ANNEX 'A' TO T.C.O. REPORT SHEET FOR TRAIN No. 52 MEDLA. 'D' MAIN
RETURNING FROM CALAIS TO VERONA.

Owing to engine failure at STEIMACH the train did not reach Brennero until 1415 hrs. At 1425 hrs a Carabinieri asked to borrow one of the two existing copies of Nominal Rolls for PWs for control purposes for 5 minutes. This request was granted and 1 hour later the papers were sought by the T.C.O. He was told by two very rude Italian Commissariat officials that there was no authority to let the 45 German PWs (Italian nationals) pass into Italy, but that the Prefecture in Bolzano would be contacted for permission by telephone. The T.C.O. pointed out that the train was already very late and that all PWs Control was arranged by PESCANTINA. The Commissariat were once again very rude and refused to let the Capo Stazione despatch the train until the Bolzano Prefecture had given permission.

At 1700 hrs the Prefecture in Bolzano had not been contacted, and in the T.C.O.'s opinion little or no attempt to do so had been made. When the T.C.O. threatened to contact the Prefecture himself, and tell them what he thought of their organisation, the Prefecture were quickly contacted and the train was finally allowed to proceed at 1825 hrs after 4 or 5 Carabinieri had been given permission to board the train as escort to Bolzano. This hardly seemed necessary as there were already 10 British soldiers with loaded rifles in charge of the party, who had done a very efficient job all the way from the POW Camp in England.

The Commissariat Officials further insisted that the PWs be detained at BOLZANO and that they be held in an Italian Camp. It was pointed out that some thousands of prisoners of all sorts had already been handled quite efficiently by Pescantina. But they insisted, so the 45 non cooperative prisoners were handed over on signature (individual receipts) at Bolzano.

After a long delay the train was allowed to proceed to Pescantina where the 2 cooperative POWs (Officers) were detained. The train finally reached VERONA at 0100 hrs on the 2nd of September. (5 hours 15 minutes late).

In the opinion of the T.C.O. the Officials at Brennero were not only extremely rude and very uncooperative, but were also grossly exceeding their authority in taking the above mentioned course, as these PWs were under the command of a War Office Staff Captain, who had orders to take them direct from England to Pescantina and who was in complete possession of all relevant papers which were shown to the authorities at Brennero.

The T.C.O. would appreciate an inquiry into this matter, which has obviously been caused either by the unnecessary interference of the Commissariat at Brennero or by complete lack of liaison between the Italian authorities concerned with the repatriation of these POWs.

(JONES LT.)
