1. The attached papers are returned for further investigation.

2. The file as presently constituted does not provide a clear-cut basis for a charge against the Italian Government. There is no information that the negligence of the three individuals mentioned in the findings of the investigating officer was willful or so gross as to render them culpable. Moreover, although the status of the company commander, Captain Catani, appears to be clear, that of the dispatcher and the operations officer is not. If it should turn out that the Italian Government can properly be charged for the loss occasioned by one or two, but not all of the mentioned individuals, the extent to which each was responsible for the loss should be established.

3. Upon compliance with the above, papers will be returned to this headquarters.

SUBJECT : Report of Investigation - Motor Vehicle Accident.

TO : Commanding Officer, 2698 Technical Supervision Regiment (Ovhd), APO 782, U S Army.

1. There is submitted herewith report of investigation, in accordance with Paragraph 9, Special Order No. 69, Hq. 2698 Technical Supervision Regiment (Ovhd) (Pensouth), dated 9 April 1945 of motor vehicle accident involving vehicle No. 3122186 driven by Rischia Arturo, 5th Engr. Dump Truck Co. (US-PTI), which occurred on 24 May 1945.

2. FACTS:

At approximately 1045 hours on 24 May 1945 vehicle No. 3122186 driven by Rischia Arturo, pulled out of a one way street into two lane traffic without stopping. As the vehicle rounded the blind corner it encounted and collided with a jeep WD # 26524047 driven by Pfc. Ben Altman. Evidence indicates that the jeep WD # 26524047 was at a complete standstill and on the extreme right hand side of the road when hit. If the driver, Rischia Arturo was maintaining a speed of 8 miles an hour as he states he would have been able to control his vehicle sufficient to prevent colliding with a vehicle that was at a complete standstill and 20 ft. away. Evidence also indicates that Rischia Arturo, in not keeping to the right as he became into two lane traffic, violated traffic regulations and caused damage to government property.

3. FINDINGS:

a. That at the time of the accident vehicle No. 3122186 and No. 26524047 were proceeding on official business.

b. That the brakes of the vehicles were in good condition.

c. That U.S. vehicle No. 26524047 sustained substantial damage as the result of the accident.

d. That the accident occurred through the fault of Rischia Arturo.

e. There is no evidence that Rischia Arturo was under the influence of intoxicating beverages or drugs.

4. RECOMMENDATIONS.

a. That Pfc. Ben Altman be absolved of all responsibility for the accident.

DICHIARAZIONE

Io procedevo in direzione N-E ad una velocita' di 8 (otto) miglia orario uscendo da una strada a senso unico e dovevo girare a destra. La Jeep andava in direzione E-W ad una velocita' a me sconosciuta. Ho suonato il clacson, ed ho frenato appena ho veduto la Jeep. Ho girato tutto a destra ed anche il conducente della Jeep si e' portato a destra, ma questo non e' stato sufficiente per evitare l'urto

DRIVER'S STATEMENT

I was travelling N.E. at a rate of 8 m.p.h., coming out of a one way street to make a right turn. A Jeep was going West at an unknown rate of speed. I sounded my horn and applied my brakes as soon as I saw the other vehicle. I pulled to the right and the Jeep did the same but neither move was enough to avoid a collision.

At first the driver stepped on his clutch which onlygave him more speed. He then stepped on the brake a about the same time he hit the Jeep. We were proceding on Via Armondo Diaz, near Plazaa Victore Emmannel 3rd, where another street enters. A 1½ ton Chevrolet dump truck, #3122186, driven by Rischia Arturo Italian Soldier, came around the corner about 25 miles per hour. The truck came clear across the street to our side and struck the Jeep. Our driver Altman, saw him making a wide and fast swing and stopped before the truck struck us. Pfc Altman stopped the Jeep at the extreme right of the road about 25-30 feet before the corner.

SUBJECT : Report of Investigation - Motor Vehicle Accident.

TO : Commanding Officer, 2698 Technical Supervision Regiment (Ovhd), APO 782, U S Army.

1. There is submitted herewith report of investigation, in accordance with Paragraph 9, Special Order No. 69, Hq. 2698 Technical Supervision Regiment (Ovhd) (Pensouth), dated 9 April 1945 of motor vehicle accident involving vehicle No. 3122186 driven by Rischia Arturo, 6th Engr. Dump Truck Co. (US-ITI), which occurred on 24 May 1945.

