FROM: Ministry of War Ref. No. 1166
 To: Equine and Veterinary Inspectorate
 TO : MMIA (for info) Date: 22/3/45
 SUBJECT: Bookkeeping procedure for forage supplied by Allies.

In compliance with a request from MMIA, this Ministry asks that the above addresses notify the forage depots under their command of the following bookkeeping procedure prescribed for forage supplied by British or American depots to the Italian Armed Forces:

1. For every amount of forage or grain received, the IC of the receiving Depot will prepare an Acceptance Note as per attached sample, MMIA Form ST/3, in quadruplicate.

2. Acceptance Notes duly signed by the recipient will be transmitted to the MMIA LO in whose territory the Forage Depot is located. Said officer will check them and will countersign all 4 copies of the "Notes" after which he will distribute them as follows:

The original to the MMIA HQ in Rome
 the third and fourth copy to the organization which has
 received the forage.
 He will keep the second copy for himself.

3. On the strength of the Acceptance Notes MMIA HQ will issue Shipping Tickets (debit advices) to the debit of the Italian Government for all lots of forage supplied to the Italian Armed Forces.

4. In order to enable this Ministry to check these "debit advices" and provide all supporting documentary evidence required by our regulations for every "item of expense", you are required to:

a. Prepare for every receipt of forage (in addition to the "Acceptance Note" prescribed by the Allies) an inspection report containing all facts ascertained during such inspection.

There will be a separate report for each Acceptance Note the essential data of which will be mentioned in the corresponding report.

b. Complete the above mentioned report by a proper declaration that the supplies are taken on charge, signed by the receiving IC and countersigned by a QM officer (for "Remount Centers" by the Commander of the Center or by the discipline officer; in garrison HQ's where there is no QM officer, by the garrison commander)

c. Transmit to this Ministry a copy of the Acceptance Notes together with a copy of the inspection report (implied by the declaration that the supplies were taken on charge) 3/3/45

5. Acceptance Notes will be prepared - if this has not already been done - also for all lots of forage received from the Allies so far:

6. As for the Acceptance Notes previously issued and only in the event that upon receipt of the lots differences were ascertained between the amounts "dispatched" and those "received", there will be prepared now internal reports for the purpose of showing the amounts dispatched by the sending organization, the amounts received, the differences ascertained and the "Acceptance Notes" issued. Each report will be completed by a declaration to the effect that the supplies were taken on charge, a copy thereof will be sent to this Ministry with reference to the letter with which the Acceptance Note was previously transmitted.

7. For Acceptance Notes issued so far - and concerning which the conditions described under the preceding No. 6 do not apply - there will be "drawn up" only a "declaration of taking on charge" signed as specified under No. 4, letter b) Said "declaration" will be transmitted to this Ministry with reference to the letter with which the "Acceptance Note" was previously transmitted.

8. Provisions under No. 6 and 7 are to apply also to Acceptance Notes to be prepared possibly as stated under No. 5 - for the lots of forage supplied by the Allies so far.

1. Shown as Inclosure No. 1, is a recapitulation from our records showing the closing entries as at 30 April 1945, which reflects issues from British Depots to US-ITIs and ITI-ITIs which is a U.S. responsibility, and issues from U.S. Depots to Br-ITIs which is a British responsibility. The difference is the balance due British Government from U.S. stocks for this period. The adjustment can be made as follows:
- a. by physical stock transfer from U.S. stocks to British stocks,
 - b. by reverse lend lease from British Government to U.S. Government,
 - c. by carrying the balance forward on our records to be used in later adjustments.
2. Will you please inform this Headquarters as to which procedure will be followed to make this adjustment.

D.O.S. CIRCULAR No. 205

Subject: ACCOUNTS FOR ISSUES TO ITALIAN P.O.W. CO-OPERATORS, ITALIAN

ARMED FORCES AND OTHER AGENTS.

General War

Rec'D by 22/11/43

1. D.O.S. Circular No. 63 of 27 December 1943, as amended by amendment No. 1 of 8 May 1944, D.O.S. Circular No. 94 of 15 April 1944, and D.O.S. Circular No. 163 of 10 November 1944, are hereby cancelled.

2. D.O.S. Circular No. 167 dated 14 November 1944 shows the various categories into which personnel of the Italian Armed Forces are divided, and the channels through which clothing and equipment is supplied.

3. From the circular mentioned at para 2 it will be noted that the British Army is concerned only with clothing and equipment for the following :-

(a) Italian Co-operators (i.e., Italian P.O.W. on parole working as individuals within British units or forming part of a British "Planned Unit.")

(b) BR-ITIS. (i.e., Italian Armed Forces under British Command).

(c) Italian Combat Groups. (Army of Combatants who are, in effect, BR-ITIS.)

4. The British Army is responsible for fully equipping and clothing (a) and (c) between Bri-Itis, however, the proportionate share (as allocated by M.M.I.A.) of the entire resources of the Italian Army is available for the equipping and clothing of BR-ITIS. To supplement this, where the Allowance allocated by M.M.I.A. for Britain is insufficient, periodic releases of Grade III and other clothing will be made by A.P.H.Q. and M.M.I.A.

5. Accounting

(a) Italian P.O.W. Co-operators. (See Para 8 of D.O.S. Circular No. 167). No special account is required for issues to this category. Issues will be treated as for normal British units. Authorised scales are given in G.R.C. 161 of 1945.

(b) Bri-Itis. (excluding Italian Combat Groups). In accordance with D.O.S. Circular No. 167 direct issues should not normally be made from British Army stocks to these troops. Where issues of Grade III clothing are made to M.M.I.A. under A.P.H.Q. authority an acknowledgement copy of the numbers will be obtained by the issuing depot from Land Forces Sub Comd's on, E.M.T.A., (See (c) below).

4.2. On M.T. and no further action is required.

2. D.O.S. Circular No. 167 dated 14 November 1944 shows the various categories into which personnel of the Italian Armed Forces are divided, and the channels through which clothing and equipment is supplied.

3. From the circular mentioned at page 2 it will be noted that the British Army is concerned only with clothing and equipment for the following :-

- (a) Italian Co-operators (i.e., Italian P.O.W. on parole working as individuals within British Units or forming part of a British "Diluted Unit.")

- (b) BR-ITIS. (i.e., Italian Armed Forces under British Control).

- (c) Italian Combat Groups. (Groups of combatants who are, in effect, BR-ITIS).

4. The British Army is responsible for fully equipping and clothing (a) and (c) between BR-Itis and other classes of the Italian Army (as allocated by M.M.T.A.) and the Italian Army is available for the equipping and clothing of the entire resources of supplement this, where the share allocated by M.M.T.A. for BR-Itis is insufficient, periodic releases of Grade III and other clothing will be made by A.P.H.Q. and M.M.T.A.

5. Accounting

- (a) Italian P.O.W. Co-operators. (See Part 8 of D.O.S. Circular No. 167). No special accounting is required for issues to this category. Issues will be treated as for normal British Units. Authorised scales are given in G.R.O. 451 of 1945.

- (b) Br-Itis. (excluding Italian Combat Groups). In accordance with D.O.S. Circular No. 167 direct issues should not normally be made from British Army stocks to these troops. Where issues of Grade III Clothing are made it will be obtained by authority of an acknowledged copy of the vouchers via A.C., C.M.F., and no further action is necessary. (See (c) (ii) column regarding method of completion of vouchers). Samples of same are given at Appendix II, A.M.M.T.A. Mem. Instruction No. 12 of 12 Oct 44.

