- 3./ Existing relations between the two governments being what they are, the whole question is very difficult.

SUBJECT: General of Division
Carlo Isaaca.

General Carlo Isaaca Commanding the Division
"Venezia", in Montenegro, after the Armistice formed with
elements of his Division and the "Taurinense" Division,
the "Garibaldi" Division with which Division he fought up to
the End of the War.

At the moment that the General was to be repatriated,
he was held under the accusation of having presided at a
Military Tribunal, that judged Yugoslav partisans.

The case came up on 31st. March 1944 at Berane and
he was condemned to death, but subsequently the sentence
was annulled and the General is still in prison awaiting
another trial.

As it seems that the charges against him are
unfounded, we beg your Division to intervene on his behalf
with the Competent Authorities and obtain if possible, his
release and repatriation from Yugoslavia.-

TO COLONEL JAMES REGIS

I call your attention on the possibility of your intervening on behalf of General ISASCA Carlo, ex Commander of the "Venezia" Division and now held prisoner by the yougoslav partisans in the prisons of Cettigne or Podgoritza.

He was accused by the partisans of having made reprisals against the patriots, but the death sentence was annuled by the Superior Authorities of Belgrad.

Lt. General OXILIA ex Commander of the "Garibaldi" Division who fought alongside with the troops of Signor Tito, can testify that ISASCA was ^{HEALTH} ~~unable~~ ^{INCAPABLE} of committing Criminal Actions.

ISASCA is old and in ill ^{HEALTH} ~~health~~ and will not be able to resist for a length of time, the hardships and the preoccupation of imprisonment.

I would greatly appreciate if you can do something for him.

Base of Ragusa.

1°. Following our letters N° 418531 dated 1st. October 1945 and letter N° 423116 dated 21st. November 1945.

2°. The Command of the Italian Base at Ragusa has informed us as having contacted the High Yugoslav Authorities regarding the Italian prisoners still held in that country as prisoners and have obtained an improvement in the food conditions, the treatment used towards them, facilitations to assist them and the assurance of the rapid repatriation of all sick and wounded.

The number of Italian prisoners still in Yugoslavia is as follows : 3 superior officers, 87 inferior officers, 857 Ncos and 13,027 soldiers.

The Base of Ragusa, from where the work in favour of these prisoners can be performed better than anywhere else have, on the invitation of the Yugoslav Government, sent a detachment to Belgrade at the Ministry for the Defense of the People, formed therein a well-ware office, which depends directly from the Base of Ragusa.

3°. This Ministry however, given the complete lack of diplomatic relations between the Italian Government and the Yugoslav Government, has not the possibility of controlling or ascertaining the work done by the Base at Ragusa nor, as would be desirable, to aid them, in order to accelerate the repatriation of the prisoners who are in a well known difficult situation.

SUBJECT : Italian POW in Yugoslavia.

Up to date, the contacts made between the Yugoslav authorities and the Italian Base of Dubrovnik, give the hopes that at the end of the present year the repatriation of Italians held in Yugoslavia, will begin.

It is thought, that a part of these prisoners will be repatriated overland through Trieste.

We beg your Division to interest the Allied authorities of Trieste in order that, when this much awaited repatriation takes place, to have those Veterans who arrive at Trieste sent on to Udine that the repatriatees may receive the attention previewed for them in the Lodging Center of that place.

OGGETTO Prigionieri italiani in Jugoslavia.

I contatti sin qui presi con le Autorità Jugoslave da parte della Base italiana di Dubrovnik lasciano sperare che prima della fine del corrente anno inizierà il rimpatrio dei prigionieri italiani detenuti dalla Jugoslavia.

E' da ritenere che una parte di quei prigionieri rimpatrierà via terra per Trieste.

Si interessa la cortesia di codesta Direzione perchè voglia interessare le Autorità Alleate di Trieste perchè, allorquando avvenga l'atteso rimpatrio, i convogli di reduci siano da Trieste avviati a Udine affinché i rimpatriati possano ricevere in quel centro alloggio il trattamento per essi previsto.

LAVAGNA GIOVANNI

Imperia -
Via Mazzini 20 -TO: Admiral Stone
Commander of the Allied Commission
ROME

I am a brother of a POW.

I had a paragraph printed in a newspaper in order to obtain news of him from a repatriated prisoner.

My brother is in Belgrad under the "terror" of Tito.

You, who have power with the Government, in the name of all the POW and their families in anxiety over the fate of their relatives, I beg you:

- the reopening of correspondence between the families and their prisoners and the authorisation to send packages of food and clothes to the prisoners.

- their return to their country as soon as is possible. The war has been over 6 months and in this century of civilization these inhuman disposals should not be in existence.

- The Yugoslavs must be made to respect the Geneva Convention for POW.

Herewith attached is the copy of a letter that arrived from Belgrade following a "request for news" on my part from a prisoner whose signature I can answer for.

The law requests that the Government Authorities put an end to this state of affairs that are not amissable in a civilized nation, and that disposals be taken to help the sufferings and sacrifices of the Country's best sons.

Thank you.

G.B. Lavagna.

6th October 1945

Dear Mr. Lavagna,

I have received in this moment your express letter and I hasten to answer you.

I am very sorry not to be able to tell you with certainty that the young man that I knew is the same one of the photograph. It is however not a question of being discouraged because I was also in a most terrible state and unrecognizable (from 74 kilos, my normal weight I was reduced to 56 kilos!). I think I am not mistaken in stating that the young man I knew in one of the Concentration Camps corresponds to the one in the big photograph but how can I be sure when we all had our heads shaved and were dressed in rags and as thin as we were. The one I knew was about 1 meter 70 in height and his features looked very much like the photograph, especially regarding the heavy eyebrows. I went through all the Concentration Camps of Belgrad and outside the City, because I always escaped from every place following the treatment that was meted out to the Italians, who are treated like slaves, and worse: and each time I was beaten untill I bled but I resisted.