2. FACTS:

At approximately 1545 hours on 24 May 1945 vehicle No. 3122186 driven by Rischia Arturo, pulled out of a one way street into two lane traffic without stopping. As the vehicle rounded the blind corner it encountered and collided with a jeep WD # 26524047 driven by Pfc. Ben Altman. Evidence indicates that the jeep WD # 26524047 was at a complete standstill and on the extreme right hand side of the road when hit. If the driver, Rischia Arturo was maintaining a speed of 5 miles an hour as he states he would have been able to control his vehicle sufficient to prevent colliding with a vehicle that was at a complete standstill and 20 ft. away. Evidence also indicates that Rischia Arturo, in not keeping to the right as he became into two lane traffic, violated traffic regulations and caused damage to government property.

3. FINDINGS:

a. That at the time of the accident vehicle No. 3122186 were proceeding on official business.

b. That the brakes of the vehicles were in good condition.

c. That U.S. vehicle No. 26524047 sustained substantial damage as the result of the accident.

d. That the accident occurred through the fault of Rischia Arturo.

e. There is no evidence that Rischia Arturo was under the influence of intoxicating beverages or drugs.

4. RECOMMENDATIONS.

a. That Pfc. Ben Altman be absolved of all responsibility for the accident.

STATEMENT

The under signed Av,Sc.Driver: BUFFONE Francesco from the 6th Air Trk Co., Italy, do state as follow:

On the 3rd June 1945, about 1740 hrs, I was in convoy, transporting some laborers from the QM. Depot to San Nicandro. I was speeding about 25 MPH, driving on the NW of Torrato, when about at 150 meters from the cross road of Triggiano, a truck with number 4163573 from the 5th Air Trk Co, Italy driven by CONSOLI Salvatore, passed my vehicle.
Another vehicle was coming towards our way, so Trk #4163573 from the left side of the road ran right into my side with 3 quarters of his vehicle, cutting my road and hitting my ruck with his rear body, and pushing it off the road, consequently my truck ran into the wall smashing it.
Of the 30 workers I was carrying, 7 were slightly wounded and 4 are in the hospital as seriously wounded.

Io sottoscritto av. Se.A.Aut. [illegible] Salvatore effettivo alla 5^ Compagnia Trasporti Aviazione (R.A) Capurso, in seguito all'incidente stradale avvenuto il giorno 3 Giugno 1945 alle ore 17,30 sulla strada di Bari - Capurso e precisamente nei pressi del bivio di Triggiano, dichiaro quanto segue:

"" Uscito dal Deposito Aeronautico di Villa Stoppelli per trasportare operai alla loro residenza in Noicattaro, mi trovavo dietro due macchine del mio stesso tipo(2½) e viaggiavo alla velocità tenuta dalle macchine precedenti, datosi che a tale velocità il motore scoppiettava ed avendo strada libera alla mia sinistra inserii la marcia superiore e sorpassai la prima macchina. Tentai di sorpassare pure la seconda, ma ciò non mi fu possibile in quanto in senso contrario veniva un'altra macchina, accostatomi momentaneamente allorchè ebbi strada libera suonai ripetutamente in segno di sorpasso ed accelerai portandomi alla velocità approssimativa di 30 o 35 KM. Avevo di già passato con tutta la mia cabina quella dell'altra macchina, dopo aver guardato in fronte l'autista, che vidi poco dopo spuntare dal folto pieno un'altra macchina in senso contrario. Continuai a mantenermi sulla sinistra più del dovuto, accelerando sempre per agevolare la manovra della macchina sorpassata e solo quando vidi che la macchina proveniente in senso contrario si era avvicinata troppo mi portai sulla destra.-

Dopo alcuni istanti fui avvertito dagli operai che avevo a bordo di fermarmi perchè la macchina da me sorpassata era andata fuori strada. I civili da me trasportati hanno potuto constatare ed hanno affermato che nel sorpasso nessun urto è stato da me dato all'altra macchina e, che l'autista della macchina incidentata invece di rallentare ha continuato ad accelerare. Da constatazione fatta da Ufficiali Tecnici della mia Compagnia risulta che la mia macchina non ha subito nessun danno come pure non sono visibili segni dell'urto che eventualmente avrei potuto dare all'altra macchina sorpassandola.

