1. It is known that certain British PW captured by the Italians in the Western Desert in the summer 1942 were sent to an Italian PW transit camp 154 at BUCHARI.
2. Large contingents of PW arrived at a camp CASTAL BUKITO near TRIPOLI towards the end of October 1942 en route for ITALY. From there they were allowed to send home cards reporting that they were PW.
3. On 13 November 43 approximately 1100 PW left CASTAL BUKITO for TRIPOLI and of these 610 boarded a small Italian ship, the S.S. SCILLON for ITALY. On 14 November 43 the ship was torpedoed by a British submarine. There was but a small number of survivors, all of whom were rescued by the submarine concerned.
4. Unfortunately, no roll of these on board the S.S. SCILLON has ever been brought to light. There can be little doubt that the great majority of those who were heard of in Camp 154 in or about Oct 1942, and have not been heard of since were lost aboard the S.S. SCILLON.
5. It is requested therefore, that enquiries be made by you to ascertain whether in ROMA, or in Italian records elsewhere, any records are available showing the disposal of British PW who were in Camp 154, and more particularly, whether there is a nominal roll in existence of British PW who embarked on S.S. SCILLON.
6. Please treat this matter as urgent, and forward the results of your enquiries to this H.Q.

MEMO

1. The attached documents have been received under cover of 3 District letter 110/GSI dated 15 Oct 44, copy to you.
2. General BELLOMO is at present in custody charged with a war crime; this allegation was investigated by a Court of Inquiry and the papers are now in the hands of the British National Office for War Crimes. They consider that from the evidence recorded at the Court of Inquiry he should be held in custody for trial in due course on a charge of murdering Capt. GEORGE FLAYNE, Glous Hussars, and of wounding Lt. R. R. COCKE, 2nd Bn The Queen's Own Royal West Kent Regt, at TORRE TRESCA PW Camp on 30 Nov 41.
3. You will no doubt take such action as you think fit in connection with General BELLOMO's recommendation that the town of BARI should receive a gold medal. Since the documents are in Italian and we have no translation we are unable to offer any ~~information~~ ^{opinion} on this subject.
4. In fairness to General BELLOMO, however, any evidence which may be in existence which would assist him in his defence against the charges mentioned above should be preserved and passed to this HQ. You will notice that he refers to documents at the High Command for Territorial Defence and to other documents at the Italian Military Hospital at BARI. It is requested that you will have enquiries made through the Italian military authorities as to these documents and if possible forward copies to this HQ.

FROM : 571 PW Camp,

TO : The Major General, Commanding 2 District, BARI.

Dear General,

Following my letters of 30/4, 12/7 and 25/8, I feel it to be a necessity and a duty to ask you to receive this one kindly, also.

1. I read in the papers that the new Italian Government, finally consisting of free men, is rewarding merits and punishing guilt connected with the fall of Fascism and the crisis of the armistice.

Amongst the merits, I see with pleasure that NAPLES has been acknowledged and has been awarded the gold medal for military valour, for rebelling against the Germans. It is therefore a duty for me to consider that the town of BARI, before NAPLES, won the same right to national recognition.

Having had the extreme good fortune to be head of the affairs of the town, as commander of the Military garrison of BARI, during the time of greater danger, I have compiled a brief historical report entitled: "BARI, September 1943", with a formal proposal for the concession of the gold medal for military bravery, to the Adriatic city.

I beg you to send the above-mentioned documents, which I enclose, to the head of the Italian Government, through the Allied High Command, if necessary.

The examination of these documents, together with those sent formerly, will serve to show that the Italian people, although in the midst of the greatest difficulties, have contributed to the Allied victory, at the cost of great sacrifices. They were the first in Europe to hit back at the hated German, whom Fascism had disguised as a friend.

I firmly hope that this contribution by the Italian people, which has cost them incalculable ruin, damage and loss, will be worthily appreciated and rewarded by the people and governments of the United Nations.

2. Under these circumstances, I beg to inform you that I have been here for eight months, under a spiteful accusation by traitors to their country who had been punished by me during the armistice crisis.