- (c) Italian Combat Groups.

- (i) Only issues of items included in scales approved by A.P.H.Q., see AFHQ/GO17/Q(4) of 17 Sep 44, or which receive similar approval from D.O.S. shall be issued to these formations. Items of equipment of non-combatable nature which may be authorised by D.O.S., A.P.H.Q. on a loan basis, as indicated in Part 8 below, shall be accounted for by them in their permanent classification, the figures in (ii) and (iii) below will apply.

(ii) /.....
JZG/

-2-

(ii) Issue Vouchers (A.F. G.982 C or other normal I.V. as may be used) will be prepared by the issuing depot and will be passed to the D.A.D.O.S. of the B.I.U. concerned. The following information MUST be shown on issue vouchers (except that requirements (i) and (j) are only necessary on the copy forwarded to M.M.I.A. and one other copy to be retained by the issuing depot.)

- (a) Date of issue
- (b) Ordnance depot making the issue
- (c) Authority for issue
- (d) Unit to which issue was made
- (e) Standard nomenclature of items
- (f) Quantity
- (g) Price (for new or part worn articles as applicable)
- (h) Total value
- (i) Signature of the receiving Italian Officer and his name typed underneath.
- (j) Countersignature of O.C. Issuing Unit

(iii) A copy of the voucher, duly signed and completed as at (ii) above, will be sent by the D.A.D.O.S. of the D.L.U. concerned to Land Forces Suo Commission, M.I.A., A.C., C.M.F. immediately after an issue is made. It will be despatched under cover of schedule A.F. G.820. One copy of the voucher will also be handed to and retained by the receiving unit.

6. It is emphasised that only those classes of troops who are in fact effective will be supplied. An individual who is "in fact effective" is defined as one who is a bona fide member of the Italian Armed Forces, either Officer, N.C.O. or other rank, duly enrolled or enlisted, who is subject to the Laws of war and the Geneva Convention, borne on the rolls of the Ministry concerned and performing duties to which assigned by the latter. Security Police, Fire Brigades and Finance Guards are not included (control of the latter is maintained through Allied Commission).

7. Issues in excess of approved scales will not be made to Italian Combat Groups nor will any issues be made direct to other ER-TTIS without authority from A.F.H.Q.

The normal channel of supply for BRITIS as indicated in D.O.S. Circular No. 167 para 5 is from the Italian Ministry of War and it is only when supplies from the latter are not available that issues may be authorised by A.F.H.Q. When such issues are made they will be voucherised as in para 5 (o) (ii) and (iii) above.

(F) Standard nomenclature of items

(G) Price (for new or part worn articles as applicable)

(H) Total value

(I) Signature of the receiving Italian Officer and his name typed underneath

(J) Countersignature of O.C. Issuing Unit

(K) A copy of the voucher, duly signed and completed as at (ii) above, will be sent by the D.A.D.O.S. of the E.L.U. concerned to Land Forces Sub Commission, M.I.A., A.C., C.M.F. immediately after an issue is made. It will be despatched under cover of schedule A.P. C. 320. One copy of the voucher will also be handed to and retained by the receiving unit.

6. It is emphasised that only those classes of troops who are in fact effective will be supplied. An individual who is "in fact effective" is defined as one who is a bona fide member of the Italian Armed Forces, either Officer, N.C.O. or other rank, duly enrolled or enlisted, who is subject to the laws of war and the Geneva Convention, borne on the rolls of the Ministry concerned and performing duties to which assented by the latter. Security Police, Fire Brigades and Finance Guards are not included (control of the latter is maintained through Allied Commission).

7. Issues in excess of approved scales will not be made to Italian Combat Groups nor will any issues be made direct to other ER-TTIS without authority from A.F.H.Q.

The normal channel of supply for ER-TTIS as indicated in D.O.S. Circular No. 167 para 5 is from the Italian Ministry of War and it is only when supplies from the latter are not available that issues may be authorised by A.F.H.Q. When such issues are made they will be vouchered as in paras 5 (o) (ii) and (iii) above.

8. Certain items of equipment of a non-expendable nature may be authorised, only by D.O.S., A.F.H.Q. for use by Italian Units in the performance of specific tasks.

The D.O.S. authority will show anticipated date of completion of task and return of the equipment in question. Issues of this character will be made on a normal "temporary loan" basis and no debit voucher will be raised except where the equipment is not returned within 15 days from date of completion of the particular task (i.e. the date given in the issuing authority). In such cases the matter will be raised initially with the parent organisation of the using Italian Unit, (as detailed in Appendix 'A' to D.O.S. Circular No. 167).

Should return of the equipment not be secured as a result a debit voucher will be raised showing details as required in para 5 (o) (ii) and will be forwarded, together with supporting papers covering the investigation made by the Italian parent organisation commander and his recommendation, to D.O.S., A.F.H.Q. for onward transmission/....

transmission to Land Forces Sub Commission, M.H.A., A.C., C.M.D. If at a later date the equipment is returned it will be accepted by the depot and a receipt given. A copy of the receipt, endorsed with a reference to the original debit voucher issued, will be forwarded direct to Land Forces Sub Commission, Allied Committee (M.H.A.).

9. In reply to letter No. 02/3103 of the 15th inst.

SUBJECT: Foodstuffs supplied by the Allies to the Ital. Armed Forces.

MMIA, who was informed of the contents of your above letter now under reply, advised us that Italian organizations must furnish receipts to Allied Agencies only for the amounts of foodstuffs which they actually receive.

This Ministry, however, wishes to add that the actual weight must be ascertained upon withdrawal in the presence of an agent of the Allied organization supplying such foodstuffs.

The Shipping Tickets according to which the Italian Government is charged, are issued - as is known - according to the amount of foodstuffs evidenced by the "notes of acceptance" or other instruments of receipt issued by Italian offices to Allied agencies supplying the food.

AM Office

No. 02/3103/Comm.

APO 181, April 15, 1945

SUBJECT: Withdrawal of foodstuffs short in weight.

TO : Ministry of War

As is known, this HQ draws the basic food items needed for the troops under its command, from the American depots direct.

Recently, the American Depot Q-573 at Marcianise (Naples) issued to the 4th. and 5th. Group 212 Subsistence Section - under this Command - a considerable number of "resewn" sacks containing foodstuffs (mostly flour, and to a lesser extent, also sugar and rice) the weights of which was found to be less than the weight billed.

The problem was pointed out each time verbally by the person in charge of drawing the supplies from the American Depot, and by this HQ to PBS Southern Division, in writing.

In reply to a definite request to weight the "resewn" bags upon delivery or make up the shortages ascertained by the Italian receiving depot, PBS, replied verbally that a report of all shortages should be drawn up and that a bookkeeping write-off (or credit) should then be requested.

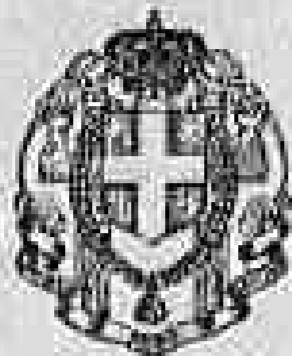

Recently, in order to settle the matter, this HQ requested from BIS a written reply in this sense, but PBS again replied verbally, suggesting that the matter might be brought to the attention of your Ministry for direct negotiation with MMIA.

Since the procedure suggested by the American Command, which on one hand solves the problem of the bookkeeping write-off on the part of the Italian receiving depot but does not, on the other, settle the more important question of the \$M debt of the Italian Military Administration Towards the Allies, this problem is brought to the attention of your Ministry for whatever action may be necessary.

