1. It is again pointed out that all British Commands, holding Italian PW, have been instructed by War Office to repatriate such PW who are over 60 years of age or over 50 with two or more years of captivity, subject to availability of shipping and security considerations .

2. In para.2 of this Headquarters letter CR/3899/G1(Br) of 8 Mar '45 you were informed that War Office emphasised that the movement of these PW is governed by the availabilityof shipping and that no priority can be given to such movement.

3. As stated in this Headquarters letter of even reference dated 10 July '45 this Headquarter has no indications that War Office instructions are not beeing carried out by the Commands concerned.

4. The position regarding the repatriation of sick and wounded Italian PW was clearly set forth in CR/3822/G1(Br) of 5 April '45 and it is the opinion of this Headquarter that the British Commands concerned effect the repatriation of these PW as speedily as possible.

Original of this in file IPW/1

5. In reply to para 4 of your letter:

a) Letter from Lt.Gen.J.A.H.CAMPBELL to Lt.Gen.Sir F.N. MASON MACFARLANE Dated 13 July 44 stated:

"..... the Combined Chiefs of Staff have ruled that the following policy will be adopted ..... Subject to availability of shipping and security consideration, Italian PW..... .....should be repatriated if they are 60 years of age or over or are between 50 and 60 years of age and have completed 2 years internment."

b) My IPW/198 dated 30 September 44 enquired on behalf of the Italian Government when repatriation of over age PW from INDIA AUSTRALIA, SOUTH AFRICA, and KENYA would commence. Your reply CR/3821/G-1(Br) dated 13 November 44 stated:

"All Commands concerned have now been instructed to repatriate, subject to availability of shipping and security considerations all Italian POW eligible for release on humanitarian grounds."

c) Your CR/3821/G-1(Br) dated 18 December 44 specified the numbers then eligible in INDIA and stated:

"Instructions have been given for these PW to be repatriated, subject to availability of shipping and security considerations."

These quotations clearly indicate an intention to repatriate over age PW from distant localities. Such is not being implemented.

6. Although the Italian Government is anxious for the accelerated repatriation of PW generally, their immediate grave concern is for the speedy return of

a) those aged 60
b) those aged 50 who have been over 2 years in captivity.

and it was to this class of PW that my IPW/1/475 dated 30 June 45 referred.

7. I trust that your reply will enable me to reassure the Italian Government and I would also welcome some indication that the movement of sick and wounded PW from distant localities referred to in your CR/3822/G-1 (Br) dated 5 April 45 is being implemented.

The British Embassy,
ROME.

25th June, 1945.

On receiving your letter 19/67751/43 of May 17th, I made enquiries of the competent authorities and have ascertained from them that since the date of the information communicated by the Allied Commission to the High Commissioner for Prisoners of War on 14th March, 536 Prisoners of War of the age groups mentioned have been repatriated or warned for dispatch to Italy. It is not altogether correct, therefore, to say that repatriations have recently been stopped.

The policy of the allied authorities remains unchanged, namely that, subject to the availability of transport, over-aged Prisoners of War will continue to be returned home as soon as possible, and for my part I trust that in future the delays will not be too great. You appreciate, I am sure, the very great strain on shipping which all these movements of personnel and displaced persons is occasioning with the end of hostilities in Europe and the concentration of forces in the Far East. Movements of prisoners of war are naturally liable to interruption, but it must not be supposed that such an interruption means a reversal of policy. I feel sure that I can count on you in setting matters in their proper light.

S.E. Signor Renato Prunas,
Secretary General,
Ministry of Foreign Affairs,
Palazzo Chigi,

4. It is therefore contrary to the facts to say, as the Ministry of Foreign Affairs states in its 19/C7751/43 of 17 May 45 that "in recent times the repatriations have been completely stopped".

5. The Italian High Commissioner was further informed that overaged POWs have been given priority for repatriation. This policy remains unchanged. Subject to availability of transport overaged POWs will continue to be returned home as rapidly as possible.

Ministry of Foreign Affairs,
The Secretary General.

Rome, 17th May 1945.

19/67751/43

Dear Sir Noel,

As you know, at the end of July 1944, the Allied Authorities acceeded to the request of the Italian Government designed to obtain the repatriation of prisoners of war in Anglo-American hands who were more than sixty years of age or those not less than fifty who had been prisoners for two years. The request was founded on the provision of Article 72 of the Geneva Convention, not to mention the humanitarian motives which inspired this article and which lead them to adopt a preferential treatment to those, who by reason of their advanced age, suffer more severely from the hardships of imprisonment.