Mr Lavagna, as man to man without hiding anything and without trying to sweeten the dose, the young man that I know looks very much like your Giuseppe and I am convinced that he will return to you when our dearly beloved Government will decide to solemnly protest to the United Nations for that which regards the treatment of Italians in Yugoslavia. It is time that the Italian Nation put their head on their shoulders and before discussing the various "parties" etc.etc. reclaim in unanimity their brothers who have suffered during the war and during imprisonment, continue to suffer the tortures of Hell under Tito's troops. Those women, who continue to parade and yell for the "Costituente" and other idiotic things, why dont they all get together and ask morning, noon and night for the return of their compatriots who are still in slavery and every wish they were

3035

still prisoners of the Germans. The brutality of the Germans is well known but the Yugoslavs superate them by far.

There are still thousands and thousands of Italians who are suffering in that Country used as workmen to unload tons of wheat, flour, coal, seeds, etc, etc. from the big boats on the Danube and from the rail-cars. That is the work that the Italians are doing, whereas the Germans in Jugoslavia, who perpetrated the massacres, are employed in light work, cleaning houses, transporting furniture, washing windows, all work of responsibility in depots where they can easily "adjust" themselves by stealing things here and there.

This is the life of the Italian in this accursed Country but what is worse is the thought of the approaching winter when the Italians will have to work nude under snow and rain, because no-one will give them clothes and if any civilian of that country give them a pair of shoes or even a pair of torn trousers or speak to them, they are arrested by the partisans and sent to prison, and there how they finish no-one knows.

You have to go through all this to believe it! I was not allowed to send a post card to my family who were of course in great anxiety regarding me and I therefore risked all, escaped and remained hidden on one train and then another and finally arrived at my dear Trieste. Do not despair, calm his mother and his wife because their dear one will return as I did and his life amongst those beast will become only an unforgettable memory.

I return his photograph that he remains always before you repeating "I will come back quickly".

COPY OF A LETTER RECEIVED FROM AN ITALIAN SOLDIER PRISONER
AT "UDOVO" IN MACEDONIA.

Macedonia 23rd Aug 1945

Dear Uncle,

I profit by the repatriation of one of my companions to send you this letter with my most affectionate greetings and to assure you that I am well. You will ask me, why I have not written before: I passed many bad days under German custody and now I am still in a bad situation. I have been in Macedonia since last November, having escaped from the German Concentration Camp and arriving here thought that these people would have treated me well, instead of which I found a real hell.

Here there are 2000 Italians, with-out shoes, no clothes, unfed and ill, they are working on a distance of 10 Kilometres of railroad (8 hrs. a day) we are fed badly, beaten and some of us have even been killed. We do not know the reason for this in-human treatment, nor for what motive we are kept here. No one gives us any explanation and we are not allowed to receive mail nor to write.

It is a martyrdom dear uncle, the war is over all prisoners are being repatriated and we are still here.

What worries us is that the Italian Government is not interested in us. Please inform anybody you can as follows:

Military Commands. 2000 Italians are dying in this country.

I have written you, but it is two years that I have had no news from you.

I do not tell not to write, but these people confiscate our mail.

How are you all? All my blessings and greetings to you and the cousins Pierino and Michelino if they are with you. I recommend my sister Anita to you, you have been our father. I can write no longer. I have no paper. I am with-out everything.

Greetings from your
affectionate nephew

Copia di una lettera pervenuta da un militare italiano
prigioniero in Macedonia "NUOVO"

Macedonia 23 Agosto 1945

Carissimo zio

approfatto del ripasso di un mio compagno
per farti giungere il mio saluto affettuoso, e per assicurarti il
mio stato di salute. Mi chiederai perché solo oggi ti decido a scri-
vere: molti anni ho passato durante la prigionia tedesca, e peggio
ancora se ne possono adesso, mi trovo in Macedonia dal mese di novem-
bre scorso, fuori dal campo di concentramento tedesco e mi rifugiai
presso questo popolo gradendo di trovare aiuto e sicurezza, invece
ho trovato un inferno.

Qui ci troviamo 8000 italiani; scarsi, nudi,
denutriti, ammalati, si lavora su un tratto di dieci chilometri di
ferrovia, con picconi e pale (8 ore al giorno). Si mangia male e
poco, e per giunta siamo maltrattati, bastonati e qualcuno ucciso.
Non sappiamo la ragione di questo inumano trattamento e il motivo
per cui ci tengono qui. Nessuno vuol darci la minima spiegazione
anche per il fatto che non vogliono che si scriva alle famiglie e
che si riceva posta.

Un martirio, caro zio, quello che ci fan-
no e pensare che la guerra è terminata e noi siamo ancora qui, mal-
grado che da tutta l'Europa i prigionieri italiani sono rimpatriati.

Quello che ci fa a pensare perché il Governo
Italiano non si interessa per la nostra triste sorte. Fate presen-
te a chiunque potete a tutti:

COMANDI MILITARI - CHE 8000 ITALIANI MUOIONO IN QUESTA NAZIONE

Vi ho scritte altre volte ma di voi non ho
più notizie che non so più nulla.

Non vi dico di non scrivere, fatelo pure ma
questa gente ci confisca la posta.

Cosa fate di bello? Tutte le mie benedizio-
ni vi accompagnano sempre con l'augurio che i cugini Marino e Mi-
chelino si trovino con voi.

Vi raccomando mia sorella Anita, tu sei il
mio il nostro babbo.

nulla.

Non posso prolungarmi, non ho carta; non ho

saluti e baci a tutti vostro aff.mo nipote

1. Reference letter G-5.241.111-1 Italy dated 20th Sept. 1945
From AFHQ G-5 Section AFHQ 512.

Notwithstanding all our efforts and relative investigation this Ministry has not been able to obtain anything but very vague information, regarding the Italian personnel that has remained in Yugoslavia.
As it is known, Italy and Yugoslavia are not in diplomatic relations with each other, and in more, the Yugoslav Delegation attached to the Consulting Commission for Italy, has refused to contact with the Italian Government.
Due to this state of affairs, the Italian Government has not been able to approach the Yugoslav Military and Civil authorities in Rome, in order to obtain information regarding the Italian Military personnel in Yugoslavia and to provide for their assistance and repatriation.

