FROM: Ministry of Defence.

REF: 5875/1.A.

TO : I.L.F.B.

DATE: 6 June 1947.

SUBJECT:- Volunteer OLIVA Gioacchino, son of Antonino,
class 1927, from Milazzo.

The a/m youth offered, in April 1944, to voluntarily take part to the liberation war in Italy, in cooperation with the Allied troops.

He was, in fact, enlisted in the 898 Battery 4 A of the 5th American Army, taking part subsequently in actions for the liberation of Rome and Tuscany.

As he felt sick, he was then admitted by the Americans to the hospital of "S. Lorenzo" at Colle Val D'Elsa (Siena), where he died on the 27th September 1944. His body was buried in the cemetery of Colle Alta (Castellini), wearing the Allied uniform.

As the family of a/m youth has approached this Ministry in order to obtain recognition of the qualification of fighting volunteer for their son, and as the class of OLIVA (1927) had not yet called up at the time of his death, we beg you to kindly confirm the circumstances of his death and to issue a statement on his active collaboration, for the economical benefits which his family could derive from it.

OGGETTO Volentario OLIVA Giuseppino di Antonino classe 1927
da Milazzo. =

Il giovane in oggetto nel mese di aprile 1944 si offrì di partecipare volontariamente alla guerra di liberazione in Italia a fianco delle truppe alleate. =

Egli, infatti, venne incorporato nella 898° Batteria 4 A della 5ª Armata americana, prendendo successivamente parte alle azioni belliche che culminarono nella liberazione di Roma e della Toscana. =

L'OLIVA, ammalatosi, venne a cura degli americani, ricoverato nell'Ospedale di "S. Lorenzo" di Colle Val d'Elsa (Siena), dove decedette il 27 settembre 1944. = La sua salma venne sepolta nel cimitero di Colle Alta (Castellini) con l'uniforme alleata. =

Poichè la famiglia del giovane si è rivolta a questo Ministero per ottenere il riconoscimento della qualifica di volontario combattente del deceduto e poichè la classe di leva dell'OLIVA (1927) non era alle armi, all'epoca del decesso, si prega compiacersi voler confermare le circostanze di fatto, di tempo, di luogo che determinarono la morte del volontario, e rilasciare, per i benefici economici che eventualmente ne conseguono, un attestato di operante collaborazione da parte dell'OLIVA. =

UNITED STATES CLAIMS SERVICE
Office of the Deputy Chief Claims Officer
APO 794 U. S. ARMY

FI-4571-PI
DCCO R-21775

25 April 1947.

SUBJECT: Matter of Galleni, Luigi.

TO : Chief Commissioner, Allied Commission
Attn.: Civil Affairs Branch (Patriots Sub-Commission), APO 794,
US Army.

1. Italian civilian inhabitant Galleni, Luigi, in Aug 46 intimated a claim to this office based on the following described situation.
2. Galleni, asserted that on 4 Oct 44 he joined in the capacity of interpreter, guide and organizer and chief of civilians who transported supplies and ammunition to advanced posts in the mountains, the 2nd Bn, 370th Inf Regt, 1st Bn, 370th Inf. Regt, 1st Bn, 371st Inf Regt, 3rd Bn, 71st Inf Regt, and finally a battalion of the 42nd Inf Regt. He claimed he remained with said organizations from that date to 7 April 45 on which date he was wounded at a mule post, Cavala, Monte S. Giorgio, north of Vallecchia, Italy.
3. He has presented several documents indicating that on 7 Apr 45 he was wounded in the stomach while in the company of a Major of the 371st Infr. Bn and that he was evacuated and treated in United States Army Field Hospital.
4. It is apparent that this man was not a member of the US Forces but probably a partisan volunteer fighting alongside US Forces.
5. Inquiry was made in the past by this office of the then Patriots Sub-Commission, Allied Commission, in the similar case of BUTARELLI, Vincenzo (DCCO Case #478). The undersigned was then advised that said man's services as a Partisan would be recognized and accorded credit by the Italian Government (with consequent disability pension and the like) if a statement were forthcoming from this office certifying he had served with the US Forces and had been wounded in the course of such service.
6. Evidence in the file in this case discloses as follows:
 - a. That Galleri, Luigi, served as organizer and leader of civilians, interpreter and guide with the 2nd Bn, 270th Inf Regt, 1st Bn, 370th Inf Regt, 1st Bn, 371st Inf Regt, and finally with a

561

battalion, of the 442nd Inf Regt, 92nd Div.

b. That he was wounded by enemy fire in the course of such service on 7 April 45 at a mule post at Cavala, Monte San Giorgio, north of Vallecchia, and treated in US Army Field Hospital.

c. That he was not a US soldier and was at no time enlisted in the US Army. He was not an American citizen. He was an Italian partisan volunteer.

7. It is therefore requested that you take such action as may be necessary on his behalf with the appropriate Italian authorities to the end that this man may receive such recognition and compensation from the Italian Government as he may be entitled to.

8. This Office has found that he has no valid claim against US Forces but has a valid claim for recognition by and such compensation from the Italian Government for his services as a partisan and for the consequent injuries or disability suffered, as Italian law may provide.

9. It is requested that this office be advised of action taken.

GEORGE J. BANIGAN,
Major, JAGC,
Deputy Chief Claims Officer.

SUBJECT: Enquiry re Italian civilian given treatment in a British Military Hospital.

(3)

1. We have had an enquiry from the Italian Ministry of War regarding an Italian civilian.

Particulars are as follows:-

- Name - PLINIO RABLI
- Father's name - LUIGI RABLI
- Date of birth - 27-2-1935
- Place of birth - ROME.

The boy was wounded on 3 Jan 1944 in ALATRI by a piece of shrapnel and was given first aid at an aid post, after which he was admitted to the British Hospital at ROCCASECCA.

2. His father has lost all trace of the boy, as the hospital moved from ROCCASECCA, but he does not know where it went to.

3. Can you please find out from the records of the hospital (which presumably has since been disbanded) if there is any record of what became of this boy and let us know if anything is known of him or not.

1. Your letter has been forwarded to us by GHS, GNF, to whom it had been delivered in error, as we are the liaison channel between British personnel and the Italian Ministry of Defence.
2. If you will furnish us with more particulars of the man you wish to trace, we will take this up, but the information you have given in your letter is not sufficient to justify our approaching the Ministry of War. Can you please let us know his regiment or arm of the service (e.g. Infantry, Artillery, etc.) when he was last definitely in the Italian Army to your knowledge, his age, if known, and place or district of birth and any other information about him which would help to identify him.

Il sig. LUIGI RALLI, da Frosinone, si è rivolto a questo Ufficio per avere notizie del figlio PLINIO RALLI, nato in Roma il 27.2.1935.

Il giovinetto fu colpito il 3 gennaio 1944 in Alatri, da una scheggia di granata e dopo aver ricevute le prime cure al posto di pronto soccorso, fu ricoverato nell'Ospedale Inglese di Roccasecca.

A seguito dello spostamento dell'ospedale anzidetto, da Roccasecca in altra località, il Sig. Ralli, ha perduto le tracce del figliolo Plinio e finora non è riuscito ad averne notizia.

Si prega pertanto la cortesia di codesta Commissione Alleata di voler esperire le indagini necessarie e favorire qualche notizia in merito.

In attesa, si ringrazia con la migliore considerazione.
