way to arrange for her release. As that was unsuccessful, he went to see the ambassador Rahn in Salo', and I am certain that her eventual release was largely due to his friendly help.

4. Although I do not know her personally, George von Lilienfeld spoke to me about his mother several times. He told me that she had a very bad heart and that as she was his last remaining relative, he had brought her to Merano to have her under him in Italy. In the last month, I have received two letters from Baroness von Lilienfeld asking for my help. This I am delighted to give, as her son so generously helped me when my sister in law was put in prison. I include a medical certificate from her doctor which bears out my fears that she is gravely ill.

I understand from Baroness von Lilienfeld that her son George is to be released soon, but that he will be sent straight to Germany. Her great fear is that he, having been born in the Baltic province of Riga, will be sent back there. This would be an appalling tragedy for them both, as I understand that his grandparents and father were all murdered there during the Bolshevik revolution. For this reason, sending him back, would probably be sending him to certain death. I would ask if it be possible, to allow him to go to Merano and rejoin his mother. If any guarantee from a U.S. citizen is necessary, I will gladly guarantee George von Lilienfeld morally and financially, and if an Italian guarantee is necessary, my husband would do the same.

Baroness von Lilienfeld has, I understand, already sent a petition to this effect to the Italian Foreign Office and, as these requests eventually came to you, I ask you to give this plea your kindest consideration.

Respectfully yours

Having been to the United States, I am definitely democratic.

Reply to letter 08/229 dated 16/3/46.

German P.O.W. Paul REHMANN son of Osvaldo and Passih Margherita, born on the 6/10/1915 at Berlin, residing at Milan, Via Filzi 33, interned at the camp at Tirrenia, has not been heard of for about three months.

His wife is PARTINI Giacomina aged 31 and ^{HE} has a 6 year old son who, due to precarious family conditions, is living in the Borisano comune (Bergamo) with Gresa Sandra, mother of the Rehmunn family's servant.

Nothing is known of him in the political-criminal records of the Milan Questura.

616

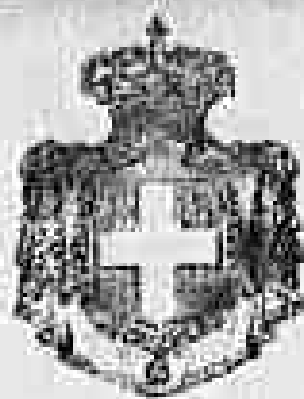

His wife is at present detained in the hospital at Garbagnate (Milan) since she is suffering from T.B. and it is not thought she will be able to return home for some time.

It has not been possible to check the facts of the report attached to the letter referred to due to the fact that lawyer Guido Bernardi is away from Milan for health reasons, due to which we have not been able to identify the partisan elements who had been in contact with Rehmunn during the Nazi-Fascist domination.

From information received in the vicinity we have learnt that he was not a fervent follower of the Nazi regime, he had never shown any signs of attachment either to the the German army or the German people.

IPW/1/13(GER)/¹¹⁰~~111~~

26 April 1946

SUBJECT: Release of PW LADEMANN Guglielmo

TO : Ministry of the Interior, Direction General of Public Safety

1. Ref your AGR/III/443/35754 of 11 Feb 46, our IPW/1/13 (GER)/35 of 25 Feb 46 and our IPW/1/13(GER)/65 of 8 Mar 46, this Division is now in receipt of a communication from the Ministry of Post-War Assistance (ref I/I/63533 of 2 Apr 46), stating that subject ex-PW was released from 370 Camp, CHIARA-VALLE (ANCONA) on 29 Nov 45.

2. The Ministry of Post-War Assistance points out that Dr. LADEMANN was born in ROME in 1903 and is an Italian citizen. He is a cancer research specialist who has always behaved well morally and politically.

3. In addition, during the period of German occupation, although conscripted into the German Army as a doctor, he helped many Italian residents by mitigating the severity of treatment by the German forces.