Com'è noto, questo Comando ritira i viveri fondamentali occorrenti alle truppe dipendenti, direttamente dai Depositi Americani.

In questi ultimi tempi, il Deposito Americano Q.573 di Marconise (Napoli) ha consegnato ai dipendenti 4° e 5° Nucleo - 212^ Sezione Sussistenza - numerosi sacchi "ricuciti" contenenti derrate (per la maggior parte farina ed in misura minore anche zucchero e riso) il cui peso è stato riscontrato inferiore a quello conteggiato.-

D'inconveniente è stato di volta in volta segnalato verbalmente dall'incaricato del ritiro delle derrate al Deposito Americano, e da questo Comando per iscritto al P.B.S. - Settore Meridionale.-

Alla esplicita richiesta di effettuare la pesatura dei colli "ricuciti", all'atto della consegna, oppure di reintegrare le defezioni riscontrate dal magazzino italiano ricevente, il Comando P.B.S. ha risposto "via breve" di far verbalizzare le defezioni e poi proporne lo scarico amministrativo.-

Recentemente questo Comando, allo scopo di regolarizzare la pratica, sollecita una risposta scritta in tal senso dal Comando P.B.S., ma questi rispose ancora "via breve", suggerendo che della questione poteva essere interessato codesto Ministero, per una trattazione diretta con la M.I.A.-

Poichè la procedura suggerita dal Comando Americano, se risolve il problema dello scarico amministrativo del magazzino italiano ricevante non definisce quello più importante dei rapporti di debito dell'A.M.I nei confronti degli Alleati, si sottopone l'inconveniente lamentato all'esame di codesto Ministero per i provvedimenti che riterrà opportuni.-

FROM: Ministry of War
TO : Circular

SUBJECT: Bookkeeping system of Territorial Establishments dealing with Bread and Rations.

In August 44, MMIA laid down a new procedure for the supply of ration to the Italian Armed Forces and for this reason, published a printed pamphlet containing bookkeeping and administrative rules.

For the practical application of these rules and with a view to introducing bookkeeping system wished by the Allies into the Italian system of bookkeeping (see Art. 346 of Admin. Regulation 54 of "Bookkeeping Instructions for Admin. Units of the Army" Book II of "Commissariat Services Instruction") This Ministry issued circulars Nos. 8790/3/S dated 25 Aug 44 and 800/K dated 4 Nov. 44.

The experience obtained during the first months of application of the rules mentioned above, and the making out of the general inventory of Real Estate prescribed by the Ministry of the Treasury (see circ. 1714 dated 29 Jan. 45 issued by Admin. Services General Directorate), recommends the consolidation and completion of the instruction issued up to the present with a view to bringing as far as possible, the bookkeeping system carried out in Ration Depots and Territorial Bakeries inter-lined with the general instructions which rule the administration of the property of the state.

The bookkeeping system prescribed by the Allied has, over and above other objects, the following aims:

1. To guarantee that rations are issued only to the effective strength of the Italian Armed Forces in accordance with ration scales laid down.
2. To be in a position to know, at any moment, the actual stocks of rations and compare these with the amount shown in Allied account books.
3. To regulate Dr. and Cr. balances between the Italian Government and the Allied Nations according to documents settled or being settled.

It follows that the bookkeeping system laid down by the Allies, although furnishing data and documents for the making out of the "Judicial Account" prescribed by the Italian system, cannot in its integrity support that account, while it can replace efficiently all internal registers of Ration Depots prescribed by Book II of the "Commissariat Services Instructions" (Subsistence Service) 1940 Edition.

But, the "Judicial Account", which is constituted by the "Summary Register of Stocks Remains and Movements, Form 1273", must be made out in accordance with instructions laid down in "Law and Regulation for the General Bookkeeping of the State", "Regulation for Corps Administration and Bookkeeping", "Bookkeeping Instructions for Admin. Units of the Army", "Instructions for Commissariat Services" (Book II- Subsistence Services), "R.D.L. No. 856 dated 21st 6/40 (New admin, and bookkeeping regulations for War time. Circular 575 G.M. of 1940.

Admin. instructions for troops in the field (Printed proofs - 1940 Edition) dealing with the subject in question are applicable only in the case where transactions are carried out between Territorial Ration Depots and Units in the Field.

However, bearing in mind that the Allied system of bookkeeping must be carried out in an exact and complete manner in accordance with the special instructions issued, this Ministry points out the necessity to make slight amendments to regulations laid down for the documentation and the making out of the "Judicial Account" and thus, with the only object to save time and personnel.

Equally, it will be useful to add to the allied system of bookkeeping several instructions of our regulations which, not only will leave the nature and the lay out of various documents unchanged but will respond also to the general principles as required by the Adm. dealing with the Italian Real Estate.

However, in appendix attached, we point out several rules which have been thought necessary to issue as well as instructions which are necessary to carry out in order to reach the object mentioned above.

Sgd. PELLIGRA

Appendix attached to Cir. N. 1308 dated 31 Mar. 45.

Instructions for the Allied Bookkeeping System prescribed for the ration service and the making out of the "Judicial Account" in accordance with the Law and Regulation of the State General Bookkeeping.

1. Units which have to present the "Judicial Account"

All officers in charge of Special Depots, Ration Depots and Independent Terr. Bakeries as well as officers in charge of any other independent Ration Depot (whether a Garrison Depot or not), must present the "Judicial Account" (i.e. the Summary Register of Stocks Remains and Movements, Form 1273).

The "Judicial Account" will only show quantities (see Art 84 of R.D.L. No. 856 dated 21/4/40). Consequently, and while the present instructions prevail, the value summary, Form 1274, the value register of amendments which occurred in material prices, Form 548 with the exception of the two first columns which give the serial number to Dr. and Cr. notes; the value table of variations which occurred during the 6 months period, Form 549, the summary of the value notes detailing transactions between Depots, Form 696, are cancelled.

The "Judicial Account" must be made out in one copy for all transactions carried out by the same officer in charge the Depot. Such a rule is also valid in the case a unit has two Depots. (i.e. Special Ration Depot and a Distribution Depot) where the officer i/c the unit is compelled to keep two separate Allied systems bookkeeping (one for the Depot and one for the Ration Stores)

2. Units which have to keep the Allied System of Bookkeeping.

These are: All Commissariat units which deal with rations (whether having an independent administration or not) as well as private forms (i.e. Bakeries and Pastifici) working for the military commissariat. Therefore, private bakeries which bake bread for various units from which they receive the flour that is issued to them by Ration Depots, are excluded.

The allied system of bookkeeping is the internal accountancy of a Depot and must not be attached (unless otherwise instructed) to the Judicial Account".

Consequently and until further instruction, the Depot internal registers for ration transactions prescribed by the "Instructions for Commissariat Services" (Book II), must not be kept.

Moreover, for the carrying out of the Allied system of bookkeeping, it is necessary to comply with the u/m rules.

A. Stock Cards - The stock cards, as it may be noted, are made out with a view to detail, for each food article; initial stock, daily increases and decreases, remain at end of working day.

In order to be in a position to check quickly the stocks with the balance of the Stock Cards, it is necessary:-

1. to build up a stock with bales of food article of the same weight.

2. to have separate stock cards for the same article of food in case this is stored in different stocks or, on the other hand, have in the same Depot a "Depot" and or "Distribution Section, keeping in the latter, it is understood, a limited quantity of each article which can easily be handled by the storemen and which normally should not exceed the requirement of one^{or} more days.

