1. Under provisions of AFHQ Ltr. file AG 400/105 D-O dated 22 September 1944, par. 12, MMIA is charged with the duty of insuring that only items correctly chargeable to the Italian Government are presented to Chief Accountant A.C for charge.

2. We do not consider the charges attached to Basic Communication as being correctly chargeable to the Italian Government for the following reasons:

a. The Report of Investigation did not state who was in charge of the area, American personnel or Italian personnel. It only stated that an Italian guard was posted at the entrance to the area, assuming that the guard was to guard the entrance to the area and the fence surrounding the area would prevent anyone entering the area other than by the entrance.

b. The facts shown in the Report of Investigation do not establish that the wheels and tires were missing from the motor pool due to the negligence of the Italian guard.

c. The findings of the Investigating Officer states, "There is no evidence of laxity on the part of either the Italian guards or the American personnel in charge of the area".

3. Considering the above we cannot accept this Report of Investigation as a charge against the Italian Government.

SUBJECT : Investigating Officer's Report of Motor Accident.

TO : Commanding Officer, 2675th Regiment, Allied Commission, (Overhead), APO 394, U.S. Army.

1. By authority of Letter Order, dated 8 November 1944, Hq 2675th Regiment, Allied Commission, (Overhead), and pursuant to the provisions of AR 25-20 and Circular No.74, NATOUSA, dated 23 May 1944, the following report is submitted of damage arising out of motor vehicle accident involving U.S. Army GMC 2½ ton truck No. 4165835.

2. Facts:

a. On 22 February 1945, Italian Military Driver LEOCARDI Piero, 1st Co., 1st Truck Bn., Motor Transport Group, Allied Commission, was dispatched with GMC 2½ ton, 6x6 Cargo Truck USA No.4165835 with orders to haul a load of flour to Lucca from Leghorn. At about 1700 hours on his return trip from Lucca and while passing through the city limits of Pisa, he was involved in a motor vehicle accident. He was proceeding at approximately 30 MPH, as he neared the intersection and the traffic officer directed him to make a left turn. Driver LEOCARDI Piero shifted down from fourth to third gear and reduced his speed to approximately 20 MPH; however, while he was making the turn he pushed down on his accelerator and he states that it stuck to the floor-board. There were road repairs being conducted on this corner and also two American soldiers were trying to cross the street. With the attempted speed the driver estimated at about 30 MPH, he swung hard to the left then lost control of his vehicle and ran into a brick wall that runs around the city of Pisa. At the time of the accident his speedometer was not working so he was estimating the speed of his vehicle.

b. Property Damage:

(1) GMC 2½ ton 6x6, Cargo Truck, USA No.4165835 was damaged as a result of this accident in the amount of $115.45. (See Estimate of Cost and Damage Priced by 2nd Lt. Walter E. VUCHNICH - 391st Ord. MAM Co. dated 9 March 1945 - Exhibit F)

In that this truck had the frame damaged the truck was evacuated to OT and VP and not replaced. (See Salvage Certificate - Exhibit G)

(2) No damage was done to other government or private property.

c. Casualties or Injuries:

(1) There were no casualties or injuries as a result of this accident.

d. Visibility and Road conditions:

(1) The visibility was good because it was a clear day. There was nothing to obstruct the view.

(2) He was in his proper lane and there was no oncoming traffic, but a portion of the street was blocked because of the repairs which necessitated him to swing to the left.

e. Mechanical Condition of Vehicle:

(1) The vehicle was in good mechanical condition previous to the accident. However, the driver states that the foot-feed stuck when he pressed down and that it did not release. There was no indication that this had happened before. His brakes were in good working order.

f. Witnesses:

(1) The only known witness to the accident was Casaglia Giuseppe who was riding in the car with driver Leccardi Piero.

3. Conclusions

a. Italian Military Driver Leccardi Piero, was attempting to negotiate a curve at too fast a speed. When he was rounding the turn he states that the foot-feed stuck in the floor-board. However, he evidently did not make any effort to depress the clutch, apply the brakes or to keep his vehicle in the road. He allowed it to completely get out of control and run into the wall which was about 15 feet from the street.

4. Findings:

a. The Italian Military Driver Leccardi Piero was trying to negotiate a curve at an excessive speed, and he failed to exercise good judgement after he found that his foot-feed had stuck. He made no effort to depress his clutch and apply his brakes so as to stop his vehicle.

