COPY to:- MMIA LO SARDINIA.

1. MMIA LO SARDINIA has advised this Headquarters that the wine ration is not being made available to troops in SARDINIA.
2. An inspection of the 59th Infantry Regiment on 17 Aug indicated that the unit was receiving one (1) litre of wine per week (representing two days' ration) and fifteen (15) lire per day monetary allowance for remaining five (5) days. A similar situation exists for all units in SARDINIA.
3. It was further reported that the average price per litre of wine in SARDINIA is sixty (60) lire.
4. It is obvious from the above that the War Ministry has not complied with its responsibility of supplying the established ration of wine.
5. This situation can not be tolerated.
6. Your alternatives are:
 - a. increase monetary allowance for purchase of wine in order that each soldier will receive his full entitlement of one half litre daily;
 - b. procure, by requisition, sufficient wine on the Island;
 - c. arrange shipment of wine from the Mainland or Sicily to meet requirements.
7. Failure to make wine available to your troops is a failure of contract to comply with the provisioning of your portion of the ration.

Subject : Foodstuffs sent to Sardinia on Steamship "Campidoglio".

Herewith attached, letter from MMIA L.O., Sardinia dtd 13 July 45, detailing the quantities of foodstuffs recently sent to Sardinia on board the steamship "Campidoglio", also those which actually arrived at their destination, and the difference in quantity.

Since, as already known, the losses in foodstuffs will not be restored from Allied sources, we consider it of the greatest necessity to eliminate the causes of loss, in order to avoid that which, if repeated, might prejudice the supplies of the whole army.

We therefore ask your department to institute careful and exhaustive investigations in order to discover the reasons for the differences shown, and to find the individuals responsible, towards whom must be adopted severe disciplinary and administrative measures.

The findings must then be made known to this Ministry, who in turn, must inform the MMIA of them.

The Commissariat Section of Cagliari is kindly asked to render to the Commissariat Direction of Naples, copies of the recognition documents made on the foodstuffs at the time of the ship's landing, and any other documents capable of facilitating and expediting the completion of the investigations.