3. to keep an up to date and complete book showing the location and the stock in Depot of the food articles. In this book, all articles of food held in the Depot and each one separately, should be entered and, sometimes, the net balance shown on the stock card of each food article, should be totaled.

Following, is an example of how the book should be made out:-

Sugar - Stock No. 1	-----	10,000 kg.
" No. 2	-----	5,000 "
" No. 3	-----	2,000 "
"Distribution Section"	-----	50 "

Total held in the Depot 17,050 kg.

Coffee - Stock No. 10	-----	200 kg.
"Distribution Section"	-----	20 "

Total held in the Depot 220 kg.

In such a way, each stock of the same article held in the Depot, can easily be traced and checked and the grand total of each article must day by day, correspond exactly with the balance shown on the stock card.

The book showing the location and stock in stores of rations, may be kept in any register provided this is suitable for the purpose.

B. Dispatch and receipt of food articles.

The bookkeeping system wished by the Allies is based on the principle clearly stated (see Art. 53 of the rules) that is:- a Depot should immediately strike off charge rations dispatched and signed for by the man in-charge transport and take on charge rations received and checked in accordance with the vouchers.

Such principle, which must be strictly carried out for the "Allies Bookkeeping", cannot be applied entirely for the making out of the "Judicial Account" required by the Italian system.

In fact, the basic rule for the administration of the Real Estate (para 144 of "Instructions for Commissariat Services Book II") is that the receiving unit takes on charge only quantities actually received, the issuing unit can only strike off charge in the "Judicial Account" quantities taken on charge by the receiving unit.

In case deficiencies in weight or damages occurring during the transport, these can only be written off by the issuing unit in accordance with the proper procedure of making out documents proving that the debt is to be born by the responsible persons or by referring to the Decree which authorizes the "write off" of losses through depreciations.

Therefore, this Ministry orders that:-

The dispatch notes be made out in four copies instead of three, the fourth copy, signed by the consignee, will be returned to the issuing unit which by such procedure will be in possession of a document proving that the goods arrived at destination.

In case of a discrepancy, the Dispatch Notes to be returned to the issuing unit will be accompanied by the report which will be made out by the receiving officer (in accordance with the special rules laid down for the purpose) in order to prove that the discrepancy occurred through depreciation or through carelessness of the officer in charge transport.

The issuing unit (and not the receiving unit) will carry out (through its superior authority) the necessary correspondence with a view to obtain payment of damages caused through carelessness of the officer i/c transport or obtain adjustment of account by authority or "write off" decree.

Issues made by issuing unit must continue to be entered in Allied bookkeeping system, as per quantities despatched. However, the receipt of a "Dispatch Note" amended by the receiving unit, does not compel the issuing unit to "retake on charge" (in the Allied bookkeeping system)

quantities despatched and not received by the receiving unit or received in useless conditions (otherwise, this practice will be contrary to instructions issued by the Allies).

C. Ration Accounts

These accounts must be kept for both, food articles supplied by the Allies and by the Italian Mill. Admin. (including tobacco, liquor, cognac, etc.) Hence, the allied bookkeeping system prescribed can be a complete interest form of bookkeeping of a Depot.

Entries in "Ration Account book" are made in accordance with rules laid down. "Write off" in respect of damages occurring at the Depot must be supported by the report proving the damage; it is not necessary to attach also the "write off" decree.

However, the write off decree is necessary to support Form 1273 (Judicial Account).

D. Issues to Units.

Forms K, dealing with issues made to authorized units, must be consolidated daily in a summary book. At the end of the fortnight, a summary of Forms K will be made so that to strike off charge rations issued.

In case there are only a few units drawing, only one summary of Forms K can be made for each fortnight.

E. Take on charge and Strike of charge Requests.

Increases and decreases in the Summary Register (Form 1273) must be made as per "take on charge and I strike of Charge" requests, which are filled in in accordance with instructions laid down for the purpose, and be supported by all documents required to justify same.

Especially, also the following instructions will be carried out.

1. Every fortnight, the u/m forms will be made out:-

One "take on charge" request, for goods received together with Shipping Tickets, (MMIA Form ST/1);

Acceptance Notes (MMIA Form ST/3 and the Dispatch Notes (MMIA Form S/5) consolidated as requested.

The request must be made only and for all food articles received in good conditions. Therefore, the summary of the said documents will be supported by a copy of the reports of "taking on charge" (for goods received from allied sources) or by reports which might have been made out in case packages have been opened for checking purposes by other Depots.

- One "take on charge" request for the "adjustment notes", consolidated as requested, in respect of all excesses in stock and shown by the proper report of "take on charge".

- One "take on charge" and "strike of charge" request, dealing with transformation of goods (i.e flour into bread, flour into paste, etc) made during the fortnight and shown on the "take on charge" report.

* One "strike of charge" request dealing with issues made during the fortnight as well as vouchers of the units. Then vouchers will be consolidated as requested.

2. "Strike of charge" requests in respect of goods dispatched to other Depots, can be completed only on receipt of the fourth copy of the "dispatch Note" signed. These requests must show only quantities fit for use and actually received by the receiving unit. These requests may show also issues to various units in which case, "dispatch notes" will be consolidated.

The "Strike of charge" of goods issued to other Depots is carried out on Dispatch Notes and it is not necessary that the request be made out with the agreement certificate by the receiving units.

In the event of "write off" of discrepancies or quantities which arrived at destination and that are unfit for use and for which, the receiving unit made out the report, the "strike of charge" request will be prepared and sent to the issuing unit when the issuing unit become in possession of debit documents to be charged to the responsible officer or obtain the "write off" authority laid down by the decree for depreciation or other reasons.

Instructions laid down in Art. 114 of Admin. Instructions for troops in the field (Pamphlet - 1940 Edition) will be complied with in respect of goods dispatched to units in the field.

3. Instructions contained in 141 and Book II of Instructions for Commissariat service (Subsistence service) will be complied with for the completion of "Strike of charge and take on charge" requests.

F. Subsistence units which are not independant.

These units will have their own bookkeeping which will come under the Main Depot by which they are controlled.

These units must keep the allied bookkeeping system and must render fortnightly, to the Main Depot by which they are controlled a sum mary of receipts and issues together with all the documents prescribed.

For any other point not detailed here, the instruction contained in 167 and Book II of the a/m instructions, will prevail.

G. Bookkeeping and Administrative control of Territorial ration

The bookkeeping system prescribed by the allies cannot weaken the rule contained in Art. 766 of the "Regulation for Bookkeeping and Admin. of Corps" because this rule lays down that Commissariat units function under the direction, admin. Tech. Control of Commissariat offices, even

if the officer in charge is named by the Garrison Comdt. or by any other military authority.

Therefore, in accordance with instructions ~~as~~ contained in the present circular, it is necessary that:-

All dispatch notes be countersigned by commissariat officers (Receiving and Issuing Officers each will sign the part of the note concerning them)

All adjustment entries, both issues and receipts, must be signed by a Commissariat Officer, Moreover, all registers laid down by the Allied bookkeeping system must be audited regularly by a Commissariat officer.

Garrison Ration Depots will be looked after by the Garrison Comdt, in the event these have no commissariat officers in charge.

K. Rules contained in the present circular amend and complete all other rules issued previously on the same subject.

In case of doubt or uncertainty in the compliance with the present rules, please forward your quieries to this Ministry.

