The above-named NCO has applied to me to have his Release Group revised, with a view to revision to Group 26 under GHQ 1128 of 12 Oct 45.

He was born in 1919 and enlisted in Oct 1939, which would normally make him A/S Group 26. After return from Dunkirk in 1940 he was absent without leave in June 1940, for which he was punished with (~~forfeiture of service~~) ~~and~~ 56 days detention.

Since then he has held the rank of W/S Cpl for 3 years and completed a period of 18 months without an adverse entry in his conduct sheet (Regs for Release from the Army 1945, P.129, Appx Q, Paras 1(b) and 1(c) refer).

Prior to joining 52 British Liaison Unit in Oct 44, he served with 1/6 E Surrey Regt in N Africa, was wounded and downgraded to B2.

During the time that he has been with this unit, he has proved himself a capable NCO and has again been at the front with an Italian Div, ie: LEGNANO Inf Div.

I strongly recommend this NCO's case to be considered in view of his subsequent good record. He is at present in A/S Group 28 and is desirous of being regrouped 26.

SUBJECT:- Release

Officer Commanding,
5 British Liaison Unit

Sir,

I wish to apply to have my release group reviewed. At present I am placed in A/S Group 28 and think that I can now be placed in A/S Group 26.

I was born in 1919 and entered the army in October 1939 which normally would make me Group 26.

I have been placed in A/S Group 28 for the reason that I forfeited some service due to being absent without leave in June 1940 and for which I was punished with 56 days detention.

Since then I have held the War Substantive rank of Corporal for a period of approx 3 years, and completed a period of eighteen months clear of an adverse entry on my conduct sheet.

I have been with this unit for over a year and previously was in the infantry with the 1/6 Bn The East Surrey Regt who were part of the 4 British Div in N.AFRICA.

I was wounded in N.Africa at MEDJEZ AL BAE, and as a result was downgraded from A.1. to B.2.

Since being with this unit I have again been at the front with the Legnano Infantry Div.

I have been informed that it is possible for me to be re-grouped down to A/S Group 26, and would be pleased if you could forward my case for me.

I am, Sir,
Your obedient servant

W Henshaw

99961 S/Cdr DENBY.H

Attached Legnano Inf Division S/Cdr Denby.H. 99961, has worked under my command for a period of over six months. No further expression of my opinion of his character and abilities need be given beyond that during his service under my command I found his tact, intellegence and efficiency such that I had no option but to recommend him for promotion to WO 1 - the most important non-commissioned rank in the British Army. It is of further interest to note that for nine months prior to my first meeting S/Cdr Denby I already knew his reputation for efficiency, hard work and integrity.

TO WHOM IT MAY CONCERN.

Pte MATURANI has been a driver on the establishment of 52 British Liaison Unit attached to the LEGNANO Gruppo di Combattimento for the past year.

He is a good driver and has carried out his work conscientiously throughout this period, both whilst in action and since the conclusion of hostilities. Hardworking, loyal and trustworthy, he is liked and respected by both the British and Italian troops with whom he works: and has acted as my driver since the departure of my British driver to England.

Sir,

Further to AQ/28/48 of 30 Oct 45, a lecture I attended at MILAN on Release, and the uncertainty of personnel remaining with us;

It is essential that testimonials are prepared now for all personnel, and I have been instructed by Col.DOUGLAS to ask you to prepare testimonials for your personnel.

Whether they are shortly due for release, or not, is immaterial, as testimonials are now required for attachment to a man's documents, so that if he is posted his new OC can get a better idea of his character.

GRO 1200/45 refers to the importance of these testimonials.

3. Method of Making Application for Air Movement.
(a) British Army Personnel

British Army Personnel requiring an Air Passage are required to make application to HQ No.2 District or HQ 59 Area, presenting 5 copies of a Travel Order (Specimen at Appendix "A"), completed except for signature, together with a covering letter signed by the applicant's CO. If the HQ concerned considers Air Travel is justified, the orders will be signed, and four copies returned to the

applicant, who will then present them to HQ Movements, MILAN (Roads and Air Office) for screening. HQ Movements, MILAN will complete a "Request for Air Priority" form (Specimen at Appendix "B"), and recommend priority I, II, III, or IV depending on the urgency of the journey, and the applicant will then proceed to the Air Priorities Board and Air Booking Centre for confirmation of priority and booking. It is essential that fullest information be given in Travel Orders to justify Air Travel. Insufficient information may cause delay in obtaining a priority.

(b) Personnel other than British Army.

