SUBJECT : Arrested It. Military personnel in Kenya -

The Secretariat of State of H.H. the Pope, has forwarded to me the attached report from Edmondo Tibaldi prisoner in Kenya.

I would greatly appreciate if your Commission would call this matter to the attention of the British authorities in order to find out for what motives such serious measures have been taken regarding a group of officers, non coms and It. soldiers, and if it will be possible to (after ascertaining if guilty or not) intercede in their behalf and have them repatriated in due course.

Thank you

TO THE EMINENCE THE REVEREND
CARDINAL PIETRO FUMASONI BIONDI

I was in the city of Nairobi in the quality of cooperator, having signed as such, according to the agreements taken by the legitimate It. Government and the British authorities when during the early hours of the morning of the 31st Jan. 1946 I was arrest ed together with 16 other officer cooperators, 14 non coms and soldiers.

Your Eminence will permit me to give the names of my companions in order that a word of comfort may be sent to them families.

" VERCELLI Pier Luigi, from Acqui
Lt. BRUNA Paolo, from Acqui

I am sorry not to have the names of the non coms and soldiers but they were separated from us shortly after our arrest.

The arrest took place with a great show of force and security measure: an M.P. for each officer, British officers armed with revolvers, an escort of the Ascari of the K.A.R. we were personal searched as was our baggage and our lodgings. Such a procedure is unknown as regards cooperators and had all the apperance of an arrest of criminals.

2nd Lt. Vercelli was arrested while in hospital in conditions that obliged them to request his hospitalisation in the General hospital at Nyeri.

No explanation was given us of this treatment and no one knew what was going to happen to him until late in the evening, when we were sent by camion to the punishment camp at Londiani, where on arriving, each one of us was again searched in the cells to which we were assigned.

Lt. Montalto Giovanni from Venice and 2nd Lt. Roffi Mario from Spilimberto from the POW Camp at Eldoret, were already at the prison of Londiani when we arrived.

On the evening of the 1st of February the war correspondent Mattia Ettore from Tolve, arrived at Londiani, having been arrested at Eldoret.

In the following days Cap. Grazzini Marcello from Florence, 2nd Lt. Calleri Federico from Giaveno and 2nd Lt. Riccardi Riccardo from Rome arrived, having been arrested at Eldoret.

Due to the treatment shown us, we seemed all to be under the same indictment.

The insistent requests made to the Camp Commander of Londiani Col. Tucker a British officer for information as to why we were arrested brought no results, except that he told us we had been arrested by order of the ADPW, which in Kenya gives all orders regarding POW, he could not tell us why nor as to what punishment awaited us but he added that according to his personal opinion the reason might be, that our arrest was made following a manifestation of protest by 7000 cooperators at Nairobi in January of this year.

I have at this moment to request the permission of your Eminence to degress, and give you an explanation of this matter.

Said manifestation was made during a strike which lasted one day, and a report was presented to the ADPW: the report in question was in the form of a memo regarding the plan of repatriation of the cooperators and a protest and request for better treatment in general regarding the standard of living.

The state of mind that produced this situation was due to various moral and psychological reasons: the comparison between the treatment and program for It.Pow. in England made in Nov. Dec. 1945 and not carried out in Kenya; numerous restrictions made by the Police on the request of the authorities of Nairobi; unfriendly attitude, aversion and open contempt shown by the European, and Asiatic population of Kenya towards them, through the local press and sometimes even underlined by Editorial comments.

The manifestation was entirely peacefull, no acts of hostility were preformed and could not be considered as a revolt, because it was made by individuals who had requested to cooperate volountarily and had worked very well during their cooperation.

The above fact was recognized by the A.D.P.W. who, in a circular sent around on the 27th Jan. furnished ample explanation relative to each point made in the memo, and stated that no disciplinary measures would be taken against the individuals.

It is important to note that for that which regarded the particular group to which I belonged, not one of us had been accused of having organised or in any way directed the manifestation.

By orders of the camp Commander we were taken from the prison of Londiani for a period of 12 days; on the 15th of March we were informed that the ADPW had decided to punish us in the following terms: punished for disciplinary motives, deprived of cooperation and returned to the status of POW with the consequent loss of our turn in repatriation which was already in course: we were assigned to Camp no 8 of Londiani with limited liberty under escort; Camp no 8 at Londiani- now disbanded - was a concentration camp used for a certain number of prisoners who refused to cooperate when the legitimate It. Government declared the state co cobelligency and who up to date have not cooperated, therefore being put into that camp constituted an entire disregard of all the service preformed since 1943. However as the only alternative was the prison, we were forced to remain there, and resigned ourselves to our fate.

But to know that we had been condemned without being judged, the prison life, and the loss of our turn in repatriation had a very bad influence on some of us. Lt. Coop in a moment of great nervous depression cut his veins and was saved by a fortunate incident. 2nd Lt. Argenziano went through a serious crisis and returned to normal after 30 days in hospital: 2nd Lt. Porgavi was sent to the Hospital at Nyeri for a form of very serious neurasthenia, and for the same reason 2nd Lt. Crociatelli was hospitalized following a heart attack.