6554

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

5. Recommendations:

a. That disciplinary action be taken against Italian Military Driver Leccardi Piero.

b. That the cause of the accident was through fault and neglect of Italian Military Personnel and that three copies be forwarded to MTOUSA in compliance with para 7E, of Circular 74, MATOUSA, dated 23 May 1944.

c. G.M.C.-2½ Ton - 6x6 Cargo Truck USA No.4165835, was evacuated as a result of this accident. (See salvage Certificate Exhibit G)

d. That the accountable and responsible officer be relieved of accountability and responsibility.

Personalmente è comparso dinnanzi a me sottoscritto autorizzato dalla legge ad amministare giuramenti in circostanze siffatte il soldato Italiano IACCHINI Piero della 1sCo, 1sBatt, 2675 ReG, A.C., il quale dopo avere debitamente giurato ha deposto quanto segue :

Il giorno 22 Febbraio 1945 alle ore 1700 circa ritornavo in convoglio da Lucca dove avevo trasportato farina.
Guidavo l'autocarro GMC 2½ ton targato W.A165035. Lo spidometro della macchina non funzionava , ma credo che la mia velocita' fosse di circa 30 miglia all'ora. Ero appena entrato nella citta' di Pisa sulla strada n.12 quando un agente del traffico ci fece segno di voltare a sinistra al crocicchio fra questa strada ed un'altra. All'inizio della curva scambiai marcia portandola dalla quarta alla terza velocita' e schiacciai l'acceleratore. Il pedale dell'acceleratore rimase schiacciato in basso di modo che la mia velocita' aumentò un poco raggiungendo le trenta miglia all'ora. A questo punto per evitare due soldati negri che attraversavano la strada e per evitare di andare a finire dove la strada era in riparazione sterzai bruscamente verso sinistra. Durante la manovra , a causa del pedale dell'acceleratore che mi era incantato e dell'aumentata velocita', persi il controllo della macchina e andai a sbattere contro un muro.
La strada era di asfalto mal tenuto,larga circa 20 piedi, il tempo buono, e la visibilita' buona.
Nessuno venne ferito nell'incidente.
La macchina mia ebbe a lamentare i seguenti danni :Il longherone piegato, paraurti piegato,ammortizzatore sinistro rotto,il piede della frizione spezzato.
Non mi trovavo sotto l'influenza dell'alcol o di droghe.

Personally appeared before me, the undersigned, authorized by law to administer oaths in cases of this character, one Leccardi Piero, an Italian Soldier, of the 1st Truck Company, 1st Truck Battalion, 2675 Regiment, Allied Commission, who after being first duly sworn, deposes and says as follows:

On or about the 22 of February, 1945 at about 1700 hours I was returning from Lucca, in convoy, where I had been hauling flour. I was driving a GMC 2½ ton truck number W. 4165835. I don't have a speedometer so I estimate my speed at 30 miles per hour. I was on Route 12 just inside the city limits of Pisa when a traffic officer at the corner of Route 12 and another intersecting street directed me to turn left. As I approached the intersection I changed from 4th gear to 3rd gear and gave the truck the gas. The throttle stuck to the floor and my speed increased to about thirty miles. There was road repairs going on on my right side so I had to swing hard to the left to miss the road repairs and likewise two American Soldiers crossing the street at this point. In swinging to the left with a stuck throttle and increased speed I lost control of my vehicle and it run into the brick wall that goes around the City of Pisa.

The road was of broken asphalt and about 20 feet wide, the weather was clear and dry, the light was good.

No one was injured in the accident.

My truck sustained the following damages: Front of frame bent, bumper bent, Shock Abcorber broken left side, clutch housing broken.

I was not under the influence of alcohol or drugs.

Il giorno 22 Febbraio 1945 verso le ore 1700 mi trovavo in convoglio di ritorno da Lucca dove avevo consegnato un carico di farina. Io viaggiavo in cabina sulla macchina targata N 165835 a fianco del conducente di nome Piero Leccardi della 1ª Comp. 1° Batt. 2675 Regg. A.C. Eravamo sulla strada N° 12 appena entrati in Pisa e il Leccardi guidava a circa 30 miglia all'ora quando un agente del traffico di servizio all'incrocio della strada, fece segno al conducente di voltare a sinistra. Questi cambiò marcia, portandola dalla quarta alla terza, dando di colpo all'acceleratore e sterzando verso sinistra. L'acceleratore per pochi istanti rimase premuto, ciò che bastò a fare aumentare la velocità della macchina e a far perdere al conducente il controllo dalla stessa. Infatti la macchina sbandò fortemente verso sinistra e poi andò a sbattere contro un muro. Non posso esattamente valutare la velocità della macchina in quel momento, ma penso che fosse di circa 20 miglia all'ora. La strada era di asfalto non tenuto, larga circa 30 piedi, il tempo sereno e la visibilità buona.

