SUBJECT:- P's.W. in transit North Africa to Italy 1941 - 1943.

1. I have reports on several instances of illtreatment accorded P's.W. in transit by sea from Benghazi or Tripoli to Italian ports. In particular I note:-

(a) The S.S. JASON left Benghazi on 8 Dec 41 with 750 P's.W. in conditions of extreme overcrowding. She was torpedoed on the 9th and no attempt was made by the ships officers or crew to release the P's.W. who were battened down in the hold. When P's.W. did break their way out they found the Italian Captain and other officers had already pushed off in one of the lifeboats. The No. of P's.W. drowned was considerable.

(b) An Italian Prison ship, name unknown sailed from TRIPOLI with about 300 P's.W. on the 13th Feb 42. Late on the evening of the 14th the ship was torpedoed. As no attempt was made to release the P's.W. they forced open the hatch of the hold and gained the deck. The Italian officers and crew had already left the ship taking all servicesble lifeboats. The P.W. who was the source of my information was picked up 6 hours later by an Italian cruiser and landed at Trapani. The Prison ship is believed to have been of about 9000 tons. It is stated that 100 P's.W. were drowned.

(c) The S.S. ROSALIND PILO sailed from Benghazi on about 1st August 1942 bound for Naples. As a result of disgraceful overcrowding one P.W. died of suffocation - his body was landed at TRIPOLI. Reports have it that P's.W. had to be forced into the hold at the point of the bayonet.

2. I would appreciate it if you could have checked all relevant files in an attempt to trace:-

1631

(a) The names of the O.C. Troops in each instance.
(b) The names of the Captains or other ships' officers.
(c) The office or officer responsible at these ports for the embarkation of P's.W.

Questo Ministero non è in possesso di notizie riflettenti il campo p.g. di Derna e il personale che apparteneva a detto campo.

Ciò perché :

- la destinazione del personale ai campi prigionieri di guerra dislocati in Africa Settentrionale, veniva disposta direttamente dal Comando Superiore Africa Settentrionale, il quale forniva alle autorità centrali solo segnalazioni numeriche del personale stesso;
- non si hanno possibilità di eseguire ricerche nel carteggio del predetto comando superiore, perché tale carteggio deve ritenersi distrutto.-

SUBJECT:- War Crimes: PG 32 LATERINA.

Reference your A215 dated 10 Dec 45 addressed GHQ CMF. together with copy of letter from Ministry of War.

1. Capt FERRARI Attilio states he served on the staff at PG 209 but never at PG 82.

2. Capt GIUFFRIDA Giuseppe states he served as a Captain in the BERSAGLIERI Regt from early 42 until Sept 43. He was stationed at Rome during this time and was never at PG 82.

3. Nothing is know of Capt CRISTINI Giuseppe at the address given in above quoted Ministry of War letter. However a AGRESTINI Guiseppe residing at that address states that he has served in Naples since 1927 as a member of the Royal Questura and was never at PG 82

4. It would be appreciated if the above particulars would be checked and confirmed. If true, it does not appear that any of them were concerned in PG 32.

Ref. your letter 227462/II dated 20 Dec. 45.

Further information concerning Lieut. TASSINARI, Giuseppe has been obtained.

On 18 May, following an incident in the Camp 85/XVI, Cpl. SICILIA Stefano fired on PW MADELAINE, Joseph, UDF, No. 7592, who died in consequence of the wound.

From the enquiry and witness of people present it appeared :

Towards 2000 hrs when Ps/W came back from, the Camp Commander Capt. BIANCO Pietro decided to issue some clothing to Ps/W in urgent need of it. The distribution was made near the Camp, to groups of Ps/W. When the distribution to the first group was over, it being rather late, the Camp Commandant decided to postpone the issue to the next day, leaving 2/Lt TASSINARI Giuseppe to choose Ps/W who were in most need of shoes.