2. From information received from a reliable source, the concentration camps where the Italian military personnel is interned in Yugoslavia results as being in the following cities:

- Ajussina
- S. Vito di Istria
- S. Vito di Vipacco
- Borovitz
- Metvode
- Sussek
- Oriskenitz

- Martinitze
- Belgrado
- Zagabria
- Panlovatz
- Salvo Tessara N.S. di Co-
- Chiavovano
- Faiba (Zona di Coevigge)

From this information received from a reliable source
a) 5,000 ex-military personnel are at present working

23863

for the re-activation of the railways at Ekopje-Bitoli and are receiving very bad treatment from the Yugoslavs.

b) Another considerable number of ex-military personnel, about 10,000 men are in Vukodina, who are working very hard and are being treated very badly. Many of these people state as having taken part in Yugoslav partisan activities against the Germans, and others, as having been prisoners of the Germans and freed by the Russians, receiving from the latter permission to cross Yugoslavia by any means available in order to arrive in Italy and were re-captured by the Yugoslavs and interned.

It is naturally not possible to obtain the names of these men in prison, or any information as to what treatment they received or any information regarding them.

This Ministry has only a list of large Italian interned persons (see enclosure 1). It is probable that amongst the military personnel in Yugoslavia, numerous elements will be found who belonged to the big units that were sent to Albania, Greece, Sicily and to the Islands. A few thousands of these people were repatriated through Albania (Xibinits) where they presented themselves to the Italian authorities.

Others were spontaneously in Bulgaria and were repatriated by the Allied Commission from Belgrade. Others managed to get repatriated overland. The greater part of these people were the Italian military personnel, who after the 8th of Sept. were interned by the Germans and were subsequently re-captured by General Tito's troops after the liberation of Yugoslavia.

In this number must be added, not a small number of Italians who were interned in Austria by the Germans, who after having been freed, during the return trip to Italy were captured and interned by the Yugoslavs.

4. The entire number of Italian military personnel to day in Yugoslavia may be calculated as being from 20 to 30 thousand men. The situation, as to the treatment they have received, is very serious and has already been reported to the Allied Commission by this Ministry of War and by the Ministry of Foreign Affairs, ^{Ministries} which repeatedly requested the repatriation of the people in question.

For this reason the Ministry of Foreign Affairs has contacted the Italian Embassy at Moscow and the Italian Legation at Sofia, to obtain if possible through those diplomatic channels, through the Yugoslav representatives, the authorization

to send a military mission, as a mission from the Italian Red Cross to Yugoslavia, in the aim of assisting and repatriating the Italian military personnel in that country: it was not possible to obtain the authorization. Consequently recently the Ministry of Foreign Affairs again asked the Allied Commission, with letter No. 6/1103/1453 dated the 1st of Oct., to solicit the repatriation of the personnel in question. This Ministry has received no more information regarding the presence, on July 18th 1946, of the 15,000 Italians in transit at Trieste for repatriation and that on the 20th of same month should have been transferred to Salonic to initiate their repatriation. Notwithstanding our repeated requests for information, this Ministry has not been able to obtain any news regarding them.

Signed :

A. Cazzanini

ALL ITALIAN PRISONERS OF WAR
DIVISION CIVIL AFFAIRS SECTION

- R. G. H. A. -

Prov. Nr. 11881/1945

Roma, li 1^o ottobre 1945

OGGETTO : - Militari italiani trattenuti in Jugoslavia.

1.) Riferimento lettera G-5.051.711-1 Italy in data 29 corr. dalla Allied Forces Headquarters G-5 Section AF 512.

2.) Malgrado ogni più accurata ricerca di notizie sul personale italiano rimasto in Jugoslavia, questo Ministero non ha potuto ottenere che informazioni vaghe e non ufficiali.

Come è noto, non esistono ancora relazioni diplomatiche fra l'Italia e la Jugoslavia, ed inoltre la Delegazione Jugoslava presso la Commissione Consultiva per l'Italia si è sempre rifiutata di prendere contatto con il Governo Italiano.

Di conseguenza il Governo Italiano non ha potuto fare alcun passo, sia presso il Governo di Belgrado, sia presso le Autorità civili e militari jugoslave a Roma, per tentare di ottenere informazioni sui contingenti italiani ancora in Jugoslavia, provvedere alla loro assistenza e trattarne il rimpatrio.

3.) Da informazione fornita da fonte fiduciarissima, la dislocazione dei campi di concentramento nei quali si troverebbero militari italiani prigionieri in Jugoslavia risulta essere la seguente :

- Aidussina	- Martinitar
- S. Vito di Lussiana	- Belgrado
- S. Vito di Vipacco	- Zagabria
- Borovitsa	- Panlovato
- Metvols	- Selva Tesava P.S. di Gorizia
- Vuzen	- Chiapovano

230

./.

- 2 -

- Priquedice

- Poiba (Zona di Gorizia)

Da altre informazioni di fonte attendibile risulterebbe:

- a) Nei lavori di riassetto della Ferrovia Škoplja - Bitoli sono attualmente impiegati non meno di 5000 ex militari italiani, con trattamento da parte Jugoslava molto duro.
- b) Un altro considerevole numero di ex militari italiani, valutato di circa 10.000 uomini di trovarsi nella Voivodina, anche adibiti a lavori con duro trattamento. Molti di tali militari accusano di aver militato nelle File partigiane jugoslave contro i tedeschi, e altri, già in prigionia dei tedeschi e liberati dai Russi, di questi carichi di paracadute di trasporto aereo l'82 e gestirsi per ripartire con mezzi di fortuna, vennero dagli jugoslavi nuovamente catturati e internati nei campi di concentramento.

Non è naturalmente possibile avere gli elenchi nominativi del personale italiano in parola e dei regolamenti e altre formazioni di appartenenza.

