1.Subject is repatriation to Italy.Approx 1000 italians recruited in Eritrea and employed by US Authorities on projects in Arabia will be returning in February by ship chartered by americans who state it will probably be possible for these who wish to return to Italy to be conveyed direct on same ship together with their families who can be embarked at Massawa .Exact figure not available but probably about 1500 persons would be involved.2 . Am most anxious take advantage this opportunity for direct repatriation in order to avoid increase of unemployment already made more acute by closing of dockyard. 3 . Do not consider that these numbers should be deducted from 3000 awaiting selection by italian representatives. This would cause grave dissatisfaction and aggravate situation caused by delay in trasporting lorry drivers. 4 .If scheme accepted Eritrea will endeavour ensure as far as possible all italians who go to Italy from Arabia are in position support themselves on arrival. Owing short time available it will not be possible despatch nominal rolls in advance. 5 . Request you seek Italian Government's approval to above scheme in addition to 3000 already agreed.It is presumed that bill for cost of passage Massawa to Italy would be presented by americans to italian Govt for settlement on similar lines to arrangements in force for organised repatriation Eritrea to Italy. Please confirm. 6 . Please treat as urgent.This opportunity may not occur again.

SUBJECT : Irregular Rail Travel of Refugees.

TO : Distribution List "I".

1. As you are aware, it has been the intention to issue one standard form of refugee rail ticket throughout Italy, and to introduce a system of Food Halt tickets. The Food Halt ticket system has been implemented and, so far, is working satisfactorily. As regards the standard rail tickets, it was decided to postpone the issue of these until such time as the handing over of Camps, now in process, is completed. The rail tickets are ready for issue at the appropriate time.

2. Meanwhile the various forms of railway tickets issued hitherto by Camp Commandos will be continued, railway officials having orders to eject from all trains every person found travelling without a railway ticket. Camp Commandos will therefore continue to issue their own form of railway tickets to refugees required to travel by train.

3. In the case of other nationals than Italian, a copy of the authorization to travel will be given to the local I.S.R. office. This document will clearly state the Nationality of the refugee travelling.

4. In addition, the I.S.R. have asked that they be given any records of Travel Cards issued in the past, of refugees already rendered, in order that they may bring their records up to date. You will please comply with this request.

5. As soon as a date has been fixed for the standard form of refugee rail ticket to come into effect, the new form of ticket will be issued to all concerned, and from that date onwards no other form of refugee rail ticket will be recognised by the I.S.R.

1. In order to ensure that only properly authorised personnel are embarked and to prevent stowaways the following procedure will be adopted forthwith for all embarkations of refugees and displaced persons.

2. (a) All refugees or displaced persons are issued individually with a security card (A.E.F. D.P. registration record known as D.P. 2.), by the transit camp concerned. Each card will bear the owner's full name together with his/her serial number on the nominal roll produced by the Camp, and a visa from his National Representative or Repatriation Officer.

Information

68. Chairman asked if there were any points for discussion on Civitavecchia. Lt. Col. Oliver said refugees continued to arrive at Civitavecchia for shipment, but rather than apply for additional shipping space, UNRRA had been approached with a view to obtaining road transport for movement of refugees to Naples. Such action would in all probability decrease the flow into Civitavecchia.
Capt. Sweet requested that all signals relating to shipment of refugees from Civitavecchia be coordinated with Movements Division, Shipping Branch, in order to avoid undue confusion at the Port.

64. Chairman enquired if there were any comments on programme 1 - 7 Oct. '45. Lt. Col. Oliver held the refugees were coming through gradually and probably there would be one train too many from Milan.
Chairman referred to arrangements made to convey 500 Persons from Milan to Messina. The train had to depart empty after waiting 4 hours for the refugees to arrive.
Lt. Col. Oliver regretted this but thought the Camp at Naples were not given enough time. It was agreed that in future 48 hours notice would be given.

65. Chairman asked if there were any points on Civitavecchia.
Capt. Yost explained at great length the difficulties of control in the Port and suggested that more Shipping would have to be laid on to cope with the Damage and keep Civitavecchia clear.
Chairman stated it would appear to be a question for the Port Authorities. It was unanimously agreed that a letter should be sent to the Ministry of Marine suggesting that unless conditions improved in the Port serious consideration would be given to the suspension of sailings.
Lt. Lodwell asked what the requirements were for the coming week.
Lt. Col. Oliver said that after the Garibaldi had sailed from Piombino they were fairly clear.

SUBJECT : Announcements regarding Camps and I.P.W.

TO : Italian P.W. Div. C.A. Section
(Attn: Maj. Hamilton).

Your IPW/1/165/196 dated 25 September 1945.

1. We send you with this two complete lists of our camps (marked A), and two lists of those camps we are retaining (marked B). The dates of relinquishing camps not required by us or the Ministero Assistenza Post Bellica will depend in every case on local conditions.

