1. Attached are details of breakdown for maintenance of Italian Air Force on a basis of 29,000 all ranks for month of May 1946.

2. The breakdown as between BARI and NAPLES is based on Air Force strength estimates of 24,700 and 4,300 respectively.

3. The quantities indicated to be supplied from British sources through DST GHQ CMF have already been authorised for release. DST letter 64/2/ST6(b) of 8 April refers. Those quantities to be released by Italian Ministry of Food have been notified to the High Commissioner for Food, Food and Agriculture Branch AC letter 43-4/FA of 3 April 1946 refers.

4. It has been necessary to arrange release and acceptance from British sources in accordance with availability of commodities in British installations. DST GHQ has however arranged for provision of necessary railcars for transfer of commodities BARI/NAPLES and NAPLES/BARI.

1503

5. Acceptance of these supplies from British Depots must be on AMIA Form ST/3 by a representative of the Ministry of War who will in turn voucher over supplies direct to the Italian Air Force. The Italian Air Force will arrange for a representative to be present at the British Depot to take over supplies from the Ministry of War representative. These supplies will NOT pass through Italian Army depots.

of 6 February 1946 refers.

4. Acceptance of these supplies from British Depots must be on MMLA Form ST/3 by a representative of the Ministry of War who will in turn voucher over supplies direct to the Italian Air Force. The Italian Air Force will arrange for a representative to be present at the British Depot to take over supplies from the Ministry of War representative. These supplies will NOT pass through Italian Army Depots.

1. Further to this branch letter ST/159 of 8 Feb 46 +GHQ CMF have deemed it necessary to release a large portion of the Air Force maintenance for March 46 at BARI instead of NAPLES as originally agreed.

2. All supplies for March will be released at BARI with the exception of P.MEAT/FISH which will still be released in accordance with the a/q letter. 50% only of quantities of P/E/L scheduled will be released at NAPLES and BARI. It is proposed that the remainder of P/E/L will be forthcoming at NAPLES and BARI ex Italian Ministry of Food stocks and will form part repayment of loan of 388 tons due to British Depots.

3. Para 4 of this branch letter ST/159 of 8 Feb 46 will still apply.

4. DST GHQ CMF has however undertaken to submit rail bid for transfer of supplies ex BARI to NAPLES in view of the difficulty that would be likely to be experienced by the Air Force authorities.

The Air Force Ministry has informed us that the Allied stores have not issued the olive oil ration to the US-ITI units - strength 2000 men - of the 4th.Z.A.T. for the period 21.12.45 to 31.1.46.

Since this Ministry has already issued the oil ration for the whole of the authorised strength and in view of the fact that the above mentioned units have always been rationed direct by the allied stores, will you kindly inform us as to whether this Ministry must also supply the above mentioned ration of olive oil or whether your Mission will arrange for the assignment.

RATIONING - I.A.F.

1. As you are aware arrangements have been made for bulk issues of rations from British sources to be made direct to I.A.F. depots in Bari and Naples.

2. Every attempt is being made to effect issue by January 7. This issue will be for 43 days - 28 days for February 1946, when you will issue from your bulk stores to Italian Air Force units, the remaining 15 days rations is reserve stock.

3. It is emphasised that the 15 days reserve is not on any account to be used except in emergency. On the other hand it is advisable in order to prevent deterioration not to keep the original issue in stock but to issue it during the following months and to retain as reserve fresh issues when the monthly allocation is received from British Depots. It is requested that this is made clear to officers commanding the Ration Depots at Bari and Naples.

4. From February 1 BRIT/ITI will no longer draw the British portion of their rations from British depots but will do so from Italian depots at the same time they draw the Italian supplied items. This will mean that rations will be drawn from one source instead of two.

5. US/ITI personnel, however, will continue to draw the American portion of their rations from American Quartermaster Depots as at present.

RETURN OF RATIONS TO THE MINISTRY OF MARINE BEING RATIONS FOR C.A.V. OF VENICE FROM THE 6th TO 21st AUGUST 1945.

The C.A.V. at Venice, before the constitution of the Italian Army Ration Depot of MESTRE (Venice) and exactly for the period 6th - 26th August, 1945, drew 561 rations from the Navy Centre of Venice.

Such withdrawal was effected from the Navy Centre of Venice instead of from the Allied Depot of PADUA, as at that time the above-mentioned Unit had not yet received the instructions which authorised withdrawals from Allied Stores.

