Subject : Belley Pontoon Btpt. issued
to Italian Engineers.

1. The set of Belley Pontoon Btpt. recently issued and despatched from H.S.B.D. MESTRE to the Italian Engineer School at CIVITAVECCHIA has been received and the parts now checked in detail. The following deficiencies have been noted :-

	<u>Vouchered</u>	<u>Received</u>	<u>Deficient</u>
(a) Braces, sway	38	32	6
(b) Chusses, junction	48	47	1
(c) Clamps, transom	125	125	3
(d) Posts, footwalk	64	62	2
(e) Anchors 112 lbs	32	27	5
(f) Crocsterns for Anchors	32	NIL	6231

2. The Guard that arrived at MESTRE to accompany the equipment found that the wagons had been sealed and that it was not possible to check before leaving MESTRE. The wagons arrived sealed at CIVITAVECCHIA.

It is the intention of the Guard to check the equipment but it would be appreciated if the deficiencies are not made official.

(a) Braces, sway - 6
 (b) Clamps, transoms - 1

'E' Branch,
CHQ. GEF.

Subject : Equipment - Italian Engineers.

1. The Italian Engineer School at CIVITAVECCHIA has a set of F.B.E. but, at present, no propulsion units. Four 8 h.p. Potter engines are available but it is necessary for at least 4 propulsion units with flexible hose to be issued so that they can carry out training with powered F.B.E. rafts etc.

2. Can you please say if 4 units (complete with brackets) and flex hose: can be issued on transfer to the Italian Engineers from British sources?