Questo Ministero è solo in possesso dell'elenco delle Grandi Unità che si trovavano dislocate oltre Adriatico (allegato n°1). E' probabile che tra i militari attualmente in Jugoslavia si trovino numerosi elementi che appartenevano a grandi unità già dislocate in Albania, in Grecia, in Bulgaria ed anche nelle Isole.

Alcune migliaia di detti militari hanno potuto essere rimpatriati da Russia (Dubrovnik) dove si erano presentati alla Base Italiana.

Altri si sono presentati spontaneamente in Bulgaria e dopo stati rimpatriati dalle autorità Alleate via marittimo. Altri ancora sono riusciti a rimpatriare via terra. Si ricorda in massima parte di militari italiani che dopo l'8 settembre erano stati internati dai tedeschi e che le truppe del Maresciallo Tito hanno a loro volta fatto prigionieri dopo la liberazione della Jugoslavia.

A questi si deve però aggiungere un numero non piccolo di militari italiani già internati dai tedeschi in Austria e che, dopo la loro liberazione, durante il viaggio per rientrare in patria, sono stati catturati e nuovamente internati dagli jugoslavi.

- 1.) Il numero complessivo dei militari italiani tuttora in Jugoslavia può essere calcolato su 20 - 30 mila uomini.

La loro situazione, in conseguenza dei maltrattamenti che subiscono, è molto grave

./.

- 3 -

ed è già stata segnalata alla Commissione Alleata, sia da questo Ministero della Guerra, sia dal Ministero degli Affari Esteri, i quali hanno ripetutamente chiesto l'insediamento delle Autorità Alleate per ottenere il rimpatrio dei militari in parola.

A tale scopo anche il Ministero degli Affari Esteri aveva anche interessato l'Ambasciata d'Italia a Londra e la Legazione d'Italia a Tokio, perché tentassero di ottenere, a mezzo di quelle rappresentanze diplomatiche, il poter inviare in Jugoslavia una missione militare italiana e una missione della Croce Rossa Italiana, con il compito di raccogliere, assistere e promuovere il rimpatrio del personale italiano neolitigioso, ma non fu possibile ottenere tale autorizzazione.

Di conseguenza, anche per ottenere il rimpatrio dei militari italiani, l'Ambasciata d'Italia a Londra, con appunto n° 6/1221/1463 del 3 corrente mese, per sollecitare il rimpatrio del personale in questione.

Sulla data più comunicata a questo Ministero circa l'annuncio presenza il 12 luglio u.s. di circa 15.000 militari italiani in zona a Skopje per la partenza e circa 20 mila stesse zone avrebbero dovuto iniziare il trasferimento a Salonicco per rimpatrio.

A tal punto di non poter ottenere queste informazioni questo Ministero non ha potuto ottenere notizie in proposito.

SUBJECT : Supply of food rations to Italian base in Dubrovnik
(Yugoslavia) -

The Garibaldi Division when it was repatriated left in Dubrovnik an Italian base with the task of collecting all the Italian soldiers dispersed in Yugoslavia. They are 30000 or there about. When they are released by the Yugoslav Authorities they are sent to the above mentioned base which must provide their rationing for all the time they remain in Dubrovnik waiting to be transported to Italy.

Up to now the Dubrovnik base has been able to do this with the supplies sent by the 37th Military Mission until it was broken up, with the remaining supplies of the Balcania Office in Lecce, that were not avio-transported to the Garibaldi Division on account of atmosphere conditions and with the 4400 rations supplied by R.Q.A.P. that left on the 3 of August on board the "Marigot". Actually at the base there are 200 soldiers and the release of other 1000 is imminent from the concentration camps around Ragusa and of Ragusa.

From informations we hear very soon a great number of soldiers will be liberated.

To put the Italian base of Dubrovnik in the situation to be able to deal with any situation that may arise it would be necessary to supply it monthly with food rations.

As first supply that ought to be made very quickly the base needs all that is put down in the list here enclosed, for fat and potatoes that are not on the list the Balcania Office will provide sending all that remains in its possession.

We ask your Sub Commission to kindly make known to us the day and place where the supplies will be embarked so that the Balcania Office can send in the said place the supplies and correspondence.

A Dubrovnik funziona una base italiana che fu lasciata dalla Divisione Garibaldi all'atto del suo rimpatrio, incaricata di raccogliere i militari italiani che ancora si trovano sparsi in Jugoslavia, valutati a circa 30.000.-

Di mano in mano che le autorità Jugoslave rilasciano tali militari, essi vengono avviati alla predetta base, la quale deve provvedere al loro vettovagliamento per tutto il tempo che rimangono a Dubrovnik in attesa di essere trasportati in Italia.

Sinora la base di Dubrovnik ha potuto far fronte con i rifornimenti inviati dalla 37^a Military Mission finché non è stata sciolta, con le rinvenute di generi giacenti presso l'Ufficio Balcanica Lacce, che non potettero essere aviotrasportati a suo tempo alla Divisione Garibaldi per difficoltà atmosferiche e con le 4400 razioni fornite dall'N. Q. A. F. partite il 3 agosto col piroscafo "Meriget".

Attualmente alla base sono in sosta circa 200 militari ed è imminente il rilascio di circa 1.000 uomini che si trovano nei campi di concentramento di Ragusa e dintorni.

Inoltre, da una recente segnalazione, risulta prossimo il rilascio di un numero notevole di militari.

Pertanto, per settare in grado la base italiana di Dubrovnik

Inoltre, da una recente segnalazione, risulta pressino il

Come primo rifornimento, che dovrebbe essere fatto al più presto, la base necessita dei generi risultanti dalla lista allegata; per i grassi e le patate, non compresi nella lista, l'Ufficio Balcania provvederà ad inviare tutte le riserve di cui dispone.

Si prega la cortesia di codesto Ufficio di voler far conoscere il giorno ed il luogo in cui sarà effettuata l'imbarcazione dei rifornimenti per dare modo all'Ufficio Balcania di farvi affluire ed imbarcare i generi indicati e la corrispondenza.

