Air Forces Sub Commission,
P A D U A .

1. This HQ was approached by the a/m officer who apparently has been dismissed from the Italian Air Force because he served the ex-Republic; he claims that no specific charge was ever brought up against him, in fact he was never properly epurated.

2. This is in short his story:-

He is a Regular Air Force officer (fighter pilot) and has sea service in Africa, Italy... etc...., decorated with the Medaglia d'Argento (six times). With the collapse of Italy in September 43, he served with the ex Republic as personnel officer but took no active part in the fighting versus the Allies or Pnas; moreover when asked to do so, he withdrew and hid in the country.

3. These are the facts as told by Captain Boldarin, he feels that the sentence is unjustified as he was never given the opportunity to defend his activities.

4. Could you consider his case and let us know what your opinion is and whether the details of his story are correct.

To : No. 5 D.L.U.

Ref. your A/32/29 of 4 July 1946.

The financial difficulty for junior Italian L.O. living in British Messes is fully appreciated. These L.O.s. however, are employed at the request of the Allies and are in the nature of the BR-III category in that they work for the Allied Forces; for this reason we can not expect the Ministry of War to increase their pay or allowance.

The solution appears to be in the hands of the British Units employing them who might be agreeable to charging them a nominal sum for their messing, or giving them living facilities outside the Mess.

Further to my A/32/29 of 4th. Jul. '46.

I now enclose a copy of a fortnightly Mess Bill incurred by an Italian Officer attached to HQ 1 British Armoured Division.

Apart from the Messing charges, which appear to be somewhat excessive, it is thought that it is most unfair for an Italian Officer to be called upon to contribute towards the cost of entertaining British Mess Guests.

I would have liked to have taken this matter up with XIII Corps on a D/O level but have not done so, as I thought perhaps other formations as District HQ etc., may be concerned.

'A' Branch,
Land Forces Sub Comm. A.G.,
(M.M.I.A.) ROMA.

Until now, Italian Liaison Officers with 13 Corps and
 1 Arm'd Div have had money expended on Mess Bills re-compensed
 by the Ministry of War. (C.R.C. No. 2589/D dated 26/12/44
 M.oW. Dir. Gen. dei Servizi Amministrativi Div. I.A.G. Sez.4).

However this practice has ceased w.e.f. 30/6/46. I.L.Os.
 are as a rule junior officers; a 2/Lt gets L. 6,500 per month
 and I am informed that Mess Bills sometimes reach the figure
 of lire 10,000 a month. Thus, unless an officer has fairly
 considerable private means he finds it impossible to live with *finds*
 a British Unit. I understand that several of these officers have
 applied to be re-posted to the Italian Army.

I don't know whether it would be possible to get the Ministry
 of War to rescind their present decision; or failing that, the
 British formations concerned might be asked if the Italian officers
 could pay merely a nominal sum for their messing.

-----

Ref to A/32/24 of 14 June 46.

1. The situation as reported in regard to Sub-Lieut. CHERIN is unfortunately that which affects all Army's officers living at Udine or in other towns, since the Military Administration does not supply them with any billeting.
2. Sub-Lieut. CHERIN has already enjoyed a special treatment, namely the travelling allowance for all the time allowed by our administrative regulations, and all expenses are paid back to him when he travels outside his customary place.
3. As to his promotion, the writing office will examine the officer's position and see whether he is duly qualified for that.

At the B.L.U. S & T Office in Mestre there is an able interpreter officer Lt. Cherin, S. He is also assistant to Capt. Watson there and does a very good job of work.

Due to this work however, it is essential for him to live at the Italian Officers' hotel, which as a permanent abode is naturally most expensive for a 2nd. Lieutenant (110 lire per diem). There is however nowhere else for him to live.

Accordingly, I recommend that he either be promoted (1) or (2) be granted a special lodging allowance for the duration of his present liaison job.

I. Herewith copy of the account of the 152 Reggimento Ponteia, which was commanded by the above named Italian officer.

2. It will be seen that the funds amounting to 689,626 lire 70 cents, held by the regiment up to the period immediately following the Italian armistice, were completely withdrawn by 20 Sept 43. It has been insistently and reliably reported that the funds were withdrawn by the above named officer, and that except for some small amounts of money varying from 6,000 to 7,000 lire given to about 7 or 8 other officers and NCOs of the Regiment, the whole sum was pocketed by DE FRANCESCO.
3. It will be recalled that shortly after the Italian Surrender DE FRANCESCO volunteered for service with the Fascist Republican forces, but was refused on medical grounds; and that he voluntarily underwent an operation for hernia in a further attempt to enlist, but was still not accepted. Later, in Mar 45, when MONDA was appointed Military Commander of the local CIV forces, DE FRANCESCO was appointed by MONDA as second in command. Since the liberation of TRIESTE, DE FRANCESCO has signed numerous certificates of participation in the partisan movement on behalf of the ONU, reputedly also for a large number of persons who had done nothing to earn such a certificate. DM TRANTOPO at present aspires to replace Col PUGLIO as commander of the Distretto Militare et TRIESTE.
4. It is reported that at the present time DE FRANCESCO is financially conveying persons in TRIESTE who are willing to make signed statements to the effect that they received financial assistance from him during the clandestine period, apparently in an attempt to be ready to explain away a large part if not all of the funds of 152 Reggimento which he is reported to have appropriated.

Reference conversation with you this morning regarding the Distretto Militari the following will give the present position. When Col Bowman enquired me with re organising this organisation I was faced with considerable difficulty as no mention of impeding events could be mentioned to anyone lest the suspected men we wanted were apprised of the matter. In consequence the whole thing has been carried out with an air of secrecy.

The arrest of the wanted men would not give great diffi-  
culty to the V G Police I felt sure but my trouble has been finding a suitable staff of officers to carry on the work of the Distretto in order that the dependents might not suffer from lack of funds in the time between the old Distretto going out and the new Distretto taking over and getting organised. To date I have selected three ex Officers to take over in the beginning. These are

- 1 Generale di Brigata GIOACCHINO ITALO an ex Italian Regular Army Officer who has commanded an Artillery Brigade and who appears to have had considerable admin experience.
- 2 Collonello ORLANDI who helped AMG to discover the true facts about these Republican Officers.

- 2 Colonnello ORLANDI who helped AMG to discover the true

facts about these Republican Officers.

- 3 Tenente Colonnello CALVI Giuseppe about whom enquiries have  
still to be made as he is an old soldier and does not figure in the  
present Italian Army List which I have inspected.

F S has made enquiries about these three men and find there  
does not appear to be anything against them. In addition I have taken  
steps to ascertain the reactions of the Italian General at the Leonardo  
Territoriale at Udine through Major Selby No 5 BII (who has been informed

of the position throughout) and they are favourable although as the General pointed out it is not usual for a Generale di Brigata to command a Distretto.

These officers will do for a start however until I can peers orally get down to the job of making any changes that may be necessary in the actual office of the Distretto.

The Italian War Office has asked that the ~~the~~ Displaced Persons be Republicans be internment snap pending investigation as they are all suspect of Fascist crimes and what the VG Police files appear to confirm.

I recommend therefore that Col Robertson or you as his Deputy authorise the Venezia Giulia Police force to arrest and convey to the Italian Army Authorities at Udine the officers and men listed at appendix A. where they will be dealt with in accordance with the wishes of the Italian War Office, and court martialled if necessary.