Col. Tucker was not permitted to see us when he came from Londiani.

Added to all these prison restrictions, no religious assistance was allowed and only on Easter day a chaplain was permitted to celebrate mass.

On the 10 of May the decision to transfer us to Eldoret was taken and we were put in a small special camp. Two days before

this transfer Lt. Bruognolo in a very depressed state of mind tried to escape: we have had no further news of him.

The camp in which we are at present is closed behind two rows of barbed wire, we are guarded night and day by a group of carabinieri and completely hidden by nets, so that our companions in the POW Camp of Eldoret can not see us.

Serious disposals have been given to avoid any one entering into contact with us. We have been given no information as to how long this situation is to last and the thought that our repatriation is to be put off for no-one knows how long, is in all our hearts.

In this sad situation my companions and I turn to your Eminence in the hope that your Eminence may melt the heart of those who have pronounced such a heavy sentence without giving us a fair trial.

S/C for It.Pow.ROMESUBJECT : Repatriation of Sig.na Lidia PADOVANI -

Miss Padovani, being a Jewess in order to save her-self from Nazist persecution in Jan.1940, left Italy for Australia- Melbourne - where after taking a regular course she was given a nurses diploma and is at present employed with the rank of sister at Fairfield Hospital in Melbourne.

Her father has now asked that she be repatriated by the Allied Authorities, who could perhaps use her services as a trained nurse for the prisoners who are returning to Italy. Due to the fact that during the period she has lived in Australia she has had to support herself she has no money put aside to pay her way home, nor is her family in any condition to affront a similiar expense.

Will your Commission therefore take this question up with the competent military Authorities and have Miss. Padovani repatriated on one of the ships that bring the POW and at the same time she could more or less pay for her trip, by giving her services as a trained nurse.

Thanking you for what you may do concerning the above matter.

SUBJECT : Military personnel in Eritrea

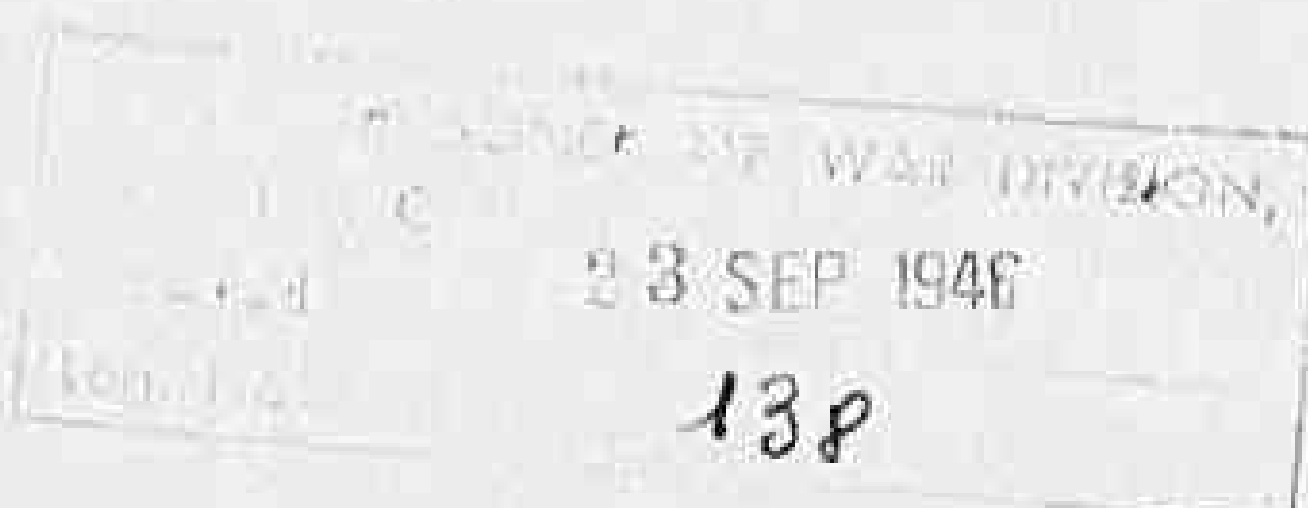

This Ministry in the aim of defining, the administrative position of the Military personnel in Eritrea and in particular of those individuals who have the possibility of remaining in that country and therefore do not want to be repatriated, would like to send a commission of three officers of superior rank charged with the following duty:

- A) Censorship of all military personnel.
- B) discriminate them.
- C) release all military personnel of the reserves, who desire to remain in Eritrea, accredit them with the sums owed to them, according to the modalities that will be agreed upon.
- D) anticipate to those individuals of the regular army who must be repatriated, the sums owed to them.

This would, apart, from satisfying their desires, be of great economical advantage to the administration, by decreasing the expenses of the personnel to be repatriated and will be an economy on the allotments that would not be paid to the personnel remaining in Eritrea.

We beg the M.M.I.A. to consider the possibility of sending this Commission to Eritrea.