1. As a measure to reduce the number of cases of Italian and necessities to the Black Market, the Ministry of War have laid down a list of prices which may be charged against Italian military personnel, who, after due investigation and trial, are found guilty of this crime.
 2. The object of the ITALIAN government is to make the soldier understand that if he is convicted the amount he will eventually have to contribute from his pay will be such that there is no profit in entering into Black Market transactions.
 3. This price list, which is reproduced at Appendix "A", was published in the Italian Military Journal (the equivalent of GRC's)

SUBJECT: Pricing of Ammunition

LAND FORCES SUB COMMISSION
A.C. (M. M. I. A.) ROME
✓1/15-88
25 April 1945

TO : AFHQ for Q(AE)

1. Considerable difficulty is being experienced in correctly charging the ITALIAN Government for ammunition issued from BRITISH sources to ITALIAN units.
2. Vouchers received from different BRITISH Depots frequently vary considerably in the pricing of types of ammunition a fact which might require explanation later to the ITALIAN Government. As examples:-
 - a. 25 Pdr H.E Shell is shown variously at 37/6 and 39/- per round.
 - b. Carts 1", Sig Green at £ 42/5/- and £ 36/10/- per 1000.
 - c. 2" Mortar H.E at 5/3 and 9/-.
3. In order that the ammunition may be charged at the correct rates and so that prices shown on vouchers may be corrected where necessary it is requested that MMIA be supplied with a list of prices for ammunition and explosives to cover items normally issued to ground forces.
4. In the event of a complete list not being available the types of ammunition chiefly concerned are shown at Appx. 'A'.
5. Departmental expenses and freightage which are chargeable are not usually shown on vouchers. Could the percentages and method of calculation please be notified so that they can be added at this HQ.

Land Forces Svc Comm. A.C.
(U. M. I. L.) S O N S
9/2/41

14 Feb 1945

1. The soap ration provided by the AFHQ Government has set out in letter HQ/2-5 of 14 Feb 1945. Continued pressure is being exerted to continue to be put on the AFHQ Government to produce the required quantity.

2. The total quantities available will only just meet the requirements if there is no unforeseen circumstance such as a shortage of fats or caustic soda needed for the manufacture. Moreover, the ration scale is so low that it provides no margin for "dirty workers" etc.

3. AFHQ has therefore authorised, under signal HQ/2-1955 of 6 Feb, that 10% scale issues for dirty work conditions may be made at the discretion of SR Comis.

4. In order to charge such issues to the Italian Government, the vouchers covering the issue will be serially numbered and show the following information:-

- (a) Date of Issue.
- (b) Authority for issue.
- (c) Depot making issue.
- (d) Unit to which issue was made.
- (e) Item.
- (f) Quantity.
- (g) Period.
- (h) Total amount.
- (i) Signature of responsible Italian Official and name typed or printed.
- (j) Counter-signature of the issuing agency.

The original signed voucher to be sent to HQ M.I., as soon as possible after issue is made. Issuing Agency will retain one copy of the voucher and one copy will be given to receiving unit at time of issue.

is no enforcement circumstances where a shortage of funds or absence
of model for the manufacture. Moreover, the match scale is so low that
it provides no margin for "play" workers, etc.

- b. ANU has therefore authorised, under signed TECOMB of 6 Feb,
that user scale issues for direct work, conditions may be made at the discretion
of the Comd.
- b. In order to charge such issues to the Indian Government, theoucher
covering the issue shall be supplied numbered and follow the following sequence -

 AG/63
 21 January 1945

To : Commanding General, Fifth Army
 Commanding General, Eighth Army

1. The accounting responsibility for rations issued to Italian patriots who come from enemy territory through the Allied lines, is determined in AFHQ Ltr. AG 100/033 GEC-O of 13 Jan. 1945, Subject: Rations, Clothing, Hospitalization, and Transportation for patriots.

2. IMIA is held responsible for the accounting for the rations issued, to insure that proper charge is made against the Italian Government, and due credit is given to the U.S. and British Governments. Therefore, the following procedure will govern the issue of the rations to patriots:

- a. Rations may be issued from U.S. or British depots.
- b. Rations will only be issued on demand of the Allied Camp Commandant responsible for the patriot camp.
- c. Rations will not be issued on IMIA Form ST/8, as other Italian Military rations are issued, but will be issued on Shipping Ticket, Tally Out, or other voucher showing the following:
 - (1) Date of issue.
 - (2) Authority for issue.
 - (3) Depot making issue.
 - (4) Camp to which issue is made.
 - (5) Strength for which rations are drawn.
 - (6) Number of days for which rations are drawn.
 - (7) Item, (Use standard nomenclature)
 - (8) Unit.
 - (9) Quantity (will be shown in net pounds)
- d. The voucher will be signed by the Allied Camp Commandant, or his authorized representative.

TO: Senior Finance Officer,
Finance Division, ANC 5th Army.

1. I am replying to your 1110/4 of 12 April 1945 in the absence of the Joint Directors. It would appear perfectly correct for the funds to remain frozen until the matter can be straightened out.

2. It seems to me that the important point is not so much the final disposition of the funds as the fact that military material has been disposed of in the manner stated in your letter, since this should have been put at the disposal of Land Forces Sub-Commission (MMIA) or War Materials Disposal Sub-Commission. Before any further steps can be taken, it will be necessary to have a complete report from the sindaco which should cover not only what is on hand but what has already been sold; the report on the materials on hand should be sent in as soon as possible and we will see that it reaches the right quarters.

By command of Rear Admiral STONE.

SUBJECT : Salvage materials.

TO : HQ, Allied Commission
Attn. Finance Sub-Commission
Major Timmons.

1. A question has arisen in Pistoia which requires directions from you and possibly from the proper Ministry of the Government.
2. I have just been informed by the P.F.O. that last November a Decree was issued by the Prefect in Pistoia authorizing the Comune of Pistoia to collect and put in warehouse salvage materials of all kinds. Military salvage, Allied, Italian, and German, was included. It appears that some military authority gave its approval. Later, the Prefect authorized the Comune to sell the materials and to apply the resulting income to charitable or other public welfare purposes. The matter has only very recently come to the attention of the P.F.O. in its true significance.
3. The Sindaco apparently feels that he should have a free hand to use the money as indicated. The P.F.O. has, on the contrary, frozen the funds until the matter can be straightened out. I have naturally approved the freezing of the funds, and have pointed out that:
 - (a) the Sindaco cannot be free to make expenditures with funds not properly budgeted with AMG approval;
 - (b) the Italian Government has by decree ruled that Italian Army salvage must be turned over to the Italian Army;
 - (c) that Allied and Enemy property should undoubtedly be put into Allied hands (and that the local Allied Officers who authorized otherwise were in error).

1. Shown as Inclosure No. 1, is a recapitulation from our records as at 31 January 1945, which reflects issues from British Depots to US-ITIs and ITI-ITIs which is a U.S. responsibility, and issues from U.S. Depots to BR-ITIs which is a British responsibility. The difference is the balance due British Government from U.S. stocks for this period. The adjustment can be made as follows:
 - a. by physical stock transfer from U.S. stocks to British stocks,
 - b. by reverse lend lease from British Government to U.S. Government,
 - c. by carrying the balance forward on our records to be used in later adjustments.
2. Will you please inform this Headquarters as to which procedure will be followed to make this adjustment.

