The above-mentioned Italian PW - one of 29 Italian Co-ops transferred to you to-day for repatriation under Age Group Code Letter 'A' (Authy: Nthn Cmd N.C.22637/A4(PW) dated 30 Nov 45) - was undergoing continuation treatment for Syphilis at the V.D. Continuation Centre at Clowne Hostel, in addition to which he has had a long spell in Hospital.

Higher Authority has authorised that PW undergoing Continuation treatment shall be eligible for re-patriation when their Age ~~Age~~ Group becomes due, but that medical data be forwarded to the Medical Officer of No. 4 PW Camp in order that he may give any treatment possible.

Medical opinion has decided that this man has recovered sufficiently for repatriation.

Will you please ensure, therefore, that special perusal of this Man's medical documents is made by the M.O. of your Camp with a view to the PW having any treatment necessary?
