Q. 9.

20 March 1947.

To : Allied Force Headquarters
Italian Military Affairs Section
Land Forces Sub-Section
(for Camp Commandant)

Reference your Camp/A-2/17 dated 15 March '47.

1. An investigation regarding the complaint made by the owner of the Villa Cilardini reveals, that the N.C.Os of this Unit formerly occupying the premises did in fact cut down a tree, but one tree only.

2. The tree in question was cut down in order to provide timber supports to a part of the villa which, without such supports, would have been in danger of collapse. The supports are still in position beneath a projecting portion of the villa which is in fact a lavatory.

3. In view of these circumstances, it is considered that the owner of the Villa Cilardini has little cause for complaint, since the N.C.Os were in fact acting in his interest.