SUBJECT : Italian Military personnel in Yugoslavia.

Following our letter n° 416637/RPGR dated the 7th August 1945 we inform you that the Italian Military personnel at Dubrovnik who are awaiting transportation to Italy, on the 10th of August were in number of 200 plus about 1000 in various Yugoslav camps near said city awaiting liberation.

The Commander of the Base has up to now been working to unite all the military personnel for repatriation from Montenegro, Erzegovina, Bosnia, and Dalmatia.

Due to the great distances and the lack of transport, he has not yet been able to get across the Dinaric Alps and that is into Serbia or into the lowlands of the Sava.

The Italian War Veterans from the interior of Yugoslavia, up to now have been repatriated overland through Trieste or Via Salonico and it is thought that in future they will continue to be repatriated by those routes.

We have requested the Ministry of Foreign Affairs to obtain that all Italian Military personnel existing

Il comandante di quella base ha svolta finora la sua opera di raccolta dei militari da rimpatriare nel Montenegro, nell'Erzegovina, nella Bosnia e nella Dalmazia.

La distanza e le difficoltà di trasporto non gli hanno ancora consentito di spingere la sua attività al di là delle alpi. Diritte e cioè in Serbia e nella pianura della Sava.

I reduci italiani provenienti da quelle regioni interne della Jugoslavia sono rimpatriati finora per la frontiera terrestre di Trieste o per la via di Salonicco ed è da prevedere che altrettanto avverrà per l'avvenire.

1. Not advisable for personnel to be detained in Italy by Italian Army as retention and release by small parties into Germany area assured only if personnel detained behind wire otherwise would depart. Forced retention by Italian Army would be his propaganda for Italy and only tend to incite those people against Italian Army.

2. If return of these troops to be used for bargaining purposes with Germany suggest plan provide for movement from Italy by ship to isolated port where release could be made only on delivery by Germany of equal number of Italians. This would solve problem of aircraft which might be created if men traversed or stop anywhere in Italy.

3. Suggest return of small parties only so that sanitization can be completed by Italian in matter of hours and immediate transport by truck to home area be arranged by 13 hours.

4. Screening to eliminate those who do not desire to return to home should be done in Italy and this class then handled as displaced persons.

5. Civilian clothing should be issued before departure from Italy in any case

1. Agreed in principle to registration these personnel.
2. RHODES has already given considerable publicity to its demands for return of these mainly pro-PETO elements and therefore their arrival in YUGOSLAVIA would appear as moral victory for Jugoslavs and tend to lower Allied prestige since it would appear to Italians that Allies were unable to obtain return of Italians deported from YUGOSLAVIA. Suggest therefore that return of elements be made bargaining counter for return of Italians still held by Jugoslavs.
3. Assume these persons unwilling to return to YUGOSLAVIA and in particular registered in NEW YORK AGENCY at order of English covering credit money to Jugoslavs occupied zone will be needed not prior to arrival our area.
4. In view probability of use by local pro-Jugoslav faction of return of these elements for political purposes eg demonstrations etc, at time when tension somewhat high suggest they be detached in small bodies not all belonging to same locality over period of some weeks so that minimum local publicity be given. Suggest transit reception arrangement to facilitate this might be established in RHODES as concentration in corps area for this purpose considered most undesirable.

1. From more recent information received by the Allied Commission it is thought that the reports quoted by the Ministry for Foreign Affairs may have been somewhat inaccurate or exaggerated. It is believed that 10,000 P.W. are at the moment on their way to BRUSSELS to be repatriated to ITALY via SALONIKA.

SUBJECT: Italian military personnel imprisoned by the
Yugoslav authorities

An Italian officer who came from Yugoslav territory and took refuge in Bulgaria, referred to the sad situation and the brutal treatment inflicted on Italian POW in Yugoslavia.

He stated, amongst other things, that he obtained, last february, the permission to visit the prison at Bagnitza, where he had the opportunity of judging personally the condition of 2500 Italians held in custody together with 3000 german prisoners.

About a month later the Yugoslav Commander of the Camp told this officer that only 50 of these Italians had survived, the rest having died of hunger, cold and brutal treatment.

While thanking your Sub-Commission for the help you have given us in having Italians citizens repatriated from Yugoslavia, we beg you to pay particular attention to those who are interned in the camp of Bagnitza.

Un ufficiale italiano, proveniente da Territorio Jugoslavo e testè rifugiatosi in Bulgaria, ha riferito sulla penosissima situazione e sul malvagio trattamento che a tali connazionali verrebbe inflitto.

Egli - tra l'altro - afferma che, avendo ottenuto lo scorso mese di febbraio di visitare il campo e carcere di BAGNITZA, ebbe l'opportunità di rendersi conto di persona delle condizioni in cui versavano 2500 italiani, frammischiatati a 3000 prigionieri tedeschi.

Circa un mese dopo, il comandante jugoslavo del campo avrebbe detto allo stesso ufficiale che gli italiani superstiti nel campo erano ridotti a 50 essendo gli altri deceduti per fame, freddo e maltrattamenti.

Nel ringraziare codesta Commissione Alleata per l'attiva opera svolta per il rimpatrio della Jugoslavia dei cittadini italiani, si prega vivamente di voler svolgere particolare interessamento per quelli del campo di Bagnitza.

N° 2889/Pol/G-39 di prot.

OGGETTO: Militari italiani imprigionati dalle autorità jugoslave.

ALLA COMMISSIONE ALLEATA

Sottocommissione per i F&G.

R O M A

Un ufficiale italiano, proveniente da Territorio Jugoslavo e testè rifugiatosi in Bulgaria, ha riferito sulla penosissima situazione e sul malvagio trattamento che a tali connazionali verrebbe inflitto.