After almost a year since this Allied decision, it is brought to your attention that the repatriation of the above-mentioned category of prisoners has only been able to be realised, contrary to the best expectations, at a slow rate and that, moreover, in recent times the repatriations have been completely stopped. I would be particularly grateful to you, dear Sir Noel, if you would be so kind as to draw the competent Allied Authorities' attention to this question and would in particular let me know, as it is to be hoped, that there are grounds to expect the repatriation of these prisoners. I have to inform you that, according to the information communicated to me last March by the Allied Commission, the number of these persons to be repatriated is relatively modest, not exceeding a figure of 3,000 and that therefore the difficulty of transport of which I am perfectly well aware, ought not, in this specific case, to constitute a hindrance. Vice versa, you will understand, from

Vice versa, you will understand, from a humanitarian point of view, our pre-occupation is justified to put an end to the sufferings of our countrymen, many of whom, as has been already stated, run the risk of being permanently disabled by an imprisonment further protracted. On the other hand, since the agreement for the repatriation of this category of prisoners has been in the past brought to the notice of public opinion there has arisen in public opinion, as well as amongst those directly interested, a legitimate expectation that to-day it would be inopportune to disappoint.

I would be grateful, dear Sir Noel, for anything you could do in this matter and I ask you again to accept my most esteemed respects.

HIGH COMMISSIONER FOR PRISONERS OF WAR

N.1222 Pol/F.4.E.

Rome 16th April 1945

TO: The Allied Commission
ROME

Lee 35.

SUBJECT: Repatriation of POW who have reached the age limit.

From the POW Camps (through repatriated POW repatriated for other reasons), and from the families, always in a state of anxiety, we are receiving continuous demands, that are rapidly becoming protests, for the repatriation of those POW who are above 50 and 60 years of age, who have had, More than two years of imprisonment and are still POW notwithstanding the explicit assurance given by the Allied Authorities in July 1944, that they would repatriated.

In fact some of these repatriations have taken place but the others, awaiting repatriation from the United States and the British Commonwealth, have been suspended, although we had the assurance from your Sub Commission that they would have been given priority.

Since it results that in the Camps the lists of these individuals have been compiled, therefore we beg you to call this question to the attention of the competent Allied Authorities, that these lists may be considered as nominative roles ~~lists~~ from the Italian Government and that they may be repatriated with priority as promised, always in consideration of the available shipping space, screening and relative to the number of places to which they are to be assigned at the time.

We thank your Sub Commission for the interest that it will take in this matter.

Dear Colonel Oliver,

I enclose copies of a letter and enclosure from Monsignor Montini, one of the Under Secretaries of State of the Vatican, recommending the transfer from India to Australia, or some other suitable place, of General Mario Mazzetti, who has been a prisoner of war for four years, and is stated to be suffering from a serious form of pulmonary tuberculosis.

It is not clear why General Mazzetti has not been repatriated, if he is as ill as stated. I should be glad however if you could let me know whether it might be possible to transfer him, as requested, to some country where the conditions and the climate are more suitable for the treatment of his illness.

Yours sincerely,

Excellency,

Knowing the noble sentiments of your Excellency towards all those who are in trouble, I take the liberty of begging you in the name of the Countess Giulio Leopardi regarding the case of her husband, General Mario Mazzetti who has been four years P.O.W. in India.

The case is particularly compassionate as the General has fallen ill with a very bad form of tubercolosis. She asks for him to be transferred to a climate more suited to his physical condition and suggests America.

I thank you very much

Translation and resumeè of Memorandum regarding General Mario Mazzetti.

General Mario Mazzetti was captured

General Mario Mazzetti was captured on the 9th of December 1940 at Massa Matruck, he was born in Rome on the 15th. of May 1893.

Said officer before his capture, when in camp at Marmarica, without any special cause, had a very severe hemorrhage of the lungs, that kept him in bed with ice bags on his chest and was given repeated injections of "coaguleno", notwithstanding this treatment he had many other hemorrhages.