As the Ministry of Marine has requested this Ministry to return the rations released and owing to the fact, on the other hand, that the above-mentioned unit is not in a position to do this as with the constitution of the Ration Depot of MESTRE the ration issues had been demanded on the basis of the strict fortnight requirements, it would be appreciated if your Sub Commission would authorise the "Centrale Assistenza Volo" of Venice, to draw a supplementary issue of 561 rations from the Depot of Mestre to meet the request of the Ministry of Marine.

Rations - Issues to Italian Air Force.

1. Further to our letter of even reference dated 31st October, 1945, arrangements in accordance with para 1.(iv) thereof have now been completed and M.M.I.A. has issued instructions to the Italian War Ministry, under reference ST/159 dated 2 Nov. 45, authorising the bulk issue of 30 days' rations to each of the regional I.A.F. depots in accordance with the table of requirements drawn up by your Ministry. It may eventuate that in certain areas notably BARI, NAPLES and ROME the full 30 day supply cannot be issued at once owing to shortage of stocks. The balance remaining to make up the 30 day level will, however, be issued as soon as possible.

2. It is now understood that all I.A.F. units have drawn their detail ration issue from Italian War Ministry depots for the period 6th to 20th November. Your first detailed issue to I.A.F. units from I.A.F. depots will, consequently, be for consumption in the 15-day period commencing 21st November and not 15th November as previously stated.

3. It is requested that all necessary instructions may be issued to all Headquarters and units if this has not already been done.

Rations - Issues to Italian Air Force.

1. Confirming recent meeting General GIAGHEDDU - Lt/Col. DONADIO - W/C KNOWLES and subsequent telephone call to General GIAGHEDDU, the following information is given regarding the new system of ration issues to the Italian Air Force:-

i) With effect from 15th November rations will be issued by Italian Army depots to the Italian Air Force in bulk instead of in detail to units as at present.

ii) Detailed distribution to I.A.F. units will be effected under arrangements to be made by your Ministry.

iii) As a result of the foregoing your Ministry must ensure that regional I.A.F. ration depots are in full operation by November 15th and can issue rations to all I.A.F. units for consumption on that date. It has since been agreed that ration depots will be opened at Milan, Padua, Rome, Bari, Naples, Palermo and Cagliari.

iv) Arrangements have been made with M.M.I.A. for regional depots at iii) to draw a 30-day level of rations as soon as possible in order that detailed issues may be prepared in time for the initial issue on November 15th. Captain Anselmi has, accordingly, today been asked to provide immediately a list showing personnel strengths served by each depot and bulk quantities of Allied - provided ration items required by each. Personnel strengths were to include all I.A.F. personnel, including personnel serving with R.A.F. units and Carabinieri, but excluding US/ITI troops.

v) US/ITI troops will be rationed directly from U.S. Ration depots w.e.f. 1st November, 1945.

vi) The whole of the Italian Air Force, excluding US/ITI troops, will remain a BRIT/ITI feeding commitment until 30th April, 1946.

2. Finally it is desired to warn your Ministry that in the near future it is possible that rations for the whole of the I.A.F. may be made available at one point only, for example, at Naples. It would then be necessary for your Ministry to arrange for distribution to your regional depots from that point. In that eventuality, as much notice as possible will be given but you are advised to give careful study to the various aspects of the question.

3. It is requested that all necessary instructions to implement para. 1 may given at once to all I.A.F. Headquarters and units.

It has since been agreed that ration depots will be opened at Milan, Padua, Rome, Bari, Naples, Palermo and Cagliari.

iv) Arrangements have been made with M.M.I.A. for regional depots at iii) to draw a 30-day level of rations as soon as possible in order that detailed issues may be prepared in time for the initial issue on November 15th. Captain Angelini has, accordingly, today been asked to provide immediately a list showing personnel strengths served by each depot and bulk quantities of Allied - provided ration items required by each. Personnel strengths were to include all I.A.F. personnel, including personnel serving with R.A.F. units and Carabinieri, but excluding US/TTI troops.

Aniseed - Summer Issue.

1. A letter has been received from the Italian Air Ministry requesting authority for the issue of aniseed to Other Ranks of the Italian Air Force on a scale of 1 Centilitre per head as a corrective for drinking-water during the summer period ending 21st September.

2. It would be appreciated if authority could be given for this issue and it is suggested that the issue should be made from R.E. Bulk Ration Depots at the normal time for drawing rations.

3. Your confirmation as to authority and method of withdrawal would be appreciated.

SUPPLY OF RATIONS FOR PERSONNEL IN NORTHERN ITALY.