Egli - tra l'altro - afferma che, avendo ottenuto lo scorso mese di febbraio di visitare il campo e carcere di BASHITZA, ebbe l'opportunità di rendersi conto di persona delle condizioni in cui versano 2500 italiani, frammischiatissimi a 3000 prigionieri tedeschi.

Circa un mese dopo, il comandante jugoslavo del campo avrebbe detto allo stesso ufficiale che gli italiani superstiti nel campo erano ridotti a 50 esseri, gli altri deceduti per fame, freddo e maltrattamenti.

Nel ringraziare cordata Commissione Alleata per l'attiva opera svolta per il rimpatrio della Jugoslavia dei cittadini italiani, si prega vivamente di voler svolgere particolare interessamento per quelli del campo di Bagnitza.

With regard to your request, I communicate that yesterday 1100 Italian soldiers, coming from Serbia and Slovenia, were submitted to a medical visit and disinfection in this Infirmary.

The soldiers coming from Serbia were in fair physical conditions, but the largest part of those who came from Slovenia showed signs of a considerable organic deterioration.

Part of these came from Germany as prisoners and were afterwards interned in Yugoslav Concentration Camps.

17 soldiers in a state of acute undernourishment were sent to the Hospital.

Numerous medical treatment were given for semi healed bullet wounds.

ILL TREATMENT OF ITALIAN PRISONERS IN YUGOSLAVIA

"Please give me a link with the world, lest I'm driven mad, like many of my comrades.

These people are treating us worse than the Germans themselves at the LAGER of GORJAK. Since the first claims of TITO on TRIESTE and ISTRIA we were taken and thrown into a prisoners of war camp where life is just like death. We are living like beasts: work and sleep, whilst typhoid is spreading. We have had no news from you for a long time, nor do we know anything about our repatriation. Those few, who will be spared by the epidemics, will come back quite dull owing to suffering and pain, and if they don't find their dear one for whom they have suffered so much they will surely go mad. We don't even realize that war is over. We are not fascists and just for this reason we endured the Germans cruelty in the LAGER. But if we go on like this... we'll go mad and shall feed hatred against mankind..... Our morale is very low..."

Subject: Repatriation of Italian military personnel through Yugoslavia.

1. According to recent information which has reached the Ministry of Foreign Affairs, the Italian military personnel liberated by the Soviet forces in Germany and now being repatriated to Italy through Yugoslavia, are interned in the latter country by the Yugoslav Authorities and treated as p.o.w.

2. The same applies to the Italians in Austria (about 40.000 of them would be interned near Vienna) who are prevented from crossing the British line of demarcation and are sent to Yugoslavia, where they are very harshly treated.

3. The Ministry of Foreign Affairs have already provided to acquaint with the foregoing the competent Soviet Authorities.

They warmly request, however, the Allied Commission to draw to the matter the attention of the Yugoslav Delegate with the Advisory Committee for Italy in order that the latter should interest his Government in directing that the Italian military personnel in transit through Yugoslavia should not be arbitrarily detained as p.o.w.

4. The Ministry of Foreign Affairs furthermore warmly request the Allied Commission to interest the proper Allied Authorities in allowing the Italian refugees to cross into Allied controlled territory with a view to avoiding that they should be sent into Yugoslavia.

1. Reference is made to Memorandum number 6/1002/442 of April 10th, 1945.

2. According to the statements made by Italian sailors repatriated from Lissa, about 4000 Italian soldiers would still be employed as slave workers by the partisans, who treat them with extreme harshness and severity. The few Englishmen who have remained at Lissa help those who try to escape, some of which have returned by plane.

It has been confirmed that several Italians at Lissa have recently been shot.

SUBJECT : SIGNAL I/302

1) Italian War Ministry and Vatican report that Italian Nationals returning to ITALY from AUSTRIA and GERMANY by way of TARVISIO Pass are being taken by Yugoslavs, their goods taken from them, put into concentration camps, forced to work and those who cannot work are shot; refers.

2) I have investigated the above allegation and am convinced that at this stage there is no foundation for it. TARVISIO Pass is on the Italo-Austria frontier and is some 6 kms from the Yugoslav border. 62 P.S.S. who are stationed at the Frontier state that most of the Italian Nationals returning along this route travel in vehicles and very few on foot. At no time have they received any complaints that persons have been molested by Yugoslavs. I have questioned the Civil Police who make patrols in the Yugoslav Frontier area and they state that they have not seen Yugoslav patrols on the Italian side of the border.

3) I suggest that up to approximately two months ago, when this area was occupied by Yugoslav troops, such incidents could have occurred but at the present time I am satisfied that this is not the case.

ITALIAN HIGH COMMISSIONER FOR POW

TO: The Allied Commission
Su Commission for Italian POW
and W.M.D.

ROME

N. 2368 - POL - C.39

SUBJECT : Arbitrary arrest of Italian POW and war veterans by Yugoslavian
Authorities on their way back from Germany.

1. Italian citizens in the Trieste, Fola, Plume and Udine Provinces are bitterly complaining that Yugoslavian authorities are arresting their relatives, war veterans and prisoners of war on their way back from Germany, while crossing the Tarvis pass.

It has been pointed out that our countrymen after having been robbed of all their belongings, including some minor valuables which even the Germans had the decency to respect (such as wedding rings, small necklaces, photos, bracelets, personal souvenirs etc.), are being sent, often on foot, towards Belgrade Lubiana and Karlovac where they are compelled to work in a pitiful condition of extreme exhaustion and distress. It appears that due to these unbearable life conditions and to the lack of nursing and medicines, typhoid fever and enterocolite make many victims.

2. These new overbearing acts affecting our POW are causing alarm and distress to the civil population and reinforce the opinion actually very widespread, that some of the Powers which detain our POW will, in due time use them as hostages to obtain such concessions from the Italian people as they would otherwise never be granted because of their being contrasting with right and justice.

3. It must be added that the Yugoslavian authorities reserve a similar treatment also to the Italian militaries who were freed from German concentration camps by the Russians and who were due to pass through Yugoslavian territory on their way to Italy. In fact these militaries in spite of passes in their possession, have been and are still being arrested by Yugoslavian authorities and subsequently sent as war prisoners to internment camps where they have to attend to very hard work.