As soon as he was able to travel, he was transferred to Derna and X-rays were taken of his lungs which showed he had very bad lung trouble. The diagnosis was signed by Major Dr. Filippo Lamendola, head of the sanitary Division, and Gen. Dr. Alfredo Ingravalle director of the Sanitary Corps of North Africa and Col. Igino Forti director of the Sanitary Corps. All this information remained and is still to be found, in the files of the hospital at Derna. On the other hand the lesions on the General's lungs are of such a nature that they can be easily controlled by any medical visit.

From the moment of his capture to his departure for India no precise news has been received of his health except that he had been treated with great cure, had been given many injections including vein injections of chalk and that he had also been for a period in hospital.

The Military Chaplain Frassineti recently repatriated from India brought the news to the General's family that the General's state of health had become so serious that he had been taken into the hospital, where he still was when the chaplain left. A few days ago Lieut. Dr. Vincenzo Montino, himself repatriated as an invalid from India, confirmed this news, adding that he had seen General Mazzetti in hospital of Dehra Dun and had found him affected with tubercolasis in an advanced state, after having examined his last X-rays, that he had followed since the beginning of the process.

4106

In view of the fact that the prison camp in India where the General is at present, is in a very bad climate for invalids of this kind, the family begs that he may be transferred to another locality where the climatic conditions will be more favorable to his health if possible, to the United States.

230

The General Mario Mazzetti No. 11.5.16 is at present in the General Officers' camp in India.

Thanking you

Signed: Giulia Leopardi Dittagut Mazzetti

1. Reference is made to letter IPW/1/283 of 23 Jan. 45 which relates to the following categories of repatriable P.O.W.

(a) those over age (over 60 or over 50 with two years imprisonment)

(b) those specially requested by the Italian Govt. or other agencies competent to make requests.

2. No priorities have been set up but the following criteria are held to govern the approval of requests and in some measure constitute priority

a) availability of shipping space

b) value to the war effort

3. It is not possible to give any definate assurance nor is it considered necessary either to seek an assurance or establish priorities at this stage.

1/. The Italian High Commissioner for Prisoners of War has requested that he may be informed if specially requested repatriations receive priority over the repatriation of those in the over-age group.

2/. I understand that this is not the case but shall be pleased to have an assurance on this matter, as the Italian Government request that preferential treatment should be given as far as possible on the repatriation of the old men (i.e. over 60 years and over 50 years with two years imprisonment).

THE HIGH COMMISSIONER FOR PW

N.229/T.4 di prot.

Rome, January 20th 1945

382 15

SUBJECT: Repatriation of P.O.W.'s who have reached the age limit.

TO: THE ALLIED COMMISSION. ROME.

16

See ~~385~~.

I) As I have many times informed you the ruling of the repatriation of P.O.W.'s of over fifty and sixty years of age, has given hope and tranquillity to many families and to all those concerned in the various prisoners' Camps.

Unfortunatly, these repatriations are proceding with such slow rythm that the High Commissioner has had to assure the families, that the ruling has not been suppressed, but depends on the available shipping space.

2) On the other hand, according to the indications of this Commissioner, there have been no more requests for repatriation (for other reasons then those of age) for PW who come under the class of those who for their age and for the length of their imprissonment, will be repatriated automaticaly, as we have been assured by this Commission.

Taking note, however, of the few who are repatriated of this category, the doubt is born that they are only proposed for repatriation, these who are requested particularly for other reasons.

If this is so, it would be going against the human spirit that induced the Allies to accept the It. Government's proposal. According to this ruling the military personnel in this "age limit category", will be repatriated at the same time as the sick, who are sent home for humanity reasons, always when there are no security objections.

3) The Italien Authorities beg the Allied Authorities, ~~in the limit of the possible~~ WITHIN POSSIBLE LIMITS, to speed up the rythm of the repatriation of these P.O.W.'s who have reached, or ~~surpassed~~, the age limit.

IPW 1

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

If it is necessary to make particular requests for men in this category we will try to do so, although that will not be very easy.

It results on the other hand, that special lists have been made in the Prison Camps, it would be sufficient to release these people considering them as having been particularly requested by the It. Government.

We thank, in anticipation, this Commission for its benevolent interest.

Signed:

The High Commissioner

General Pietro Gazzera.

The decision to repatriate the over 60's and 50 - 60's was [illegible]ved at this Headquarters from the Chiefs of Staff at the beginning [illegible]st. The compiling of lists of those eligible in this command has taken some time, but is is thought that the first releases will be reaching ITALY shortly.