Pow BureauProt.n.90887/1-V
Enclosure 2TO : Allied Commission
S/C for It.Pow.ROMESUBJECT : Civilian Internees in Southern Rhodesia -

In occasion of a recent visit by one of our officers- Lt. Col. Picozzi- accompanied by Minister Rochira, at the Civilian Internee Camps of Southern Rhodesia, it was shown that amongst the civilians there were many individuals who formed part of the Military personnel that was in Italian East Africa and who tried to avoid capture. In fact the individuals in question are very young and must have been soldiers.

Lt.Col.Picozzi brought a roster from Fort Victoria of military personnel including only officers and non coms, while other lists have been requested from the Commander of the Camp of soldiers, which will be forwarded as soon as is possible.

This Military personnel desires to be recognized as such and transferred to POW Camps in order to receive the privileges accorded to military personnel regarding repatriation and treatment.

It is to be noted that to all effects, said personnel, never having been released from the Army by the It. Authorities, are considered as military personnel. It would therefore be right that they should be transferred to POW Camps and repatriated with the military personnel.

We beg your Commission to examine the above matter in order that the competent British Authorities may give the proper disposals in Southern Rhodesia.

Herewith attached are two rosters (one of officers one of non coms) of the military personnel at Fort Victoria

Dear Mr. Capps,

I am directed to reply to your 10909.0/19/5 of 29 August 1946 to Admiral Stone.

The Admiral would like you to know that he is in constant touch with the British Ambassador, and that continuous pressure is being made for more ships.

In addition, my Division has a very close liaison with the competent military authorities and I continue, as hitherto, to make the strongest case for the speedy repatriation of the prisoners.

Although some big ships have been allotted already, (two from India in late October, and one from Australia in late September) my chief aim is to have a separate planned programme for Australia, India, East Africa and South Africa.

You may rest assured, and the President of the Council of Ministers must know, that all that can be done is being done, and that in the course of the next two or three months, in addition to the individual shipping now available, I hope that plans will have been formed for mass repatriation.

Dear Sir,

Caporale Maggiore ROVATI Giacomo
I.P.W. No. 60919 - Internment Camp
Liverpool (N.S.W.) - Australia

Thank you very much indeed for your letter of September 4, 1946 contents of which has been carefully noted.

There is actually plenty of compassionate grounds for the prior repatriation of my brother Giacomo. My father died in February 1944, and my sister Clotilde who, owing to her bad health, got her means of support from him remained in very much distressed conditions. At the time we asked the Italian military Authorities here in Genoa whether it was possible under the circumstances to have my brother returned to Italy but we had been told that nothing could be done to this effect at this end. I would explain that I have a family of my own (wife and one child) and, owing to the present cost of living, it is impossible for me to afford another burden. On the other hand my sister is being shown on municipal card as belonging to the family composed of my father, brother and herself so that, with the death of my father, she would get her means of support from my brother.

My sister will therefore submit an application for the repatriation of my brother on compassionate grounds, and I thank you very much in advance for your kind consideration.

I remain,

Your obedient servant

Dear Sir,

I am directed to reply to your letter of 29th Aug. '46. It may interest you to know that only 1000, out of some 17000 in Australia, have been returned to Italy. Plans for mass repatriation are being made however.

This being so, only sick Italian PW, and those requested by this Division, through the Italian Ministry of War on Compassionate Grounds, have so far been repatriated.

These Compassionate Cases are thoroughly investigated before being recommended. It may well be that your brother remarked several Italian PW embarking for Italy who stated that they had been asked for by their families, but you must realise that the families themselves would be in straitened circumstances (grave illness, death or no means of support).

No priority in repatriation is now given to PW who are required by civilian firms in Italy, and if there are no special compassionate grounds to warrant Rovati's return he must await repatriation in his turn, which would appear to be amongst the first for normal repatriation.

Yours faithfully

R o m e

Sir,

My brother James is, since 1941, P.O.W. and is at present at the following address:

Caporale Maggiore ROVATI Giacomo
P.O.W. No. 60919 - Internment Camp
Liverpool (N.S.W.), Australia.

I have just received a letter from him in which he says that during his transference from the former camp to the present residence he noticed at Sydney several Italian P.O.W.s who were embarking for Italy. He remarked that many of them appeared to be much younger than he (he belongs to class 1907) and having asked the reason why those people were entitled to such precedence he was told (by whom he doesn't say) that they had been requested by their families. This new is quite surprising because I am never been given to understand that families could require their relatives P.O.W. . I would very much appreciate your telling me whether this is true or not.

Perhaps you are wondering why I am not submitting such a question to the Italian Ministry concerned but I would explain to you that having served for more than a year at the M.M.I.A. Detachment in Genoa and being therefore fully aware of the courtesy of Allied Officers I thought it would not be considered by you as a matter which is not following the proper channels.

The civilian firm by which my brother was employed before the war is willing to re-engage him. Could this not be a sufficient reason for having him returned here soonest after so many years of barbed wires? Further it is useless to say that his family would require him back, should the information quoted above prove correct.