1. With reference to your letter 13866/A.G./2944 Coll. the question of rationing Italian Air Force Personnel in Northern Italy has been referred to M.M.I.A. who have stated that Allied Food Distribution Depots are now operating in MILAN and other Italian cities in the North of Italy and that Italian Air Force personnel can draw rations from the nearest of these on M.M.I.A. Form S.T./8.

2. It is requested, therefore, that you will issue instructions to all Departments and units concerned that personnel moving to Northern Italy are to be issued with travel rations sufficient to cover the period of the journey and immediately upon arrival at their destination are to contact the nearest Food Distribution Depot which will issue normal rations on production of M.M.I.A. SUBJECT: Supplementary rations to operational units of Italian Air Force.

MMIA with letter AQ/2-36 dated 25/1-45 has authorized the issue of a supplementary daily ration of 3 ounces of flour & ½ ounce of olive oil, to some operational units of the Italian Air Force for the total strength of 7,098 men.

Owing to the increase of planes put at the disposal of the Iti. Air Force by the Allied HQ the strength of a/m units has changed and totals now to 7,844 men, i.e. 746 men more have been added to the strength that had been previously authorized.

Therefore, we beg MMIA to authorize issue of supplementary rations according to the new strength of 7,844.

Capt. Meriani informed that until such time as AFSC requests increase the figure will remain at 7098.

	Strength
Florence	66
Pisa	15
Lucca	8
Pistoia	20
Total	109

All their rations are drawn from 69 D.I.D., Via Gabriele D'Annunzio, Firenze.

Further to this H.Q's Q/2/26-2 dated 12 March 45:

1. Will Air Force S/C please arrange that Air Force Units in ROME Area, prior to 9 April 45, draw 15 days' balanced rations from Air Force Distribution Depot, CASERMA CAVOUR, ROME, for consumption in period 6 - 20 April 45.

2. Enclosed is statement of quantities of rations already agreed as being held in Air Force Depots as on 5 April 45. This statement also shows number of rations required to be transferred from ROME Army Bulk Depot to make up sufficient stocks for the draw.

3. The statement also shows number of rations held surplus to requirements of the a/f draw. Such surplus amounts will be transferred from Air Force Depots to ROME Army Bulk Depot, to effect closure of Air Force Depots.

4. For periods subsequent to 20 April Air Force Units in ROME area will draw from ROME Army Distribution Depot.

ISSUE OF RATIONS TO ITALIAN AIR FORCE.

1. With reference to your letter 553/COM/2382 dated 23th March, 1945, you will already have received a copy of a letter written by S.A.C.A. to the Italian War Ministry which states that no rations are to be issued to Italian Air Force Depots for subsequent distribution to R.A. units, after April 9th, 1945. With effect from that date, therefore, the new procedure, detailed in this Sub Commission's letter of even reference dated 14th March, must be effective.

2. The difficulties which will arise under the new procedure, as set out in your letter quoted above, have been given careful consideration, but it appears that all of these are capable of solution by suitable arrangement between your Ministry and the Italian War Ministry.

3. It should not be necessary for this Sub Commission to detail the arrangements to be made between your two Ministries, but your aim should be to reach an agreement whereby each Italian Air Force unit draws its rations in the same quantity and on the same day that it would normally draw from the Italian Air Force ration depot. The difficulty in reaching such an agreement cannot be understood and you are assured of every assistance from this Sub Commission in the event of unnecessary difficulties being raised by the War Ministry. If this agreement is reached no transport difficulties will result from the change-over as the only difference between the old system and the new will be the different location of the ration depot. In no instance is the appropriate Army depot situated at any great distance from the nearest Air Force depot.

4. With particular reference to the BARI area, it is understood that Colonel CRIMMINS of this Force has stated that the War Ministry requires all I.A.F. units in the BARI area to draw rations daily. This has been referred to S.A.C.A. who are issuing instructions to the War Ministry that I.A.F. units may continue to draw their rations every 15 days as in the past.

1418

5. With reference to para. 5 of your letter it is regretted that this is not clearly understood. It would appear from this paragraph that your Ministry is not aware of the ration strength of the various units and would have to obtain these figures from individual units. It is understood from visits to various depots, however, that the system at present in force is for your Ministry to signal the amounts of various commodities to be issued to each individual unit and it is assumed that the computation of these amounts could only be based on knowledge of ration strengths. It is thought, therefore, that this paragraph must have been mis-read as it is felt that your Ministry must be in possession of detailed information as to the strength of all I.A.F. units in view of the many returns which you have made to Higher Allied Formations.

6. In conclusion it is wished again to emphasise that
1) No further issues of rations will be made to Air Force ration depots after April 9th. This is the latest date by which the change-

This has been referred to A.M.I.A. who are issuing instructions to the War Ministry that I.A.F. units may continue to draw their rations every 10 days as in the past.