2/Lt. TASSINARI helped by Cpl CAPONE Giuseppe, Cpl. SICILIA Stefano, Pte BISCEGLIE Francesco and by the camp leader proceeded to do so, sorting out the Ps/W still crowding the gate. The procedure went on smoothly at first, but later some of the most unruly started pushing until one of them hit Cpl. SICILIA's face, with his head. Cpl. SICILIA promptly reacted, by firing on him - MADELAINE Joseph - killing him on the spot.

2/Lt. TASSINARI was punished for not having been energetic enough. Cpl. SICILIA should have been punished but it was decided not to, he being so prompt and alert in reacting.

I am appealing to the certain humanitarian feeling of your Ministry to kindly take up the matter of the fate of my husband, Colonel, Infantry, Temporary Reserve, OROFALO Cav. Stefano fu Francesco, who, since the 19th. October 1945, has been "confined" and taken to the Afragola, Naples, Concentration Camp by the British Authorities, for incidents which are alleged to have occurred, on the 8th. September 1943 and days following, in the P.O.W. Concentration Camp Number 75 of Torre Tresea (Bari) of which he was the Commandant from the 14th. July 1942 until the 20th. August 1943.

My husband can under no circumstamces whatsoever be considered as responsible for these incidents, because at that period (after the 8th. of September) he had already relinquished the command of that camp and was actually attached to the 9th. Army Corps at Putignano in a Civilian Affairs Office which had no relation at all with prisoners of war.

I beg of you that, in any event, you will at least kindly inform me of the charges made against him and, absolutely sure as I am that whilst in ~~the~~ command of the Camp he always carried out his duties with scrupulous regard to international law, I ask that the most rapid enquiries be made into his case, in order~~s~~ that he be released and restored to his worried family of which he is the sole support, thus putting an end to a long period of agony which has been made more tragic by the death of his mother which occurred during [illegible] to worry as to the fate of her son.

Faccio appello al sicuro senso umanitario di codesto Dicastero perchè voglia interessarsi della sorte di mio marito Colonnello di Fanteria in A.R.Q. OROFALO Cav. Mio marito non può in modo assoluto essere considerato responsabile di tali fatti, perchè in quel periodo (dopo l'8 settembre) egli aveva già lasciato il comando di quel campo e trovavasi invece addetto al IX Corpo di Armata in Putignano in un Ufficio di Affari Civili che non aveva alcuna relazione con prigionieri di guerra.

Prego in ogni caso, che almeno mi si voglia far conoscere quali siano le imputazioni che gli si fanno e sicurissima come sono che egli nel Comando del Campo ha sempre fatto il suo dovere in omaggio scrupolosoalle leggi internazionali, domando la benevola più rapida inchiesta nei suoi riguardi, affinchè egli sia restituito in libertà alla sua desolata famiglia di cui è unico sostegno, chiudendosi un lungo periodo di angoscia reso ancora più tragico dalla morte di mia suocera avvenuta in questo periodo a seguito del dolore per la sorte del suo figliuolo.

IX ARMY CORPS HQ.

Ps/W Section

To:- ARMY GENERAL STAFF, Ps/W Office, Posta Militare 9.

Subject:- INCIDENT AT CAMP 85/XVI.

N. 012/5336. PM 67, 30 May 1943.

On 13 May, following an incident in the s/m camp, Cpl SICILIA Stefano fired on P/W MADELANE, Joseph, UDF, n.7592, who died in consequence of the wound.

From the enquiry and witness of people present it appeared :

Towards 2000 hrs when Ps/W came back from, the Camp Commander Capt BIANCO Pietro decided to issue some clothing to Ps/W in urgent need of it. The distribution was made near the Camp, to groups of Ps W. When the distribution to the first group was over, it being rather late, the Camp Commandant decided to postpone the issue to the next day, leaving 2/Lt TASSINARI Giuseppe to choose Ps/W who were in most need of shoes.