I thank you very much in advance, and remain, Sir,

Your obedient servant

THE PRESIDENT OF THE COUNCIL OF MINISTERS

REC 428 - SEP 1946

My dear Admiral,

From every part of Italy are arriving requests - and I transmit them to you - that the repatriation of Italian military personnel still living as prisoners in the camps of Australia, India, British East Africa and South Africa be completed as soon as possible.

The morale of these fellow countrymen of ours is particularly shaken because of their long absence from their homes, from their dearest affections.

The Italian Government, well aware of the feelings of so many of its distant children and in perfect unity of thought with their families who since a long time are anxiously waiting for their return, considers the desired solution of this sad problem as one of the most deeply felt and urgent of our Country.

I am certain that you will take really to heart this question and that every step will again be taken by you with the Allied Governments.

Believe me

Cordially yours,

FOR THE PRESIDENT
OF THE COUNCIL OF MINISTERS
THE UNDERSECRETARY OF STATE

I would like to enlist your aid in tracing Signor Angelo D'Antoni - he was a prisoner of war in the U.K. but his exact location is not known; the only information we can furnish is that he had friends in Peterborough.

The address given for him in Italy was Via Flaminia 27 - Rome - but by enquiries made he resulted as unknown at this address.

The date of his repatriation is not certain, but it seems probable that D'Antoni was in England at least until last Autumn.

TRANSLATION

TO: M.M.I.A.
13th Corps (Br)
A.C.

The peremptory order (German style) given by the Allies to our M.of W. to evacuate Udine is a serious blow that you "Liberators" gave not only to the people but also to the sovereignty of the Italian State.-

Within a period of 15 months from the end of hostilities, we arrived to a stage where you dare to impose further abuse of authority and further prepotence which so far you had the decency not to impose. You sucked blood and money from Italy

You rich people, brought to our poor country the lowest and dirtiest immorality. You took away the few houses and the few hotels which the inefficiency of your air raids saved. You sold us at Paris; now you treat us like slaves, killing defenseless citizens with your jeeps and your vehicles mostly carrying no loads but always having on board prostitutes.-

This is civilization; this is humanity!

This very day, in many zones of Italy, you organise petiless searches in order to rob what your "perfect" soldiers (whom you are not able to command and guide) sold at very high prices a few hours before.

Certain "dirty" actions were done by the German but for more serious reasons.-

Now, in view of the "dictation" at Paris (your eternal shame), we arrived at a stage where a province in which you already do what you please, must be totally evacuated by the Italian Mil. Authorities.

Is this an honest action or a really cheeky one?

It might be published or on the other hand it might remain an ordinary question of administration while, instead, it is a violation of our sovereignty. Not even the Germans did anything like it to the republican army! Did you or did you not say that 90 days after the ratification of the peace treaty you would evacuate Italy and that you would guard only the lines of communication with Austria? And in order to guard, you throw us out like dogs?

But here there is more than that, oh heroic "Liberators"!

It is natural and evident that your actions might be dictated by various motives.

a) God knows when you will evacuate Italy (finding any excuse like for instance in Greece, in our colonies like you have done at all

562

620

18

all time and in all places).

b) Or do you want that Stalin and Tito take (after the ratification of the peace treaty and using style "Anschluss" or "Tchekoslovakia") the little you have not granted to Italy at Paris. And thus doing in a way that not even the little you gave us of our Venezia Giulia can be defended by us on the account of the lack of Italian Mil.defenses.

c) Or do you, alone, want to protect us from the sure aggression of Tito and Stalin, as you are doing at present with so much incapacity and unconsciousness in the mandated territory of V.G., so poorly administered by you?

d) Or, together with the above three points, you chose the most weak victim, i.e. the Italian Army, which you are keeping under a state of servage which we never expected after the blood which, together with you, we shed for attaining freedom.

as far as this is concerned your power has no limits and since you cannot squeeze out more buildings from our martyred Friuli, and because the patience of Italian authorities and of the people has a limit, you have thought to solve this problem by issuing an "ukase" (German or Soviet type) so that you may throw out from here military forces who, though unwilling, are more easily commanded by you.

Whatever the causes may have been which have determined our eviction, there is not doubt that it is an obvious violation of our sovereignty in the province of Udine which you have not as yet reserved for your Red fascist eastern friends.

We must now ask you : is it possible that your military needs grow with time? Beside the lack of fortifications, must we be waiting on the Piave and the Adige for the enemy invasion?

The compulsory line you have adopted, brings to a particularly critical situation hundreds of families of officers, N.C.O.s and civilians who are working with us.

To send us away from here means sending us and our families to sleep on the ground in other places, to jam 5 persons in the space occupied by 1 of you. Do you call this justice after all your sermons about liberty and similar jokes which you have been serving us for years through your broadcasting? Do you understand or do you not understand that we do not feel inferior in the least to you, but only poorer and more unhappy? And in order to make place for your families we should live on the open streets after so many years of absence from home?

With the starving salary we get, because we must feed your armies, must we also roam homeless in our country to make place for you? But till when must we bear being treated by you like slaves? Do you not think

that there is a merciless God who may do the same to you, only that Russia and her satellities begin to play the music? Does it interest you to see Italy becoming communist? Or do you reckon doing as you did with Poland in 1939, letting us be invaded, in order to come afterwards to "liberate" us, according to your present liberation pattern which you have adpoted for us after after six troublesome years?