1. From time to time receipts are forwarded through SLU's to this office from the Gruppi in respect of ammunition handed over by Gruppi to Allied units.
2. As the Italian Government is credited with such ammunition it is essential that the receipts be legible, understandable, and duly receipted, in order to support the necessary accounting action.
3. The summary, which frequently accompanies these receipts, showing totals handed over is of considerable assistance. As detailed checking against the individual receipt notes is, however, necessary in this office could units please be instructed to show the actual number of rounds or items in the individual receipt notes and not merely number of cases or boxes.
4. Although under the circumstances of such hand-overs, receipts on standard forms cannot be expected, legibility and clearness in making out those rough receipt notes will ensure that the Italian Government gets the full credit to which it is entitled.

C O P YNAPLES FOOD DEPOTS

NOTES ON INSPECTION
MADE BY CAPT. K. FREELAND, RASC
On 5th April 1945

DEPOT 590/1.

Observations were as follows:-

1. LAYOUT.

Depot was not laid out on any defined plan, i.e. - stacks were irregularly placed and little thought had been given to gangways etc. Moveable machinery, etc. had been left in the Depot, obstructing stacking.

2. STACKS.

Stacking was bad generally. Only a few were "pillar-piled", and it would have been an impossibility to check the number of cases/sacks actually existing in many of the stacks. Some stacks were close against walls, leaving no air circulation. Soap in cartons were stacked close against Nuts without shells (in sacks).

3. DUNNAGE.

Practically non-existent; a few pieces of thin box-wood were in use under some stacks, but these were totally inadequate.

(NOTE - Good dunnage was released to Commissariato by this office over a month ago).

4. STACK CARDS.

All stack cards were incomplete. No Warranty Expiration Dates were shown. Manufacturer's name was shown as: "BR-ITI", or "14 CRASC" in many instances. Some receipts were shown in kilos, and others in pounds; some issues were shown in number of sacks only. The "amount remaining" was not shown on any of the stack cards. Some stacks had no cards.

5. CLEANLINESS.

The whole Depot requires white-washing. Windows were covered with cob-webs. The flour-store was ankle-deep in good flour (near the roller chute).

6. VERMIN.

There was evidence of many rats and mice. No anti-vermin measures were in existence.

7. CONTAINERS.

A stack of empty Tobacco cartons was noticed. Officer i/c Depot stated that these had to be returned to the Tobacco Factory. (NOTE - in the meantime, cigarettes are being sent to forward troops in sacks). 6201

-2-

8. LABOUR.

This was very poor. Many young boys are employed.

9. ACCOUNTS.

The majority of MIA Accounting Forms were up to date, except the "Commodity Account", which was also incorrectly compiled. The Officers and clerical staff of the Depot who were present at the time of my inspection declared that they had never seen the booklet, "Supply Organisation & Accounting Instructions for the Provision of Food to the Italian Armed Forces", until a few weeks ago. The system being used whereby balances of stocks in Depots are ascertained, accounts for the reason why Depot Stock Returns are always inaccurate.

10. TRANSPORT.MOTOR-CYCLE - R.E. 42645 (& SIDE-CAR).

The a/m was observed in the Depot. Tires were flat and the engine was stated to be out of order. It was alleged to be on the strength of the Depot.

11. GENERAL.

(a) A new O.C. Depot to replace Lt. Col. Giugni is still awaited. At present a Lieut. is in charge.

(b) Major Buonamico, the previous O.C. to Lt. Col. Giugni, was present at the Depot. He has been "handing over" since last December.

(c) After local purchase items, e.g., nuts have been received at the Depot, it is understood that a "Commission" has to be held to ascertain the condition, etc. of the item concerned. This necessitates each consignment being stacked separately, and involves maintaining many unnecessary stacks. It is considered that it should not be necessary to hold this "Commission" at the Depot after purchase.

DEPOT 590/2

The following observations were made:-

1. LAYOUT.

A slight improvement on Depot 590/1.

2. STACKS.

Slightly better than Depot 590/1, but plenty of room for improvement.

3. DUNNAGE.

Worse than Depot 590/1. In some instances, Dehydrated Vegetables in cartons were used for dunnage.

5199

-3-

4. STACK CARDS.

As Depot 590/1.

5. CLEANLINESS.

Depot requires white-washing. Cleaner generally than Depot 590/1, but not ideal.

6. VERMIN.

As Depot 590/1.

7. CONTAINERS.

As Depot 590/1.

8. SCALES.

Weighing machine was inaccurate and unsuitable for requirements of Depot.

9. GENERAL.

(a) It was stated that Mag. Viveri di Napoli would not accept food in broken containers. It was customary to sort out good containers for this Depot and thereby waste much time, besides leaving the Issuing Depot with broken containers on hand.

(b) The following items (ex Sardinia) were still located at this Depot:-

Bakery Equipment
17 Sacks of Italian Army Packs
Small quantity of Tents

DEPOT 594

A hurried inspection revealed the following facts:-

1. EMPTY WINE BARRELS.

A large number of empty wine barrels were awaiting repair. Only one civilian is employed on this necessary task and progress is slow.

1. FULL WINE BARRELS.

Many of these were leaking due to the fact that they required hosing down with water.

3. STACKS.

There were large quantities of Dehydrated Vegetables (part in cartons) stacked in the open with no covering or bungage. 5195

-4-

4. UNFIT FOOD.

There was a small amount of bad food awaiting condemnation. This was placed on top of cases containing food in good condition.

5. LABOUR.

This was very poor. Here again, young boys were employed.

6. THEFT.

Officer i/c stated that a robbery had occurred at this Depot about 4 days previously. 20 cases x 72 lbs. Meat were stolen. (NOTE:-This has not been reported by Commissariato to this officer).

7. GENERAL.

(a) Depot was almost full to capacity.

(b) Considered an unsuitable Depot for the storage of wine in warm weather (being entirely open).

MEMORANDUM:

23 March 1945

SUBJECT : Quartermaster Supplies Salvaged by US-ITI's (Slav Troops)

Reference conference, Colonel Britton, 2598th Supervisory Regiment, Captain Lyle, QM NORBASE, and the undersigned, this is to confirm that all salvage turned in to the QM Salvage Depot by US-ITI's under command of NORBASE will be accepted in the warehouse without accountability. The clothing when originally issued was classed as Class "C"; therefore, the value of the items turned in is practically nil. M.M.I.A. confirms for the Italian Ministry that they do not desire to have this salvaged shipped back to the mainland. All salvage including shoes accepted by the Salvage Depot, NORBASE, that is repairable for re-issue to the troops will be re-issued to the US-ITI's without charge. Cost of the repairs will be shown on voucher, said voucher to be forwarded to M.M.I.A. for charge to the Italian Government.

2. Herewith batch of unclosed vouchers on which a ruling is required.

3. The balance charged on these vouchers was loaded and cleared by representatives of this Depot. In respect of L1, 12 in the trucks were sealed with Seals. Two and four seals, the fifteen trucks being sealed with 5 man. wire only.

4. The discrepancies are for varying amounts, and the largest discrete amounts due to shortage in transit, the smaller amounts are no doubt due to loss in transit or off-loading, which is bound to take place in the handling of Vettors, especially straw and timber.

5. In view of this it is felt by this Depot that such losses must be borne by the consignee and necessary action taken by them, as correct amounts charged on our vouchers were actually those issued.

6. These vouchers cover a period of over 5 months and were not received by this Depot until 11 March 1945.

7. It would be appreciated if a ruling could be given and the consignee informed of the correct procedure to obviate any inconvenience in the future.