2/Lt TASSINARI helped by Cpl CAPONE Giuseppe, Cpl SICILIA Stefano, Pte BISCEGLIE Francesco and by the camp leader proceeded to do so, sorting out the Ps/W still crowding the gate. The procedure went on smoothly at first, but later some of the most unruly started pushing until one of them hit Cpl SICILIA's face, with his head. Cpl SICILIA promptly reacted, by firing on him - MADELANE Joseph - killing him on the spot.

2/Lt TASSINARI was punished for not having been energetic enough. Cpl SICILIA should have been punished but it was decided not to, he being so prompt and alert in reacting.

SUBJECT: Persons Wanted by the Allied Authorities

TO : Headquarters, Allied Commission
AFO 394

1. Reference is made to your 6517/100/EC dated 21 December 1945.

2. The desirability from the point of view of Italian morale of the course proposed by you is appreciated.

3. As the Italian Government is no doubt aware, a high proportion of the persons who the Ministry of War are asked to trace are required for interrogation only. Unfortunately it is, in the majority of cases, not until the initial investigation of alleged war crimes are in a position to decide whether an individual appears to be guilty of a crime or whether he is merely a link in the chain of evidence.

4. It is regretted, therefore, that it is not considered either expedient or practicable to indicate to the Italian Ministry of War the reasons for which persons whom they are asked to trace are required.

5. It is hoped that the majority in the investigation now in progress or contemplated will be completed in the course of the next few months.

My dear

1. I feel that I should notify you of certain angles of the situation as regards War Criminals, as below.

2. Request by AFHQ to locate and identify certain Italian personnel started about Aug. 1944. Recently, investigations have been very much more intensified, and under our latest instructions we have to signal GHQ immediately a "listed" person is located. War Office have now said that War Crimes investigations must take first priority and as many cases as possible completed in next few months. GHQ have pointed out that many of the "listed" persons are wanted for interrogation and not as criminals, but MMIA have no means of knowing which from the other. It is not possible to tell from GHQ letters whether the alleged crime is against ourselves or such people as the Yugo Slavs.

3. The List at present contains a great many names, among them six Generals and twenty-nine Colonels.

Best known Generals are BERARDI, ORLANDO and SCATTINI.

BERARDI and ORLANDO were released from POW at Allied request in 1943 and made C of S and War Minister by the Allies. BERARDI is now com-manding SICILY. SCATTINI was appointed by General MESSE, fought with the FRIULI Group which he commanded alongside the Allies and had a fine record. He is still in command. BERARDI and ORLANDO are believed to be connected with incidents in YUGO SLAVIA. ORLANDO seems to have a guilty conscience. The War Office appear to be particularly interested in BERARDI.

4. Arrest, or even detention for interrogation, particularly if at short notice, of senior Generals must inevitably cause alarm and despondency and affect the morale of the Italian Army. This would especially occur if the Generals mentioned in para 3 were suddenly arrested. Arrests in certain cases are just starting. The Ministry of War knows that our requests for information are connected with War Crimes, but they don't know who we suspect and who is want-ed only for interrogation.

BERARDI and ORLANDO were released from POW at Allied request in 1943 and made C of S and War Minister by the Allies. BERARDI is now commanding SICILY. SCATTINI was appointed by General MESSE, fought with the MONTI Group which he commanded alongside the Allies and had a fine record. He is still in command. BERARDI and ORLANDO are believed to be connected with incidents in YUGO SLAVIA. ORLANDO seems to have a guilty conscience. The War Office appear to be particularly interested in BERARDI.

5. Certain signals received from AFHQ, (see Appendix 'A') have given orders for the immediate arrest of Italians, and later communications have indicated that persons arrested are not wanted as War Criminals but as witnesses. It is considered that it would be most unfortunate if orders were given for the arrest of a senior serving Italian General and his transfer to a POW Camp, if he was wanted purely as a witness and not as an accused.

6. The whole question although one of extreme delicacy has, up to now been dealt with by AFHQ as a routine matter on a comparatively low staff level, direct with MMIA. I feel it needs looking into and a definite statement of considered policy be made.