A testimonianza di quanto sopra cito i signori:

S T A T E M E N T

I, the undersigned, Av. ac. Driver, CONSOLE Salvatore, from the 5th Air Trk Co., Italy, in consequence to the accident that happened right on the NW between Bari and Capurso, 3 June 1945, at 1730 hours on or about, do state as follows:

The day that the accident occured, in the afternoon, I was dispatched from the QM Depot to Noicatro, to take some civilians back to their homes. With my truck loaded with these civilians, I was driving behind two other trucks at the same speed that they were using. After a while I realized that my truck could not continue at the same speed because my gear shift wasn't working efficientiyand as soon as I found the road free, I passed the first truck, sounding my horn at various times, as traffic regulations direct.

I tried to pass the second truck, but at that moment it was impossible for another vehicle was coming up the road. After the road was clear, sounding the horn as I did when I passed the first truck, I started to pass this one, with a speed of about 30-35 MPH.

I remember looking right into the face of the driver of the vehicle that I was passing. But, While I was passing him, I saw another vehicle coming up the road and to drive safely trying to pass in time, I used more speed.

After a short instant, the worker with whom my truck was loaded told me to stop because the truck behind me had smashed into the wall. Evidently my truck did not hurt the truck that had had the accident, because I did not know when or how the accident happened. The workers loaded upon my truck can state about it.

By careful investigation made by the technician mechanic of my outfit, results were that my truck was untouched.

As witnesses I may call:
VITANTONI Buono - CIANTRONE Francesco - COLONNA Angelo
All from Noicatro and working at the QM Depot.

" Il 5 giugno alle ore 17,30 circa, ero in convoglio, partito da Villa Stoppelli per Rutigliano, per il trasporto di alcuni operai. La velocita' da me tenuta era di 25KMH all'incirca, quando la macchina # 4106573 della 5th Air Trk Co. Italy, guidata dall'autista COMSONE Salvatore, mi oltrepassava.
Immediatamente dopo, sempre la stessa macchina, si provava ad oltrepassare un'altra macchina, ma non lo faceva e ritornava in linea, evidentemente perche' un'altra macchina veniva in senso inverso. Dopo qualche minuto si provava ancora, portandosi cosi' sul fianco della macchina che stava oltrepassando; posso dire che le due macchine, rimasero cosi' affiancate per un tratto approssimativo di 100 o 125 metri. Nel frattempo un'altro veicolo spuntava, venendo in senso inverso, ed ho visto che la macchina oltrepassante, per guadagnare tempo si buttava sulla destra della macchina che stava oltrepassando tagliandogli cosi' la strada.
Immediatamente dopo, ho vista la macchina del BUFFONE Francesco andare fuori strada ed urtare contro un muro di cinta.
Ho fermata la mia macchina e sceso vi ho prestato aiuto ai feriti che naturalmente c'erano, ed a domare l'incendio che cominciava a svilupparsi.

On the 3rd of June 1945, at about 1740 hours, while I was on convoy, transporting some laborers from QM Depot to Rutigliano, and using the speed of 25 MPH, I saw the truck #4163573, from the 5th Air Truck Company, Italy, driven by CONSOLE Salvatore, passing my vehicle.

Immediately after, the same truck tried to pass the vehicle which was preceding it on the road, but other trucks were coming and I saw it getting back into the line of the convoy.

After some minutes the same truck tried again to pass that vehicle like it did at first, the two trucks were side by side for 120 - 150 yds, then another vehicle started coming down the road, so to drive safe, it ran right into the side of the truck which it was passing, cutting it's road.

Immediately after, I saw the vehicle of Buffone Francesco from the 6th Air Trk Co., Italy, to run into the wall, off the road.

I got out of my vehicle, soon after the accident happened, to bring aid to the wounded and to try to stop the fire on the truck.

"Soon after the accident, on the night of the 3rd of June 1945, had happened on the highway between Bari and Capurso, I went to the place where the drivers were standing and arguing.

I heard the driver, Console from the 5th Air Trk Co., saying to driver Buffone, from the 6th Air Trk Co., that while he was overpassing him he should have slowed down and let him go ahead and not keep on going. I also heard the driver, Buffone, from the 6th Air Trk Co., answer to Console that he had always kept to his right and if his truck had run into the wall, it was because he, Buffone, was passing too close and that he, Console, could not stay anymore in line and lost control.