(PER IL GEN. PELLIGRA)

1. This is to confirm verbal conversation, General Pelligra-Capt. Zayaz on 27 March 1945 regarding above subject.
2. The Italian Red Cross is not an authorized unit of the Italian Army and as such is not entitled to the Italian military ration, but to implement a charge for rations issued in error, the following was agreed upon:
 - a. The ST/8 forms will be used as a basis of charge to the Italian Government. Shipping Tickets to be prepared as a legitimate charge to the Italian Government and further, the Italian Government will in turn collect from the Italian Red Cross for the money value of the rations issued.
 - b. On processing Shipping Tickets, information requested, that is, name of depot making issue, location, name of unit receiving rations, date, number rations drawn, strength, and period for which rations were drawn, will be furnished on forwarding of Shipping Tickets for signature.

SUBJECT: Q/2-e

DATE: 26 Feb. 45

TO : G-4 AFHQ

1. Recommend that the following changes in addition to the changes made on the attached draft in ink, be made before the Circular is published:

a. Change para. 7-a to read:

Expendable medical supplies for US-ITIs for use in Field Infirmaries, and for first aid purposes, will be through normal U.S. supply channels. US-ITI hospitals assigned to U.S units will obtain their medical supplies through normal Italian medical channels.

b. Para. 8 to read:

Fuel for Italian Military will be procured as outlined in Annex "D" of AFHQ Ltr. AG 400/105 D-0 dated 22 Sept. 1944.

c. Para. 9 to read:

(a) The Italian Government will be responsible for the hospitalization of all Italian troops.

(b) Evacuation will be to Italian Military hospitals. In an emergency, Italian personnel may be admitted to U.S Army hospitals for treatment. Transfer to the nearest Italian hospital should be accomplished as soon as the condition of the patient permits and necessary arrangements can be made.

(c) Rations issued to Italian Military while in American hospitals will be accounted for as outlined in para. 3-d Sec. II MTOUSA Circular No. 116, 1944 (corrected copy). Each shipping ticket will bear a certificate by the Commanding Officer, certifying that the personnel were hospitalized for emergency reasons, and will give a brief statement concerning the emergency of the cases.

d. Change Para. 10-c to read:

Vouchers on material loaned on memorandum receipt will not be forwarded to MMIA for charge against the Italian Government, for property lost by the Italian Government, which holds same on memorandum receipt, until an investigation has

been conducted by the parent unit on whose records the property is carried. After such investigation has been made, memorandum receipts will be accompanied by supporting papers covering the investigation of the circumstances, with the recommendation of the parent organization commander; vouchers and supporting papers will be submitted to MMIA through AFHQ. The duplicate copy of the memorandum receipt will be used as a credit voucher to the Property Book of the parent unit to drop the items from accountability. If at a later date the equipment is returned, it will be accepted by the Issuing Agency and receipt given therefore. Copy of this receipt will be sent to MMIA, to be used as a credit voucher to the Italian Government account. Reference to the original memorandum receipt obtained at the time of issue will be made on this receipt to enable MMIA to reconcile the two vouchers.

e. Para. 12-c and d to read:

h. Expendable spare parts and maintenance supplies for such equipment may be drawn from U.S. supply sources by requisition from U.S. parent units. When such supplies are issued to the Italian (US-ITI) using unit, they will be accounted for on shipping ticket signed by the receiving Italian Officer and counter-signed by the issuing agency. The shipping ticket will be forwarded to MMIA for basis of charge to the Italian Government.

Change para. 3-i to read:

1. After all United States commitments are met, the Base Sections by using Base Section facilities may launder the following items for the Italian Government.

(1) Hospital bedding for US-ITI Field Hospitals and ITI-ITI hospitals within the Base Section or Army Area concerned.

(2) Individual clothing and blankets for US-ITIs.

(3) The cost of same will be charged to the Italian Government on the basis of 2¢ per pound. Vouchers covering the charge will be prepared by the Base Sections concerned, duly signed by an Italian Officer of the unit for which the service was rendered, and counter-signed by Base Section or Army representative. Such vouchers will be forwarded to MMIA for basis of charge against Italian Government.

Change para. 4 to read:

4. Land Forces Sub Commission (MMIA) - MMIA is staff agency of AFHQ charged with control of administration, supply, and evacuation of the Italian Army. Their Directives will be adhered to by all employing agencies employing US-ITI or ITI-ITI personnel. MMIA is also the accounting agency to whom all vouchers will be forwarded covering issues of all Allied supplies and equipment issued or transferred to the Italian Government.

d. Rags and scraps originating from clothing and equipment in U.S. Army depots will be offered to MMIA for the use of the Italian Army. If not desired by the Italian Army, rags and scraps will be disposed of directly to AC.

e. Distinctive buttons, insignia of rank, and all other insignia will be removed prior to issue to Italian units.

f. U.S. outer clothing, with the exception of rain-coats, will be dyed green prior to issue to Italian troops. Army Commanders may authorize the issue of undyed clothing in forward areas when considered necessary for the protection of troops. Raincoats will be stencilled on the back with the letters "US-ITI" in letters 4" high.

Add to. - Stationery and Office Supplies.

Stationery and Office Supplies for Italian troops is the responsibility of the Italian Government. The Italian units (US-ITI) will requisition through Italian channels on the Italian Ministry of War for such items as may be required for their use, using the Italian nomenclature for the items. Copy of the requisition will be forwarded to MMIA to be edited by them and also to enable MMIA to see that the issue is expedited on the items that are available from Italian sources. MMIA will indicate on the copy of the requisition the items which are not available from Italian sources, and return the requisition to the employing agency which forwarded same to MMIA. The employing agency then may issue from U.S. Sources the items which are not available from Italian sources to US-ITIs on the basis of 50% of essential items only listed in Table II, Army Service Forces Catalog, QM-4. Vouchers covering the issues will be priced, duly signed by an Italian Officer and counter-signed by an officer of the issuing agency and forwarded to MMIA for basis of charge against the Italian Government.

Requisitioning Italian Supplies and Equipment.

Before U.S equipment is issued and to insure that the Italian units, US-ITI or ITI-ITI, assigned or attached to U.S employing agencies have made an effort to secure needed supplies and equipment from Italian sources, the unit should be required to furnish copies of their requisitions which were sent through Italian channels to the Italian War Ministry requesting the equipment, to the employing agency. The employing agency will forward same to MMIA so that MMIA may be able to insure that the Italian War Ministry issues such equipment that may be available from Italian sources, before such equipment is issued to the unit from U.S sources. In all cases MMIA will notify the employing agency of the items which the War Ministry cannot furnish.

FROM: Ministry of War
 TO : Circular,
 INFORMATION: MMIA
 SUBJECT: Soap.

Ref. 970/Sit.

Date 9 March 45.

MMIA ordered that soap be handed over by Clothing and Equipment Depots to Ration Depots and Stores where it will be issued to units and hospitals in accordance with the procedure laid down for ration issues.

Consequently and in order that a standard system may be followed by the dependent units for the regular accounting of the soap, this Ministry deems it necessary to issue the following instructions.

A. Handing over between depots. (Issues and receipts)

Instructions laid down in pamphlet "Organization for the supply of rations to the Italian Army and accounting instructions" will be strictly complied with.

B. Internal Bookkeeping of Depots.

This Ministry has already mentioned in circular 4420/S/1 dated 20 Feb. 45 that soap allowance must be considered as a free issue, since it is included in the normal ration. Also instructions in respect of issues of soap to troops, animals, hospitals, MOs etc, have been laid down in the same circular.

Hence, Ration Depots and Stores will have to comply with registration and account instructions laid down in a/m pamphlet of "Instructions" as regard to soap.