Think over the whole matter if you have any heart at all.

Long live liberty! Long live Italy! Get out of Italy! you foreigners!

Officers, N.C.Os and civilians
you have thrown into the gutter.

Avoided transfer of 150 South-Tyrolean POW's to

We have received the following notice:

The South Tyrolean Volkspartei, as soon as they received notice that South-Tyrolean POW's belonging to a Camp at Pisa were going to be transferred to Germany, has send a Telegram to Rome asking to intervene in order to avoid such a proceeding.

On the 26th the following Telegram has been received from Rome, where actually Prefect Innocenti is dealing with important matters concerning the Province:

"The south-tyrolean POW's belonging to the Camp at Pisa are solely under the control of the Allies who have been informed about the great discontent of their families, should be a transfer of south-tyrolean POW's to Germany be disposed. After a strong action we have been able to suspend the transfer of these POW's -South-Tyroleans- for whom a "Nulla-Osta" by the Prefettura was issued. I hope to be able to inform you and to give to you good news about ST-POW's generally. Anyhow I want to repeat here that although the "Nulla-Osta" of the Prefettura, the final decision is up to the Allies".

More than one year now our brothers are still in the POW Camp at Pisa. Again, again they have promised to us to release them. Now suddenly the new reached us that they are going to transferred to Germany.

We can see from Dr. Innocenti's Telegram that the Italian Government is not responsible and that it is up to the Allies. It would be appreciated if the Allied Authorities would give to the population certain explanations in or-

On the 26th the following Telegramms been received from Rome, where actually Prefect Innocenti is dealing with important matters concerning the Province:

"The south-tyrolean POW's belonging to the Camp at Pisa are solely under the control of the Allies who have been informed about the great discontent of their families, should NK a transfer of south-tyrolean POW's to Germany be disposed. After a strong action we have been able to suspend the transfer of those POW's -South-Tyroleans- for whom a "Nulla-Osta" by the Prefettura was issued. I hope to be able to inform you and to give to you good news about ST-POW's generally. Anyhow I want to repeat here that although the "Nulla-Osta" of the Prefettura, the final decision is up to the Allies".

More than one year now our brothers are still in the POW Camp at Pisa. Again, again they have promised to us to release them. Now suddenly the new reached us that they are going to transferred to Germany.

We can see from Dr. Innocenti's Telegram that the Italian Government is not responsible and that it is up to the Allies. It would be appreciated if the Allied Authorities would give to the population certain explanations in order to tranquillise their trouble.

GHQ CEF.3072/A2.18 Jul 46.

Reference your IFM/18/606 dated 6 July 46.

1. The priority of repatriation of Italian Prisoners of War was decided by the War Office and is shown in their signal message 84611 PW2 of 15 Nov 42.

In addition to the categories shown in that signal, priority is given to those whose relatives rendered assistance to British escapees and organisations. Troopere message 96266 PW2 of 5 Feb 46 refers.

2. There have also been requests by the Italian Government for priority of repatriation to those who are required in Italy on grounds of national reconstruction. The number of such requests recently has been few compared with those for repatriation on compassionate grounds.

3. This GHQ is unable to trace any request or agreement for priority of repatriation in such a firm form as given in paragraph 3 of General Mannerini's letter and further information on this is requested. It has always been the policy to give priority of repatriation to sick.

4. It is noted that the newspaper article protests against the priority given to individuals required for national reconstruction but, beyond drawing attention to the article, General Mannerini makes no further comment or suggestion on that aspect.

5. If it is desired that this GHQ take some action will you please request General Mannerini to make more concrete suggestions, bearing in mind the priorities of repatriation to be given to those whose relatives assisted escapees and those who are required for national reconstruction.

The meaning of paragraph 3 of the letter is not at all clear, possibly due to translation, and elucidation is requested.

OGGETTO: Tombe di soldati italiani morti durante l'occupazione tedesca nelle isole di Cos, Noai e Leross.

AL MINISTERO DELLA GUERRA

1. Circa le tombe dei soldati italiani sono pervenute le seguenti informazioni.

"Il presidente della Commissione per la tutela degli interessi degli italiani nel Dodecaneso riferisce che nelle isole di Rodi, Cos e Leross, durante l'occupazione tedesca, sono state inumate le salme di 230 soldati italiani. Tali salme sono state inumate così malamente che, in alcuni casi, esse sono effiorate alla superficie rimanendo scoperte. Il Presidente della sopranotata Commissione chiede che le autorità militari provvedano al ricupero e alla sistemazione delle salme per conto del Governo italiano.

2. A causa della chiusura del servizio sistemazioni cimiteri delle forze del Medio Oriente (Graves Service MEF) al 30 giugno 1946 non si dispone di personale qualificato per tale lavoro.