1. From time to time enquiries are made by letter under the above file No., as to the identification and whereabouts of Italian personnel. Whereas these enquiries may be connected with the investigation of war crimes, it must be emphasised that many of the persons named are wanted purely for purposes of interrogation, and are not themselves suspect.

2. They may be able to supply the missing link in the chain of evidence and the investigation may concern a German war criminal and not an Italian at all.

3. The War Office have issued instructions that war crimes investigations are to be given first priority and that every effort is to be made to complete as many cases as possible in the next few months.

4. Your co-operation is therefore requested in supplying with as little delay as possible, information that is sought as to the whereabouts of personnel wanted to supply information.

Reference your 16414/3/A3 dated 26 Nov 45.

1. On 22 Dec 45, General SCATINI, commanding the FRIULI Gruppo, and General SANNINO, commanding the Carabinieri Reali in No.2. District, presented themselves at this HQ. They had in their possession a letter addressed to the CCRR and the Questuras at CUNEO, SAVONA and IMPERIA, which had been issued by 173 Med Regt RA. This letter enclosed a list of persons allegedly wanted to answer for War Crimes. Included in the list were the names of General SCATINI and General SANNINO. Instructions were immediately given for an investigation to be made into the circumstances in which this list was issued, and in the meantime the CCRR and the Questuras were instructed to take no action.

2. Investigations have revealed that the list in question was compiled from a list of persons who were required in connection with the investigations of War Crimes and whose whereabouts it was desired to ascertain. In translating this into Italian the wording had been changed by the Regt. so that it appeared that the persons on this list were required to answer for War Crimes. This list had been initiated by the Central Registry of War Criminals and Security Suspects and had been issued in the normal way. It was apparently obsolete as it contained amongst others the name of General STUDENT who has been in Allied hands for some time.

3. After assuring myself that the names of neither General SCATINI nor General SANNINO appeared on any official list of War Criminals in the possession of this HQ, I informed these two officers that there had been a most regrettable error, and that, according to my information there was no question of their being in any way suspect as War Criminals. I have personally spoken and written to both these officers to assure them that such is the case.

4. I much regret that this error should have occurred as it is clearly most unpleasant for Italian officers commanding in my District to find their names being circulated in this fashion to police organisations. I need hardly say that I have taken the necessary steps to prevent a recurrence of this incident.

5. In view of my assurances that their names were circulated as being required in connection with the investigation of war crimes, and not as appeared in the translation, which stated that they were wanted to answer for war crimes, they have accepted my apologies and agreed to let the matter drop.

6. In my opinion unless there may be a very strong case against either of them it would be very unfortunate if they were proceeded against in future.

No action required. Sp Secs

Further to my letter JAG/VW/16105 of 20 Dec 45 reference PW. Camps in North AFRICA.

1. Investigations of War Crimes committed against PsW. in Greece are similarly badly hampered by lack of information as to the names of Camp Commandants, Adjutants, Doctors and others in administrative positions, particularly in such PW camps as Corinth and Salonika.

2. Would you please have steps taken to trace the names of any such Italian Officers.

3. It is appreciated that, even before the Italian Armistice of Sept 43, not all PW camps were Italian staffed, but I feel there should be some record of those that were.

1. From time to time short lists of German and Italian personnel wanted in connection with War Crimes investigations in CMF are circulated throughout the Theatre under this HQ references 16412/3/A-3 (German) and 16414/3/A-3 (Italian).

2. The War Office has issued instructions that War Crimes investigations are to be given first priority and that every effort is to be made to complete as many cases as possible in the next few months. In order that this may be done, it is absolutely essential that the location of wanted personnel should be notified by formations as soon as possible.

3. It must be emphasised that many of the persons whose names are circulated - particularly in the case of Italians - are wanted for interrogation only: in a number of cases, they may be able to supply the missing link in the chain of evidence which will enable a case to be brought to trial.