It would have been a speedy and easy matter for the Allied High Command to convince itself of the falsity of the accusation, by consulting the official documents and reliable evidence from the archives of the Italian Military Command of BARI, but my enemies, knowing all this, caused the documents to disappear.

However, I have now been informed that with the liberation of ROME, the documents have been traced at the High Command for Territorial Defence (Stato Maggiore per la Difesa del Territorio) Section P.G., commanded by General Gandin and Colonel PALIOTTA. It is also certain that General de Biase, who conducted the enquiry in January-April 1942, is in ROME and probably the Major of the High Command, who acted as Secretary at the enquiry and whose name I don't remember. He assisted General de Biase together with General Adami-Rossi.

I beg that all these persons and elements shall be collected and interrogated and the results rigorously valued by the Allied High Command.

I have also been informed that documentary proof has been found at the Principal Military Hospital of BARI, regarding the treatment which Lieut Cook received for his wound. In this document a report is comprised, by the command of Camp P.G. of Torre Tresca, in which the names of the guard who fired on the Lieutenant when he tried to escape, is shown.

I beg the Allied Command to consult and rigorously control these documents also, especially to ascertain whether the soldiers who escorted the two English officers, prisoners of War, on the evening of 30 Nov 1944, are the same, or other than those who before the Court of Enquiry, affirmed that they performed that service.

I trust in the high sense of justice of the Allied authorities and I thank you.

Your letter of 24 October 1944 forwarded a request from the Italian Under Secretary of State for War for authorization to send a mission to Cefalonia to investigate war crimes alleged to have been committed by the Germans against Italian officers and men. The authorization of the Greek Government to such procedure would also be required.

Subject Italian Soldiers tortured by Germans

The following is brought to your notice for whatever action MMIA thinks necessary, in order that such acts do not remain unpunished. This information is contained in a report by Capt Gray on the activities of "F" Recce Bn for Sept 44.

As it may be noted, the a/m unit has been for several months in action under command 8th Army (XIII C.A.) for duties such as recce patrols, reinforcements, plotting of mine fields etc.

With regard to the above, Ten. Capanna and Sgt. Boccherini did not return from the recce patrol which left at 6 o'clock on 2nd Sept.

From the attached report made out by the unit's M.O., it appears that their bodies were found on the 5th Sept and showed marks of cruel torture (i.e. extraction of teeth, gorging out of eye balls, skull fractures, knifed throats etc.)

After having interrogated 4 men captured in the same area, it has been ascertained that these responsible for this act of barbarity belong to the 3rd Pl, 3rd Coy of the 5th Bn, 578 Inf Regt of the 305 German Division.

SUBJECT: Mass Murder at CEFALONIA.

At the end of the heroic resistance which the "ACQUITY" Div put up against the Germans on CEFALONIA, from 14th to 22nd September, 1943, the Germans carried out a horrid massacre of about 450 officers and 5,500 men of this Division.

We must seek to make known to the World this barbarous crime against every civil law and military honour.

Several statements have been gathered to this end, but in order to accumulate material for the documentation, I believe it to be necessary for some Italian Military personnel to visit the zone as soon as CEFALONIA is liberated in order also, eventually, to give honourable burial to the fallen.

I believe that, in addition to MEIA authorization, that of the Greek Government will be necessary in order to land on CEFALONIA and carry out the enquiry on the island.

While I am asking MEIA to kindly concede to the above authorization and use its authoritative influence in obtaining concession from the Greek Government, I beg to inform you that :-

- (a) in order to facilitate enquiries, it would be necessary to reduce to a minimum the time between the liberation of the island and the arrival of our men.
- (b) The Italian Foreign Ministry will forward a similar request to all concerned.
- (c) It seems that the Vatican would be ready to back our request and would seek to obtain, in due course, the land necessary for the setting up of the cemetery, or for defining the area where the massacre took place.

APR 86 Area

On 22nd June '44 about 0900 hrs two civilians, GUARDIA and GUARDIA, and GUARDIA GUARDIA of CALVI, came to this station. They reported that their respective fathers had been shot at CALVI during April 44 by German SS Troops. From other information earlier received it was believed that the two men were two of sixteen who were shot on 15th April 44 at CALVI without trial. The above complainants had reason to believe that a certain GUARDIA, who was residing in the village of CALVI during the German occupation, together with his son, were also among the arrest of those civilians who were shot. They further stated that a quantity of ammunition was concealed in the house of GUARDIA at CALVI.