It would appear from this paragraph that your Ministry is not aware of the ration strength of the various units and would have to obtain these figures from individual units. 6. In conclusion it is wished again to emphasise that

i) No further issues of rations will be made to Air Force Italian depots after April 9th. This is the latest date by which the changeover must be effected and should not be interpreted as being an authority to draw further bulk supplies before that date.

ii) Detailed arrangements must be made between your Ministry and the War Ministry as to future methods of your units' drawing their supplies.

iii) All Italian Air Force units must be informed of the new procedure and necessary orders issued to them by your Ministry.

iv) Every assistance will be given by this Sub Commission, if requested, where agreement cannot be reached between yourselves and the War Ministry.

7. It is requested that you will issue all necessary instructions without further delay.

2. We invite your attention to para. 4 of the letter from M.A.A.F., which states that the rations will be drawn from the nearest Army D.I.D. and not through normal channels of Italian Air Force ration supply. We interpret this letter to mean that the increase to the ration scale mentioned in this letter will be issued from the nearest British D.I.D., and the cost of this commitment will be at the expense of the national concerned.

3. Considering the above, we have not authorized the Italian Army depots to increase the rations issued to operational personnel to conform with this letter.

TO : G.O.C., Land Forces Sub Coomm. AC (MMIA) ROME

1. Reference your 9/2/26-2 of 12 March.

2. Enclosed herewith are inventory sheets of Catania and Palermo Italian Air Force Distribution Depots.

3. Two factors have been the cause of accumulating this large stock; first, as stated in your above referred to letter, the rations have been drawn on the authorized strength and issued by the Air Corps on the actual strength; secondly, the Air Corps has two ration scales, "A" and "B", it is scale "B" which is used in Sicily and is considerably less than our single scale, on which basis they draw.

4. Orders have been given that, no rations will be drawn by the Air Corps until present stocks are depleted, rations will be drawn only on the strength actually present and Air Corps issue will be made on the scale at which they are drawn.

5. Air Corps Headquarters, point out that rations are drawn in bulk and delivered by the one senior unit in Catania and Palermo, because of the number of outlying detachments and their small strength. It is also stated that these detachments have no transportation and no means of going to either of our depots to draw (See station lists attached). Issues to such small units by our D.D.'s is also not advisable. In view of the difficulties involved, I recommend that the Air Corp in Sicily be permitted to continue to draw in bulk.

6. Reference the difference in ration scales; although the Air Corps agreed to my order concerning issuing on one single scale, I believe it should be confirmed by their higher headquarters.

1.- E' stato riscontrato che taluni Magazzini di stribuzione Viveri dell'Aeronautica Italiana prelevano razioni dai magazzini militari italiani per distribuirle a personale dell'Aeronautica Italiana.- Le razioni sono state prelevate sulle forze autorizza_ te dei reparti serviti dal Deposito interessato.- Il Deposito ha distribuito le razioni a reparti dell'Aeronautica Italiana sulla forza vettovagliata del reparto al momento della distribuzione, per conseguenza i magazzini dell'Aeronautica hanno accumulato stock di razioni viveri nei loro depositi di distribuzione.- Ciò è contrario alle vigenti disposizioni che non consentono che ra_ zioni viveri siano trattenute in Depositi che non siano sotto il controllo della M.M.I.A.- Pertanto in avvenire tutte le razio_ ni per l'Aeronautica Italiana saranno distribuite direttamente ai reparti e non a magazzini di distribuzione dell'Aeronautica Italiana.-

2. Allo scopo di effettuare queste direttive,gli Ufficiali di Collegamento M.M.I.A. provvederanno a fare un inventario di tutti i magazzini di distribuzione dell'Aeronautica Italiana.- Essi determineranno in base agli inventari le giornate di razio_ ni disponibili per i reparti che debbono essere serviti dai ma_ gazzini stessi.- Dopo che le razioni saranno state smaltite i re_ parti preleveranno direttamente dai magazzini Militari italiani mediante moduli MMIA ST/8,anzichè dai magazzini dell'Aeronautica Italiana. Gli Ufficiali di collegamento MMIA notificheranno,al momento in cui si farà l'inventario,la procedura stabilita con la presente agli ufficiali comandanti dei magazzini aeronautici italiani.- Una copia dell'inventario dovrà essere inviata a que_ sto Ufficio dagli ufficiali di collegamento MMIA.-

3.- Si prega di voler informare i vostri depositi,immediata_ mente,in merito a queste direttive,inviandoci copia delle istru_ zioni da voi emanate per dar seguito alle direttive contenute nella presente lettera,accusando in pari tempo ricevuta della presente.-

ISSUE OF RATIONS TO ITALIAN AIR FORCE.