4. Attached hereto is a translation of the MPWA's letter, together with an Italian translation of the order releasing him, copy of a certificate of commendation given to Dr. LADEMANN by the Provincial Commissioner, AMG, VARESE, and copy of his Italian citizenship certificate.

5. In view of the protest made by your office against the release of Dr. LADEMANN without your consent, GMA GMAF on 1 Apr 46 ordered his re-arrest through Hq, 2 District, his return to No. 1 GEF Centre, RIMINI, and his eventual repatriation to GERMANY.

6. In view of the statement by the Ministry of Post-war Assistance and the accompanying documents referred to above, and also in view of the fact that Dr. LADEMANN is Italian-born and an Italian citizen, this Division feels that an injustice would be done if the order issued by GMA GMAF is carried out.

7. This Division feels that since he is an Italian-born Italian subject, there is no grounds for his transfer to Germany. Also, in view of the fact that he has been collaborating actively in cancer research with the Cancer Institute of MILAN, it is felt that a valuable contribution toward mitigating human suffering would be taken away from the Italian people by his continued imprisonment.

FILE

2 - IPW/13(GER)/110 - SUBJECT: Release of PW LADEMANN Guglielmo
26 Apr 46

8. It is therefore urgently recommended that your protest with respect to the release of Dr. LADEMANN be withdrawn, and that, if in fact in compliance with GHQ CMF's order he has been re-arrested and re-interned for eventual transfer to GERMANY, you authorize his immediate release so that he may continue his humanitarian profession.

9. It is pointed out that his release from 370 Camp was granted "on parole" in view of his excellent background and record, and there is no doubt he would always be available if your office should have any grounds or reasons for wanting him.

10. A copy of this letter is being forwarded to GHQ CMF, so that, in case he has been re-arrested and re-interned, no steps will be taken to transfer him to GERMANY until this Division has received your decision in the matter.

11. May this matter be treated as MOST URGENT, please, and a reply forwarded to us forthwith?

12. Please return all attached documents with your reply.

SUBJECT: POW LADEMANN, Guglielmo.
TO : Allied Commission, IPW Div., Rome.

1. Reference your letter IPW/1/13/206 dtd 13 Dec 45, of which the correspondence is herewith returned.

2. From information received it results that Dr. LADEMANN, Guglielmo son of Riccardo Paolo and Anna Kraenzinger, born on the 7 March 1903 in Rome and residing in the fraction of Puppino Villa Cristina 15, was freed from the Concentration Camp on the 29 Nov 1945 and is now with his family at the Villa Cristina in Luino.

Dr. LADEMANN in 1939 lived in Luino where he was interested in cancer research. Before that period he was doing the same work in Rome. At present he is collaborating in that activity with the Cancer Institute of Milan.

Dr. LADEMANN has always behaved well morally and politically. During the period of the German occupation, although mobilized with the German Armed Forces as a doctor, he helped many residents of Luino against the severity of the German troops.

Herewith attached is a copy of a letter from the Allied Authorities of the Camp where the prisoner in question was interned.

Finzi mi si fece firmare dei moduli da P.O.W. riguardanti ogni diritto di reclamo. Solo dopo 8 mesi furono pervenuti dei reclami scritti, ne feci uno ma non ebbi mai alcuna risposta. Sir,

on the eve of my arrest at the hands of the FSS in Udine the only personal document I had in my possession viz my passport was taken. During a further interrogation in P.O.W. Camp 203 an English Captain who interrogated me told me "You were born in Wien-Neudorf, you are then Austrian for us, if there should be any doubt as to your nationality you will have every opportunity to clear it in your next camp where I will see that you are reinterviewed." Now I was never reinterviewed on this subject or on any other subject. I tried at the time to explain that I was trying to camouflage my real identity. However, I had to go on as Austrian until now, always awaiting to be able to clear this matter up as I am by full right an Italian citizen; although when given the form that was given to me in "A"

compound. I entered myself as Austrian in order not to create any essential confusion as I knew I was in the list as Austrian and a change might prove misleading thus probably delaying investigation in my case.