In consequence of this information, on 24th June 44, in company with G.M. HUGHES I went to CALVI. I contacted GUARDIA GUARDIA who, during the German occupation, had been the leader of local partisans. He confirmed that on 15th April 44, 23 civilians had been arrested by the German SS Troops, in the village of CALVI, and taken to the Carabinieri Station there. It appeared that they were held in arrest until 0500 hours on 15th April 44, shortly afterwards they were all tied together, taken to the village square and shot, by a firing squad of about 20 German SS Troops. These latter were under the command of a German officer. It is stated that none of the civilians had been tried.

The names of these people and the offences which alleged they had committed are as follows:-

In consequence of this information, on 21st June 1945, in company with Cpl MacCallin I went to CAWLI. I contacted Sgt. BURNS, a German civilian, who, during the German occupation, had been the leader of a local partisans. He confirmed that on 18th April 1945, 25 civilians had been arrested by the German SS troops, in the village of CAWLI, and taken to the Garabalden Station there. It appeared that they were held in arrest until 0500 hours on 15th April, and shortly afterwards they were all tied together, taken to the village square and shot, by a firing squad of about 20 German SS troops. These latter were under the command of a German officer. It is stated that none of the civilians had been tried.

The names of these people and the offenses they
alleged they had committed are as follows:-

These men were all members of one family
local at CALVI. This hotel was apparently the main
of the partisans, and this fact was known to the Italian
Commander of CALVI at that time. The latter re-

partisans in the district. This fact became known to the population, and some unknown person informed FANTINI, Franco, the son of Col. FANTINI. The German SS arrested him at 0500 hrs on 12th April 44 and took him to the Carabinieri station where he was interrogated by FANTINI Franco. He did not disclose any detail and was shot.

FANTINI, Fabrizio 42 yrs, of GALLI

Englishmen have revealed that this man had a farm at GALLI, and he refused to supply food to the German troops and to Col. FANTINI and his staff. On 12th April 44, S.S. troops searched this farm and found a few cartridges of a shot gun. FANTINI was arrested, interrogated and sentenced as being guilty of giving assistance to partisans. He was also shot.

FANTINI, Raffaele 40 yrs of Santa Maria Mediana, near GALLI

This man was also a farmer and was giving shelter and food to partisans. S.S. troops searched his farm the same day and arrested him. He was shot in the presence of his wife who later buried her husband.

FANTINI, Ernesto 36 yrs of Santa Maria Mediana, near GALLI

Ernesto, a farmer, gave food to the partisans and organized a British soldier, who had escaped from a P.W. Camp. He was executed at the same time as the above men, and taken to the Carabinieri Station at GALLI. At 0500 hrs on 12th April 44, he was shot in the village square.

FANTINI, Domenico 32 yrs of GALLI

Domenico was the village doctor and had given treatment to British soldiers who had escaped from P.W. Camp. He was denounced by FANTINI and shot without trial on 12th April 44.

The other male Italian civilians, who were strangers to GALLI, were shot on the village square at the same time. The reason for their execution is not known.

The following persons are able to testify as to the shooting of the above named and other incidents in the village:-

FANTINI, Giuseppe
FANTINI, Onelio
FANTINI, Senora
FANTINI, Ferdinando
FANTINI, Leonardo
FANTINI, Adelfio

The shooting which took place on the village square was witnessed by civilians living nearby from behind the window shutters of their houses.

Englishmen have revealed that, after the shooting, the bodies were left lying in the village square and later taken by the local inhabitants to the local cemetery. On arrival at the cemetery they were put in a trench and covered with earth. The bodies were not buried in the cemetery but were taken to other places for burial.

SAUL MORALES, 36 yrs of Santa Maria del Mar, near C. M.