3. In mancanza di ciò si richiede un aiuto finanziario.

Si prega di voler far conoscere se codesto Ministero sia disposto ad anticipare somme per tale scopo. In attesa della vostra risposta il Gran Quartier Generale delle Forze del Medio Oriente sta preparando un preventivo del costo del lavoro.

SUBJECT: Graves of Italian Soldiers
who died during the German
occupation of Cos, Rhoades
and Leros.

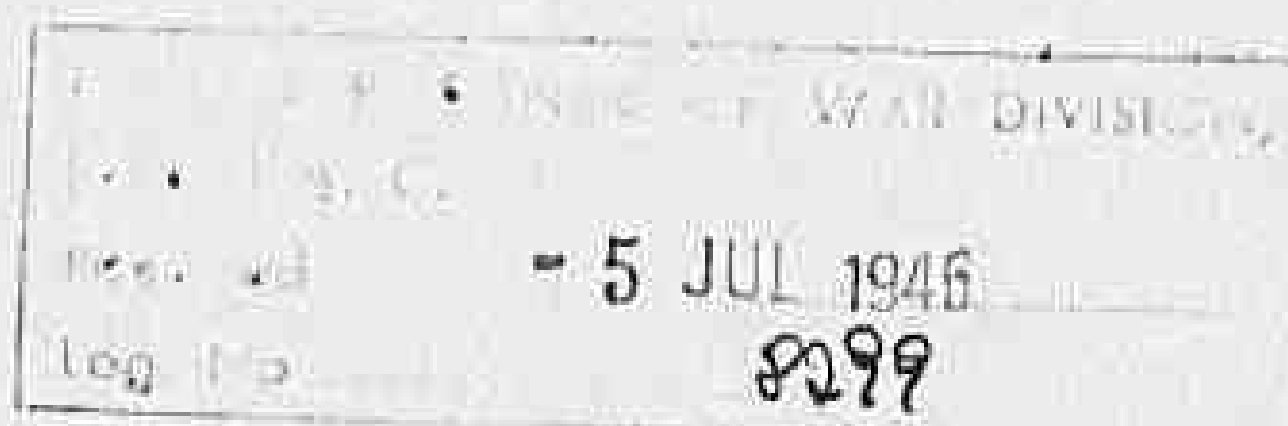

GHQ CMF.

3172/A2.

2 Jul 46.

Land Forces Sub Commission,
 Allied Commission,
 MMIA,
 IPW Division.

1. The following information has been received from GHQ MEF in respect of graves of Italian soldiers.
2. A letter has been forwarded by HQ Dodecanese District from the President of the "Commissione per la Tutela degli Interessi degli Italiani nel Dodecanneso", reporting that the bodies of 230 Italian soldiers were buried on the islands of Rhodes, COS and LEROS, during the German occupation. These bodies, the letter states, have been so badly buried that in some cases they are becoming uncovered and the remains exposed.
3. The President of the Commission referred to above asks the Military Authorities to undertake the recovery and concentration of these bodies on behalf of the Italian Government. The Graves Service MEF, however, is closing down on 31 Jun 46 and there will be no qualified personnel available for the task.
4. As an alternative to the above proposal, financial assistance, to be advanced on behalf of the Italian Government, is sought. This, it is considered, is a matter for the Italian Government and you are therefore requested to ascertain whether the Government would be prepared to advance any money for the purpose.
5. It would be appreciated if you would forward these proposals to the Italian Government, pending receipt of your reply an estimate of the cost involved is being prepared by GHQ MEF.

SUBJECT: Repatriations from India.

TO : Allied Commission, S/C, IPW Div., Rome.

1. Herewith attached and forwarded to you is an article published on the 16th. of June 1946 in the "Corriere di Informazione" regarding the morale of the prisoners in India due to the program of repatriation in course.
2. The attached article protests against the unjustifiable preference in the choice of the repatriating prisoners, due to the fact that priority has been given to individuals whose repatriation was requested on the grounds of National re-construction.
3. On the basis of the agreements taken with your Office, the question of giving priority to these categories should have been admitted and the order of precedence changed by giving priority to A. "Sick" B. "Compassionate cases". C. "Age" (over 50 years of age).
4. In order to avoid further exasperation on the ^{PART} fact of the prisoners which produces a very bad reaction on the part of the Press and the Country, We beg your Office to kindly examine the possibility of requesting the local Authorities to repatriate according to above directives.
5. I thank your Office for whatever you may do regarding the very delicate question, well knowing the spirit of understanding in which you have always worked with us.

OGGETTO: Servizio della Corte di Assise.

Presso questa Corte di Assise trovasi pendente il processo contro Pisana Pietro e Pisana Vittorio da Barisardo, il cui dibattimento non si potè tenere ^{dal 1941} la Corte, convocata in Lanusei, nel Giugno 1941, perchè i principali testimoni della causa, certi Pilia Francesco di Ignazio e Moroni Francesco di Mario, da Barisardo, trovavansi prigionieri in A.O.I., senza conoscerne migliore indirizzo.