22

IPW
22

2311

= 2 =

4. It is well known that at the end of the war against Germany the number of Italian prisoners in Yugoslavia actually amounted to 40,000 units. It is only logical therefore to suppose that with these new measures the Yugoslavian Authorities intend to increase the efficiency of their hostages to represent a guarantee to back future Yugoslavian claims against Italy. It is furthermore comprehensible that those of our countrymen who grasp the tragedy of their fate should feel prostrated and distressed.

5. The release of our prisoners from Germany camp took place according to directions given by Allied and Russian Forces and due to the steps taken by the respective commands. We are therefore of the opinion that, apart from the legal, military and political absurdity of these new arrests and internments the forces of the United Nations acting by order of and or in accordance with the supreme Allied Forces Command, should have no power to alter the Status legally acquisitioned by right and by act by our prisoners.

6. It must also be remembered that Italy's pretention that her sons who were freed from the Germans enslavement, should be returned home apart from being conform with the right of the peoples is strongly supported by the efforts made by the Italian people and by the sacrifices they have endured in every sector of national activity, to make a success of the co-belligerence agreement. This is a fact more than once admitted by the supreme Allied Command and by the Allied Government.

7. It is bearing this in mind, that we have brought these matters to the attention of your Sub Commission feeling confident that your Commission will not only show comprehension but will also take the immediate drastic necessary measures with the competent Allied Authorities in view of obtaining that these abuses of power may cease and our countrymen be sent home.

*L'Alto Commissario
per i prigionieri di guerra*

Roma, li 14 Luglio 1945

N° 2368/Pol./C.39

OGGETTO : Arbitrario arresto di ex prigionieri e internati italiani provenienti dalla Germania da parte delle Autorità jugoslave.

Alla

COMMISSIONE ALLEATA

Sottocommissione per i P. di G.

R o m a

1. Giungono a questo Alto Commissariato da parte di cittadini italiani delle provincie di Trieste, Pola, Fiume e Udine angosciose segnalazioni circa l'arresto che le Autorità jugoslave fanno di loro congiunti già prigionieri di guerra e internati in Germania mentre attraverso al valico di Tarvisio si avviano a rientrare in Patria.

Secondo queste segnalazioni questi nostri connazionali, dopo di essere stati spogliati di ogni cosa e financo di ciò che i tedeschi hanno avuto il pudore di rispettare (come fedi matrimoniali, collanine, fotografie, braccialetti, ricordi personali ecc.), vengono avviati spesso a piedi verso Belgrado, Lubiana e Karlovac e colà costretti a lavorare in condizioni di sfaimimento e di estremo abbandono. Sembra anche che per via di queste loro condizioni di vita e della mancanza di medicinali e di cure la enterocolite, il tifo petecchiale ed altre malattie epidemiche stiano facendo fra di essi numerose vittime.

2. Questo nuovo gravissimo sopruso che si abbatte sulla sorte dei nostri p. di g. sta inducendo nell'animo delle nostre popolazioni il maggiore allarme e sgomento e scredita purtroppo l'opinione già molto diffusa che per talune delle Potenze detentrici i nostri p. di g. siano destinati a ~~diventare~~ pegni per strappare al popolo italiano concessioni alle quali esso non potrebbe consentire perchè contrarie al suo diritto e ad ogni giustizia.

/...

2.

3. Dovessi aggiungere che atteggiamento analogo le Autorità jugoslave hanno tenuto e tengono verso i militari italiani liberati dai campi di concentramento tedeschi ad opera delle Forze sovietiche e da queste avviati verso il territorio jugoslavo per il rimpatrio, perche negando ogni valore ai documenti rilasciati ad essi dai Comandi sovietici le Autorità jugoslave hanno arrestato ed arrestano anche quei nostri connazionali e li ritrasferiscono in istate di prigionia di guerra internandoli in campi di concentramento dove vengono poi adibiti a lavori pesantissimi.

4. E poichè, come è noto, all'atto della cessazione delle ostilità con la Germania ben 40.000 circa erano già i militari italiani che le Autorità jugoslave trattenevano arbitrariamente nel loro territorio, è logico pensare che con queste misure esse intendano veramente di aumentare la efficienza dei loro ostaggi e dei pegni che dovrebbero garantire le rivendicazioni da farsi ai danni del nostro Paese e che profonda sia la prostrazione di quei nostri connazionali che comprendono tutta la tragedia di questo loro destino.

5. La liberazione dei nostri prigionieri di guerra in mani tedesche è avvenuta ad opera delle F.F.AA. Alleate e sovietiche, nonché per determinazione dei rispettivi Comandi; e perciò sembra a questo Alto Commissariato che, anche a prescindere dall'intrinseca assurdità giuridica, militare e politica dei nuovi arresti ed internamenti, le Autorità militari delle Nazioni Unite che operano agli ordini e in collegamento con le supreme Autorità Alleate, non dovrebbero potere modificare questo stato di diritto e di fatto dei nostri prigionieri legittimamente acquisito.

6. Si aggiunga che oltre ai dattami del diritto delle genti bene assistono l'Italia nella pretesa di potere tanto recuperare quei suoi figli liberati finalmente dal giogo tedesco, gli sforzi e i sacrifici fatti dal popolo italiano, in ogni settore della vita nazionale, per il successo della cobelligeranza e il riconoscimento che di queste benemeritenze dell'Italia verso la causa comune hanno ripetutamente fatto le più alte Autorità e i Governi Alleati.

7. Perciò nel rappresentare all'attenzione di cotesta Commissione questi nuovi soprusi che vengono consumati a danno dei nostri p. di g. questo Alto Commissariato è certo che troverà nell'autorevolissimo organo Alleato non solo la maggiore comprensione ma anche e soprattutto la iniziativa di un energico e urgente intervento perchè dalle Autorità Alleate competenti l'abuso sia fatto cessare e siano tosto restituiti alle popolazioni della Venezia Giulia, già tanto ingiustamente travagliato, questi loro figli che esse hanno atteso per anni con ansia angosciata.