2. To save time we have therefore instructed our Group Commanders to send to the following address copies of all notifications of relinquishment of camps:-

Ufficio Autonomo per Reduci di Guerra e Prigionieri di Guerra rimpatriati.
(Attention General Mannerini), Ministero di Guerra, Rome.

3. Regarding the second point raised by General Mannerini, as you know IPW are coming through all the time and we have no pre-notification except, sometimes, in the case of sea voyages. We are already keeping you fully informed of all information we receive regarding IPW except where a copy has been sent to you. We will continue to do so. No doubt you are, in turn, keeping General Mannerini informed.

Repatriated POW's arriving in Italy are civilians and are therefore not a concern of MMIA nor the Italian Army in accordance with Par 6 of AFHQ letter, File AG 091.711/169 GOT-G of 16 November 1944, subject :"Command and Administration of the Italian Army". The responsibility for handling these repatriated POW's is in that of the Italian Civil Government, and it appears that any trucks needed must be furnished from their civilian pools. As this is civil work, no POL can be provided from Army Allotments, as it is not possible for the Italian Army to requisition POL for civilian work.

Ref. No. 416936/RPGR

SUBJECT: Transport of wounded and disabled veterans
TO : ITALIAN PRISONERS OF WAR DIVISION
CIVIL AFFAIRS SECTION
R O M E

With letter No. 411182 of 7 July addressed to the War Materials Sub-Commission this Office requested that to the trains transporting the veterans from the internment camps be added a 3rd class car exclusively for the tranport of the wounded and disabled veterans. This measure would have saved the veterans in question from the grave discomfort of a trip, which often lasts several days, and is made in freight cars not equipped and some times uncovered, a fact that makes them reach their destination in really miserable conditions.

On the 10th of the same month the Sub Commission quickly replied that it would have communicated its decisions made in the conference which was to be held the 12th July to decide and coordinate the transfer of persons suffering from serious illenesses and of the sick and wounded Italians. (letter U.P.W. 1/16 D of 10 July 1945).

Since the arrival of the repatriated persons is continually increasing and also the number of the sick ones, while at the end of the summer the temperature is becoming rigid and the rains become more frequent, this Office wishes to insist on the question and submit to your office the urgency of the measure of adding a 3rd class car to the trains for the transport of the veterans.

OGGETTO Trasporto reduci mutilati ed in minorate condizioni fisiche.

Con lettera n. 411182 del 7 luglio diretta alla War Materials Sub Commission questo Ufficio chiedeva che ai treni che trasportano i reduci dall'internamento fosse aggiunto un vagone di 3ª classe da adibirsi esclusivamente al trasporto dei reduci mutilati o in minorate condizioni fisiche. Questo provvedimento avrebbe risparmiato ai reduci in questione il grave strapazzo di un viaggio, spesso della durata di alcuni giorni, compiuto in vagoni merci non attrezzati e talvolta scoperti che li fa giungere a destinazione in condizioni veramente pietose.

Il 10 dello stesso luglio la Sub Commission si affrettava cortesemente a rispondere che avrebbe fatto conoscere le decisioni che sarebbero state prese in una conferenza che doveva essere tenuta il 12 luglio per decidere e coordinare i trasferimenti di casi medici e degli ammalati e feriti italiani (foglio U.P.W. 1/16 D del 10 luglio 45).

Poichè l'arrivo dei rimpatriati è in continuo aumento e con essi il numero degli ammalati mentre col finire dell'estate la temperatura tende ad irrigidirsi e le piogge si fanno più frequenti, questo Ufficio si permette tornare sulla questione sottoponendo al benevolo esame di codesto Ufficio l'urgenza del provvedimento di aggiungere un vagone di 3ª classe

It went on to say the transport situation for Sardinia was very serious and requested action to prevent large numbers of people gathering in a half destroyed town (Civitavecchia).
Mr. Harvey stated that when the "MOCENIGO" was allocated she was due for 3 weeks over-haul. The mine explosion only caused damage to the extent of a broken feed pipe and compass trouble.

50. Lt. Col. Oliver gave the figure of 1,700 Refugees now at Civitavecchia awaiting shipment.
Mr. Harvey stated shipping had been arranged to clear approx 13/1295 3 over the week-end. He added that ships arriving from Sardinia always carried a full complement of passengers who had to return after a short time. This very much added to the problem and he suggested arrangements should be made limiting the number of passengers ex Sardinia to, say, 100 a trip without guarantee of return.
Lt. Comdr Hetherington was of the opinion that until Refugees have been cleared movement of ordinary civilians should be stopped unless they have a priority.
Col. Oliver said that he had sent a signal asking for Naples to be used as port of shipment for Sardinia instead of Civitavecchia.
Lt. Comdr Hetherington hopes to get 3 cruisers allocated by the end of the month and suggested 2 should go on the Genoa - Naples run and the other Naples - Cagliari. He added the "GARIBALDI" would be due for service about the 22nd.
Lt. Col. Oliver replied that he thought it would be advisable to send her to Genoa and open the Genoa Naples ferry service.

