Reference your OG-305 of 17 May 47.

1. The Ministry of Defence agreed to postpone the call-up of ANZELLOTTI until the call-up of the 1926 class.
2. In view of the fact that a driver can not be considered to be holding a key position and can easily be replaced this Mission do not feel justified in asking for a further postponement of call-up.

I shall be very grateful if you can arrange for the s/m driver to obtain a further exemption to his Military Service, at least until the end of June, when it is expected that UNRRA or UNRRA will close and pass to another Organisation.

This is the second time we have asked you to arrange this, but feel that the length of service of this driver warrants this consideration.

1. In considering the attached letter written by our Mr. Brown, Central Pool Transportation Officer, we would like you to bear in mind the following points :-

- (a) Anzellotti Aldo is one of our oldest and most trusted drivers.
- (b) One of our hardest tasks is to keep benzine, tyres etc., out of black market channels and to help us in this, it is essential that we retain drivers who have gained our trust by their exemplary conduct.

2. In view of the above we trust that you will regard the application in a favourable light.

Class 1924.

1. We forward signed official application (in duplicate) for exemption for call-up of the a/n individual who is employed by 61 Infantry Brigade Workshops (British).
2. That application should have been submitted before by his unit but was mislaid, which is the reason for it being dated 21 Aug 46. The individual was previously exempted and this application is only a renewal to ensure continuity.
3. Exemption for one year is requested as this unit is in TRIESTE and it is probable that it will be staying on as part of the British portion of the international force remaining in that city, therefore his unit will not be moving to another theatre when the Allied Forces leave Italy.
4. Will you please let us know if you agree and, if so, return one of the attached forms completed with your Sanction for this exemption.

Attention: Major Lowens

Dear Sir:

Following my conversation with your office on January 28, I requested from our Florence office the necessary information on FRANCO GIUSTI for whom we would request deferment from military service. I attach herewith the curriculum vitae in Italian which was sent me.

For your information, Mr. Giusti works in a position where he has complete charge of all our relations with cultural organizations, universities, and the like, in the Florence area (which includes Emilia, etc.). Mr. Giusti has held this position since 1945 and replacing him would be very difficult since the work is one which requires some months of training before complete fluency is attained.

It appears that Mr. Giusti was called up for the January 21 draft. He obtained a stay until February 1, when he is supposed to present a certificate attesting to his enrollment at the University, on presentation of which he would presumably be given a deferment. The matter was not brought to my attention by our Florence office until the end of last week, when your office suggested the matter be handled by the British Military Liaison Office in Florence; that office informed us it was closing down and re-referred us to you.

Mr. Giusti's draft station comes under the Distretto Militari di Firenze.

It may be too late for the Ministry of War to help us, but we would appreciate your placing the request in any case.

Thank you.

Sincerely yours,
Margaret J. McCormack

Franco Giusti di Pietro e di Saravalli Albertina, nato a San Giovanni Valdarno (Arezzo) il 28 Gennaio 1924 e abitante in Firenze Borgo degli Albizi 22.

Studente Universitario, laureando in lingue e letterature straniere presso l'Università di Venezia.

Dipendente per gli obblighi di leva dal Distretto Militare di Firenze.

Sono stato richiamato alle armi per il giorno 21 Gennaio. Ho ottenuto una proroga di presentazione fino al giorno 1 Febbraio, affinché possa presentare un certificato comprovante la mia iscrizione all'Università e conseguentemente ottenere per legge il rinvio della chiamata.

Il certificato d'iscrizione all'Università è stato richiesto a Venezia il giorno 24 Gennaio; non è ancora giunto a Firenze.