In fact, I was born in 1914 by my father, then Austrian (Trieste) and my mother, then Hungarian (Fiume) but am now, as a result of the last war (1914-18) by full right an Italian and have served as an Italian officer in the Italian Army. I am anxious to prove my real nationality, for the following motives:

- 1) I have no desire to change nationality.
- 2) I never actually lived in Vienna - Newstadt, except occasionally as a visitor and have neither friends nor relations there.
- 3) Vienna - Newstadt is in Russian zone and I am anti-communist.
- 4) My wife, relations and interests are in Italy.
- 5) I have to finish my medical studies as I shall have to depend on my profession to support my wife and my two children.

TO : G.I. (Dr); G.H.Q.; C.A.F.

1. It has been reported by the Italian Ministry of War, that of 134 PW recently handed over to the Italian authorities at the internment camp at LATIMERIA by the American authorities,

123 of them were in fact German citizens, having opted so at the plebiscite in 1939

2 were German citizens by birth

1 was an Austrian citizen

The remaining 6, making the total 134, were, presumably, Italian nationals and accepted as such by the camp authorities.

2. Further, the Ministry of War points out that South-Tyrolean-German-nationals P.O.W. are being sent by Allied authorities to the Italian hospital No. 6 at FICKENCO, which is run by the Order of Malta, though the staff there "are not competent to decide the fate of those individuals from the South Tyrol who chose German citizenship and fought in the German Army".

3. May we please be informed if there is any directive regarding such P.O.W., and if none exists, may we be informed of any further action necessary, to be passed on to the Ministry of War.

Further to letter IO6143/1 dated 1st last, we would inform you that another 42 P.O.W.s, handed over by the American Military Authorities of Bobel Camp (France), have arrived at Laterina.

Of the 42 P.O.W.s, 39 are from Alto Adige who have served in the German Army and in 1939 took the option of going to Germany; two of them are German citizens and one is Austrian citizen.

Moreover, 33 of them, on Sept. 8th 1943, were already P.O.W.s in U.S.A., while others were, at that time, serving in the German Army on the various European fronts.

We think that for these P.O.W.s, list of whom is enclosed, Italian Military Authorities have no authority to take any decision and therefore we beg you to let us know what decisions will be taken for them by the Allied Authorities.

OGGETTO: prigionieri altoatesini già in servizio nell'esercito
germanico internati nel campo di Laterina.

Prisoners of high rank serving with German Army interned in Laterina camp

A seguito della lettera n. 106143/1 del 1° c.m. si comunica che sono giunti a Laterina altri 42 prigionieri di guerra consegnati dalle autorità militari americane del campo di Bobel (Francia).

Dei 42 prigionieri, 39 sono altoatesini che hanno prestato servizio con l'esercito tedesco e nel 1939 hanno optato per la Germania; due sono veri e propri cittadini tedeschi ed uno cittadino austriaco.

Inoltre 33 di essi, all'8 settembre 1943, erano già prigionieri negli Stati Uniti d'America, mentre gli altri erano, a quella data, in servizio con l'esercito tedesco nei vari fronti europei.

Si ritiene che anche per questi prigionieri, dei quali si unisce un elenco, la autorità militari italiane non abbiano competenza a prendere alcuna determinazione e si prega pertanto conoscere le decisioni che nei loro riguardi adotteranno le autorità alleate.

Rome 1 April 1946

SUBJECT: Prisoners of the ^{South} Northern Tyrol who were on duty in the German Army, working in the German Internment Camp at LATERINA.

TO : Land Forces, S/C., A.C., M.M.I.A., IPW Div., Rome.

On the 14th. of February 1946, the American Authorities turned over to the Italians 92 PWs from the ^{South} Northern Tyrol who came from the American POW Camp No. 404 of Marseilles.

They were interned in the Concentration Camp of Laterina; the Command of the Camp ascertained that 84 of them ~~had~~ belonged to the German Army and had at the time of the plebiscite, voted for German citizenship. Furthermore eight of them were already prisoners in the United States on the 8th. of Sept 1945.

