MILITARY MISSION ITALIAN ARMY
HEADQUARTERS SARDINIA DISTRICT
Allied Garrison Sardinia
A.P.C. 534, U.S. Army

22 October 1944

SUBJECT: Italian Acceptance Notes

TO : Commanding General, Military Mission Italian Army, Rome
Attention: ADST

1. Reference your SF/37/1 dated 13 October 1944.
2. Have checked with Allied Garrison Sardinia, Quartermaster, and Major Oppo, Eugenio, of the Italian Army and find that the flour referred to in basic communication was turned over to the Italian Army by the Allied Control Commission. This was a verbal agreement and no paper transaction took place.
3. Neither Allied Garrison Sardinia, Quartermaster, nor Major Oppo can recall having accomplished a Shipping Ticket or an Acceptance Note for this flour.
4. An equivalent amount of flour was returned to the Allied Control Commission from a later shipment to Italian Army. This transaction was also accomplished verbally. This transaction has no relation to the present amount of 2,600 tons of flour that Allied Control Commission in Sardinia owes to the Italian Armed Forces.
5. Enclosed are copies of Acceptance Note for the above mentioned flour. You will note that the total weight on Acceptance Note is 5,611,285 pounds, whereas, on original communication the total weight is 3,688,250 pounds. The discrepancy is due to the fact that when flour was turned over to Italian Army, the sacks were not uniform. The actual amount of flour received by the Italian Army is as shown on enclosed Acceptance Note.
6. Even though it appears that no Shipping Ticket or Acceptance Note has been accomplished for this flour, it will be well to check in order to prevent duplication.

1. Transmitted herewith Acceptance Note, MMIA Form ST/3, Transaction Naples/19, on subsistence received ex "Santa Inez".
2. Attached to Acceptance Note are two reports on shortages of flour on inventory of sacks at receiving depots. All flour ex 'Santa Inez' was tallied at shipside (MMIA Form ST/1), totaling 4536 sacks of flour @ 100 lbs net.
3. It may be pointed out that there was a high priority for discharging the "Santa Inez"; consequently working conditions were under pressure and sacks may have been broken from ship to truck.
