2. Whilst the overall position regarding availability of personnel is not known at this HQ, it is possible in a large HQ to carry on with deficiencies in W.E. In the case of 'A' and 'B' Type DLUs however, which are small units working on a W.E. already greatly reduced, any deficiencies in clerical personnel are a serious matter and necessitate officers who should be put on Liaison duties dealing with the clerical work in an office.

3. It would be appreciated if you would ask C2E to take whatever steps they can to keep 'A' and 'B' Type DLUs up to establishment.

1/. In view of the move of this Unit to a location where Signal Services have previously been set up and are in full operation, the R.C. of S. personnel at present manning the SARATOGA switchboard, are no longer essential to the smooth running of this Unit. I shall, therefore, be pleased if you will issue instructions for their disposal.

2/. They will remain in their present location until instructions to the contrary are issued by you. Local administrative arrangements have already been made for them for the duration of their stay. A nominal roll showing strength on which borne and present location is attached for your information. It would be appreciated, however, if they be allowed to remain until such time as the rear party (R.E.M.E. Trng Increment and Ord.) of this B.L.U. join the main body of their parent Unit, or the board is taken over by the K.O.Y.L.I.; For your further information the O.C. of 1/4 K.O.Y.L.I. which will soon be moving into this town, has only battalion signallers. There are no R.C. of S. personnel attached.

3/. May I take this opportunity of expressing my gratification at the good and useful work they have performed for me; together with my thanks for your cooperation in assisting me when the services of R.C. of S. were so urgently needed.