51. Lt. Col. Oliver stated there were now 466 Refugees awaiting shipment at Piombino for Messina and presumed it would not be possible to move them until Civitavecchia had been cleared.
Lt. Comdr Hetherington said it would be preferable to clear Civitavecchia first.

Information

52. In concluding the meeting Major Constable asked if Capt. Tosi would check on safety limits for number of people travelling on the "MOCENIGO" and the question should be urgently examined with a view to her carrying maximum number of passengers.

Ref my EAC/1316A/3/CA of 14 August and first para my EAC/1316A/5 CA of 15 August.

1. There are approx 1600 ailing sick and men over 50 years of age amongst the civilian Italian evacuees ex ETHIOPIA at present (here in this?) command.

2. It appears possible that shipping accommodation may become available from time to time in which some of these could be repatriated to (ITALY?).

3. Authority is now sought to utilise any such accommodation that may materialise for batches selected from the above 2 categories.

4. It is considered that the repatriation of even small numbers of these sick and aged civilians would alleviate the growing unrest among 15000 evacuees still remaining under detention who do not appreciate the reasons for the priority repatriation that has been and is being given to PSW of similar categories.

DISPLACED PERSONS AND REPATRIATION SUB-COMMISSION

DPR/61/AM : August 1945

SUBJECT : Repatriated and Displaced Persons Situation in Northern Italy as at 29 July 1945.

TO : Those Interested.

1. PROBLEMS AND SOLUTIONS.

(a) SHAEF ZONE. To repatriate some 500,000 Italians and Ex-SHAEF and 5th Army PW/DP's areas. Although well over 400,000 Italians have been repatriated in the last month, many have come to Italy in SHAEF areas. At present some 4,500 are arriving at VERONA via BRENNER at some 1,500 a day via SWITZERLAND. It is hoped to raise the latter figure to at least 2000 a day shortly.

(b) SWITZERLAND. The 30,000 Italians in Switzerland have practically all been repatriated.

(c) FRANCE. A start has been made on the 50,000 Italians in France requiring repatriation. It is hoped to increase this flow.

(d) RUSSIAN ZONE. The number of Italians in the Russian Zone is still unknown. A few have been repatriated.

(e) GERMANY PROPER AND AUSTRIA. Increased numbers have materialised especially in Bolzano Region - where the figure of 200,000 has been mentioned - 1000 per week are being accepted. After mid Sept., when the flow from SHAEF will be reduced, more can be moved.

Southbound rail over 300/400 kilos baggage cannot be accepted - through refugee channels.

(f) OTHER NATIONALITIES IN ITALY.

(i) Yugoslavs, Albanians, Greeks, etc. The bulk have been repatriated - Via BARI (Yugoslavs, Greeks, CZECHOSLOVAKS and POLES). At present there are 2000 in CASERTA but a few weeks should see an end.

(ii) Germans, Hungarians, Austrians & Italians. The numbers remaining in Italy are not great but some 10,000 Germans

Declassified E.O. 12065 Section 3-402/NNDC No. 78-5020

remaining repatriation. It is hoped to move on this flow.

(d) RUSSIAN ZONE. The number of Italians in the Russian Zone is still unknown. A few have been repatriated.

(e) SOUTHERN ITALY AND SOUTHERN ITALY. Increased numbers have materialised especially in Lombardy Region - where the figure of 200,000 has been mentioned - 1000 per week are being accepted. After mid Sept., when the flow from SHAEF will be reduced, more can be moved.

Southerners with over 30/40 kilos baggage cannot be accepted - through refugee channels.

(f) OTHER NATIONALS IN ITALY.

(i) Northern - Western Europeans. The bulk have been repatriated - Via BONDARSEA., BUS., SWITZERLAND and DENMARK. At present under 1000 in Caserta but a few keep coming in.

(ii) Greeks. Jews. Mediterranean Nationals. The numbers remaining in Italy are not great but some 10,000 Greeks still required to be repatriated from SHAEF via Italy. Shipping remains very difficult.

(iii) Jews. Recently 4,500 (Non-Italian) arrived from SHAEF without warning. Any further will be returned at once.

(iv) Poles and Displaced Slavs. The bulk are still under canvas, but unless numbers are greater than anticipated, all will be under cover by winter.

2. TRANSPORTATION.

Remains the outstanding difficulty.

2886

...../2

DPW 11/10

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

(i) Railways. Only 10 trains South per week from [illegible] area.

(ii) Shipping. Genoa and Venice still not functioning for refugees. "Scribulai" is taking 2,500 weekly from Piombino to Sicily. More shipping is being urgently sought. The mere rumour of an air craft carrier going North caused many fruitless journeys. Eventually discovered and carried 100 refugees.

3. TRUCKS.

A considerable number of trucks are now available for repatriation but unless back-loads are obtained, they are uneconomical for long distance or large scale movement.

4. HOSPITALISATION.

Preparations are fairly well advanced to receive Hospital Trains via BRENNER and SPITZERLAND. The number anticipated are 5,000.