4. Addressees are therefore requested to make every effort to trace persons whose names are listed. Immediately a person is located, his name and address should at once be signalled to JAG MAPLES repeated to 'A' Branch GHQ., CMF.

5. NO attempt should be made to arrest a listed person unless:-

(a) the formation concerned has reason to believe that he may attempt to disappear or

(b) Instructions have been issued by this HQ that the person concerned is to be arrested.

6. Sufficient copies of this letter are forwarded to enable distribution to be made down to Bdes. Addressees are requested to take all possible steps

FROM: HQ XVII ARMY CORPS
POW SECTION

REF: 1519/11
DATE: 12 May 1945

SUBJECT: Manslaughter of POW Cpl BOWMAN, Charles William, Army No 2060982 by Pte D'ANNA Giuseppe.

Further to our signal 1519/1 of 11th inst, we notify as follows:-

On the 11th inst at about 5.45, a rifle shot was heard in the Guard Room of the 2nd Sector; the shot came from No. 1 Sentry box, about 30 metres away.

The Guard Commander, Cpl SANI Gino, promptly proceeding to the spot and discovering Pte D'ANNA Giuseppe, sentry at the said sentry-box, had accidently fired a shot from his rifle, took the immediate action of relieving him so that he could be questioned to find out the facts of the case.

Immediately afterwards, RSM SPIAN Louis, a "trustee" prisoner, reported to the Guard Room and stated that, as a result of the rifle shot, a prisoner, afterwards identified as Cpl BOWMAN, Charles William, had been killed while sleeping in his tent about 100 metres away from the sentry-box.

Upon the necessary enquiries being made it was proved that the said POW had been hit by the round discharged from D'ANNA's rifle, which penetrating the cardiac region had left through the left scapular region causing instantaneous death.

When subjected to interrogation, Pte D'ANNA stated that he was not familiar with the working of his rifle and, in justification of the shot which he discharged, said that at the time he was unloading the weapon.

Since D'ANNA when previously mounted as sentry during the same tour of guard duty had demonstrated his knowledge of how to load and unload his rifle, it must be considered that he made the excuse of not being familiar with the working of his rifle solely in order to mitigate his responsibility and that he was careless. The rifle on his charge had the safety catch in full working order.

The said soldier, who joined this Camp on the 6th inst. from the Chemical Warfare Regiment 41nd Smoke Formation Battalion, 7 Coy, and was placed on guard for the first time on the evening of the 10th inst had never made any reference to the fact that he was not perfectly acquainted with the use of a rifle.

He was therefore promptly placed in detention and arrangements have today been made to forward the necessary charge to the King's Attorney General, for the crime of manslaughter.

The burial of the deceased was carried out this afternoon in the Montelibretti Public Cemetery after legal identification by the Prefect of Palombara Sabina.

subject: Enquiries " La Maddalena".

The enquiries carried out to identify the two officers described in letter A/279 dated 14 September 1945, have given the following results:

1) The description given would seem to answer that of Capt. FIRINU Edoardo, inf., emergency reserve officer, who belonged to 110 POW Camp- San Gavino Monreale (Cagliari) at present resident at La Maddalena (Moneta village) elementary teacher.

2) 2nd Lt. SCIOCA has not yet been identified.

La Maddalena CCRR , during the course of enquiries to identify these two officers, have ascertained that said officers had already been identified and reported to MMIA by La Maddalena M.P.

Shooting of PW. Frank SEARLE,
Union Defence Force at PW Camp
BENGHAZI on 14 Sep 1942.

1. I am investigating the circumstances in which the a/n PW was killed.

2. Among the files received by GHQ from Allied Screening Commission are lists of PW killed or wounded whilst attempting escape. One of these lists contains the name of Cpl. SEARLE, but there are no other documents concerning his death.

3. Although this is a N. Africa case, the fact that SEARLE is listed proves that reports must have been received in Rome, and I shall be grateful if you will take action in the endeavour to trace the Italian file on SEARLE's death.