C. Issue of soap to units located south of the rear line of the 5th. and 8th. Armies.

1. Soap for troops will have to be drawn on Form K for rations distribution for the period 1st. - 5th. of each month.

In the making out of "Movement Tables" Form P., quantities of soap issued in that way will be shown under "issued rations" in column "Standard type". In order to obtain the corresponding number of rations, it will be required to divide the total quantity issued, shown in kg, by the individual

ration, i.e. 0.250 kg. or multiply the total number of kgs. issued by 4. The calculation of the number of rations corresponding to the final remain will be carried out in the same way. In each calculation, allowances of soap for hospitals, animals, etc. should not be taken into consideration.

2. Soap required for medical purposes will have to be withdrawn on the first day of each month on the proper from K which will bear on top "Territorial Hospital" or "Tented Auxilliary Hospital" or "Med. Sect." or "Field Hospital" Surgical Unit" or "Med. Officers", "Territorial Hospital" will show on form K, under "rationed strength", the number of beds occupied for which rations for patients is drawn. Withdrawal notes of soap for "Med. Officers" will be made out in accordance with the number of officers present at the unit on the first day of each month.

After having carried out all internal documentation and accountancy, Distribution Depots will show quantities of soap issued for medical purposes on "Movement Table" Form P under corresponding number of rations.

3. Soap required for animals will be drawn by units on the first day of each month on Form K.

Quantities issued in such way will be noted by Comm. Depots in all registers and account documents prescribed.

These issues will be shown on "Movement Table" Form P in column "Travel type rations". The number of rations will be calculated in dividing the total number of kgs. issued by 0.200 kg. (Monthly ration of soap for animals) or in multiplying the total number of Kg. by 5.

Receipt vouchers Form K, even when separated from receipt vouchers for rations, will have to be completed in triplicate and distributed by the issuing unit thus: one copy for MMIA, one copy for the receiving unit and one copy to support the account of the Depot.

D. Issue of soap to units located north of the rear line of the 5th. and 8th. Armies.

Soap for the units in question will be issued by Italian Depots or Stores or directly or through Allied Depots or Stores.

For the making out of "taking on charge" documents etc. as well as for the proper procedure to be carried out by receiving units, instructions contained in the present circular will be strictly complied with.

Instructions laid down in circular 858/SA dated 2 March 45. are valid for Combat Groups.

The image shows a uniform grid of 20 columns and 5 rows, rendered in a light gray color. The grid is defined by thin black lines that intersect to create a series of rectangular cells. The top four rows are identical in height, while the bottom row is significantly taller, likely representing a header or a summary line in a ledger. The entire grid is set against a white background.

SUBJECT: Debit and Credit procedure in dealings with the Allies.

Administrative instructions No. 12, dated 12/10/44, and other further regulations of M.M.I.A., lay down a new organisation of the Italian Armed Forces and prescribe the practices to be followed in respect of the supplying and accountancy of the materials which are issued by the Allies for the provisioning of all the branches of the Italian Armed Forces and the consequent debiting, and charging to the account of, the Italian Government.

Under the said instructions the Italian Armed Forces have been subdivided, as is known, into three distinct categories.

Italian Armed Forces under British Command (BR-ITI).

Italian Armed Forces under American Command (US-ITI).

Italian Armed Forces under the orders of the Officer Commanding the theatre of operations, through Italian H.Q.s (ITI-ITI).

All supplies (foodstuffs, clothing, barracks stores, medical materials, engineer, artillery, materials, etc.) of any description required by all the Italian Armed Forces, of whatever category, are the financial responsibility of the Italian Government, which is therefore debited, through the channels and procedure laid down, for materials and foodstuffs issued by the Allies. This applies both in the case of the materials being supplied by the Allies directly to the Italian units, and in the case of the issue being carried out through an Italian Supply store or Depot.

Consequently, no payment, reimbursement, or refund, can be requested from the Allies for foodstuffs or materials issued by our depots or stores to units of the Italian Armed Forces under direct Allied Command, (BR-ITI) and (US-ITI).

But since such orders, especially in respect of the Subsistence Service, are not always borne in mind by the units and offices under command, this Ministry considers it necessary to re-state as follows the rules contained in the noted administrative instruction, in respect of the above-mentioned service,

- 1) The foodstuffs comprising the food ration laid down for the Italian Armed Forces, must be separated into two groups:

- foodstuffs comprising the fundamental or basic ration.
- foodstuffs comprising the additional ration.

The foodstuffs comprising the fundamental part are normally supplied by the Allies, while the additional rations are, so far as is possible, provided by the Italian Government.

5163

2) The issues to units are carried out in accordance with the following:

A) BR-ITI and US-ITI units are supplied directly by Allied depots or stores.

The additional rations they require:

- can be supplied to the Allied store by an Italian depot;
- can, where considered opportune, be purchased directly, commercially, by an Allied H.Q.

In exceptional cases, and after authorisation by M.M.I.A. or the War Ministry, BR-ITI and US-ITI units can be supplied by Italian depots or stores. In such event no refund, payment, or reimbursement, can be requested from the Allies.

For drawings on the part of Italian units contained in the combat groups, particular instructions are in force which form the subject of this Ministry's circular 658/SA dated 2/3/1945.

B) Units ITI-ITI are normally being rationed by Italian depots or stores. The fundamental foodstuffs required are assigned by the competent Allied Authorities and the supply is carried out by shipment arrivals or by allied depots.

In exceptional circumstances, and after allied authorisation, ITI-ITI units are supplied by English or American depots.

3) Italian Armed Forces units of all categories must carry out the drawing of rations by means of the appropriate voucher mod.K (MMIA Form ST/8) laid down in the quoted administrative instruction n.12. The said voucher will be made out in triplicate and forwarded to the issuing depot, be it either Allied or Italian. The original of the voucher K is forwarded by the issuing unit to MMIA, for the necessary actions and receipts to be carried out.

4) Foodstuffs assigned by the Allies for the requirements of the Italian Armed Forces are debited to the Italian Government in accordance with the following procedure:

a) Foodstuffs supplied to Italian depots or stores. The receiving unit, upon the drawing being completed, issues to the Allied Liaison Officer of the sector, receipt on mod. ST/3 "Acceptance Note".

On the strength of said "Note" MMIA makes out the "shipping tickets" to the charge of the Italian Government.

b) Fundamental foodstuffs issued to Italian units (BR -ITI; US-ITI; ITI-ITI) by Allied depots and stores. Debts to the charge of the Italian Government will be calculated on the basis of the K vouchers which the issuing unit will have forwarded to MMIA.

c) Additional foodstuffs issued to Italian units (of any category) by ~~Allied~~ depots or stores and purchased (in loco) by ~~Allied~~ H.Q.s. The ~~Allied~~ H.Q. which made the purchase arranges to send monthly to MMIA the debit note, in which is shown the unit or units to which the foodstuffs have been issued, the foodstuffs and quantity purchased, the cost per item, and the total cost with the addition of percentages for wastage.

H.Q. MMIA arranges, on the basis of said debit notes, to request the payment or refund from the Italian Government.

With reference to your letter No AQ/2/15-5 dated 30 Nov 44, and my reply
D/52/PA dated 23 Feb 45, further representations have been made regarding the price
of rags cotton and it is decided that the price of rags cotton (irrespective of type)
should be 260 (Sixty Pounds) per ton. Will you kindly amend my memo accordingly.

It is notified for your further information that repaired clothing has
been divided into two grades by Ordinance "Grade II repaired" being charged at 75%
of new value and "Grade III repaired" at 50% of new value.