As has already been stated regarding the PWs from the ^{South} Northern Tyrol taken into hospital under the direction of the S.M.C.M. No. 8 in Florence (attention our letter No. 103726/I/1 dtd 26 Feb 46) the Italian Military Authorities have no competence with which to decide the fate of those individuals from the ~~Northern~~ Tyrol who choose German citizenship and who fought in the German Army.

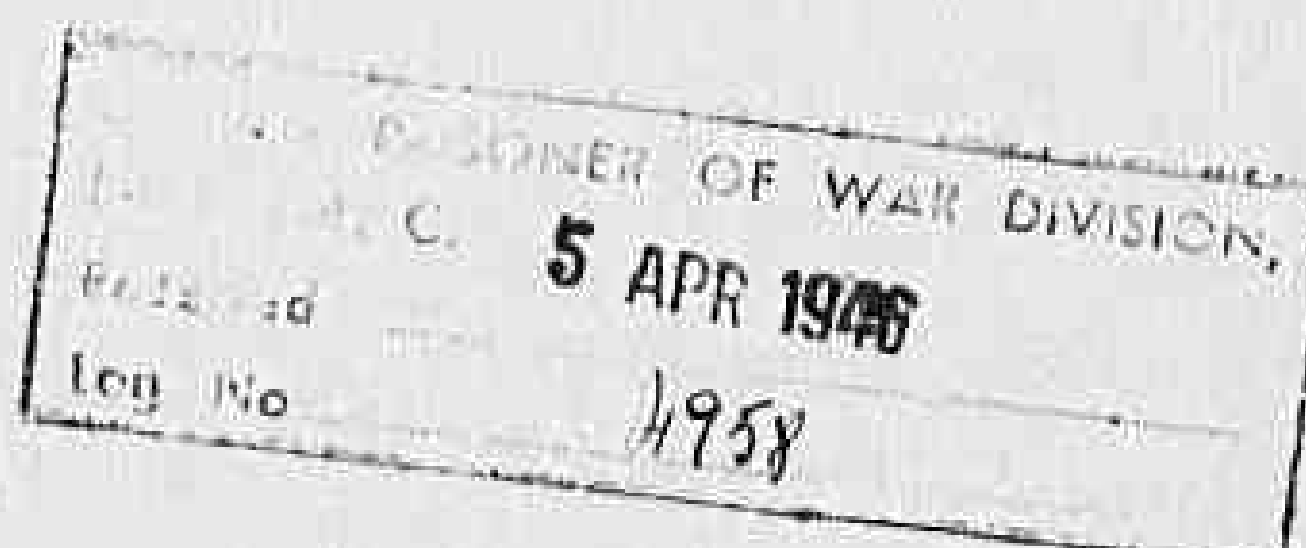

Herewith attached is a list of the Military Personnel in question, we beg you to inform us of the decision that will be taken by the Allied Authorities regarding them.

prigionieri alto atesini già in servizio nell'esercito germanico internati nel campo di Laterina.-

Prisoners working in German Internment Camp at Laterina

Il 14 febbraio u.s. le autorità americane consegnarono a quelle italiane 92 prigionieri di guerra alto atesini provenienti dal campo americano prigionieri di guerra n. 404 di Marsiglia.

Essi vennero internati nel campo concentramento di Laterina il cui comando ha accertato che 84 di essi sono ex appartenenti all'esercito germanico e tutti optanti, a suo tempo, per la cittadinanza tedesca. Inoltre, otto di costoro erano già prigionieri negli Stati Uniti d'America alla data dell'8 settembre 1943.

Come è stato già fatto presente per i prigionieri di guerra alto atesini ricoverati all'ospedale S.M.O.M. n. 353 Firenze (lettera n. 103726/I/1 del 26/2/1946), le autorità militari italiane non possono avere alcuna competenza a decidere della sorte di questi alto atesini che optarono per la cittadinanza tedesca e prestarono servizio nelle forze armate germaniche.

Si trasmette un elenco nominativo dei militari in questione, con preghiera di far conoscere le decisioni che nei loro riguardi adotteranno le Autorità Alleate.