Forwarded herewith is a copy of a letter written to the Direzione Generale Commissariato, at the Italian War Ministry by the Land Forces Sub-Commission (L.M.I.A.) of the Allied Commission.

2. It will be observed that, whereas in the past regional depots of the Italian Air Force, e.g. [illegible] Depot, have drawn bulk supplies of rations from Italian Army Depots for subsequent issue to individual units, in future all Italian Air Force Units will draw direct from the Italian Army Depots themselves.

3. The remainder of the letter is self-explanatory and it is requested that the necessary instructions may be issued to your Ration Depots that every facility is to be offered to L.M.I.A. liaison officers in taking the inventory of stocks mentioned at para.2 of the enclosed letter.

4. May the necessary instructions also be issued to all I.A.F. units notifying them of the new procedure and of the effective date of change-over, after consultation with the War Ministry. The latter date will naturally depend upon the period taken to deplete present stocks.

5. May this letter please be acknowledged.

SUBJECT: Issues to Italian Air Force

LAND FORCES SUB COMMISSION
A.C. (U. K. U. S. A.) R O M E
G/2/26-2
12 March 1945

TO : Dirgn. Gen. Commissariato
Minister for War

1. It has been discovered that Italian Air Force Distribution Depots have been drawing rations from Italian Army Depots for distribution to Italian Air Corps personnel. The rations have been drawn on the authorized strength of the units being served by the depot concerned. The depot has issued rations to the Italian Air Force unit on the ration strength of the unit at the time of issue, consequently the Air Force Depots have accumulated ration stocks in their distribution depots. This is contrary to existing policy for any rations to be in depots which are not under control of AMGOT. Therefore, in the future all rations for the Italian Air Force will be issued direct to the units and not to distribution depots of the Italian Air Force.

2. To implement this policy, AMGOT Liaison Officers will have an inventory made of all Italian Air Force Distribution Depots. They will determine from the inventory the days of rations on hand, for the units being served by the depot. After the rations have been depleted, the units will then draw direct from the Italian Army Depots on AMGOT Form UT/8's, instead of from the Italian Air Force Depots. AMGOT Liaison Officers will notify the commanding officer at the Italian Air Force Depots of this procedure at the time the inventory is made. A copy of the inventory will be sent to this headquarters by AMGOT Liaison Officers.

3. You will please notify your depots of this policy immediately, sending us copy of the instructions which you issue to implement this letter, and also acknowledge receipt of this letter.

SUBJECT :- Jam request for flying units of the Italian Air Force.

The Italian Air Force so as to increase the amount of calories in the diet of their flying personnel and specialists, who especially during the winter season are subject to hardships caused by the war and under great physical strain, has begged this Ministry to contact MMIA to obtain issue for those troops of 50 gr. of jam daily as extra commodity.

Such assignment, would only be granted for the winter season and will be limited to 600 rations.

Should MMIA grant the request of the Air Force, it would be necessary to release the amount of jam now frozen, because, as we have informed MMIA with letters 3475/S/1, dated 11 Feb 45, the firms cannot carry out production owing to the lack of sugar.

ADDITIONAL FOODSTUFFS FOR PATIENTS IN MILITARY HOSPITALS

Administrative Instructions of MMIA state that additional foodstuffs (milk, rice, semolino or equivalent, butter or margarine, meat extract) from Allied sources have to be issued to the patients in Military Hospitals, in order to complete the existing rations (Administrative Instruction Nº 12 of MMIA Ref.M 1029 dated 12th Oct.1944).

Action has been taken by this Directorate with The general Commissariato Directorate of Italian Army which is the competent authority also for the supply of food to the I.A.F., in order to have the above additional rations issued also to the patients the I.A.F. Sanitary Centres. -

But a reply was given stating the for that issue, the previous authorisation from Army S/Commission was necessary.

At present the I.A.F. Personnel is being treated in the Italian Army Military Hospitals, as no equipped Hospitals are available to I.A.F.

But the undermentioned Medical Centres are being used by I.A.F. 1339

1) Medical Centre of Cagliari, equipped with Nº 100 beds and a Medical Department, a Surgical Department and a complete X Ray Equipment.

2) Medical Centre of Terlizzi (Bari) Nº 96 beds a Medical Department and a dermotitus Department.

The above mentioned Medical Centres although being