Nessuno venne ferito nell'incidente, ma la macchina ebbe a lamentare i seguenti danni: il longherone curvato, il paraurti anteriore curvato, il radiatore rotto.

Non mi trovavo sotto l'influenza di bevande alcoliche o di narcotici.

AFFIDAVIT

17 May 1945

Personally appeared before me, the undersigned, authority for administering oaths in cases of this character, one Sgt. Edward A. BARRETTI, ASN 19183667, Hq Co, 2675th Regt, ACC, who, having been read AW 24 and his rights thereunder explained to him, and being duly sworn according to law, deposes and says:

On 22 February 1945, Italian military driver, IACCARDI, Pietro, 1st Co., 1st Truck Bn., was involved in an accident while passing through the city of Pisa. While he was making a turn at an intersection, he states that after pressing his accelerator down on the 2½ ton truck that he was driving said accelerator stuck to the floor board. He lost control of the vehicle and ran into a wall that runs around the city of Pisa. The wall was of heavy stone construction and as a consequence no damage was done to it.

At about 2100 hours, after the truck involved in the accident USA No.4165835, was towed back to the Company Motor Pool. I personally examined the brakes and the accelerator of this truck and found both to be working satisfactorily. The accelerator pedal was especially checked because Driver Iaccurdi Pietro claimed that it had stuck, thus causing the accident.

TO : Commanding Officer, 7th Replacement Depot, APO 372, U.S.Army.

1. On the afternoon of 22 April 1945 at about 1635 hours, government vehicle no. 4688079, a Truck, 2½ ton, 6x6, LWB, cargo, was involved in an accident with an Italian army vehicle in the vicinity of Fuorigrotta, Italy. The accident caused damage in excess of twenty five dollars to the government vehicle, which was driven by Pfc Aloysius G. Donlin ASN 37543820, assigned to Headquarters Company, 7th Replacement Depot. The Italian army vehicle was from the motor pool of the camp situated about five hundred yards from the main gate of the depot area.

2. The 7th Replacement Depot vehicle had stopped at an intersection when the Italian vehicle came around the corner and smashed into the left front fender of the 7RD vehicle. Lt. Col. C.A.Thorpe, Hq, 15th AF, investigated the accident and found that the Italian vehicle had very poor brakes. He was of the opinion that the accident was entirely the fault of the Italian driver.

3. Request that an investigation be made to determine the responsibility for the accident.

AMDET, 1st WIRE RECOV CO.,
2695 TECH. SUPERVISION REG'T.,
A.P.O. 464, U.S.ARMY

15 May 1945

SUBJECT: Report of Stolen Equipment.

TO : Commanding Officer, Signal Staff Section (2695 Tech. Supervision Reg't) (Ovhd), APO 464, U. S. Army.

The commanding officer of the First Italian Wire Recovery Company has reported to me that one reel unit RL-35 belonging to his company was stolen from one of his squads while working in the field.

The following facts are a result of my investigation:

a. A wire squad under the supervision of Sergente Pasquale Procacciante was working on the road from Vergato to Cavaro, recovering spiral-four cable on 5 May, 1945.

b. The cable did not follow the road at a certain point, but was strung on power line poles going directly over a small hill. It was necessary for the squad to leave the road at the point where they were working, but in doing so, they also left their equipment on the highway unguarded. When they returned to their reel unit at 1100 hours they discovered that it was missing. A civilian living a short distance down the road stated that he had seen a jeep driven by American soldiers pass by with a wire cart in tow about 1030 hours. The conclusion can be made that the American soldiers seeing the wire cart unguarded, simply hitched it on their vehicle and drove away. Attempts to overtake the jeep proved futile.

c. These facts clearly show that the loss of this equipment was due to negligence on the part of the squad sergeant. It is recommended that a statement of charges be issued against the party responsible for the loss.