Trattandosi di imputati detenuti da oltre sei anni, non potendosi concedere il beneficio della libertà provvisoria ostando il titolo del reato di omicidio aggravato, e volendosi fissare la discussione di detta causa nanti la Corte di Assise da convocare in Lanusei per il prossimo Luglio, mi permetto di rivolgere viva preghiera a codesta On. Commissione Alleata che già in precedenza ebbe ad occuparsene, affinchè interponga i suoi autorevoli uffici perchè detti prigionieri vengano restituiti in patria entro il detto mese di Luglio.

Grato della cortesia,

Con distinto ossequio,

IL PRESIDENTE della CORTE DI ASSISE

No. 11600/313

Civil Affairs Branch,
O.M., S.M.

12th March, 1946

O.M., S.M. (2).

I am directed to refer to your 313/Ad of 10th February, 1946, enclosing a translation copy of a letter from General Vincenzo Tessitori passed to you by the Italian Ministry of War through the Allied Commission, and to state that in principle there is no objection to the return to Italy from the Occupied Territories of movable property belonging to Italians formerly resident therein provided that the Chief Administrator of the territory in question agrees to its export. Neither the Administration concerned nor this Branch, however, can assume responsibility for its transport to Italy.

It is, therefore, suggested that General Tessitori, or any other person in a similar position, should appoint an agent in Britain. The latter may then approach the Chief Administrator, British Military Administration, Britain, for a permit to export the articles in question and, should this be granted, make all the necessary arrangements for their transport.

SUBJECT : Allied Cemeteries

TO : The Undersecretary of State, Ministry of Post War Assistance.

Ref. your No. c/98 dated 5 Jan. 46.

1) The following is the position regarding Allied cemeteries in Italy.

a) British :

The Imperial War Graves Commission (Southern European District) is solely responsible for the construction of Military Cemeteries and their permanent care and maintenance in respect of all Empire dead, i.e., the graves of all members of the armed forces from the British Isles, Canada, Australia, New Zealand, South Africa and other Dominions or Colonies within the British Empire.

b) U.S. :

The bodies of U.S. personnel are being returned to the United States on request of next-of-kin, and it is estimated by the Graves Registration Unit (GRU) that 80% will be so returned, the remainder being concentrated in one permanent U.S. Military Cemetery to be established in ITALY.

2) A list of British Empire Cemeteries can be supplied in due course when the final number of cemeteries and their location has been decided upon. This Division is informed that all Empire Cemeteries will have been completed in their initial stages (concentration of isolated graves) by the end of June.

3) Apart from the foregoing, there is the question of the responsibility and transfer of custody of graves of ITALIAN and GERMAN personnel now in U.S. cemeteries. It would be appreciated if you will kindly forward your comments together with any proposals you may have.

1. Your letter of 7 March 1946 has been received, subject: Allied Cemeteries, file IFW/18/514 WERF/fs, in which you state a communication has been received from the Under Secretary of State, Italian Ministry of Post War Assistance, stating that they are preparing a plan for taking care of Allied War Graves in Italy, and for this purpose, request a list of cemeteries and of Allied Military personnel buried there.

2. In reply you are advised it is the program of the United States to return to the U.S. the bodies of all U.S. personnel where the next-of-kin so desire. It is estimated approximately eighty per cent of our burials will be so returned and the remainder will be concentrated in one permanent U.S. Military Cemetery to be established in Italy.

3. However, the transfer of custody and responsibility of graves of Italian and German military personnel now in our cemeteries is a subject that we request consideration be given and we be advised as to whether the proposed plan includes this.

1. This letter rescinds the provisions of letter, this headquarters file and subject as above, dated 31 December 1945.

2. The instructions contained in this letter, implementing plans and agreements evolved in recent discussions with representatives of the Allied Commission, UNRRA and this headquarters, will be carried out by the Allied Commission in coordination with UNRRA, with a view to the efficient and expeditious transfer of responsibility for the care of displaced persons in Italy to UNRRA, and the early liquidation of the Displaced Persons and Repatriation Sub-Commission of the Allied Commission.

3. Allied Commission will provide for the infiltration of UNRRA personnel and their participation in administration at such installations as UNRRA may consider necessary to fulfill its mission as indicated in these instructions. During the transitional period, that is, after infiltration of personnel has commenced and until administrative responsibility is transferred to UNRRA, the Allied Commission will remain responsible for operation of these installations. In their capacities as civilians of the United Nations working for the military in a theater of operations, infiltrated UNRRA personnel will be subject to Allied Commission command and control. Facilities and services to which UNRRA personnel are entitled are defined in Administrative Memorandum Number 6, this headquarters, dated 10 February 1945.

4. The transfer to UNRRA of responsibility for internal administration of camps and other displaced persons installations operated by the Allied Commission, has in general been effected. Administrative control of displaced persons affairs, as now exercised by the Displaced Persons and Repatriation Sub-Commission, will become the responsibility of UNRRA on such date as may be declared the end of the period of Military responsibility in respect to displaced persons, by the Combined Chiefs of Staff. Such minimum Allied Commission personnel as may be agreed between UNRRA and the Allied Commission will remain in an advisory or liaison role until UNRRA declares they have no further need for such assistance or until Allied Commission personnel are no longer available, except for such personnel as may be necessary to insure reimbursement for rations and other supplies issued in kind from military sources during the military period, or for the operation of camps for the care of displaced persons not acceptable to UNRRA.