Saul Morales, a farmer, gave food to the partisans and concealed 2 British soldiers, who had escaped from a U.S. Camp. He was arrested about the same time as the above men, and taken to the Guatemal station at C. M. 1500 hrs on 13th April 44, he was shot in the village square.

JOSEPH, 30 yrs of D. M.

Joseph was the village doctor and had given treatment to the British soldiers who had escaped from P. M. On 8. He was denounced by the partisans and shot on 13th April 44.

The other male Italian civilians, who were strangers to the village, were shot on the village square at the same time. The reason for their arrest is not known.

The shooting which took place in the village square was witnessed by civilians living nearby from behind the window shutters of their houses.

Inspection have revealed that, after the shooting, the bodies were left lying in the village square and later taken by the local inhabitants to the local cemetery. On arrival at the cemetery they were not, as is stated, by Cal. Inspectors who would not allow them to enter the cemetery. They the dead. The dead were given over to the people for his coffin in the street. Later the German took the bodies, and ordered three civilians to bury them.

On 25th June 44, in company with Sgt Jordan of this Battalion, I searched the houses of Cal. Inspectors which had the appearance of having been left empty. A quantity of ammunition was found and taken, consisting of 100 rounds of .303 and taken possession of. These documents were also found in the house and taken possession of. These documents no other had evidence to substantiate any of the incidents and shooting. To, and make it clear to relate to the present collection on the part of the British and also, ammunition. Articles of value found in the house to the British of CALI against. Acquired for a few days. The second document up to present time of the village etc.

JOSEPH, 30 yrs of D. M.

This man was arrested and is being in possession of a rifle and is being on his movements since 1st April 44. For information that he is being on his movements since 1st April 44.

Slattery, the leader of the partisans in the locality has stated that on 14th April 44 he was in the village of MONTMANT where he met 8 British and American soldiers who were conspicuous from P.M. Camp. These men were all dressed in civilian clothes and were hiding in a church in MONTMANT. Two of them were suffering from a fever, and Slattery offered the help of the partisans to assist in concealing the soldiers, and care for the two who were sick, until they could continue their journey south. Slattery, after one of his visits was followed. German SS Troops shot and wounded him but he made good escape to the mountains nearby. His hiding place he stated that he saw SS Troops bring the 8 British and American soldiers out from the church and shoot them. Their bodies were stripped and left by the church. Local civilians are able to state that they saw three bodies there for three days, after which the priest, DAN MONTMANT, on the side of MONTMANT had them buried in two graves. Slattery stated that none of these soldiers were armed, and the only thing they had in their possession was a little bread.

It is understood that DAN MONTMANT, the priest, and Slattery know the exact location of this grave, which is in the mountains about 5 miles to the east of MONTMANT.

This priest was in possession of certain documents which the British and American soldiers had given them, but they are believed to have been given to a person named DAN MONTMANT, who took them to MONTMANT where they were handed to a British Representative in the Vatican City.

Information was later received to the effect that some German soldiers were in the vicinity of GILLY and had been seen by the local people some few days prior to my visit. With a partisan guide, I organized a search and observation was kept for the most part of the night 26 June, but without success. The surrounding country-side provides excellent opportunity for observation. Speculation since this time have not established that the persons seen were in fact German soldiers.

Col. MONTMANT, his family, and other members of his staff, escaped from GILLY with German troops to an unknown destination.

The documents taken from the house of DAN MONTMANT have been handed to G.A.C. A.L.C. MONTMANT, who has undertaken to pass them to the British Field Security Division.

Extract from report by 00 512 H3 Sec (31245/1/A) on Interrogation of 6110140
Pte. MAXWELL, N.L. E. Service.

In AVEROFF he met Capt SAUNDERS, Lt MAXWELL, 1/Cpl BOLTON, Ptes STANLEY, LAMBERT and LEE. MAXWELL then learned that Niko had arrived in AVEROFF and was being held in solitary confinement. He met him during exercise time and arranged "their story". Shortly before he was brought up for Court Martial, MAXWELL was sent to the dungeons on bread and water and was beaten each day. He was brought before the Court and charged with wearing civilian clothes and being in possession of arms. The prosecuting officer demanded the death sentence, but he was given 24 years imprisonment. Niko was charged with harbouring British prisoners and having a depot of arms. He was sentenced to 10 years imprisonment. Other sentences given in this court were Capt STANLEY 26/50 years, Cpl MAXWELL - 25 years, 1/Cpl BOLTON 15 years, Pte LAMBERT - 201 years, Pte BOLTON - 16 years and Pte LAMBERT 30 years. Lt MAXWELL was treated as an ordinary prisoner of war.

