20 December 1946.

1. I attach a memorandum I sent 4 November 46 to DADMS, this Hq. and his reply of 4 December 46. They are self-explanatory.

2. British Medical Shipping Tickets No's 420 thru' 507 are for captured supplies (with the exception of approx 26 S/T's).

3. Some of these Shipping Tickets are for captured Italian Medical Stores, some for captured German Stores. A further complication is the fact that some stores were captured in Africa & Middle East and then shipped to Italy. However, AFHQ's CEI letter of 2 October is all inclusive, I believe.

4. May a decision as to cancellation or amendment be given "Q" Accounts.

ISSUES TO THE ITALIAN ARMY

(a) Issues of British Medical Stores

These will be charged for.

(b) Italian Medical Stores for all Theatres
and
(c) I am of opinion that these should not be charged for. This opinion is borne out by various directives issued by AFHQ and GHQ (vide Medical File No 13)

Please also see para 11 of Chapter XIV sub Chapter IV of The Laws and Usages of War (Amendment No 13 to the Manual of Military Law).

This para although referring only to equipment of Mobile Medical Units, may, I think, be taken as covering all Medical Equipment Captured.

(d) German Medical Equipment

In view of para 11. referred to above I dont think any charge should be made for this.

TAXES - M.M.I.A.

1. Reference attached Acceptance Notes # Medical: 55/46, 56/46, 58/46, 59/46, 61/46 and 62/46, 27/46 and 57/46.

2. Could you clarify the policy on the acceptance of medical supplies by the Italian Army as relates to charge. I find that the Accounts Section has been charging (that is, writing up on Shipping Ticket) all vouchers received which list medical supplies as shipped to the Italian Armed Forces. However, the personnel of the Accounts Section can quote me no authority for this procedure but merely that is has been standard practice.

3. The last directive I know of which might govern such transfers is AFHQ letter AG 386.3 Q(AS)-O of 2 October 1945, para 8c of which specifies that recaptured material of Italian origin, not required by the Allies, will be turned over to the Italian Military authorities thru MMIA. Receipts for such materials must be taken and forwarded AFHQ thru' service channels. No direction, however, is given for charging for such items.

4. I appreciate that not all the stores listed on the attached vouchers are of Italian origin but all are listed as captured and hence I know of no basis for charge. Perhaps you have some later directive or information that would clear up the matter give me the necessary authority.

SUBJECT : Charging of captured enemy materials.

Reference your Q/1/16 E dated 4th Nov.

I have made exhaustive enquiries from the Ministry of War and Istituto Chimico Farmaceutico Militare, Florence and can find no authority for charging the Italian Army for Medical Supplies of Italian origin.

A search of the files of this branch has only revealed the letter of A.F.H.Q. quoted by you A.G. 386.3 Q(AE)-0 of 2nd Oct 1945.

M.M.I.A. letter of 30 Apr 46 and file Q/006 para 3 (a) also refers to such material as being the legal property of the Italian Government.

I have issued instructions that no more medical supplies of Italian origin are to be listed on acceptance notes or passed to you for shipping tickets to be prepared.

In view of this disclosure I shall be glad to know what action you propose to take on vouchers already passed to you and what action should be taken in future when stores of Italian origin are handed over.

Presumably no vouchers have previously been passed to A.F.H.Q.

The Acceptance Notes forwarded with your letter under reply are returned herewith.

Act amendment 12, Jan 1936

Appendix 23.

International Convention for the amelioration of the condition of the wounded & sick in Armies in the field. Signed at Geneva July 27, 1929

Chapt III - Personnel

Art 9. The personnel engaged exclusively in the collection, transport & treatment of the wounded & sick & in the administration of medical formations & establishments, shall be respected & protected under all circumstances. If they fall into the hands of the enemy they shall not be treated as prisoners of war.

Chapter IV - Material

Art 14. Mobile medical formations of whatever kind, shall retain, if they fall into the hands of the enemy, their equipment & stores, their means of transport & the drivers employed.

Nevertheless, the competent military authority shall be free to use the equipment & stores for the care of the wounded & sick; it shall be restored under the conditions laid down for the medical personnel, & as far as possible at the same time.