5. a. UNRRA will report to the Allied Commission as early as practicable the designations and location of camps which UNRRA considers necessary to retain to provide for the care of displaced persons now in camps, with provisions for a substantial reserve capacity.

RESTRICTED

b. Camps and installations which are not desired or considered necessary for retention by UNRRA will be closed out by the Allied Commission except as follows:

- (1) Bolzano may remain in operation temporarily as an Allied Commission commitment. This camp will perform no functions for displaced persons, but will serve only as a staging area for the repatriation of former enemy nationals.
- (2) Other installations which Allied Commission may consider necessary to retain, only on specific authority from this headquarters.
- (3) Camps now operated in conjunction with the Polish Corps until subsequent instructions are issued.
- (4) As provided in paragraph 6 below.

6. Allied Commission will retain and operate such camps, with adequate reserve capacity, as are necessary to accommodate those persons, in displaced persons camps, who are not eligible for UNRRA care.

7. The exchange of appropriate categories between UNRRA camps and camps retained by the Allied Commission will be expedited. Consideration should be given, insofar as practicable, to any desires UNRRA may advance for concentration of different nationalities or classifications of displaced persons in the various camps.

8. Request has been made to the Combined Chiefs of Staff for an agreement with UNRRA (Washington) to permit UNRRA (Italy) to assume control and financial responsibility for care and repatriation of displaced persons in Italy, except for such displaced persons as are not acceptable by UNRRA.

9. Until such time as UNRRA is authorized to assume full financial responsibility for displaced persons in Italy, present financial and accounting and supply procedures will remain in effect. Allied Commission will retain such personnel on duty with UNRRA as may be necessary to insure that proper accounting and reimbursement procedures are carried out.

10. The transfer of camps and other facilities will include all appurtenant premises, stores, supplies, vehicles and other equipment. Appropriate arrangements for the transfer will be worked out between the Allied Commission and UNRRA on the following basis:

a. UNRRA will take over only such real estate, equipment and supplies as it may require. Excesses will be disposed of by the Allied Commission prior to the handover of the installation involved.

b. Premises required by UNRRA under requisition by the Allied Commission will be derequisitioned and immediately rerequisitioned by UNRRA in cooperation with the Italian Government.

RESTRICTED

AFHQ Ltr, AG 383.7 GFG-O ltd 25 Feb 46. (Cont'd)

c. United States or British military property turned over to UNRRA will be listed separately and signed receipts turned over to the Allied Commission. Eventual payment for this property will be made by UNRRA upon receipt from the Combined Chiefs of Staff of authority for complete assumption of all responsibility for displaced persons by UNRRA. The payment shall be made in accordance with standard procedures for the procurement of military surpluses from the governments concerned.

d. So long as this property remains on charge to UNRRA (i.e. until such time as UNRRA may have purchased it) it shall not be altered or remodeled without prior approval of the Allied Commission or appropriate military authorities except for proper maintenance and repair. The cost of avoidable damage or loss will be paid by UNRRA.

e. Expendable supplies, such as rations, medicines, and sanitary supplies, found in the camps and other displaced persons installations taken over by UNRRA will be transferred to UNRRA without payment.

11. Until such time as UNRRA is authorized to assume complete control of displaced persons, costs of transportation will not be the responsibility of UNRRA.

12. Until accredited national liaison missions have been replaced by diplomatic and consular offices in Italy, Allied Commission will maintain a liaison officer to deal with them and coordinate their activities with UNRRA.

13. The Allied Commission will keep this headquarters advised of the progress made. The following listed reports are specifically desired:

a. Report as of end of military period, showing organization of residual elements of Displaced Persons and Repatriation Sub-Commission:

- (1) In liaison or advisory position.
- (2) Operating camps.
- (3) Others.

b. As camps or facilities not desired by UNRRA are liquidated or turned over to other agencies, report will be made to this headquarters.

14. Upon the assumption of complete responsibility for displaced persons by UNRRA, the Supreme Allied Commander, Mediterranean Theater, will relinquish all control, except for the supervision of such displaced persons as are not acceptable to UNRRA, and for the necessary action to insure coordination, and reimbursement for military supplies and services supplied to UNRRA for displaced persons.

Subject : Report of Avv. Manlio Miseroocchi.

To : HQ Commandant, A.C.

I investigated the alleged irregularities as reported by the a/m Miseroocchi and I found that:

- a) the cook's husband does call on his wife and sometime sleeps with her (who has a better right).
- b) The maid referred to in the report had been helped by the cook to the extent of storing her baggage while she was looking for work.

Permission was granted by me to the waiter to entertain his family that came from Trieste during the holidays season.

I talked to the help and explained to them the charges brought against them and warned them to discontinue entertaining strangers, unless previous permission was secured from the responsible officer.

 licenziata, e il personale al servizio riceveva e suppliva detta camo-

 assenza di ufficiali, era occupato soltanto dal personale al servizio.