In June 41 he with other prisoners was transferred to LAURISSA.

Extracts from statement made by 1/118218 Cpl. N.L. MAXWELL RASC dated 4 Jul 44.

After five days of hell I was taken to AVEROFF prison AVEROFF and kept in solitary confinement for months; the conditions were unbelievable, filthy, vermin ridden cells, every form of insect life abundant, lice, fleas, bugs; there were no blankets no mattress no soap, no food and very little water. Eventually I was given a mattress but it was so filthy I preferred to do without. Deaths through starvation were frequent.

After my return to prison I was determined to escape if possible but the nervous Itys guarded their prisoners too well. However another New Zealand soldier named Steward and myself tried to escape by first hiding until it was dark and then to cry and scale the wall; we had secreted a ladder for this purpose. However we were betrayed by a Greek prisoner and duly flung into the dungeons. We were beaten and kicked in an unbelievable manner for two days. Water was thrown over us to wash off the blood and then thrown on the floor so that we could not lie down. For ten days our only food was 3 ozs of bread daily and water, nothing else. We were finally released, thanks to Captain GOC3 who pleaded with the Commandant to release us or we should surely die.

After this I was seriously ill with a terrible skin disease. Now I finally recovered after months of illness I don't quite know it must have been an act of God; Medical attention and admittance to hospital had been refused me by the Greek doctor in charge of the prison hospital. If I had had enough money to bribe him I would have been admitted.

Yes I have suffered extremely brutal treatment whilst serving my sentence of penal imprisonment in AVEROFF Prison LAURISSA. I was recaptured on the night of Feb 1942 by Italian police and for the first five days I was kept in a small cell underground without food, blankets or even a ground sheet on which to lie on the filthy, lousy wet floor. I was questioned every three or four hours and then refusing to speak was badly beaten with a pistol butt with which they succeeded in knocking out several of my teeth. This occurred in the Comando Piano building. These three days I was taken to AVEROFF Prison on LAURISSA where I was kept in

The food I was given consisted of a few slices of dry figs and sometimes cabbage water and on occasions a few rolled beans, without oil or salt and no bread. Following my attempt to escape I was placed in a dungeon and beaten for two days and only given one slice of bread and water for a period of ten days, following this I became seriously ill but was not allowed to go to hospital or given medical attention. When transferred to Italy Dec 1942 I was chained up for 3 days in company with others and brought to Bari in the bottommost hold of a ship (rather similar to the slave ships of old but worse).

Extract from statement by Sgt. HARVEY A. C. - WFOU.

Capt. HACHUB, 10680 was incarcerated in the dungeons of this prison for five months. Capt. SAVAGE, A., 62567 Sgt. COLLINS S. 405921, Pte. DIMMICK W. 32979, were also in the dungeons for a period of about 3 months each. During this time prisoners received no exercise whatever. The cells were covered with filth, and the men suffered spellingly from scabies and lice. In winter the floors of the cells were 2 inches deep in water. Prisoners had to excrete on the floor in the corners of the cells, and the excreta was never cleared up. During the various periods of their incarceration they never left the cell. Third degree was in constant use by the wardens.

Statement by:-

Tagliaferri Gustavo, residing No 9 Via Giovanni Battista

who states:- On the 9th May 45 at about 1100 hrs, I was driving the car Fiat 508 No 32350 RA along Corso Vittorio, from the direction of Ponte Vittorio. On reaching Piazza della Chiesa Nuova, I turned left towards Vicolo del Governo Vecchio. At that moment a British m/cycle, coming at high speed down the Corso Vittorio, braked suddenly in front of my car. The sudden applying of the brakes caused the m/cycle to slide, and its handle bars hit the left hand sideguard of my car.