A similar procedure will apply, except that the applicant will apply for Travel Orders and screening to the HQ and agency appropriate to his category as shown in the table under para 2.

4. Justification of Air Travel.

In order to avoid unnecessary applications for Air Travel, the following information is given as a guide to the type of travel which will be granted a priority. If application does not satisfy the requirements set out below, no priority will be granted and the applicant will be referred to rail or other surface means of transport.

Class I - will include only passengers, cargo and mail, the movement of which is required by an emergency so acute that precedence should be given over all other traffic and which should under no circumstances be delayed en route for other traffic. This classification will only be granted when urgency is such that a delay in transportation will seriously and directly impair the war effort.

Class II - will include only passengers, cargo and mail, the movement of which by air is absolutely necessary to the accomplishment of a mission essential to the prosecution of the war and which is of an extremely urgent nature.

Class III - will include only passengers, cargo and mail, the transportation of which by air is vital, but not of an extremely urgent nature.

Class IV - will include passengers, cargo and mail, the transportation of which is of such importance

(a) to the war effort, or
(b) to the relief or rehabilitation activities in areas affected by the war, or
(c) to the resumption of economic or other activities disrupted by the war that are necessary for the prompt re-establishment of peace-time conditions.

as to justify transportation by air, but not as urgent as traffic under classification, I, II, and III.

Should the screening agency consider that the application does not justify air travel, for example, if it is possible to proceed by rail and still arrive at destination in time to fulfil a duty, the application may be turned down and the applicant referred to rail or other surface transport.

5. Travel outside the Mediterranean Theatre.

6. Baggage Allowances.

Baggage Allowances for travellers to all destinations is 65 lbs, with the following exceptions:-

(a) For travellers to Moscow and China the allowance is 110 lbs.
(b) For travellers moving between two points within the Mediterranean Theatre on permanent change of station the allowance is 100 lbs.
(c) For air crews proceeding to squadrons for combat duty the allowance is 110 lbs.

.....3

(d) For ferry crew personnel on duty to all destinations the allowance is 90 lbs.
(e) For nurses proceeding to NAPLES, BARI or FOGGIA in order to connect with Bombers for U.K., the allowance is 112 lbs.
It is essential that in the case of (a) to (c) above, the reason for the excess of baggage is clearly stated in Travel Order and Screening Sheets.

Where it is necessary for a traveller to exceed the stipulated baggage allowance by reason of the fact that he is required to carry official documents or operational equipment which are essential to the prosecution of his duty, he must produce to the Air Priorities Board a written certificate signed by his Unit CO and accepted by the HQ who originate his Travel Order.

7. Functions of HQ Movements MILAN as Screening Agency.

(a) The function of HQ Movements, MILAN in regard to Air Passages is to screen applications, prevent unjustified applications from going forward to the Air Priorities Board, and to recommend a priority in the case of valid applications and pass them forward to the Air Priorities Board.

(b) Only Travel Orders issued by an HQ authorised to do so will be considered. Applicants who do not produce such a Travel Order will be referred to the appropriate HQ to obtain such order.

(c) HQ Movements, MILAN will screen only applications from the categories of personnel for which they are the appointed screening agency, as shown in para 4 of this instruction.

(d) HQ Movements, MILAN will ensure that the priority to be recommended for the journey is correctly assessed according to the terms of para 4 of this instruction, and if it is possible to accomplish the journey satisfactorily by ordinary means, e.g. rail, HQ Movements, MILAN will inform the applicant that no priority can be recommended and that rail transport should be used.

(e) HQ Movements, MILAN will complete a "Request for Air Priority" form, (as at Appendix "B" attached) for accepted passengers, insert the priority recommended, and hand the form to the applicant for presentation to the Air Priorities Board.

(f) Where the applicant desires to make his return journey by air, HQ Movements MILAN will complete a "Return Travel Slip" (as at Appendix "C" attached) and recommend a priority. This slip will be attached to the "Request for Air Priority" and presented by the applicant to the Air Priorities Board, who will confirm the priority and return it to the passenger for presentation to the Air Booking Office at the starting point of the return journey.

(g) Where the Travel Order authorises a movement of two or more persons, only one "Request for Air Priority" is necessary, giving the name of one traveller, and quoting the others numerically (e.g. Capt. JONES and 3 others).

(h) HQ Movements, MILAN will insert on the "Request for Air Priority" the correct suffix applicable to the traveller, as described in para 17 of Air Priorities Board (MILAN) Instruction No.1.