Rapporto sull'incidente occorso al Soldato Autiere ACCARDO Francesco di Leonardo della Classe 1921 - Distretto Militare di Trapani - avvenuto il giorno 5 giugno 1945.-

Dal sopraluogo eseguito nel punto ove avvenne l'incidente risulta quanto segue:

La macchina investitrice targata C.4168283 trovavasi sul lato destro e parzialmente sollevata sulla scarpata della strada mentre l'altro veicolo investito trovavasi gia' spostato a fianco della strada onde permettere la continuazione del traffico.-

Dalle impronte delle gomme dell'automezzo che ha investito risulta chiaramente che l'autista ACCARDO Francesco abbordava la curva sulla destra della strada, ma che data la velocita' con cui questa curva veniva eseguita non era possibile seguirne in raggio di curvatura, di guisa che per forza centrifuga la parte anteriore della macchina risultava spostata e produceva cosi' una forte collisione con la macchina proveniente in senso opposto targata 4278998.-

I danni subiti dalle due macchine sono:

per la macchina investitrice "rovesciamento del radiatore con relativa asportazione dei parafanghi e conseguente rottura parziale della parte anteriore del motore e dell'avantreno".-

per la macchina investita, essendo stata colpita nel fianco, "slittamento dell'avantreno intermedio con fuoriuscita dell'albero di trasmissione , probabile rottura del differenziale con diverse lesioni alla carrozzeria".-

Statement of Witness
a Chaplin of 16th pk. Mule Bn.

6 May 45

On the fifth day of May (5) 45 , the undersigned, Lt. Chaplin Landi Dino, of the 16 Pk. Mule Bn. We started from Vignola, about 1300 hours on our way to our company at Stellata, with a 2 ½ ton truck load of various materials and men.

The driver was De Maria. Two kilometers after Catelfranco, of the road of Sant' Agata, we came upon a curve at medium speed, the truck slipped toward the left and leaned toward the edge of the little bridge, and then turned itself over.

In the fall the soldiers were hurt more or less seriously, four (4) soldiers of the 16 Co. Pk. Mule, and one (1) of the 2nd Co. Sqdn.

Due to the fact that at the moment of the accident I was not looking at the road or the driver, I can't tell about the responsibility of the driver.

I certify the above statements to be those of the above named witness.

XX RAGGRUPPAMENTO SALMERIE DI COMBATTIMENTO
COMANDO 2° REPARTO

RAPPORTO SULL' INCIDENTE OCCORSO ALL'AUTIERE DE MARIA.

Il giorno 5 (cinque), Maggio, il Sottoscritto Ten. Cappp. LANDI DINO, del 18° REP. SALM. partiva da VICENZA circa le ore 13, per raggiungere il suo Reparto a STELLATA, a mezzo "TRADUSI", carico di materiale vario e truppa. Guidava l'autiere DE MARIA. Oltrepassato, di circa due chilometri, il paese di CASTELFRANCO, sulla strada di Sant'Agata, mentre l'autocarro imboccava una curva, ad angolo retto, con media velocità, sbandava verso sinistra, abbattendo il parapetto del piccolo ponte, rovesciandosi sul fianco.

Nella caduta rimanevano più o meno gravemente feriti, quattro soldati del 18° Reparto ed uno della II^ Compagnia lavoratori.

Poichè nel momento non poteva attendere ne' alla strada ne' alla guida non sono in grado di dire di più ne' di affermare se la responsabilità ricada o meno sull'autista.

DICHIARAZIONE DEL SALMERISTA MAURI PASQUALE

Il giorno 5/maggio/1945 mi trovavo a fianco dell'autiere De Maria quando è successo l'incidente.

L'autocarro ha ribaltato prima di imboccare una curva per evitare una ragazza che procedeva nello stesso senso di marcia. Secondo il mio parere l'incidente si sarebbe potutto evitare qualora l'autocarro avesse rallentato prima della curva.

Non sono in grado di precisare la velocità dell'autocarro al momento dell'incidente, credo che si aggirasse sui 45 km. orari.

Statement of Witness
a Soldier of the 18th Mule Pack

On the fifth day of May (5\ 45 I, Mauri Pasquale, a soldier of the 18 pk. mule bn. was riding in the cab of the truck with the driver, De Maria when the accident happened.

The truck turned over itself before the curve when it tried to dodge agirl who was going in the sae direction.

I think the accident would n t have happened if the driver had slackened his speed before the curve.

I don't know what the exact speed of the vechile was at the moment of the accident, but I believe the speed was about 45 m.p.h. (50 K.P.H.)