3/3 for Italian POW

R o m e

The High Commissariat, following the letter No. 8388/Pol.C.69 dated the 14 June 45, in which we called to the attention of your Sub-Commission, the arbitrary internment on the part of the Yugoslav authorities of our ex-POW, liberated in Germany, retain it opportune to inform you that from recent information it seems that many of these individuals are sick in various Yugoslav hospitals at Belgrade, Segan, Ruma, Stara Pazova, Novi Sad, Mitrovica, Zambor etc. The main part of these people are mutilated who have received their wounds fighting for the Yugoslav partisan cause; the hospitals lack medicine, they are not cared for and have repeatedly requested to be repatriated.

The High Commissariat is aware of the fact that the repatriations from the Balkans are limited to a certain number and is afraid that due to the policy followed by the Yugoslaves in regard to us, as is written above, our unhappy compatriots will wait a long time for repatriation and will be forgotten.

As the Italian Government has no diplomatic representative in Yugoslavia and has not yet been able to send a military mission to that country, we are not in the condition to judge the exact situation that our compatriots are living in and to give them the necessary assistance; for that reason only the Allied authorities can perform this work of control and humane protection.

We beg your Sub-Commission in the meanwhile to call this

Purtroppo il Governo italiano per non avere rappresentanti in Jugoslavia e per non avere ancora ottenuto l'invio di una missione militare in quel territorio non è in condizione di poter rendersi conto delle condizioni in cui vivono quei nostri connazionali e di assisterli e perciò solamente le Autorità Alleate possono in realtà compiere questa opera umanitaria di controllo.

Si prega pertanto codesta Commissione di volere consentire il suo interessamento presso le Autorità jugoslave o presso quelle Alleate perche anche la sorte di quei nostri malati sia seguita e per quanto sia possibile sia alleviata, specialmente avviandoli di urgenza in Italia.

MEMO for Lt. Colonel J.A. CAMPBELL

Ref. see file 1841-22

Re repatriation of Italian Prisoners in Yugoslavia. 166, 173, 172, 171, 198, 218

- 1/. This matter was discussed with the Yugoslave member to the Advisory Council for Italy who stated that they could not deal directly with the Italian Government.
- 2/. I then interviewed Mr. Hopkinson, British Political Adviser AG. I explained the situation and he suggested that the matter be taken up by himself with Mr. Alford, British Embassy, and that I will be advised of any decision reached.
- 3/. I called on Mr. Mac Bride, American Political Adviser AG, in order to bring him the picture and he said that he would contact the 2 above mentioned gentlemen and draft a letter to be signed by Admiral Stone, asking the Yugoslave member of the Advisory Council for Italy to obtain a ruling from the Yugoslave Government of how the Italian PW now in Yugoslavia may be repatriated.

*The above draft will be submitted
to you before final action is taken*

SUBJECT: Repatriation of Italian Soldiers from Yugoslavia.

TO : Allied Forces Headquarters, APO 512. —
(Att: G-5 Section.)

1. The attached copies of Memoranda from the Italian Government regarding Italian soldiers in Yugoslavia are forwarded.

2. I have been requested by the Italian Government to examine the position with a view to the early repatriation of all Italians from Yugoslavia. The fear that the political situation of the last few weeks may make the position worse for these Italian soldiers and ex-soldiers, is used as a strong reason for seeking Allied assistance in this matter.

3. Any steps which can be taken to return these Italians to Italy are strongly recommended, and I shall be pleased if you will inform me of any action taken.

MEMORANDUM FOR THE ALLIED COMMISSION

SUBJECT: Italian soldiers in Yugoslavia

1. The Ministry for Foreign Affairs, in consideration of the particularly distressing moral and material situation in which over 25.000 Italian soldiers in Yugoslavia, former p.o.w. of the Germans, now find themselves, would be very grateful if the Allied Commission could kindly consider the possibility of carrying out their repatriation as they have already done in the case of the Italian soldiers displaced in Albania.

2. To this effect, the Ministry for Foreign Affairs beg the Allied Commission to approach the proper Authorities in order to:

- a) obtain from the Yugoslavian Government that the Italian soldiers be assembled in Yugoslavian ports which are touched by Allied ships;
- b) grant the necessary authorization to that the aforesaid ships on their return journey should embark the Italian soldiers, as already has been done in the case of the repatriation from Albania.

3. The Ministry for Foreign Affairs will be very grateful for those steps which the Allied Commission will see fit to take in the matter.

MEMORANDUM FOR THE ALLIED COMMISSION

SUBJECT: Italian soldiers in Yugoslavia.

1. Further to our Memorandum No.6/1509/590 dated 30 May 45 requesting the interest of the Allied Commission in the repatriation of Italian soldiers from Yugoslavia, whose conditions of life and treatment are a motive of concern to the Italian Government.

2. The Ministry of Foreign Affairs have now been informed that the Yugoslav Mission in Bari has stated that the matter of the repatriation of Italian soldiers must be submitted to the Yugoslav Delegation with the Advisory Council for Italy for the necessary authorization.

The above mentioned communication refers specifically to members of the Italian Armed Forces dislocated in Spalato and Zara, but it may be assumed that the same procedure can be applied to all members of Italian Armed Forces in Yugoslavia.

3. The Ministry of Foreign Affairs will be very grateful if the Allied Commission will kindly forward to the above mentioned Yugoslav Delegation with the Advisory Council for Italy the request of the Italian Government intended to obtain the repatriation of all members of the Italian Armed Forces in Yugoslavia, and will interpose its good offices for a favourable decision in the matter.

4. The Ministry of Foreign Affairs thank the Allied Commission for those steps it will see fit to take in the matter and warmly request it to interest the A.F.H.Q. with a view to obtaining the necessary means of transportation for the practical implementing of the repatriation.
